Pension refresh facility

Please read the following information regarding the pension refresh facility before you complete this form.

The pension refresh facility provides an easy way for you to consolidate your existing Pension Plan account balance with any additional accrued superannuation benefits at any time after you have commenced your pension. This may be particularly useful, for example, if you continue working and receiving superannuation contributions after you have commenced receiving a pension, as it does away with the need for multiple pension accounts if you want to take those additional superannuation benefits as a pension.

The pension refresh facility works as follows:

- your existing Pension Plan account balance is rolled into a new or existing Select Super Plan account (for the same amount(s)
 in the corresponding Investment Option(s) and combined with any additional superannuation benefits that you've accrued in or
 transferred into your Select Super Plan account
- some or all of your then combined Select Super Plan account balance is transferred back into a new Pension Plan account to commence a new pension
- unless you advise otherwise, the same details that applied to your previous Pension Plan account will apply to your new Pension Plan account, including:
 - pension amount (unless a new minimum payment amount is required under the law)
 - pension payment instructions (eg payment frequency, payment date, drawdown order, bank account and any beneficiary (including reversionary) nomination)
 - any optional features (eg auto-rebalancing).

You should seek financial advice before using the pension refresh facility as there are likely to be associated financial, taxation and social security implications from moving your benefits between superannuation and pension arrangements.

To be eligible for this service, you must:

- · hold both a Select Super and Select Pension (account based pension) account
- maintain a minimum balance of \$1,500 in your super account if you wish to keep this account open after your new pension is commenced and/or hold insurance cover through Select Super Plan
- be eligible to commence a Select Pension Plan (account based pension or transition to retirement account based pension).

If you do not have an existing Select Super account, you will need to open one prior to commencing a pension refresh. Please contact us for more information.

Your current personal information, investment and payment instructions for your existing pension account will be transferred to your new pension account. Your new pension account will not commence until all transactions requested or required as part of the pension refresh process have been completed. In some cases regular business processes may need to be carried out before some steps of the pension refresh process can be completed, which may delay its completion.

To receive a waiver of buy/sell spreads you need to transfer to the same Investment Options in the same amounts as you are currently invested.

Before completing this form, you should:

- read the current Select Super Plan and Pension Plan Product Disclosure Statement and any relevant incorporated material which include important information on the operation of your super and pension accounts
- consult a financial and/or tax adviser and have them assist you to complete this form
- consider the tax and social security implications associated with your transaction/s.

Please complete this form if you would like to have your existing Select Pension Plan account and Select Super Plan account used to commence a new Select Pension Plan account. The form also provides you with the option to contribute additional funds into your existing Select Super account and also to claim a tax deduction and complete a recontribution (optional).

6. Declaration and signature

By signing this request form I declare and agree that:

- I have fully read and understand this form and the Product Disclosure Statement (PDS) and any relevant incorporated material in relation to the operation of the pension refresh
- All of the information I have provided on this form is true and correct
- If applicable, in the case of contributions, that I have read and understood the contribution eligibility rule in the current PDS and relevant incorporated material for Select Super Plan and that I am eligible to make or have contributions made for my benefit and will notify the Trustee if I am no longer eligible
- If I am claiming a personal tax deduction in relation to my contributions, I:
 - intend to claim these personal contributions in the financial year I have identified in this form
 - have not yet lodged my tax return for the financial year identified in this form
 - am an existing member of Perpetual's Select Superannuation Fund
 - Select Super Fund currently holds these contributions and has not begun to pay a superannuation income stream based in whole or part on these contributions.
- I declare that I am lodging this notice at the earlier of either:
 - before the end of the day that I lodged my income tax return for the income year in which the personal contributions were made, or
 - before the end of the income year following the year in which the contribution was made.
- I acknowledge that the Trustee is required to provide information to the ATO regarding my superannuation account

I understand the effects of transferring between my Super Plan and Pension Plan accounts and commencing a new pension and I am aware of any applicable tax, social security and other considerations.

I consent to the transfer of the full proceeds from my existing pension account to my existing superannuation account and subsequent commencement of a new pension account using my existing information and instructions.
