Important notes

In this Product Disclosure Statement (PDS), 'Fund' means Perpetual Pure Credit Alpha Fund – Class W, a managed investment scheme that is registered with the Australian Securities and Investments Commission (ASIC) – refer to 'Fund profile' for details.

The Fund's constitution allows for multiple unit classes, which may have different rights and obligations (including fees and terms) attached to them. Within each class of units, the units have the same rights. This PDS offers investment in the Fund's 'Class W units'. Any reference to the Fund in this PDS is a reference to Class W units in the Fund.

References in this PDS to 'we', 'us', 'our', 'PIML' and 'Perpetual' are to Perpetual Investment Management Limited as:

- the responsible entity of the Fund
- the issuer of a class of units in the Fund and this PDS
- the investment manager of the Fund.

Perpetual Investment Management Limited is a wholly owned subsidiary of Perpetual Limited (ABN 86 000 431 827).

'Perpetual Group' means Perpetual Limited and its subsidiaries.

We authorise the use of this PDS as disclosure for both investors investing directly in the Fund and indirect investors that wish to access the Fund through an investor directed portfolio service (IDPS), IDPS-like scheme, a nominee or custody service or any other trading platform authorised by Perpetual (collectively referred to in this PDS as a 'Service').

If you are an indirect investor gaining exposure to the Fund through a Service, you do not yourself become an investor in the Fund. Instead it is the Service operator, which invests for you and acts on your behalf, that has the rights of an investor. Certain provisions of the Fund's constitution are not relevant to indirect investors. For example, indirect investors cannot attend investor meetings or transfer or mortgage units in the Fund. You can request reports on your investment from the Service operator and you should direct any inquiries to them.

'You' or 'your' refers to direct (including Service operators) and/or indirect investors in the Fund, as the context requires.

This PDS describes the important features of the Fund (or class of units in the Fund) offered in the PDS. No other fund, trust or class of units is offered in this PDS. You should read it carefully before you decide to invest as it will help you to decide whether the Fund is appropriate for you. It contains general information only and doesn't take into account your objectives, financial situation or needs. This PDS may also help when comparing the Fund to others you may be considering.

We recommend that you consider the appropriateness of this information having regard to your objectives, financial situation and needs and seek financial advice before making an investment decision. If you have questions about investing in the Fund, you should speak to your financial adviser. You should consider the tax implications of investing in the Fund, which your financial and/or tax adviser will be able to help you with.

Certain information in this PDS may change from time to time. Where this information is not materially adverse, the updated information will be made available on our website

www.perpetual.com.au

.

A paper copy of any updated information will be given to you without charge upon request. If a change is considered materially adverse, we'll replace this PDS or issue a supplementary PDS.

Any replacement and/or supplementary PDS will be available at our website and you can also obtain a paper copy free of charge, on request. If there is an increase in our fees or charges, we'll give you or your Service operator (as applicable) at least 30-days' prior written notice.

You should keep a copy of the current PDS and any replacement and/or supplementary PDS for future reference. You can access further information that has been made publicly available at our website or by contacting us, including the Target Market Determination (TMD) of the Fund (or the relevant class of units in the Fund).

Visit our website or contact us for the most up-to-date past investment returns for the Fund (or the class of units in the Fund). Past investment returns are not indicative of future returns, so you shouldn't base your decision to invest in the Fund on past investment returns.

Neither we nor any company in the Perpetual Group guarantee that you will earn any return on your investment or that your investment will gain in value or retain its value. Investment in the Fund is subject to investment risk, including possible delays in repayment and loss of income and capital invested.

This PDS can only be used by investors receiving it (electronically or otherwise) in Australia.

All amounts in this PDS are in Australian dollars and all times quoted are Sydney time (unless otherwise specified). A business day is a working day for Perpetual in Sydney.

Welcome to Perpetual Pure Credit Alpha Fund

The key benefits of investing

The Fund aims to provide investors with a positive return above the cash rate over rolling three-year periods (before fees and taxes) by primarily investing in and actively trading fixed income securities and related derivatives.

Perpetual aims to achieve the Fund's objective by utilising an active and risk aware investment process that leverages the full use of the Perpetual Credit and Fixed Income team's experience. The strategy will allow the team discretion to invest in areas of the market or a company's capital structure where they see relative value.

Investment manager

PIML is part of the Perpetual Group.

Our asset management business offers an extensive range of specialist investment capabilities designed to meet the evolving needs of our clients, managed by world-class teams of investment professionals.

Key features relating to the Fund

ASIC requires the following specific information be provided for certain funds that pursue complex investment strategies (eg via use of leverage, derivatives and short selling) and/or have other characteristics (eg complex structures and/or performance fees) that may result in increased risk:

- periodic reporting
- investment strategy
- investment manager
- fund structure
- valuation, location and custody of assets
- liquidity
- leverage
- derivatives
- short selling
- withdrawals.

The Fund is required to provide such additional information because:

- the Fund's investment strategy includes gearing
- the Fund uses derivatives for certain purposes, including to create short positions on credit securities.

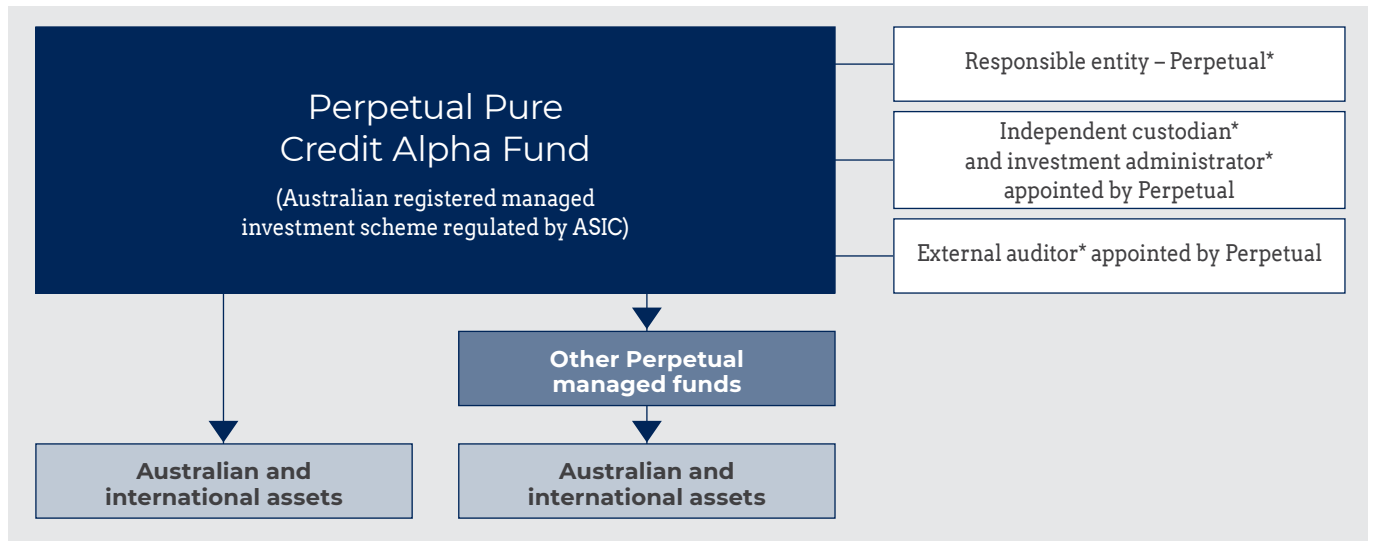

The following 'Key features relating to the Fund' table provides a summary of how Perpetual complies with this requirement. To the extent that any particular details are not already contained within this document, additional information, which also forms part of this PDS, will be available at our website (see 'Incorporation by reference' in the 'Additional information' section for details) or can be obtained free of charge by contacting us.

Key features relating to the Fund

Feature	Details
Periodic reporting	<p>The following information, updated at least annually, will be available at our website:</p> <ul style="list-style-type: none"> the derivative counterparties engaged by the Fund details of key service providers. <p>The following information, updated monthly, will be available at our website or upon request:</p> <ul style="list-style-type: none"> the asset allocations of the Fund, including the geographic location of any material international assets the Fund's gearing level the Fund's long, short and net position percentages net asset value of the Fund net returns of the Fund <p>The following information, updated as required, will be available at our website or upon request:</p> <ul style="list-style-type: none"> any material changes in the Fund's risk profile any material changes in the Fund's investment strategy any change in the portfolio managers.
Investment strategy	<p>The objective, investment approach and investment guidelines for the Fund are provided in the 'Fund profile' and 'Additional investment information' sections.</p> <p>You should also refer to the 'Understanding investment risk' section for information about the risks of investing in the Fund and how these risks are managed.</p> <p>Perpetual may change the Fund's investment strategy whenever we believe it's in the best interest of investors, in accordance with the Fund's constitution. We will notify investors of any such changes in accordance with our obligations under law.</p>
Investment manager	<p>Perpetual is the responsible entity and investment manager of the Fund – refer to 'Investment manager' in the 'Welcome to Perpetual Pure Credit Alpha Fund' section for further information.</p> <p>Biographies of the Fund's portfolio managers are available at www.perpetual.com.au/about/our-people/asset-management-team (refer 'Credit and Fixed Income Investment Team').</p>
Fund structure	<p>The Fund may invest in assets directly or indirectly via other Perpetual managed funds that have compatible investment objectives and authorised investments – refer to the following 'Fund structure' for further information.</p> <p>The Fund's ongoing annual fees and costs include management fees and costs and transaction costs – refer to 'Ongoing annual fees and costs' in the 'Fees and other costs' section for details.</p>
Valuation, location and custody of assets	<p>The Fund predominantly invests in cash (deposits and money market) and fixed income securities, but may have exposure to other securities as well as derivative instruments (refer 'Fund investments' in the 'Additional investment information' section for descriptions of these types of assets) following the 'Investment guidelines' detailed and 'Investment approach' detailed in the Fund's profile.</p> <p>There are no specific guidelines on the geographic location of the Fund's international assets. Refer to the information, updated monthly, at our website or available upon request for details of the geographic location of any material asset.</p> <p>All of the Fund's investments are valued at market value by an independent investment administrator appointed by Perpetual (refer the following 'Key service providers' for further information). The net asset value of the Fund is generally determined each business day – refer to 'How units are priced and investments are valued' in the 'Additional information' section for further information.</p> <p>Perpetual has also appointed an independent custodian to hold the Fund's assets (refer the following 'Key service providers' for further information).</p>
Liquidity	<p>Since the Fund has a maximum limit of 18% for investments in illiquid assets, under normal market conditions we expect that at least 80% of the Fund's assets could be liquidated at market value within 10 days. The Fund is therefore considered liquid and is operated as a liquid managed investment scheme – refer 'Liquidity risk' in the 'Understanding investment risk' section, 'Withdrawals' in the 'Operating your account' section and 'Suspension of applications and withdrawals' in the 'Additional information' section for further information.</p>
Leverage	<p>The Fund may use gearing as part of its investment strategy – refer 'Investment guidelines' within the 'Fund profile' and 'Gearing risk' in the 'Understanding investment risk' section for information about associated risks, 'Borrowing' in the 'Additional investment information' section and 'Borrowing powers' in the 'Additional information' section.</p>
Derivatives	<p>Derivatives may be used in the management of the Fund – refer 'Use of derivatives' in the 'Additional investment information' section for details and 'Derivatives risk' in the 'Understanding investment risk' section for information about associated risks.</p>
Short selling	<p>The Fund may use derivatives to create short positions on credit securities. However, the Fund does not engage in traditional short selling involving the borrowing of actual securities.</p>
Withdrawals	<p>The Fund is operated as a liquid managed investment scheme, however withdrawals from the Fund are only processed on a monthly basis. You can generally request a withdrawal of all or part of your investment in the Fund at any time as long as you maintain the required minimum balance after any partial withdrawal from the Fund – refer 'Withdrawals' in the 'Operating your account' section and 'Suspension of applications and withdrawals' in the 'Additional information' section for further information.</p>

Fund structure

The following diagram illustrates the investment structure that applies to the Fund at the date of this PDS.

* All of these entities are located in Australia.

Key service providers

Perpetual has appointed independent service providers to provide the following key services for the Fund:

- investment administration
- custody
- audit
- unit registry.

Current details of these key service providers at any time are publicly available at our website (see 'Incorporation by reference' in the 'Additional information' section for details) or can be obtained free of charge by contacting us.

Perpetual monitors the investment administrator, custodian and unit registry service provider in a number of ways, including:

- obtaining internal controls reports which are independently audited
- holding regular relationship meetings
- receiving periodic compliance certifications.

Fund profile

The following information explains certain terms and concepts detailed in the Fund profile.

Term	Explanation		
Category	This indicates the type of fund and/or main asset class(es) in which the Fund predominantly invests.		
Marketing fund name	This shows the Fund’s marketing name used throughout this PDS, which may vary from its registered name (see below).		
Registered managed investment scheme	This shows the Fund’s registered name as at the date of this PDS and its Australian registered scheme number (ARSN) issued by ASIC.		
APIR code	This is a unique industry identifier for the Fund.		
Commencement date	This is the month and year that the Fund received its first investment.		
Risk level	The risk level represents the Standard Risk Measure (SRM), which is based on industry guidance to allow investors to compare investment options that are expected to deliver a similar number of negative annual returns over any 20 year period, as follows.		
	Risk band	Risk label	Estimated number of negative annual returns over any 20 year period
	1	Very low	Less than 0.5
	2	Low	0.5 to less than 1
	3	Low to medium	1 to less than 2
	4	Medium	2 to less than 3
	5	Medium to high	3 to less than 4
	6	High	4 to less than 6
	7	Very high	6 or greater
	The SRM is not a complete assessment of all forms of investment risk, for instance it does not detail what the size of the negative return could be or the potential for a positive return to be less than an investor may require to meet their objectives. Further, it does not take into account the impact of administration fees and tax on the likelihood of a negative return.		
Investors should still ensure they are comfortable with the risks and potential losses associated with the Fund.			
The SRM for the Fund may change over time for various reasons, including as a result of reviews of the underlying capital market assumptions that are used in its calculation and future changes to asset allocations. Any changes to the SRM at any time will be available at our website.			
Suggested length of investment	This is a guide only and not a recommendation. You should discuss your investment in the Fund with your financial adviser to ensure that it meets your needs.		
Distribution frequency and dates	The distribution frequency is how often the Fund usually makes a distribution. The distribution dates are the effective dates for distributions. Payment of distributions not reinvested occurs after the distribution date (see ‘Distributions’ in the ‘Operating your account’ section for details).		
Objective	The objective is a summary of what the Fund aims to achieve. It is possible that the Fund may not achieve the stated objective.		
Investment approach	This is the method or principles that the investment manager uses, either directly or indirectly, to manage the Fund to meet its objectives.		
Investment guidelines	This provides an indication of what the Fund will invest in directly or indirectly. You can obtain information on actual asset allocation percentages (updated as at the end of each month) at our website or by contacting us.

Footnotes to Fund profile

- 1 Investment grade is a term given to debt securities that have a high probability of payment of interest and repayment of principal.
- 2 Sub-investment grade is a term given to debt securities where there is a higher risk that the issuer may not be able to meet interest payments or the repayment of principal if difficult conditions arise. The Fund predominantly invests in investment grade debt securities, but we may increase our sub-investment grade exposure under favourable economic conditions. Sub-investment grade debt securities may include, but are not limited to, private debt, asset backed securities, hybrids and equity arising from debt instruments.
- 3 Foreign exposure will be typically hedged back to Australian dollars (AUD).
- 4 Illiquid assets are defined as assets within the above allocations that have no readily available secondary market and are not marketable securities, such as certain types of corporate loans. Units in unlisted funds are considered illiquid where underlying assets meet that definition.
- 5 The gearing level is the Fund's exposure to borrowings and derivatives (when used to gear) divided by the total gross value of assets.
- 6 See 'Investments' in the 'Operating your account' section for more information.
- 7 See 'Withdrawals' in the 'Operating your account' section for more information.

Additional investment information

Fund investments

The Fund predominantly invests in cash (deposits and money market) and fixed income securities, but may have exposure to other securities as well as derivative instruments. The Fund predominantly holds Australian assets but may also hold offshore assets up to 35% of the net asset value of the Fund (for which the currency risk is typically hedged).

The Fund may invest in assets directly or indirectly via other Perpetual managed funds that have similar investment objectives and authorised investments.

Types of assets	Description of investment
Cash	<p>Cash investments include bank accounts, discount securities (eg bank bills), short-term deposits and money market funds which may invest in fixed income instruments and loans. Cash generally provides a rate of return in line with short-term interest rates.</p> <p><i>Deposits</i></p> <p>Deposits are products offered by authorised deposit-taking institutions (ADIs). ADIs are regulated by the Australian Prudential Regulation Authority (APRA), which enforces standards designed to ensure that under all reasonable circumstances ADIs can meet their obligations to depositors.</p> <p><i>Money market</i></p> <p>Money market instruments are considered highly liquid fixed income instruments with a short maturity profile.</p>
Fixed income and credit	<p>Fixed income instruments are securities issued by an issuer for a pre-determined period. The issuers may include governments, banks, corporations and asset backed trusts. The instruments when issued usually provide a return in the form of defined periodic income payments and the return of principal at maturity. These income payments are either fixed when issued or set periodically against a benchmark.</p> <p>Credit instruments are income generating securities such as corporate debt, mortgages, infrastructure debt, private debt, asset backed and debt-like hybrid securities, discount securities and sub-investment grade securities that have higher credit risk and less liquidity than cash and fixed income investments.</p> <p>Some of these instruments contain both debt and equity characteristics (eg hybrids), which may convert to common equity and may pay income in the form of a franked dividend.</p>
Derivatives	<p>A derivative is a financial instrument that derives its value from the price of a physical security or market index.</p> <p>Derivatives include, but are not limited to, futures, options, swaps and forward foreign exchange contracts.</p>

Investment approach

Perpetual aims to achieve the Fund's objectives by:

- diversifying the Fund amongst different securities issued by various entities
- actively managing for changes in market wide and security specific credit margins
- identifying and investing in relative value within the universe of credit securities
- investing in longer term non-government securities
- maximising returns from liquidity premiums
- utilising derivatives in conjunction with authorised investments
- actively managing the portfolio with respect to interest rates, swap and credit margins and managing the portfolio's sensitivity to these
- utilising limited exposure to illiquid assets.

Use of derivatives

Derivatives may be used in the management of the Fund for a range of investment activities including, but not limited to, the following purposes:

- managing actual and anticipated interest rate risk and credit exposure
- managing the duration of the Fund
- managing currency risk and adjusting currency exposure
- achieving asset exposures without buying or selling the underlying securities
- creating short exposure to a security
- adding to the gearing level of the portfolio
- taking advantage of price differences (known as arbitrage).

The use of derivatives is consistent with the Fund's investment guidelines and objectives.

Investing in derivatives can expose the Fund to additional risks. Please refer to 'Derivatives risk' within the 'Significant risks' table in the 'Understanding investment risk' section for more information.

The derivatives used by the Fund are mostly exchange traded derivatives. For any over-the-counter (OTC) derivatives, counterparties must have minimum long and short-term credit ratings from a recognised ratings agency that are acceptable to us. A list of OTC derivative counterparties is available at our website.

Environmental, social, governance (ESG) and ethical factors

Perpetual believes that the relevance of ESG issues to the performance of our investment products has become more apparent over time. We recognise the growing expectation that companies conduct themselves responsibly and sustainably. Perpetual has a long-standing commitment to responsible investing; and in 2009 became a signatory to the United Nations supported Principles for Responsible Investment (PRI).

Perpetual's investment philosophy acknowledges that while traditional financial measures are an important consideration, ESG matters can also influence investment performance. Perpetual does not have a predetermined view as to what it regards as ESG factors (including labour standards) or how far they are taken into account. We incorporate an assessment of ESG factors (including labour standards) in our investment analysis and the decision to select, retain or sell an investment, where those considerations are determined by the portfolio managers as a factor that may impact the current or future financial performance of the investment.

We have a process to integrate ESG factors into our active investment strategies for fixed income and credit. This process considers:

- what ESG factors the investment is exposed to and whether any of these factors present risks to the investment's current or future financial performance
- what impact ESG factors are likely to have on the investment's prospects; and
- how well ESG factors are being managed by the company, and therefore how likely the possible impacts are to occur.

We use the following tool and processes to integrate ESG:

- Fixed income and credit – our ESG risk scoring process, which includes internal and external research on an issuer's approach to managing ESG factors and the issuer's revenue sources, allows credit analysts to assess as part of their credit research on each corporate issuer, the ESG risks of that issuer and whether the issuer has any controls or measures in place to address these risks. The credit analyst uses this information to determine an ESG risk score between 1 (low) and 4 (very high). This score is included in each corporate issuer's credit profile. It assists the portfolio manager to evaluate credit risk and relative value pricing considerations in managing credit portfolios.

There are certain asset classes where ESG factors (including labour standards) are not taken into account when deciding whether to select, retain or sell an investment. This includes, but may not be limited to, derivatives and exchange traded products.

Where we believe it is in the interest of the Fund's investors, we may also actively engage with companies to encourage them to improve their ESG practices by:

- having processes and systems in place to identify and manage ESG risks effectively that may impact the current or future value of the company;
- being transparent, honest and accountable, which includes providing the level of disclosure necessary for informed investment decision-making, and
- having corporate structures and management incentives to manage the company in the long term interest of creditors.

Borrowing

Whilst we have the discretion to borrow for gearing as part of the Fund's investment strategy, we currently don't intend to do so.

Understanding investment risk

The risks of investing

All investments carry risk. The value of your investment may fall for a number of reasons, which means that you may receive back less than your original investment when you withdraw or you may not receive income over a given timeframe. Before making an investment decision, it's important to understand the risks that can affect the value of your investment. While it's not possible to identify every risk relevant to investing in the Fund, we have detailed in

the following table significant risks (in no particular order) that may affect your investment.

Different strategies may carry different levels of risk, depending on the assets that make up the strategy, and assets with the highest long-term returns may also carry the highest level of short-term risk due to their generally larger fluctuations in returns.

Your financial adviser can assist you in determining whether the Fund is suited to your financial needs.

Significant risks

Type of risk	Description of risk
Market and economic risk	Certain events may have a negative effect on the price of all types of investments within a particular market. These events may include changes in economic, social, technological or political conditions, as well as market sentiment, the causes of which may include changes in governments or government policies, political unrest, wars, terrorism, sanctions, pandemics and natural, nuclear and environmental disasters. The duration and potential impacts of such events can be highly unpredictable, which may give rise to increased and/or prolonged market volatility.
Asset class concentration risk	Investing in a fund with exposure to predominantly one asset class such as Australian shares may lead to more volatile returns than investing in a fund with a more diversified portfolio with exposure to multiple asset classes.
Security risk	The risk that a particular asset that the Fund invests in may fall in value. When an investment in a company is made, an investor is exposed to many risks such as a change in management or the loss of a significant customer. The risks to which the company is exposed can result in a reduction in the value of your investment.
Interest rate risk	Both prevailing interest rates and changes in interest rates may have a negative impact, either directly or indirectly, on investment returns.
Credit risk	The issuer or party to a transaction may not repay the principal, make interest payments or fulfil other financial obligations in full and/or on time. The market value of an investment can also fall significantly when the perceived risk of a note or bond increases or its credit rating declines.
Liquidity risk	The absence of an established market or shortage of buyers for certain types of investments can result in a loss if the holder of the investment needs to sell it within a particular timeframe. A shortage of liquidity can also result in delays in the payment of withdrawals. Investors should note that withdrawals from the Fund are only processed monthly. Depending on when you lodge a withdrawal request, it could be 55 calendar days or longer before you receive the proceeds of your withdrawal – see 'Withdrawals' in the 'Operating your account' section for further information.
Counterparty risk	A loss may occur if the other party to a contract, including derivatives contracts, lending arrangements (cash or stocks) or currency hedging agreements, defaults on their obligations under the contract.
Derivatives risk	Derivative values can fluctuate significantly and in certain circumstances a derivative can be more volatile than the underlying asset or index. The value of a derivative contract may fall as a result of an adverse movement in the underlying asset or index. Losses can be magnified where a greater exposure is created through the derivative position than is backed by the assets of the Fund. Derivatives may also be subject to liquidity risk and/or counterparty risk. Losses arising from the realisation of a derivative position may adversely impact the Fund's distributable income. A counterparty may also be required to take collateral from the Fund's assets to support a derivatives contract. Therefore, there is a risk that if the counterparty becomes insolvent, the Fund's assets may not be returned in full. See 'Use of derivatives' in the 'Additional investment information' section for information about how derivatives may be used in the management of the Fund.
Gearing risk	Gearing increases the volatility of a fund's investment returns. Consequently, a geared fund is considered to have a higher investment risk than a comparable fund that is ungeared. Gearing may also occur through the use of derivatives. Losses can be magnified where a greater exposure is created through the derivative position than is backed by the assets of the Fund. The greater the level of gearing, the greater the potential for loss of capital. For example, a 10% fall in the market value of assets in an ungeared fund could translate into a 20% fall in the value of the same portfolio in a geared fund with a gearing level of 50% (excluding fees and borrowing costs). Consequently, the greater the level of gearing, the less the fall in asset value needs to be for a greater loss of your investment capital.
Currency risk	For investments in international assets, which have currency exposure, there is potential for adverse movements in exchange rates to reduce their Australian dollar value. For example, if the Australian dollar rises, the value of international investments expressed in Australian dollars can fall. Currency management or hedging strategies may not necessarily provide protection against adverse currency movements.

Legal and regulatory risk	Changes in legislation and differences between rules (including interpretation of the law) in domestic and foreign markets, including those dealing with taxation, accounting and investments, may adversely impact your investment.
Class risk	Separate classes of the Fund are not separate legal entities and the assets referable to each class will not be segregated. All of the assets of the Fund are available to meet all of its liabilities, regardless of the class to which such assets or liabilities are attributable. There is a risk that investors of different classes of the Fund may be exposed to liabilities of another class of units and these investors could lose some or all of their investment in the Fund. Also, there is a risk that in the event of an insolvency, the assets of the Fund could be made available to creditors of another class of units of the Fund.
Conflicts risk	Conflicts of interest may arise between related parties appointed to provide services to the Fund.
Operational and cyber risks	The Fund's operations may be adversely impacted by breakdowns in internal/external administrative processes or circumstances beyond our reasonable control, such as failure of technology or infrastructure, or natural disasters. Despite security measures, fraud, data loss/damage or business disruption may result from cyber threats against or unauthorised infiltration of our technology systems and networks or those of our service providers.
Other investment risks	Investment professionals employed by investment managers may change, which may affect future investment performance. Investing in the Fund may have a different tax outcome than investing directly because of the application of tax laws to the Fund and the impact of investments and withdrawals by other investors. One result is that you may receive back some of your capital as income. Transactions may be suspended, which may result in delays in paying withdrawal requests. The Fund may be terminated.

How we manage these risks

Investment risks

We can't eliminate investment risks, however we aim to manage the impact of these risks by setting consistent and carefully considered investment guidelines.

Use of derivatives

Please refer to 'Use of derivatives' in the 'Additional investment information' section for details about how derivatives may be used for managing risks.

Conflicts risk

Perpetual Group has policies and procedures in place to manage any conflicts of interest, which ensure Perpetual's appointment and supervision of any related party is on arm's length terms and that any such related party performs its functions to the same standard as if the parties were not related and in the best interest of investors.

Fees and other costs

Did you know?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower fees. Ask the fund or your financial adviser.

To find out more

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** Moneysmart website (www.moneysmart.gov.au) has a managed funds fee calculator to help you check out different fee options.

Fees and costs summary

Fees and other costs

This section shows fees and other costs that you may be charged. These fees and costs may be deducted from your money, from the returns on your investment or from the assets of the managed investment scheme as a whole.

Taxes are set out in another part of this document.

You should read all the information about fees and costs because it is important to understand their impact on your investment.

If you are an indirect investor, any additional fees that you may be charged by your Service operator for investing in the Fund via their Service should be set out in their disclosure document.

Fees and costs summary

Perpetual Pure Credit Alpha Fund – Class W				
Type of fee or cost		Amount		How and when paid
Ongoing annual fees and costs				
Management fees and costs The fees and costs for managing your investment		Management fees and estimated management costs are 0.85% pa.		Management fees, which are expressed as a percentage of the net asset value of the Fund, are calculated and accrued daily and generally paid to us monthly. They are deducted directly from the Fund’s assets and reflected in its unit price. Direct investors may be able to negotiate the management fee with us. ¹ Management costs may be charged directly to the Fund and/or incurred indirectly in underlying funds.
Performance fees Amounts deducted from your investment in relation to the performance of the product		Nil.		Not applicable.
Transaction costs The costs incurred by the scheme when buying or selling assets		Estimated transaction costs are 0.00% pa.		All transactions costs are paid out of the Fund’s assets and reflected in its unit price. This amount represents net transaction costs borne by all investors after any buy/sell spread recoveries charged on investor transactions (see ‘Buy/sell spread’ below).
Member activity related fees and costs (fees for services or when your money moves in or out of the product)				
Establishment fee The fee to open your investment		Nil.		Not applicable.
Contribution fee The fee on each amount contributed to your investment		Nil.		Not applicable.

Example of annual fees and costs

This table gives an example of how the ongoing annual fees and costs in Perpetual Pure Credit Alpha Fund – Class W can affect your investment over a 1-year period. You should use this table to compare this product with other products offered by managed investment schemes.

Example – Perpetual Pure Credit Alpha Fund – Class W		Balance of \$50,000 ¹ with a contribution of \$5,000 during year
Contribution fees	Nil	For every additional \$5,000 you put in, you will be charged \$0
Plus Management fees and costs	0.85%	And , for every \$50,000 you have in the Perpetual Pure Credit Alpha Fund – Class W you will be charged or have deducted from your investment \$425 each year
Plus Performance fees	Nil	And , you will be charged or have deducted from your investment \$0 in performance fees each year
Plus Transaction costs	0.00%	And , you will be charged or have deducted from your investment \$0 in transaction costs
Equals Cost of Perpetual Pure Credit Alpha Fund – Class W		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees and costs of \$425 . [*] What it costs you will depend on the Fund you choose and the fees you negotiate.

1 We have assumed a constant value of \$50,000 for the whole year.

^{*} Additional fees may apply:

A **buyspread** of 0.15%, equal to \$7.50 on a \$5,000 contribution, will also apply. And, if you leave the managed investment scheme, you will be charged a **sell spread** of 0.20%, equal to \$100 for every \$50,000 you withdraw. See 'Buy/sell spread' in this section for further information.

Additional explanation of fees and costs

Ongoing annual fees and costs

The total ongoing annual fees and costs for the Fund comprises:

- management fees and costs
- transaction costs.

The following 'Estimated ongoing annual fees and costs' table provides estimated ongoing annual fees and costs for the financial year ended 30 June 2024. Except as otherwise stated, estimated costs are calculated based on our reasonable estimates of management costs and transaction costs using the actual costs incurred for the first 11 months in that financial year and annualising these actual costs for the 12 month period.

Ongoing annual fees and costs may vary in future years. Costs may vary without notice. Updated details will also be available at our website each year.

Estimated ongoing annual fees and costs

Fund	Management fees and estimated management costs		Estimated transaction costs (% pa) ¹	Estimated total ongoing annual fees and costs (% pa)
	Management fees (% pa)	Estimated management costs (% pa)		
Perpetual Pure Credit Alpha Fund – Class W	0.85%	0.00%	0.00%	0.85%

- 1 Estimated transaction costs represent **net** transaction costs borne by all investors in the Fund after any buy/sell spread recoveries charged on investor transactions, which may vary in future years without notice. **Transaction costs should not be considered in isolation of investment returns.** It is important to understand that actively managed investments are likely to have higher transaction costs than passively managed investments, such as index funds, because of the higher expected volume of trading of the portfolio's assets in generating investment returns.

Management fees and costs

Management fees

We receive management fees for managing and administering the Fund and overseeing the Fund's investments.

Differential fees

We may negotiate a rebate of all or part of our management fee with wholesale clients (as defined by the Corporations Act) and employees of the Perpetual Group investing directly in the Fund. The payment and terms of rebates are negotiated with wholesale clients but are ultimately at our discretion, subject to the Corporations Act and ASIC policy.

The Perpetual Pure Credit Alpha Fund has a separate class of units with a lower management fee and a higher minimum initial investment amount (currently \$10,000,000) for wholesale investors (Class S).

Management costs

Management costs may include:

- operating expenses
- other indirect management costs.

Operating expenses

We're entitled to charge to the Fund or be reimbursed from the Fund for any expenses incurred in the proper performance of our duties and obligations relating to the management and administration of the Fund.

There is no limit in the Fund's constitution on the amount that can be recovered for expenses that are reasonably and properly incurred.

Normal operating expenses

Normal operating expenses are those incurred in the day-to-day operation of the Fund.

We currently choose to pay normal operating expenses, excluding any operational borrowing costs (see 'Borrowing costs' in this section for further information), out of our management fee.

Abnormal operating expenses

Abnormal operating expenses aren't generally incurred during the day-to-day operation of the Fund and aren't necessarily incurred in any given year. They're due to abnormal events like the cost of running an investor meeting, or legal costs incurred by changes in the Fund's constitution.

Any abnormal operating expenses charged to the Fund will be an additional management cost for the relevant year for the Fund.

Other indirect management costs

Derivatives

Management costs may also be incurred if the Fund or an underlying fund invests in any relevant derivatives.

Management fees and costs in underlying funds

The following also applies where the Fund invests into an underlying fund.

Managers of underlying funds will generally charge a management fee for their services. These fees will be deducted from the underlying funds and reflected in their unit price. With the exception of exchange traded funds and some unlisted securities, Perpetual will compensate the Fund for these amounts so they are not an indirect management cost to you.

Managers of underlying funds may also charge expense recoveries to their underlying funds, which will usually be deducted from the assets of the underlying funds and reflected in their unit price, and/or the underlying funds themselves may incur indirect costs. If charged, these amounts will usually be an indirect management cost to you.

Transaction costs

In managing the investments of the Fund, transaction costs such as brokerage, settlement costs, clearing costs and government charges may be incurred in the Fund's investment portfolio, or when the Fund experiences cash flows in or out of it.

When the Fund incurs transaction costs from changing its investment portfolio, they are paid out of the Fund's assets and reflected in its unit price.

Estimated transaction costs that are incurred because investors buy or sell units in the Fund are also paid from the Fund's assets, but they are recovered from those transacting investors by the transaction cost allowances that are included in the calculation of the Fund's entry and/or exit unit prices, as described under 'Buy/sell spread' in this section.

Net transaction costs after any buy/sell spread recoveries charged on investor transactions, as shown in the 'Fees and costs summary' table in this section, are a cost to all investors in the Fund.

Transaction costs may vary from year to year without notice to investors.

The following annual transaction cost information for the Fund based on the most recently completed financial year, which forms part of the PDS, is publicly available at our website (see 'Incorporation by reference' in the 'Additional information' section for details) or can be obtained free of charge by contacting us:

- estimated total **gross** transaction costs
- estimated transaction costs recovered by buy/sell spreads on investor transactions
- estimated **net** transaction costs borne by all investors (the estimated percentage by which the Fund's investment return has been reduced by transaction costs not recovered by buy/sell spreads).

Member activity related fees and costs

Buy/sell spread

Estimated transaction costs are allocated when an investor buys or sells units in the Fund by incorporating a buy/sell spread between the Fund's entry and exit unit prices, where appropriate. This aims to ensure that other investors aren't impacted by the transaction costs associated with a particular investor buying or selling

units in the Fund. We have discretion to waive the buy/sell spread on applications or withdrawals where no transaction costs are incurred.

The buy/sell spread is an additional cost to you and will impact the return on your investment. The spread is based on our estimates of the average transaction costs incurred by the Fund. However, it is not a fee paid to us and is retained in the Fund to cover the actual transaction costs as they are incurred.

Estimated transaction costs, which are used to determine the buy/sell spread, are reviewed regularly. Consequently, the buy/sell spread current as at the date of this PDS, as shown in the 'Fees and costs summary' table in this section, may change (increase or decrease) during the life of this PDS, and may vary without notice to investors. The current buy/sell spread for the Fund at any time (as amended), which forms part of the PDS, is publicly available at our website (see 'Incorporation by reference' in the 'Additional information' section for details) or can be obtained free of charge by contacting us.

GST is not applicable to any buy/sell spread when you buy or sell units in the Fund.

Further information about fees and costs

Borrowing costs

Whilst we currently choose to pay normal operating expenses out of our management fee, if the Fund incurs any incidental borrowing costs for short-term operational purposes, these costs may be paid out of the Fund's assets and reflected in its unit price.

Any borrowing costs are additional to the management fees and costs shown in the 'Fees and costs summary' table in this section.

Government charges

If you are a direct investor, government charges will be applied to your account as appropriate.

Maximum fees and charges

The Fund's constitution allows us to charge maximum fees as outlined in the following 'Maximum fees and charges' table.

Amounts disclosed are inclusive of GST.

Maximum fees and charges

Fee or cost	Maximum
Contribution fee	5% of the investment amount
Withdrawal fee	5% of the withdrawal amount
Management fee	3% pa of the gross asset value of the Fund
Performance fee	20% of the Fund's return above its performance hurdle
Expense recoveries	Unlimited

Increases or alterations to our fees

We may change our fees without your consent. However, we won't increase our management fee, or introduce any new fees, without giving you or your Service operator (as applicable) at least 30-days' written notice.

Management costs and transaction costs may vary each year without notice.

Tax

Tax information, including GST, is set out in the 'Tax' section. Unless otherwise stated, all fees and other costs disclosed in this PDS are inclusive of the net effect of GST.

Adviser remuneration

Financial adviser commissions

No commissions are paid to your financial adviser.

Other benefits

As a result of your investment in the Fund your financial adviser may receive other non-monetary benefits (where allowed by law), which are not an additional cost to you.

Platform administration payments

We may make payments to platform providers for administrative services associated with distributing our Fund on their investments menu (where allowed by law). These payments may help them recover their costs incurred in establishing our Fund on their menu and certain other marketing and distribution costs. If these payments are made, they are not paid by you or the Fund, but rather they are paid by us.

Benefits received

As a result of brokerage paid by the Fund, we may receive benefits such as investment research, which we may use for any investment purpose, including for the Fund .

Operating your account

When you invest in the Fund, your money is pooled with investments from other investors and used to buy assets for the Fund, which we manage on behalf of all investors.

When you invest in the Fund, you (or your Service operator on your behalf, if applicable) will be allocated units in the Fund. The value of your investment in the Fund will vary as the Fund's daily unit price changes to reflect increases or decreases in the market value of the Fund's underlying assets.

Direct investors

Unless otherwise indicated, the following information in this 'Operating your account' section applies to **direct investors**.

Indirect investors

You can invest in the Fund or withdraw all or part of your investment in the Fund by directing your Service operator to lodge an investment application or withdrawal request, as applicable, with us.

You should contact your Service operator for details about their requirements for:

- any minimum investment and withdrawal amounts
- processing requirements and timeframes
- distribution payment options
- identification verification procedures.

You should also use any relevant application and other forms provided by your Service operator.

Investments

Initial investment

The minimum initial investment in the Fund is \$25,000, which may be paid by:

- BPAY, if applying using our online application form
- Electronic Funds Transfer (EFT), if applying using our online or hard copy application form.

You should indicate on your application form the amount of your investment in the Fund.

Accepting your application includes us verifying your identity (see 'Anti-money laundering/counter-terrorism financing laws' in the 'Additional information' section for more information).

Additional investments

Additional investments can be made at any time according to the current PDS. The PDS may be updated or replaced from time to time and you should read the current version before you make an additional investment. You can obtain a copy of the current PDS, free of charge, at our website or by contacting us.

The minimum additional investment in the Fund is \$5,000, which may be paid by:

- BPAY
- EFT.

If you're making an additional investment using EFT, please also complete and submit an 'Additional investments' form available at www.perpetual.com.au/investment-forms.

BPAY

BPAY is a convenient way for you to make initial and/or additional investments in the Fund from your cheque or savings account using the phone or online banking facilities provided by most Australian banks, building societies and credit unions.

If you are making an initial investment via our online application form, your Customer Reference Number (CRN) will be provided automatically once the application process is complete.

For initial applications made using EFT, your CRN will be provided in your 'Welcome letter', which you can use for any subsequent investments by BPAY.

When using BPAY for making additional investments, you'll need to quote your CRN and the Fund's **BPAY biller code 489070**.

Electronic Funds Transfer (EFT)

For initial and/or additional investments, you can remit funds directly from your Australian bank, building society or credit union account. For the payment reference, ensure you include your name and the Fund code that you are investing into.

Remit funds to:

- BSB – **082-001**
- Account number – **674 726 123**
- Payee name – **PIML Wholesale Apps Trust Account**
- Payment reference – **[your name] [investor number (if you have one)] [EFT Fund code PISTIW]**

How units are issued

Generally, if we receive and accept an investment application by 3.00pm on any business day, it will be processed using that day's entry price. If received and accepted after 3.00pm, it will be processed using the next calculated entry price. If it's a non-business day for Perpetual in Sydney, it will be processed using the next available entry price.

The number of units issued to you (or your Service operator, as applicable) for investment applications is determined by dividing the investment by the applicable entry price.

For the current entry price, visit our website or contact us.

We have the discretion:

- not to accept applications and can delay processing them if we believe that's in the best interests of investors or if required by law (see 'Suspension of applications and withdrawals' in the 'Additional information' section for more information)
- to accept lower investment amounts.

Perpetual has the absolute discretion to accept, reject or limit any application and where an application is rejected or limited in any way (including if it is deferred or delayed), Perpetual is not liable for any loss you suffer (including indirect or consequential loss) as a result.

Withdrawals

You can request a withdrawal of all or part of your investment in the Fund at any time as long as you maintain a minimum balance (currently \$25,000) after any partial withdrawal from the Fund, otherwise we may close your account and pay the balance of your investment to you. If we exercise our discretion to accept a lower investment amount, this amount will be the minimum balance we require you to hold.

If you wish to make a withdrawal, you can send us a completed withdrawal form.

All written withdrawal requests must be signed by you or your authorised representative (see 'Authorised signatories' in the 'Applying for an investment' section for more details) and include the following information:

- your investor number
- the name of the Fund
- the number of units or amount to be withdrawn
- your payment instructions.

Processing of withdrawals

Withdrawals from the Fund are only processed on a **monthly** basis.

Generally, if we receive and accept a withdrawal request by 3.00pm on the last business day of a month (the 'Prescribed Withdrawal Time'), it will be processed effective the last business day of the month in which the Prescribed Withdrawal Time occurs, using the exit price for that date.

For example, a withdrawal request received by 3.00pm on 31 July will be processed as at 31 July using the exit price as at 31 July. This enables the portfolio to be managed with the aim of maximising the returns for investors if the Fund is required to liquidate positions in the market. For this

reason, withdrawal requests cannot be cancelled once we have received them, unless approved by the responsible entity or by delegated authority. Any withdrawal cancellation requests must be made in writing.

The number of units withdrawn for withdrawals is determined by dividing the withdrawal amount by the applicable exit price.

For the current exit price, visit our website or contact us.

Generally, your withdrawal proceeds can be deposited into your nominated Australian bank, building society or credit union account.

Withdrawal proceeds that are paid directly into your nominated account are subject to clearance by your bank, building society or credit union from the date of deposit into your account.

We will confirm all withdrawals in writing by providing you a transaction statement. For your protection, withdrawals will not be paid in cash.

The proceeds from your withdrawal will usually be available 21 calendar days from when we have effectively processed the request, given normal operating conditions. If this is not a business day for Perpetual in Sydney, the next business day will apply. The maximum period allowed under the Fund's constitution for payment of withdrawals, after we have effectively processed the request, is 70 days.

If you withdraw your units before the end of a distribution period, you won't receive a distribution for those units in that period. Your withdrawal amount will generally include your share of distributable income accrued in the Fund to the date of withdrawal as capital.

We may determine that part of your withdrawal amount represents a share of the distributable income including realised net capital gains for that distribution period. We will advise you if this happens.

Email instructions

We currently accept various instructions, including withdrawal requests, by scanned attachment to email provided we have no reason to believe the request isn't genuine.

Other conditions apply to email withdrawal requests (see 'Other conditions' in the 'Additional information' section for details).

Distributions

All investors

A distribution is the payment of the Fund's distributable income to investors at predetermined intervals. The distributable income may include interest, dividends, foreign income, realised net capital gains and other income. In some circumstances, the Fund may also distribute a payment out of the capital invested. The components of a distribution will depend on the nature of the Fund's underlying assets.

The distribution amount depends on the Fund's distributable income. The amount of your distribution will be proportionate to the number of units held relative to the number of units on issue at the end of the distribution period. The amount will vary and sometimes there might not be any distribution.

At the end of each distribution period, the Fund's unit price will typically fall as it is adjusted to reflect the amount of any distribution. As your distribution amount is based on the entire distribution period, the closer you invest before the end of a distribution period the greater the possibility is that you may receive back some of your capital as income in the distribution paid for that period.

The Fund distributes quarterly as at 31 March, 30 June, 30 September and 31 December. Distributions not reinvested are generally paid within 21 days. However, the Fund's constitution allows up to 90 business days after the end of the distribution period.

The Fund's constitution lets us make special distributions on an interim basis without prior notice to you. We can also determine to reinvest part or all of your distribution in the Fund.

Any realised net capital gains are generally included in the 30 June distribution. However, we may choose to pay some, or all, of the net capital gains as part of a regular or a special distribution where we believe it is in the best interest of investors, including instances where we believe investors would benefit from having more consistent distribution payments throughout the year.

You still have to pay tax on the distribution even if it is reinvested or received after the end of the financial year – see 'Distributions' in the 'Tax' section for details.

Distribution payment options for direct investors

You can choose to have your distributions:

- reinvested in the Fund
- deposited into your nominated Australian bank, building society or credit union account.

If you don't make a choice or if we're unable to credit your nominated account (if applicable), we'll reinvest your distribution.

Generally, for distribution reinvestments in the Fund:

- amounts will be reinvested as at the first day following the end of the distribution period
- the reinvestment price will be based on the net asset value price (that is, excluding a buy spread) calculated on the last business day of the distribution period, adjusted for any distribution paid for that period.

Instructions and changes

When requesting any new features or changes/cancellations involving transactions (eg distribution payments), we must receive your instructions at least **five business days** before a transaction date for it to apply to the next transaction.

Any changes to your name must be made in writing by mail or scanned attachment to email.

Any acceptable changes made by logging into the online platform Investor Centre can only be made after we've confirmed your identity.

Other conditions may also apply depending on the way you provide instructions to us, as set out under 'Other conditions' in the 'Additional information' section.

Authorised representative

You can appoint a person, partnership or company as your authorised representative by nominating them on your application form and having them sign the relevant section. Your authorised representative will be empowered to act on your behalf in all matters relating to your investment in the Fund.

Conditions apply to the appointment of an authorised representative, as set out under 'Other conditions' in the 'Additional information' section.

Investor Centre online access

Investor Centre is a digital platform, available from our website, that provides easy and convenient online access for you to:

- receive reporting online, including any notifications we are required to provide under the Corporations Act (although there may be times when we must also send online correspondence to you in paper form – see 'Reporting' in the 'Additional information' section for further information)
- check the total value of your investment in the Fund
- view your account summary, including the Fund(s) you are invested in, the number of units, unit price and current balance of the Fund(s)
- review your recent transaction history
- update your personal details
- transact online.

We will send you relevant online access setup details and activation instructions.

To access Investor Centre, you will need to complete Multi-Factor Authentication (MFA). This is an extra layer of security to the authentication process. In order to complete the process, you will need access to another device such as your mobile phone.

By default, we will provide you with **View only** access. To enable **Transaction** capability, log in and follow the onscreen prompts to self-service.

We may provide joint investors, trustees of superannuation funds/trusts, companies, partnerships and trustee company accounts with more than one login for online access to your account.

Conditions of use

Before you first use Investor Centre, you must accept the conditions of use, which are publicly available at our website (see 'Other documents' in the 'Additional information' section for details) or can be obtained free of charge by contacting us.

Other conditions also apply to any transactions made through Investor Centre (see 'Other conditions' in the 'Additional information' section for details).

Access by authorised representatives

If you appoint an authorised representative, you can self-service through Investor Centre to provide **View only** online access to that representative.

Access by your adviser

We'll also give your adviser online access to view details about your investment only.

Your adviser may extend to their authorised delegates, such as paraplanners and other support staff, the same level of **View only** online access.

Tax

The tax consequences of investing in managed investment schemes are particular to your circumstances, so we recommend you seek professional tax advice. This information is general only and shouldn't be relied on.

If applicable, you should also refer to your Service operator for further information about the tax treatment of your investment in the Fund through their Service.

Attribution managed investment trust (AMIT) regime

The Fund has elected into the AMIT regime.

Tax position of the Fund

Generally, Australian income tax won't be payable by the Fund.

Under the AMIT regime, each year, we are required to break down the income of the Fund (net of fees and expenses) into trust components of assessable income, exempt income, non-assessable non-exempt income and tax offsets (eg franking credit offsets).

The Fund will not be subject to income tax provided that all of the determined trust components are attributed to investors on a fair and reasonable basis and in accordance with its constitution and any other constituent documents of the Fund (which includes its PDS).

Investors will be subject to tax on the income of the Fund that is attributed to them each year ending 30 June. If there is income of the Fund that is not attributed to an investor, the Fund will be subject to tax at the highest marginal tax rate (plus Medicare levy).

Australian resident investors

Distributions

For information about the calculation of your distribution entitlement, see 'Distributions' in the 'Operating your account' section.

The income of the Fund attributed to you must be included in your income tax return for the year of the entitlement even if any distribution is received or reinvested in the following year – see 'Annual tax statement'.

Where the distributions made to you in respect of a financial year are less than¹, or more than, the trust components attributed to you, the cost base of your units will need to be increased or decreased, as appropriate. Details of the trust components attributed to you and any net cost base adjustment will be included on your annual tax statement.

Where the Fund's determined trust components for an income year are revised in a subsequent year (eg due to actual amounts differing to the estimates of income, gains/losses or expenses), then differences (referred to as 'unders and overs') will arise. Unders and overs will generally be taken into account in the year they are discovered.

¹ If this were to occur, the Fund's unit price would only fall by the amount of the actual distribution and not by the additional amount attributed to investors. You would need to increase

the cost base of your units for tax purposes by the amount that has been attributed but not paid as a distribution.

Capital gains tax

In addition to any realised net capital gains attributed to you, any withdrawal or transfer of units in the Fund may create a taxable gain or loss, which will be treated as a capital gain or loss, or as ordinary income, depending on your circumstances.

Annual tax statement

Direct investors

We'll issue annual tax statements, referred to as an AMIT Member Annual Statement (AMMA), for the Fund at the end of August each year, or shortly after. It will show the taxable and non-taxable components of the income attributed to you (which includes any distributions received or reinvested) and any net cost base adjustment required to be made.

Indirect investors

Your Service operator will use the information we provide to prepare their statements for you.

Non-resident investors

Australian tax will be deducted from certain Australian sourced income and capital gains distributed/attributed to non-resident investors. Non-resident investors may also be subject to tax in the country they reside in, but may be entitled to a credit for some or all of the tax deducted in Australia.

Reporting

We are required to report to the ATO certain information relating to your investment in the Fund, including transactions and the income distributed/attributed to you.

Tax residents of other countries

For direct investors, we must obtain details about any other countries where you are a resident for tax purposes (including your taxpayer identification number) as the Fund may be required to report information about your investment (including investment balances and any payments made) to the ATO each year for provision to the relevant overseas tax authority under rules designed to combat tax evasion in that country. We will determine whether the Fund is required to report your details to the ATO for this purpose based on our assessment of the relevant information received.

Tax file number (TFN)/Australian business number (ABN)

Providing your TFN isn't compulsory but without it or the appropriate exemption information we or your Service operator (as applicable) have to withhold tax from the income distributed/attributed to you at the highest marginal tax rate (plus Medicare levy) until your TFN or exemption¹ is provided.

You may prefer to provide an ABN as an alternative to your TFN if your investment is made as part of an enterprise.

¹ See 'Applying for an investment' for details of TFN exemption codes.

Direct investors

We are authorised under tax laws to collect TFNs and ABNs in connection with your investment in the Fund.

Indirect investors

Please refer to your Service operator for more information on the collection of TFNs and ABNs for investors investing in the Fund through their Service.

Goods and services tax (GST)

GST generally applies to the fees, costs and expenses payable by the Fund, including management costs and other fees payable to us.

Generally, the Fund can't claim a credit for all of the GST paid but may be entitled to claim a reduced input tax credit (RITC), which represents a portion of the GST applicable to management costs and certain other expenses, as set out in the GST law.

Unless otherwise stated, the fees and costs in the 'Fees and costs summary' table show the approximate net cost to the Fund of these amounts payable to us, on the basis that the Fund is entitled to claim RITCs for the GST on relevant amounts.

Additional information

Interest earned on application, withdrawal and distribution accounts

Application money, proceeds of withdrawal requests and distribution amounts are held in trust accounts prior to being processed. A member of the Perpetual Group retains any interest earned on these accounts.

Your cooling-off rights

Direct investors

You have up to 14 days from the earlier of the time when you receive confirmation of issue of units in the Fund to you or the fifth business day after the units in the Fund are issued to you where you can have your investment repaid ('cooling-off period').

The amount repaid will be adjusted for any transaction costs and any increase or decrease in the value of your investment.

Investments repaid may create a taxable gain or loss so we recommend that you seek professional tax advice.

Your right to be repaid during the cooling-off period does not apply if:

- you exercise any of your rights as an investor in the Fund
- you are a wholesale client (as that term is defined in the Corporations Act).

If you'd like to have your investment repaid, write to or email us stating that you want to be repaid during the cooling-off period (please include your investor number). We must receive your request before the end of the cooling-off period.

When we receive your request, we will send you the details about your repayment.

Indirect investors

No cooling-off rights apply in respect of any investment in the Fund acquired by your Service operator on your behalf. For information about any cooling-off rights that may apply to you in respect of the Service that you invest through, please contact your Service operator directly or refer to their disclosure document.

How units are priced and investments are valued

Unit prices for the Fund are calculated by:

- establishing the net asset value of the Fund
- for entry unit prices – adding the applicable transaction costs (buy spread) to the net asset value and then dividing the adjusted net asset value by the number of units on issue to determine the entry unit price
- for exit unit prices – deducting the applicable transaction costs (sell spread) from the net asset value and then dividing the adjusted net asset value by the number of units on issue to determine the exit unit price.

We generally determine the net asset value of the Fund on each business day. The net asset value is calculated by deducting the value of the Fund's liabilities from the value of its gross assets.

The net asset value of the Fund includes unrealised gains and losses and any income and realised gains accrued but not yet distributed. If unrealised gains are realised in the future, any assessable portion will generally be distributed/attribution to investors.

Investments are valued at their market value. In all cases, we determine the valuation method according to the Fund's constitution. For the Fund's investments in other managed funds, the market value will normally be based on the exit price of units in the underlying fund(s).

We generally calculate and apply entry and exit unit prices on each business day (although withdrawals from the Fund are only processed on a monthly basis – see 'Withdrawals' in the 'Operating your account' section for further information).

We can defer the calculation of unit prices where permitted by the Fund's constitution and the law. For example, if significant delays occur where an underlying fund does not calculate or provide a price, unit prices for the Fund may not be calculated nor applications and withdrawals processed for the Fund until the underlying fund's unit price is determined.

A copy of our unit pricing policy, including details of any discretions that we may exercise in various circumstances, is available at our website or can be obtained free of charge by contacting us.

Reporting

Direct investors

Investors will receive:

- an initial investment statement, generally within seven business days of your application being accepted and processed
- an additional investment statement, generally within seven business days of any additional investment being accepted and processed
- a withdrawal statement, generally within seven business days of any partial withdrawal
- an exit statement, generally within 120 days of exiting the Fund
- a distribution statement following a distribution
- a periodic (annual) statement providing details of your investment as at 30 June each year
- an annual report (including financial statements) for each financial year ending 30 June will be available at our website (copy by mail or electronically available on request)
- an annual tax statement and tax guide for the financial year, generally sent by the end of August or shortly after, to help you prepare your income tax return
- confirmation of any other transactions that we are required to report on.

If you provide an email address in the application form, you consent to receiving online communications (including via Investor Centre) and the above reporting will be made available via Investor Centre (see 'Investor Centre online access' in the 'Operating your account' section for further information), although there may be times when we must also send correspondence to you in paper form.

The Fund profile (updated monthly) is available at our website or can be obtained free of charge by contacting us.

Indirect investors

All reports will be sent directly to your Service operator. They will use this information to provide you with regular reporting and information to help you complete your annual income tax return. Please contact your Service operator with any investor inquiries.

The Fund profile (updated monthly) is available at our website or can be obtained free of charge by contacting us.

Continuous disclosure documents

The Fund may be subject to certain regular reporting and disclosure obligations. Copies of documents lodged with ASIC in relation to the Fund may be obtained from, or inspected at, any ASIC office. You may obtain a copy of the following at our website or from us free of charge on request:

- the Fund's annual financial report most recently lodged with ASIC
- any half-yearly financial reports lodged with ASIC by the Fund after lodgement of that annual report
- any continuous disclosure notices given by the Fund after the date of lodgement of that annual report
- any other material updates.

Inquiries and complaints

Direct investors

We're committed to providing you with the highest level of service and we have established procedures for dealing with any inquiries and complaints relating to your investment in the Fund.

Inquiries

If you have an inquiry, you can either phone us on 1800 022 033 during business hours, email us at PerpetualUTqueries@cm.mpms.mufig.com or write to:

Perpetual Investments Unit Registry
Locked Bag 5038, Parramatta NSW 2124

Complaints

If you have a complaint about your investment in the Fund, please contact our Unit Registry MUFG Corporate Markets by using the contact details below:

1. Contact one of our Client Services representatives on 1800 022 033 and tell them about your complaint.
2. Email your complaint to Complaints.au@cm.mpms.mufig.com.
3. Put your complaint in writing and mail it to:
Perpetual Investments Unit Registry
Locked Bag 5038, Parramatta NSW 2124

The team at MUFG Corporate Markets is available to assist phone enquiries between the hours of 8:00am and 8:00pm, Sydney time, Monday to Friday.

We will endeavour to respond to your complaint fairly and as quickly as we can and by no later than the maximum response timeframe of 30 days. If we have not had a reasonable opportunity to respond to your complaint before the maximum response timeframe ends, we will write to you to let you know.

If, at any time, you are not satisfied with our response to your complaint, any aspect of our complaints handling process or if you have not received a response within the maximum response timeframe, the Australian Financial Complaints Authority (AFCA) might be able to assist you.

Australian Financial Complaints Authority

We are members of the AFCA external dispute resolution scheme.

AFCA has been established by the Commonwealth Government to provide consumers and small businesses with a free and independent dispute resolution service for complaints about financial firms.

Time limits may apply to complain to AFCA and so you should act promptly or otherwise consult the AFCA website to find out if or when the time limit relevant to your circumstances expires. Other limits may also apply.

You can lodge a complaint with AFCA by:

1. using their online portal available at www.afca.org.au/make-a-complaint
2. email addressed to info@afca.org.au
3. calling 1800 931 678 (free call)
4. mail addressed to:
Australian Financial Complaints Authority
GPO Box 3
Melbourne VIC 3001

Indirect investors

Any inquiries or complaints about the Service through which you are investing should be directed to your Service operator.

Any inquiries or complaints relating to your investment in the Fund should also be directed to your Service operator in the first instance. If your Service operator is unable to answer your query or resolve a complaint on your behalf, you can contact us by following the procedures relating to direct investors.

Your privacy

Direct investors

We collect personal information from you in the application and any other relevant forms to be able to process your application, administer your investment and comply with any relevant laws. If you do not provide us with your relevant personal information, we will not be able to do so. In some circumstances we may disclose your personal information to Perpetual's related entities or service providers that perform a range of services on our behalf and which may be located overseas.

Australian privacy laws apply to our handling of personal information and we will collect, use and disclose your personal information in accordance with our privacy policy, which includes details about the following matters:

- the kinds of personal information we collect and hold
- how we collect and hold personal information
- the purposes for which we collect, hold, use and disclose personal information
- the types of entities we usually disclose personal information to and the countries where they are likely to be located if it is practicable for us to specify those countries
- how you may access personal information that we hold about you and seek correction of such information (note that exceptions apply in some circumstances)
- how you may complain about a breach of the Australian Privacy Principles (APP), or a registered APP code (if any) that binds us, and how we will deal with such a complaint.

Perpetual's privacy policy is publicly available at our website (see 'Other documents' in the 'Additional information' section for details) or you can obtain a copy free of charge by contacting us.

Indirect investors

We do not collect or hold your personal information in connection with your investment in the Fund. Please contact your Service operator for information about their privacy policy.

Anti-money laundering/counter-terrorism financing laws

The Anti-Money Laundering and Counter-Terrorism Financing Act 2006 (AML/CTF Act) and Anti-Money Laundering and Counter-Terrorism Financing Rules Instrument 2007 (Rules) regulate financial services and transactions in a way that is designed to detect and prevent money laundering and terrorism financing.

Direct investors

Under the AML/CTF Act and Rules and the sanctions of Australia (or other sanction regimes that we may comply with), we are required to:

- verify your identity before providing services to you, and potentially from time to time thereafter
- collect information about your circumstances, including the source of funds being invested (individual

investors) and your beneficial owners (non-individual investors)

- where you supply documentation relating to your identity, keep a record of this documentation for seven years after the end of your relationship with Perpetual.

As a result:

- transactions may be delayed or refused where we require further information regarding your identity or we have reasonable grounds to believe that the transaction breaches the law or sanctions of Australia (or other sanction regimes that we may comply with)
- where transactions are delayed or refused, we are not liable for any loss you suffer (including consequential loss) as a result of our compliance with the AML/CTF Act and those sanction regimes.

Where required by law, we may disclose your information to regulatory or law enforcement agencies, including the Australian Transaction Reports and Analysis Centre (AUSTRAC), which is responsible for regulating the AML/CTF Act.

Customer identification requirements for individual investors are collected in the application form. All other prospective investors must complete the relevant 'Customer identification form', which is publicly available at our website or can be obtained free of charge on request.

We are not liable for any loss you may suffer as a result of our compliance with our legal obligations.

Indirect investors

You will need to satisfy your Service operator's requirements for verifying your identity.

Investments and social security

If you are a personal investor, your investment in the Fund may affect your social security or pension entitlements. The calculations are complex so we recommend that you seek advice from your financial or tax adviser, or use the Financial Information Service provided by Services Australia.

Mortgage of units

If you are a direct investor, we may, in our absolute discretion, note certain mortgagee interests over an investment (including any distribution reinvestment from that investment), and the following conditions will apply:

- you won't be able to transfer or withdraw your investment (including any distributions reinvested) without the mortgagee's consent
- amounts paid or assets transferred on withdrawal will be forwarded to the mortgagee or paid at the mortgagee's discretion
- the notice of mortgage can be removed only with the mortgagee's consent
- distributions that are not reinvested will be paid according to any instructions in the notice of mortgage, or otherwise according to the investor's instructions on the application form.

Transfer of units

If you are a direct investor, with our consent, you may transfer units in the Fund to another person by providing us with a signed and completed standard transfer form and any other required documents.

A transfer of units will generally be a disposal of units for tax purposes, which may have tax implications (see the 'Tax' section for more details).

Our role as responsible entity

As the responsible entity of the Fund, our main responsibilities are to manage the Fund according to its constitution and investment strategy as well as properly administering it. We may change the Fund's investment strategy whenever we believe it's in the best interests of investors, in accordance with the Fund's constitution.

In carrying out our duties, we are subject to the Corporations Act and must:

- act honestly and in the best interests of investors
- exercise care and diligence.

Constitution

All registered managed investment schemes are governed by a constitution. The Fund's constitution (as amended) governs the Fund's operation and, together with this PDS, the Corporations Act and other laws, regulates the Fund and our legal relationship with investors. The Fund's constitution has been lodged with ASIC.

We can amend the Fund's constitution as permitted by the Corporations Act. You may inspect the Fund's constitution at our offices on any business day free of charge or obtain a free copy by contacting us.

Borrowing powers

The Fund's constitution allows the Fund to borrow.

The Fund currently doesn't intend to borrow as part of its investment strategy, however borrowing may occur in the operational management of the Fund.

To the extent permitted, the Fund may borrow from a variety of sources, including companies associated with the Perpetual Group (in which case the terms are set on a commercial and arm's length basis).

Our liability

Subject to the Corporations Act, we're not liable to investors for any losses in any way relating to the Fund, except to the extent to which the loss is caused by our fraud, negligence or breach of trust.

Our liability is, subject to the Corporations Act, limited to our ability to be indemnified out of the assets of the Fund.

Rights of direct investors

Each unit you hold in the Fund confers a proportional beneficial interest in the Fund. However, you're not entitled to any particular part of the Fund, its assets or its management or operation (other than through investor meetings).

The Fund's constitution limits your liability to the value of your interest or units in the Fund. However, the courts are yet to conclusively determine the effectiveness of these provisions so no absolute assurance can be given that your liability is limited in every situation.

Suspension of applications and withdrawals

In certain emergency situations that impact the effective and efficient operation of a market for an asset in the Fund or in circumstances where we otherwise consider it to be in investors' interests, we may suspend processing all applications or withdrawals for the Fund in accordance with the Fund's constitution.

This may include situations where:

- we cannot properly ascertain the value of an asset in the Fund
- an event occurs that results in us not being able to reasonably acquire or dispose of assets in the Fund
- an underlying fund suspends applications and withdrawals
- the law otherwise permits us to delay or restrict processing applications or withdrawals.

Applications or withdrawal requests received during the suspension will be processed using the entry and/or exit price applicable when the suspension is lifted.

Withdrawal of large investments

We may stagger the payment of withdrawal requests where large requests have been received in a calendar month. If total withdrawal requests in any calendar month represent more than 10% of the net asset value of the Fund, we may decide to treat each withdrawal request as four separate withdrawal requests of one-quarter of the value of the original withdrawal request, payable over four successive months. Further details are in the Fund's constitution.

Non-liquid Fund

If the Fund becomes non-liquid (as defined in the Corporations Act) withdrawals may only be made subject to an offer made according to the Corporations Act. In these circumstances, you will only be able to withdraw from the Fund if we make money available for withdrawals. The Corporations Act requires us to allocate this money on a pro rata basis among investors wanting to withdraw. We're under no obligation to offer you an opportunity to withdraw from the Fund while the Fund is non-liquid.

We will advise direct investors (including Service operators) if the Fund becomes non-liquid and the terms of any withdrawal offer.

Other conditions

A direct investor that appoints an authorised representative and/or uses Investor Centre or email facilities (as applicable) to transact or provide instructions to us:

- acknowledges that they are bound by the acts of their authorised representative
- releases, discharges and agrees to indemnify us and each other member of the Perpetual Group from and against all losses, liabilities, actions, proceedings, accounts, claims and demands arising from instructions we receive under the facility
- agrees that a payment or purported payment made according to the conditions of the facility shall be in complete satisfaction of our obligations or those of any other member of the Perpetual Group to the investor for a payment, even if it was requested, made or received without the knowledge or authority of the investor.

Incorporation by reference

The law allows us to provide certain information to you separately to the PDS, which is taken to be incorporated into the PDS, provided the PDS identifies this additional information and how you can access it.

The following incorporated information forms part of this PDS:

- details of the latest annual transaction costs and the current buy/sell spread for the Fund
- any additional information required by ASIC to be given on various key features that may apply to the Fund (including updated details).

This information is publicly available at www.perpetual.com.au/pure-credit-alpha-fund, or can be obtained free of charge by contacting us.

You should also read the incorporated information.

Other documents

The following documents are also publicly available at www.perpetual.com.au/pure-credit-alpha-fund, or can be obtained free of charge by contacting us:

- Investor Centre online access conditions of use
- Perpetual's privacy policy.

Direct investors should also read these other documents if relevant to any features that you've chosen in relation to your investment in the Fund.

Applying for an investment

You should read the current PDS before making an investment.

Direct investors

New investment

Your initial investment in the Fund must be at least \$25,000.

To invest in the Fund, either:

- complete the online application process at www.perpetual.com.au/investment-forms. You'll be provided with both a Customer Reference number and bank account details upon successful completion of the process, to enable remittance of your initial investment amount via BPAY or Electronic Funds Transfer (EFT), or
- complete the hard copy application form, submit it to us via email or post, and remit your initial investment amount using the EFT payment details for the Fund (see 'Electronic Funds Transfer' in the 'Operating your account' section for details).

The following table will assist you in completing the 'Investor details' section of the application form and also explains who should sign the form and where TFN/ABN or exemption details should be recorded.

We must verify your identity before considering your application. Unless you are an individual or joint investor, you should also complete the relevant 'Customer identification form' available at our website or by contacting us.

Additional investments

Additional investments in the Fund must be at least \$5,000.

To make an additional investment into the Fund by BPAY or EFT, simply remit your investment amount to us via BPAY using your CRN and the BPAY biller code for the Fund, or via EFT with your instructions and the EFT payment details for the Fund (see 'BPAY' or 'Electronic Funds Transfer' in the 'Operating your account' section for details).

- 5 This investor type should only be selected where the trust is established under a formal arrangement and the trust has its own TFN.
- 6 If you are a registered charity and are exempt from tax and choose not to provide your ABN, you need to attach a statement (including your organisation's name and address) providing the reason your organisation is not required to lodge an income tax return. If your organisation's tax status subsequently changes, your organisation can incur a penalty from the ATO if you don't inform us within two months after the end of the year of income in which the change occurred.

Lodging your application form

You can lodge your completed application form with your financial adviser or post to:

Perpetual Investments Unit Registry
Locked Bag 5038
Parramatta NSW 2124

Application conditions

Please note:

- applicants must be at least 18 years of age
- investment amounts need not be in whole dollars
- there is no maximum investment amount
- cash amounts are not accepted, however we can determine other acceptable methods of payment
- for trust investors, only the trustee has rights and obligations under the Fund
- joint applicants will be assumed to be joint tenants (that is, the survivor(s) will be recognised as holding title to the interests of a deceased joint investor), unless you otherwise specify
- if signed under power of attorney:
 - the attorney certifies that he or she has not received notice of revocation of the power
 - the power of attorney, or a certified copy, must be sent to us
- we have absolute discretion to accept, reject or limit any application.

Authorised signatories

If no amendments have been made, the authorised signatories to your investment are the individuals who signed the initial investment application form.

You can add authorised signatories or change the authorised signatories by written request signed by all existing authorised signatories and all new authorised signatories.

Joint investors

For joint investors, unless you specify otherwise, we will assume that one of the investors has the authority of the other investor(s) for all transaction requests (including withdrawals) and any instructions (including any changes to address or bank account details).

Company investments

Unless we receive additional information, only the company directors, company secretary or attorney signing the application form will be authorised signatories to the company investment.

Existing accounts

If you request to apply any investments to an existing account, any financial adviser or authorised representative who currently has access to transact on and/or view that account will be able to transact on and/or view any additional investments.

Indirect investors

You can invest in the Fund by directing your Service operator to lodge an investment application with us. You should complete any relevant forms provided by your Service operator.

10. Declaration and signature

I/We declare and agree that:

- I/we have read the Product Disclosure Statement (PDS) and all Supplementary Product Disclosure Statements (SPDSs) (if applicable), and any relevant incorporated material to which this application applies, and have received and accepted the offer to invest in Australia
- all of the information provided in my/our application is true and correct
- I am/we are bound by any terms and conditions in this PDS and all SPDSs (if applicable) and the provisions of the constitution (as amended) of the Fund that I am/we are invested in
- I/we have the legal power to invest and/or are at least 18 years of age
- I/we have read and understood the privacy disclosure as detailed in the PDS. I/We consent to my/our personal information being collected, held, used and disclosed in accordance with the privacy disclosure. I/We consent to Perpetual disclosing this information to my/our financial adviser (named in this form) in relation to the investments described in this form. Where the financial adviser named in this form no longer acts on my/our behalf, I/we will notify Perpetual of the change
- if I/we have received this PDS from the internet or other electronic means that I/we received it personally or a print out of it, accompanied by or attached to this application form
- if this is a joint application, each of us agrees, unless otherwise indicated on this application, our investment is as joint tenants. Each of us is able to operate the account and bind the other(s) to any transaction including investments, switches or withdrawals by any available method
- in relation to trust investors, only the trustee has rights and obligations under the Fund
- withdrawals by companies must be signed by an authorised representative or in accordance with the company's constitution or under power of attorney
- I/we confirm that I/we have provided my/our financial adviser with acceptable identification documentation as described in the following section or the relevant customer identification form OR I/we are not investing through a financial adviser, and therefore have included certified copies of acceptable identification documentation with the completed application form as described in the following section or the relevant customer identification form.

I/We acknowledge and agree that:

- the information contained in the PDS is not investment advice or a recommendation that the Fund is suitable having regard to my/our investment objectives, financial situation or particular needs
- Perpetual may be required to pass on my/our personal information or information about my/our investment to the relevant regulatory authorities, including for compliance with income tax law and the Anti-Money Laundering and Counter-Terrorism Act 2006 or associated regulation and any tax-related requirements for tax residents of other countries
- investments in the Fund are not investments, deposits or other liabilities of Perpetual Limited or its subsidiaries (Perpetual Group) and are subject to investment and other risks, including possible delays in repayment and the loss of income and principal invested
- neither Perpetual Investment Management Limited nor Perpetual Group guarantee the repayment of capital or the performance of the Fund or any particular rate of return from the Fund
- the PDS has referred me/us to additional information or terms and conditions ('information') of this product which may assist me/us in making my/our investment decision and I/we have referred to this information to the extent I/we considered it was necessary to make my/our investment decision
- Perpetual Group may contact me/us where required by using the email address(es) provided on the application form. I/We will notify Perpetual of any change to my/our email address(es). I/We understand that failure to advise such a change may result in me/us not receiving correspondence relating to my/our investment.
