Important notes

You should read this Product Disclosure Statement (PDS) carefully before making a decision to invest. You should also read the Perpetual WealthFocus Super Plan investment menu (Investment Menu) and Insurance Book, which form part of this PDS (see 'Incorporation by reference' in the 'Additional information' section). The incorporated information is available without extra charge at www.perpetual.com.au/wealthfocus-super-updates or by contacting us.

In this PDS, the 'Fund' means Perpetual WealthFocus Superannuation Fund (ABN 41 772 007 500, RSE R1057010), which includes:

- Perpetual WealthFocus Super Plan (Super Plan)
- Perpetual WealthFocus Pension Plan (Pension Plan).

References in this PDS to 'we', 'us', 'our', 'ETSL' and 'the Trustee' are to Equity Trustees Superannuation Limited as the trustee of the Fund and the issuer of interests in the Fund and this PDS. ETSL holds a Registrable Superannuation Entity (RSE) licence issued by the Australian Prudential Regulation Authority (APRA) to act as trustee of the Fund.

The Trustee is a subsidiary of EQT Holdings Limited (ABN 22 607 797 615) (Equity Trustees Group) which is a public company listed on the Australian Securities Exchange (ASX: EQT).

References in this PDS to 'PIML' are to Perpetual Investment Management Limited (ABN 18 000 866 535, AFSL 234426) as the promoter of the Fund unless otherwise provided. PIML provides a range of services to the Fund including investment management, client services and custody services. PIML may sub-contract the performance of some or all of its functions to other professional service providers.

Perpetual Investment Management Limited is a wholly owned subsidiary of Perpetual Limited (ABN 86 000 431 827).

'Perpetual Group' means Perpetual Limited and its subsidiaries.

References to 'you' or 'your' are to members (including prospective members) of the Fund.

The 'managed funds' are separate financial products (managed investment schemes registered with the Australian Securities and Investments Commission) accessible to members through the Fund. Available managed funds are specified in our Investment Menu, which may be updated from time to time.

The 'investment options' are investment pools in the Fund, with each pool generally providing exposure to a managed fund – see the 'Understanding your investments' section for further information.

A 'financial adviser' means the representative of an Australian financial services licence holder, who is authorised to provide financial product advice to clients.

This PDS contains all of the information that the Trustee believes is reasonably required for you to make an informed decision about investing in the Super Plan and gaining access to the available managed funds. You should also read the relevant product disclosure statement for each managed fund that you are considering. There are differences between investing in a managed fund directly and investing in a managed fund via the Super Plan – see 'Differences between investing via the Super Plan and investing directly in the managed funds' in the 'Additional information' section for further information.

This PDS describes the important features of the Super Plan. You should read it carefully before you decide to invest as it will help you to decide whether the Super Plan is appropriate for you. It contains general information only and doesn't take into account your objectives, financial situation or needs. This PDS may also help when comparing the Super Plan to others you may be considering.

We recommend that you consider the appropriateness of this information having regard to your objectives, financial situation and needs and seek financial advice before making an investment decision. If you have questions about the Super Plan or any of the investment options, you may wish to speak to your financial adviser. You should consider the tax implications of investing in the Super Plan, which your financial and/or tax adviser will be able to help you with.

Companies named in this PDS (including any incorporated information) have given and have not withdrawn their consent to statements by them, or statements based on statements by them, in this PDS in the form and context in which they appear.

Certain information in this PDS may change from time to time. Where this information is not materially adverse, the updated information will be made available on www.perpetual.com.au/wealthfocus-super-updates. A paper copy of any updated information will be given to you without extra charge upon request. If a change is considered materially adverse, we'll replace this PDS or issue a supplementary PDS. Any replacement and/or supplementary PDS will be available on www.perpetual.com.au/wealthfocus-super-updates and you can also obtain a paper copy without extra charge, on request. If there is an increase in fees or charges (other than government fees or charges), we'll give you at least 30-days' prior written notice.

You should keep a copy of the current PDS and any replacement and/or supplementary PDS for future reference. You can access further information that has been made publicly available on www.perpetual.com.au/wealthfocus-super-updates or by contacting us, including the Target Market Determinations (TMDs) for the Fund.

Visit www.perpetual.com.au or contact us for the most up-to-date past investment returns for the investment options available within the Super Plan. Past investment returns are not indicative of future returns, so you shouldn't base your decision to become a member of the Fund or invest in any of the investment options on past investment returns.

Neither the Trustee, PIML, nor any of their related entities guarantee that you will earn any return on your investment or that your investment will gain in value or retain its value. Investment in the Super Plan is subject to investment risk, including possible delays in repayment and loss of income and capital invested.

This PDS can only be used by members receiving it (electronically or otherwise) in Australia.

All amounts in this PDS are in Australian dollars and all times quoted are Sydney time (unless otherwise specified). A business day is a working day in Sydney.

Understanding your investments

By investing your superannuation through the Super Plan, you have access to a range of investment options providing exposure to managed funds that cater for different investment timeframes and risk profiles enabling you to select the investment option(s) that most closely meet your own needs and circumstances. These managed funds are listed in the Investment Menu which forms part of this PDS and is available without extra charge at www.perpetual.com.au/wealthfocus-super-updates or by contacting us.

Your financial adviser can assist you in determining which investment options in the Super Plan are suited to your financial needs.

Investment structure

All investment options invest in managed funds, each with their own investment strategy and guidelines. Most managed funds have their own product disclosure statement that contains important details about how your money will be invested. Before making any investment decisions, you must read the relevant product disclosure statement for each managed fund you're considering. You can access the managed fund product disclosure statements without extra charge from the links in the Investment Menu available at www.perpetual.com.au/wealthfocus-super-updates or by contacting us. Taking the time to review these documents will help you make informed decisions about your investments.

To help you better understand the investment options you may be interested in, we've included the following table that provides general details at an asset class level for each type of investment option.

Asset class	Representative investment objective	Representative Standard Risk Measure	Representative investment guidelines	
			Asset class	Allocation (ranges)
Fixed income	To provide investors with returns that exceed inflation and cash over rolling three-year periods through exposure to fixed income securities. Investment options in this strategy will suit investors who want to maintain the value of their investment over the medium term and accept that returns over the short term may fluctuate or even be negative.	3 – Low to medium	Fixed income Cash ¹	100% (70%-100%) 0% (0%-30%)
Property securities and infrastructure securities	To provide investors with income and some growth in the value of their investments over rolling three-to-five-year periods, primarily from exposure to property and infrastructure related listed securities. Investment options in this strategy will suit investors who wish to place greater emphasis on income returns relative to shares but still maintain some growth in the value of their investment over the long term. Investors must accept that returns over the short term may fluctuate or even be negative.	6 – High to 7 – Very high	Listed infrastructure or real estate investment trusts Cash ¹	100% (70%-100%) 0% (0%-30%)
Australian shares	To provide investors with growth in the value of their investments and some income over rolling five-year periods and longer, primarily through exposure to Australian listed shares in a variety of market sectors. Investment options in this strategy will suit investors who are seeking to invest in the Australian share market and who accept a significant chance of a negative return in any one year.	5 – Medium to high to 7 – Very high	Australian shares Cash ¹ Geared Australian Share Cash ¹	100% (70%-100%) 0% (0%-30%) 150% (70%-200%) -50% (-100%-30%)
International shares	To provide investors with growth in the value of their investments and some income over rolling five-year periods and longer, primarily through exposure to listed shares from around the world, in a variety of countries, geographical regions and industry sectors. Investment options in this strategy will suit investors who are seeking to invest in international share markets and who accept a significant chance of a negative return in any one year.	5 – Medium to high to 7 – Very high ²	Global shares Cash ¹	100% (70%-100%) 0% (0%-30%)

Multi-asset moderate	To provide a low volatility of return over the medium-term by investing predominantly in income-focussed assets, combined with a moderate level of capital growth exposure.	4 – Medium	Shares Alternatives Fixed income Cash ¹	25% (0%-40%) 5% (0%-20%) 50% (20%-80%) 20% (0%-80%)
Multi-asset balanced	To provide a medium volatility of return over the medium-term investing in a balanced combination of capital growth and income assets.	4 – Medium to 6 – High	Shares Alternatives Fixed income Cash ¹	40% (0%-60%) 10% (0%-40%) 40% (0%-60%) 10% (0%-60%)
Multi-asset growth	To provide a medium to high volatility of return over the medium to long-term investing in higher allocation to capital growth assets and some income assets.	4 – Medium to 6 – High	Shares Alternatives Fixed income Cash ¹	60% (20%-80%) 10% (0%-40%) 25% (0%-40%) 5% (0%-40%)

- 1 Cash holdings comprise cash investments held in the managed fund and any cash held within the Fund's corresponding investment pool (of generally below 1% for liquidity purposes). Any cash in the Fund is held in a bank account.
- 2 This asset class includes a managed fund for which an SRM has not been determined in accordance with the industry standard. Please refer to the Investment Menu for further information.

The Perpetual Cash option is an exception, with all relevant information about this option included in this PDS based on information provided by the responsible entity of the underlying managed fund. The investment profile for Perpetual Cash follows:

Investment option name	Perpetual Cash
Responsible entity	Perpetual Investment Management Limited (PIML)
Managed fund name	Perpetual Institutional Cash Management Trust
Risk level	1 – Very low
Suggested length of investment	No minimum
Investment objective	Aims to: - provide investors with capital stability, regular income and easy access to funds by investing in deposits, money market and fixed income securities - outperform the Bloomberg AusBond Bank Bill Index (before fees and taxes) on an ongoing basis.
Investment approach	PIML aims to achieve the objective by: - actively managing the portfolio with respect to the future course of interest rates - actively managing for changes in the level of interest rates and credit margins amongst individual securities with different maturities - diversifying the fund amongst different securities issued by various borrowers.
Investment guidelines	Cash 100%

Standard Risk Measure

The Standard Risk Measure (SRM) is based on industry guidance to allow members to compare investment options that are expected to deliver a similar number of negative annual returns over any 20 year period, as shown in the following table. The SRM is not a complete assessment of all forms of investment risk, for instance it does not detail what the size of the negative return could be or the potential for a positive return to be less than a member may require to meet their objectives. Further, it does not take into account the impact of administration fees and tax on the likelihood of a negative return.

The SRMs for the investment options may change over time for various reasons, including as a result of reviews of the underlying capital market assumptions that are used in their calculation and future changes to asset allocations by the investment managers. Members should still ensure they are comfortable with the risks and potential losses associated with their chosen investment option(s).

Risk band	Risk label	Estimated number of negative annual returns over any 20 year period
1	Very low	Less than 0.5
2	Low	0.5 to less than 1
3	Low to medium	1 to less than 2
4	Medium	2 to less than 3
5	Medium to high	3 to less than 4
6	High	4 to less than 6
7	Very high	6 or greater

Addition, removal or replacement of investment options

Our Investment Menu is reviewed regularly and is likely to vary over time where we believe it is in the best interests of members to do so. Where possible, to allow you and your adviser time to adjust to variations to the Investment Menu, we will give advance notice of such a variation affecting your investment.

Investment limits

Some restrictions have been placed on certain investment options which are detailed in the Investment Menu which forms part of this PDS and is available without extra charge at www.perpetual.com.au/wealthfocus-super-updates or by contacting us. These restrictions are designed to reduce the potential for losses. However, there is no guarantee that losses will or can be avoided.

Understanding investment risk

The risks of investing

All investments carry risk. The value of your investment may fall for a number of reasons, which means that you may receive back less than your original investment when you withdraw. Before making an investment decision, it's important to understand the risks that can affect the value of your investment. While it's not possible to identify every risk relevant to investing in the Super Plan, we have detailed in the following table significant risks (in no particular order) that may affect your investment.

Different strategies may carry different levels of risk, depending on the assets that make up the strategy, and assets with the highest long-term returns may also carry

the highest level of short-term risk due to their generally larger fluctuations in returns.

The risk information contained in this PDS is of a general nature only. For specific information about the risks associated with each particular investment option, you must read the relevant product disclosure statement for its managed fund. For Perpetual Cash, see 'Other significant (investment strategy) risks by asset class' in this section. You can access the managed fund product disclosure statements without extra charge from the links in the Investment Menu or by contacting us.

Your financial adviser can assist you in determining which investment options in the Super Plan are suited to your financial needs.

Significant risks

Significant risks include the following:

Type of risk	Description of risk
Market and economic risk	Certain events may have a negative effect on the price of all types of investments within a particular market. These events may include changes in economic, social, technological or political conditions, as well as market sentiment, the causes of which may include changes in governments or government policies, political unrest, wars, terrorism, sanctions, pandemics and natural, nuclear and environmental disasters. The duration and potential impacts of such events can be highly unpredictable, which may give rise to increased and/or prolonged market volatility.
Asset risk	A particular asset that the Fund invests in may fall in value, which can result in a reduction in the value of your investment.
ESG risks	Inadequate consideration of issues related to environmental, social, governance (ESG) and ethical factors may mean that investment values are adversely impacted. Additionally, a managed fund's ESG approach could cause its performance to vary compared to funds that have a different approach. The application of a fund's ESG approach may affect the fund's exposure to certain issuers, industries, sectors, and factors that may impact the relative financial performance of the Fund – positively or negatively – depending on whether such investments are in or out of favour.
Interest rate risk	Both prevailing interest rates and changes in interest rates may have a negative impact, either directly or indirectly, on investment returns.
Currency risk	For investments in international assets, which have currency exposure, there is potential for adverse movements in exchange rates to reduce their Australian dollar value. For example, if the Australian dollar rises, the value of international investments expressed in Australian dollars can fall. Currency management or hedging strategies may not necessarily provide protection against adverse currency movements.
Counterparty risk	A loss may occur if the other party to a contract, including derivatives contracts or lending arrangements (cash or stocks), defaults on their obligations under the contract.
Other investment risks	The following risks are inherent within any of the managed funds available to you as an investment option: - the investment professionals employed by the investment manager of a managed fund (or managers of the managed fund's underlying investments) may change, which may affect the future performance of that managed fund - transactions may be suspended, which may result in delays in paying withdrawal requests – see 'Suspension of applications, switches and withdrawals' in the 'Additional information' section for further information - a managed fund may be replaced or removed from our Investment Menu or we may cease to accept investments into a managed fund - a managed fund's responsible entity may close the managed fund to new investments or terminate the managed fund. Investing in a superannuation fund that holds units in managed funds may provide you with a different tax outcome than investing in a superannuation fund which uses a different investment vehicle or holds investments directly. This is because of the application of specific tax laws to the managed funds and the impact of investments into, and withdrawals from, the managed funds by other investors.
Legal and regulatory risk	Changes in legislation and differences between rules (including interpretation of the law) in domestic and foreign markets, including those dealing with superannuation, taxation, accounting and investments, may adversely impact your investment.
Operational and cyber risks	The investment options' operations may be adversely impacted by breakdowns in internal/external administrative processes or circumstances beyond our reasonable control, such as failure of technology or infrastructure, or natural disasters. Despite security measures, fraud, data loss/damage or business disruption may result from cyber threats against or unauthorised infiltration of our technology systems and networks or those of our service providers.

Investment strategy risks

Other significant (investment strategy) risks by asset class

An investment option's strategy may involve specific risks. The table below outlines the types of investment strategy risks that may apply to each investment option based on its asset class (refer to the Investment Menu for further details). Descriptions of each risk follow the table.

Asset class / Investment option	Investment strategy risk				
	Asset class concentration risk	Credit risk	Drawdown risk	Inflation risk	Portfolio concentration risk
Perpetual Cash	Yes				
Fixed income	Yes	Yes			
Property securities and infrastructure securities	Yes		Yes	Yes	Yes
Australian shares	Yes		Yes		
International shares	Yes		Yes		
Multi-asset moderate		Yes		Yes	
Multi-asset balanced				Yes	
Multi-asset growth			Yes	Yes	

The risks associated with specific managed funds accessible to you will depend on the nature and circumstances of the underlying investments. A specific managed fund may be exposed to risks other than those outlined above, eg gearing risk, prime-broker risk or short-position risk. Managed funds with exposure to gearing, borrowing or international assets have different risks to managed funds without these exposures. Risk information for managed funds other than Perpetual Cash can be found in the respective product disclosure statement for each managed fund.

Asset class concentration risk

Investing in a managed fund with exposure to predominantly one asset class such as Australian shares may lead to more volatile returns than investing in a managed fund with a more diversified portfolio with exposure to multiple asset classes.

Credit risk

The issuer or party to a related managed fund transaction may not repay the principal, make interest payments or fulfil other financial obligations in full and/or on time.

The market value of an investment can also fall significantly when the perceived risk of a note or bond increases or its credit rating declines.

Drawdown risk

The risk of a steep decline in value of a managed fund's investment portfolio from a relative peak. Any time taken to recover a drawdown can vary considerably due to the nature of the underlying assets, the investment strategy, market conditions and the size of the drawdown.

Inflation risk

A managed fund's inflation/CPI+ objective assumes the mid-point of the "Inflation Target" adopted by the Reserve Bank of Australia, which is a target for monetary policy in Australia to keep consumer price inflation within a specified range on average, over the medium term. The Inflation Target adopted by the RBA may change.

Inflation risk includes the risk of not meeting a managed fund's inflation/CPI+ objective over the objective's stated timeframe because inflation is higher than the Inflation Target.

Portfolio concentration risk

Investing in a managed fund with a smaller number of investments may lead to more volatile returns than investing in a managed fund with a more diversified portfolio.

How you can manage your investment risk

The most significant risk in investing is that you don't reach your financial goals. It's important to consider your investment timeframe, your investment goals and your risk tolerance and we recommend you consult a financial adviser to assist you in determining these. This will help with your choice of investment and the level of diversification you need.

Diversification

Diversifying your investments can help reduce the volatility of investment returns. You can diversify your investment portfolio risk by:

- spreading your investment exposure across markets and regions
- investing in a range of asset classes and assets
- investing across a range of managers with different investment styles.

Flexibility to change

After you have made your investment selection you still have the flexibility to change your mind. It's easy to restructure your investment at any time, giving you the ability to concentrate or diversify your portfolio as you require (see 'Switches' in the 'Operating your account' section for more details).

Superannuation and WealthFocus

Save for your retirement and take advantage of the benefits offered by superannuation by investing through WealthFocus.

Perpetual WealthFocus Super Plan is a convenient and generally tax-effective way for you to accumulate wealth for your retirement. The range of investment options and flexible features allow you to tailor your investment to best suit your wealth accumulation goals.

Investing in superannuation

The concept behind superannuation (super) is simple – it’s a means of saving now so you can enjoy a financially comfortable lifestyle when you retire. To encourage superannuation savings, the Federal Government (Government) has provided some distinct tax advantages:

- you can invest ‘before-tax’ income through salary sacrifice
- the earnings on your investment are concessionally taxed, with a maximum tax rate of 15%
- your benefits are tax-free if received after you turn 60.

Please refer to the ‘Tax’ section for further general information.

Eligibility to invest

Superannuation contributions can generally be accepted from you or from your employer or your spouse (legal or de facto) on your behalf if you meet the requirements shown in the following ‘Eligibility for superannuation contributions’ table.

Investing in the Super Plan

Your investment in the Super Plan can include:

- personal contributions
- employer contributions (including salary sacrifice contributions)
- spouse contributions
- Government co-contributions
- transfers and rollovers from other superannuation funds, approved deposit funds or retirement savings accounts.

Eligibility for superannuation contributions

Your situation	Concessional contributions				Non-concessional contributions	
	From your employer			Personal	Personal	From your spouse
	SG ¹	Certified Agreement or Award	Voluntary			
You are under age 75 ²	Yes	Yes	Yes	Yes ³	Yes ⁴	Yes
You are aged 75 or over	Yes	Yes	No	No	Limited ⁵	No

- 1 Your employer is generally required to pay Superannuation Guarantee (SG) contributions on your behalf (12% of your salary from 1 July 2025).
- 2 Contributions must be received by us within 28 days after the end of the month in which the member turns 75.
- 3 Members aged 67 and over must meet the work test (whereby you must have worked at least 40 hours in a period of no more than 30 consecutive days during the financial year) or work test exemption if you intend to claim a personal tax deduction for your contributions. Refer to www.ato.gov.au for more information or consult your adviser.
- 4 For members aged 55 or over, non-concessional personal contributions can include downsizer contributions of up to \$300,000 from the proceeds following the sale of your principal residence (see ‘Downsizer contributions’ in this section for further information).
- 5 The only type of non-concessional contribution that can be made after age 75 are downsizer contributions (see ‘Downsizer contributions’ in this section for further information).

Contribution limits

Subject to the eligibility requirements, there are also some restrictions on the amount of contributions that can be made into superannuation before additional taxes are charged, as detailed below. The Super Plan can accept all of the following types of contributions.

You can obtain further information about contribution limits, including details of any updated threshold amounts each year, from www.ato.gov.au.

Concessional contributions

Concessional contributions generally include employer contributions (including superannuation guarantee and salary sacrifice) and personal contributions for which you claim a tax deduction.¹

The concessional contributions cap is \$30,000 for the 2025/2026 financial year. This amount will be indexed in line with Average Weekly Ordinary Time Earnings (AWOTE) once the increase in the indexed amount is greater than \$2,500. This cap applies to all your concessional contributions across all superannuation funds or products you participate in.

Excess concessional contributions attract additional tax (see the 'Tax' section for details) and may also count towards your non-concessional contributions limit (see below).

- 1 You can claim a tax deduction for personal superannuation contributions up to the concessional contributions cap until age 75 (subject to meeting the work test if you are aged 67 or over). Other eligibility criteria apply – you can obtain further information from www.ato.gov.au. We will provide you with a Section 290-170 notice (which is a notice in an ATO approved format for declaring personal contributions for which you intend to claim a tax deduction) each year as at 30 June.

Provision to make 'catch up' concessional contributions

Members with a Total Superannuation Balance¹ of less than \$500,000 on 30 June of the previous financial year who have not fully utilised their concessional contributions cap in the 2020/2021 or subsequent financial years will be able to carry forward the unused cap amounts on a rolling five consecutive year basis to make additional concessional contributions. You can check your details of any unused concessional contributions cap using the Australian Taxation Office (ATO) online services through myGov.

- 1 'Total Superannuation Balance' includes the withdrawal value of all of your superannuation, including any accumulation, transition to retirement and pension accounts, adjusted for any structured settlement contributions. Your Total Superannuation Balance as at 30 June determines your access to certain superannuation concessions in the following financial year. You can check your Total Superannuation Balance using the ATO online services through myGov.

Non-concessional contributions

These contributions are also referred to as 'after-tax contributions'.

The non-concessional contributions cap is four times the concessional contributions cap noted above (that is, \$120,000 for the 2025/2026 financial year), provided you have a Total Superannuation Balance of less than \$2 million as at 30 June 2025. This cap applies to all your non-concessional contributions across all superannuation funds or products you participate in.

Members under age 75 with a Total Superannuation Balance under \$1.76 million will be eligible to bring forward up to 3 years of non-concessional contributions, as shown in the following table.

Non-concessional contributions cap/bring forward rules if triggered in 2025/2026

Total Superannuation Balance at 30 June 2025	Non-concessional contributions cap/bring forward rules
\$2 million or more	\$0
\$1.88 million to less than \$2 million	\$120,000, no bring forward period
\$1.76 million to less than \$1.88 million	\$240,000, two-year bring forward period
Less than \$1.76 million	\$360,000, three-year bring forward period

Excess non-concessional contributions may attract additional tax (see the 'Tax' section for details). We generally won't accept single non-concessional contributions over the cap.

Any spouse contributions are counted towards the receiving spouse's non-concessional contributions limit.

Spouse contributions

A person can claim a tax offset of up to \$540 per annum for superannuation contributions made on behalf of their low income or non-working eligible spouse earning up to \$40,000 during the year. The tax offset is calculated as 18% of contributions up to a maximum contribution of \$3,000.

You can obtain further information from www.ato.gov.au.

Contributions made from personal injury settlements

Settlement proceeds (structured settlements) received for an injury resulting in permanent disablement that meet the qualifying criteria below are exempt from the non-concessional contributions limit and are excluded from a member's Total Superannuation Balance.

Qualifying criteria:

- two qualified medical practitioners must certify that as a result of the injury the individual is unlikely to ever be able to be gainfully employed in a capacity for which they are reasonably qualified because of education, experience or training
- the contribution of the personal injury settlement payment must be made to a superannuation fund within 90 days of the payment being received or the structured settlement coming into effect (whichever is later)
- the individual must ensure that the fund is aware that the contribution is being made under this exemption by completing a 'Contributions for personal injury election' form (available from www.ato.gov.au) and providing it to the fund before or when making the contribution.

Downsizer contributions

Members aged 55 or over can make additional contributions of up to \$300,000 from the proceeds following the sale of their principal residence (which they must have owned for the past 10 or more years), provided they meet the eligibility criteria including:

- the contribution must be made to the super fund within 90 days generally from the date of settlement
- the individual must also ensure that the fund is aware that the contribution is being made under this provision by completing and returning a 'Downsizer contribution into superannuation' form (available from www.ato.gov.au) to the fund before or when making the contribution.

Also note:

- both members of a couple can contribute in respect of the same house (ie \$300,000 each)
- the contribution amount is exempt from the Total Superannuation Balance test for making non-concessional contributions (ie \$2 million for the 2025/2026 financial year)
- the contribution amount is not exempt from the Centrelink age pension assets test.

For further information, refer to www.ato.gov.au.

Government co-contributions

Members may be eligible for the Government co-contribution in relation to a financial year if:

- the member has made personal non-concessional contributions up to \$1,000 during that financial year
- the member has a total income (assessable income plus reportable fringe benefits and reportable employer super contributions less allowable deductions for carrying on a business, where applicable) less than the higher income threshold
- 10% or more of the member's total income must come from employment-related activities and/or carrying on a business
- the member is less than 71 years of age at the end of the financial year
- the income tax return for the member for the financial year has been lodged
- the member's non-concessional contributions for the financial year do not exceed their non-concessional contributions cap for that year
- the member's Total Superannuation Balance is less than \$2 million on 30 June of the previous financial year
- the member is not the holder of a temporary visa during the financial year.

The co-contribution rate is 50%, with a maximum \$500 co-contribution (per financial year) applying for individuals with a total income up to the lower income threshold (see below), which reduces by 3.333 cents for every \$1 of total income up to the higher income threshold where it ceases to apply.

For the 2025/2026 financial year, the lower income threshold is \$47,488 with a higher income threshold of \$62,488. The higher income threshold is set at \$15,000 above the (indexed) lower income threshold.

You can obtain updated information about the thresholds from www.ato.gov.au.

Low income superannuation tax offset

A superannuation contribution of up to \$500 annually (not indexed) will be paid by the Government for individuals on adjusted taxable incomes of up to \$37,000. The amount payable into the individual's superannuation account will be calculated by applying a 15% matching rate to the concessional contributions made by or for such eligible individuals.

This effectively means that eligible individuals can have \$3,333 in concessional contributions made to superannuation each financial year without having their benefits reduced by contributions tax as the \$500 payment will offset the contributions tax payable.

Small business capital gains

Small business owners who qualify for the small business capital gains tax (CGT) concessions may be exempt from the non-concessional contributions limit. The proceeds from the disposal of eligible assets are exempt up to a lifetime limit of \$1.865 million for the 2025/2026 financial year (indexed) provided that the individual has made the fund aware that the contribution is being made under these provisions by completing and returning to the fund a 'Capital gains tax cap election' form (available from www.ato.gov.au) prior to or when making the contribution.

Recontributing amounts withdrawn under the COVID-19 early release provisions

Members who utilised the COVID-19 early release initiative to withdraw money from their super in the 2019/2020 and/or 2020/2021 financial years can recontribute up to the amount withdrawn on or before 30 June 2030 without these recontributions counting towards their non-concessional contributions cap.

The individual must ensure the fund is aware that the contribution is being made under these provisions before or when making the contribution and provide a completed 'Notice of re-contribution of COVID-19 early release amounts' form (available from www.ato.gov.au).

First home super saver (FHSS) scheme

The FHSS scheme administered by the ATO allows first home buyers to contribute up to \$15,000 per year (and \$50,000 in total) to superannuation, within the relevant contribution caps. This includes personal and salary sacrifice contributions (voluntary contributions) but not superannuation guarantee contributions.

Eligible individuals can apply to the ATO for these voluntary contributions plus deemed earnings (at a rate which will be calculated by the ATO using the 90-day Bank Bill rate plus 3%) to be withdrawn under the FHSS scheme.

The contributions plus deemed earnings will only be released subject to a release authority being provided by the ATO to the fund. Any amounts released by the fund are required to be paid to the ATO.

Withdrawals of concessional contributions plus deemed earnings will be taxed at the individual's marginal tax rate (plus Medicare levy) less a 30% tax offset. Withdrawals of non-concessional contributions will not be subject to tax. The ATO will withhold any applicable tax before paying the net amount released to the individual.

If the released amount is not used to acquire a property within 12 months:

- Generally, the ATO will automatically grant you an extension for a further 12 months.
- You can recontribute an amount (which must be at least equal to the assessable FHSS released amount, less any tax that was withheld) back into super as a non-concessional contribution within the 12-month period (or the extended time period) and notify the ATO of the recontributed amount.
- You can pay FHSS tax of 20% on the assessable amount that was released.

When you are ready to receive your FHSS amounts, you need to apply to the Commissioner of Taxation for a FHSS determination and a release. You can apply online using your myGov account linked to the ATO.

Consolidating your superannuation into the Super Plan

If you have other superannuation accounts, you may wish to consolidate your superannuation into one account within the Super Plan. This can make it easier to manage your superannuation and may save you money with ongoing fees and costs.

If you transfer from another superannuation fund, you should consider whether the transfer may also impact your insurance arrangements or other benefits with that fund, if any, and fees you may be charged for the transfer.

Please complete the 'Transfer authority' form provided with this PDS if you wish to consolidate your superannuation into the Super Plan. You can send it directly to your other fund(s) or, if you send it to us, we'll arrange the transfer on your behalf. You can also transfer between funds online using your myGov account.

Super contributions splitting

You may apply to have up to 85% of any concessional contributions up to the concessional contributions cap in any financial year transferred to a superannuation account in the name of your spouse (if applicable).

Non-concessional contributions, rollovers and transfers of overseas superannuation benefits to an Australian fund can't be split.

Super contributions splitting in the Super Plan generally works as follows:

- a member's application to transfer the contributions for a financial year must be made in writing and may only be made after the end of that financial year (or during the financial year where the member's entire benefit is being withdrawn from the Super Plan)
- a member may only make one application to us to split contributions in the Super Plan in each financial year
- the member's application must contain a confirmation from their receiving spouse either that:
 - they haven't reached age 60 or
 - if they are between age 60 and 65 years, they haven't satisfied a relevant condition of release
- we will then transfer the relevant amount from the member's account to an account for the spouse as soon as is practicable (and in any case within 90 days) after receiving a valid application from the member.

Further information on super contributions splitting, including a form you can use to apply to split your contributions with your spouse, is available at

www.perpetual.com.au/super-forms. Alternatively, you may contact us directly. We recommend you consult your financial and/or tax adviser if you are considering super contributions splitting.

Superannuation choice of fund

Many Australians may choose to have their future employer superannuation guarantee contributions paid into a fund of their choice.

To see if you are eligible, contact your employer. If a choice of fund is not made by you, then the ATO may provide the employer with your 'stapled' super fund to which the employer is to contribute.

Exercising choice of fund

If you are eligible, a 'standard choice form' (available from your employer or www.ato.gov.au) enables you to choose a superannuation fund to which your employer is to contribute.

It's easy to direct employer contributions and your own personal contributions into the Super Plan.

Please complete the 'Super Plan application' form at the back of this PDS and send it to us (see the 'Applying for an investment' section for further information). When you receive your initial investment statement for the Super Plan, simply:

1. complete the 'Choice of super fund' form at the back of this PDS
2. give this form (with the 'Complying fund statement' on the reverse side of the form) to your employer.

Accessing your superannuation benefit

Superannuation is a long-term investment and the Government has placed restrictions on when you can access your benefit, as shown in the following 'Conditions of release for superannuation benefits' table.

Usually, most or all of your superannuation will be preserved benefits which cannot be accessed prior to your preservation age.

You can withdraw any unrestricted non-preserved benefits at any time.

Part of your superannuation benefit may be paid to your spouse or former spouse as a consequence of the superannuation splitting and benefit payment provisions under family law (see 'Superannuation and family law' in the 'Additional information' section for further information).

Conditions of release for superannuation benefits

Event	Preserved benefits	Restricted non-preserved benefits
Reaching age 65	Yes	Yes
Retiring ¹ having reached age 60	Yes	Yes
Leaving a gainful employment arrangement after reaching age 60	Yes	Yes

Ceasing employment without satisfying any of the above conditions ²	No	Yes ³
Starting a transition to retirement pension after reaching age 60	Yes ⁴	Yes ⁴
Permanent incapacity	Yes ³	Yes ³
Temporary incapacity (for release of insurance benefits only)	Yes ^{3,4}	Yes ^{3,4}
Diagnosed with a terminal medical condition likely to result in your death within 24 months	Yes ³	Yes ³
Severe financial hardship	Yes ³	Yes ³
Compassionate grounds	Yes ³	Yes ³
Death ⁵	Yes	Yes
Departing Australia superannuation payment (DASP) ⁶	Yes ³	Yes ³
Previously classified as a lost member ⁷ and total benefit in the Fund is less than \$200	Yes	Yes
A release authority authorised by the ATO ⁸	Yes	Yes

- 1 Under superannuation law, this means an arrangement under which you were gainfully employed has ceased and you don't intend to become gainfully employed for 10 hours or more each week again.
- 2 Provided the employer contributed to the fund.
- 3 There are additional requirements you'll need to satisfy before a payment can be made.
- 4 Your benefit can only be taken as an income stream.
- 5 See 'Death benefits' in the 'Additional information' section for more information.
- 6 Applies to temporary residents (excluding Australian citizens, New Zealand citizens or permanent residents) who have left Australia and their visa has ceased to be in effect. Temporary residents are not able to access their benefits in the case of all other events shown above (ie the available conditions of release for temporary residents is more restricted).
- 7 See 'Lost member accounts' in the 'Additional information' section for details.
- 8 See 'Contribution limits' in this section and the 'Tax' section for more information.

Preservation age

If you are age 60 or more, you have reached your preservation age. If you are under age 60, you have not.

Transferring to a New Zealand KiwiSaver scheme

The transfer of retirement savings between Australia and New Zealand is voluntary for members and also voluntary for funds to accept transferred amounts. The Super Plan facilitates transfers to eligible New Zealand KiwiSaver schemes but currently does not accept transfers from KiwiSaver schemes.

If you are seeking to transfer your benefit to a KiwiSaver scheme, superannuation law requires that the full balance of your account(s) within the Super Plan be transferred. In order to facilitate the transfer, the Trustee is required to receive certain information and declarations, which we will ask you to provide at the time if not already included with your transfer request. Please speak to your financial adviser if you would like to know more about transferring your benefit to a KiwiSaver scheme.

Fees and other costs

Did you know?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You or your employer, as applicable, may be able to negotiate¹ to pay lower fees. Ask the fund or your financial adviser.

To find out more

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC) Moneysmart website** (www.moneysmart.gov.au) has a superannuation calculator to help you check out different fee options.

¹ This wording is required by law. Your employer cannot negotiate fees and costs in the Super Plan. Fees, other than advice fees, are not negotiable by you.

Fees and costs summary

Fees and other costs

This section shows fees and other costs that you may be charged within the Super Plan. These fees and other costs may be deducted from your money, from the returns on your investment or from the assets of the superannuation entity as a whole. This section also provides indicative information about fees and costs payable in or through accessible financial products (ie managed funds available to you as an investment option, as shown in the Investment Menu). This additional indicative information is based on statements provided by PIML with PIML's consent. The fees and costs of an investment option differ from the fees and costs of a managed fund. For further indicative information, refer to the Investment Menu.

Other fees, such as activity fees, advice fees for personal advice and insurance fees, may also be charged, but these will depend on the nature of the activity, advice or insurance chosen by you. Entry fees and exit fees cannot be charged.

Taxes, insurance fees and other costs relating to insurance are set out in another part of this document.

You should read all the information about fees and costs because it is important to understand their impact on your investment.

Fees and costs summary

Perpetual WealthFocus Super Plan		
Type of fee or cost	Amount	How and when paid
Ongoing annual fees and costs ¹		
Administration fees and costs	0.25% pa	Calculated and accrued daily and deducted directly from the assets in the Super Plan attributable to each investment option and reflected in the option's unit price (usually declared each business day).
Investment fees and costs²	Perpetual Cash: 0.05% pa Nil for all other investment options. However, investment fees and costs charged in or through managed funds (other than Perpetual Cash) range between 0.16% and 2.16% pa (estimated), depending on the managed fund(s) you choose.	Investment fees are not deducted from the Super Plan, except for the Perpetual Cash investment option, where investment fees and costs are reflected in the Super Plan's unit price (usually declared each business day). For all other investment options except Perpetual Cash, investment fees and costs are calculated and accrued daily and deducted directly from each managed fund's assets and reflected in the managed fund's unit price (usually declared each business day). Management fee rebates may apply to reduce the effective investment related fees incurred via some managed funds.
Transaction costs^{2,3}	Nil. However, transaction costs charged in or through managed funds range between 0.00% and 0.45% pa (estimated), depending on the managed fund(s) you choose.	Calculated and accrued daily and deducted directly from each managed fund's assets and reflected in the investment option's unit price (usually declared each business day). This amount represents net transaction costs indirectly borne by all members after any buy/sell spreads we apply to each investment option's unit price.

Member activity related fees and costs		
Buy/sell spread³	Between 0.00% and 0.60% (buy spread only), depending on the managed fund(s) you choose.	Calculated on the basis of a managed fund's buy and sell spreads and charged as a percentage of the value of any buy transactions relating to an investment option by being incorporated in the investment option's entry unit price (usually declared each business day), as appropriate.
Switching fee	Nil.	Not applicable.
Other fees and costs⁴	Insurance fees: Varies depending on type and level of cover you choose and your circumstances.	Generally deducted from your member account balance monthly in arrears (and deducted according to your investment strategy at the time of deduction) on the last business day of the month.
	Advice fees: Negotiable between you and your financial adviser.	Any advice fees you authorise us to pay to your financial adviser for financial advice you may receive in relation to your investment are deducted from your member account balance monthly (and deducted according to your investment strategy at the time of deduction) on the last business day of the month.

- 1 If your account balance for a product offered by the superannuation entity is less than \$6,000 at the end of the entity's income year, certain fees and costs charged to you in relation to administration and investment are capped at 3% of the account balance. Any amount charged in excess of that cap must be refunded.
- 2 See 'Ongoing annual fees and costs' under 'Additional explanation of fees and costs' in this section for further details. Investment fees and costs for some investment options may include performance fees payable in underlying managed funds.
- 3 See 'Transaction costs' and 'Buy/sell spreads' under 'Additional explanation of fees and costs' in this section for details.
- 4 See 'Additional explanation of fees and costs' in this section for further information.

Example of annual fees and costs for a superannuation product

This table gives an example of how the ongoing annual fees and costs for the Perpetual Balanced Growth investment option accessible through this superannuation product can affect your superannuation investment over a 1-year period. You should use this table to compare this superannuation product with other superannuation products.

Note: This example includes both the fees and costs charged by the Super Plan that relate to the Super Plan and gaining access to the Perpetual Balanced Growth investment option through the Super Plan and additional fees and costs charged in or through the managed fund. When comparing this superannuation product with other superannuation products that provide you with access to specified financial products, bear this in mind as other superannuation products may (as is permitted by law) not show the investment fees and costs and transaction costs charged in or through accessible financial products in their example of annual fees and costs.

Example – Perpetual Balanced Growth investment option		Balance of \$50,000
Administration fees and costs	0.25%	For every \$50,000 you have in the superannuation product, you will be charged or have deducted from your investment \$125 in administration fees and costs
Plus Investment fees and costs	0.85% ¹	And , you will be charged or have deducted from your investment \$425¹ in investment fees and costs
Plus Transaction costs	0.12% ¹	And , you will be charged or have deducted from your investment \$60¹ in transaction costs
Equals Cost of product		If your balance was \$50,000 at the beginning of the year, then for that year you will be charged fees and costs of \$610 for the superannuation product.*

* Note: Additional fees may apply.

- 1 These fees and costs are not charged or deducted from your investment in the Super Plan; instead they are charged in or through the Perpetual Balanced Growth Fund.

Cost of product information

Cost of product for 1 year

The cost of product gives a summary calculation about how ongoing annual fees and costs can affect your superannuation investment over a 1-year period for all superannuation products and investment options. It is calculated in the manner shown in the 'Example of annual fees and costs'.

The cost of product information assumes a balance of \$50,000 at the beginning of the year. (Additional fees such as a buy-sell spread may apply: refer to the 'Fees and costs summary' for the relevant superannuation product or investment option.)

You should use this figure to help compare superannuation products and investment options.

Note: These costs of product include both the fees and costs charged by the Super Plan that relate to the Super Plan and gaining access to the managed funds through the Super Plan and additional fees and costs charged in or through the managed funds. When comparing this superannuation product with other superannuation products that provide you with access to specified financial products, bear this in mind as other superannuation products may (as is permitted by law) not show investment fees and costs and transaction costs charged in or through accessible financial products in their cost of product.

Types of investment option	Cost of product
Perpetual Cash	\$150
Fixed income	Ranges from \$225 – \$370
Property securities and infrastructure securities	Ranges from \$250 – \$585
Australian shares	Ranges from \$205 – \$1,410
International shares	Ranges from \$225 – \$845
Multi-asset moderate	\$505
Multi-asset balanced	Ranges from \$550 – \$630
Multi-asset growth	Ranges from \$610 – \$670

Additional explanation of fees and costs

Ongoing annual fees and costs

The total ongoing annual fees and costs for an investment option comprises:

- administration fees and costs charged by the Super Plan
- investment fees and costs (including performance fees where applicable) charged in or through a managed fund
- transaction costs charged in or through a managed fund net of any amount recovered by the investment option's buy spread.

The following 'Estimated ongoing annual fees and costs' table provides estimated ongoing annual fees and costs based on the actual fees and costs for the financial year ended 30 June 2025, except for the Perpetual Cash investment option, where the administration fee and investment fee is provided as at the date of preparation of this PDS.

Ongoing annual fees and costs may vary in future years without prior notice. Updates to the table below may be available at www.perpetual.com.au/wealthfocus-super-updates or can be obtained without extra charge by contacting us. Refer to the Investment Menu for indicative information about the ongoing annual fees and costs applicable to each managed fund accessible via the Super Plan. You should consider the latest product disclosure statement for a managed fund before investing in the managed fund.

- Figures represent the administration fee for Perpetual Cash and each other type of investment option accessible via the Super Plan. Estimated administration costs for the financial year ended 30 June 2025 are nil for all investment options.
- The range of transaction costs shown for each type of investment option (other than Perpetual Cash) includes estimated transaction costs for managed funds accessible via the Super Plan. Estimated transaction costs depend on the managed fund(s) you choose and represent **net** transaction costs borne by all members in an investment option after any buy/sell spread recoveries charged on member transactions, which may vary from year to year. **Transaction costs should not be considered in isolation of investment returns.** It is important to understand that actively managed investments are likely to have higher transaction costs than passively managed investments, such as index funds, because of the higher expected volume of trading of the portfolio's assets in generating investment returns.
- The total ongoing annual fees and costs depends on the managed fund(s) you choose and may vary from year to year.
- The range of investment fees shown for each type of investment option (other than Perpetual Cash) aligns with the net management fee charged in the managed funds accessible via the Super Plan (ie the gross management fee charged in the unit price of the managed fund less any management fee rebate we may receive from the managed fund and pass on to members). All percentages are rounded up to two decimal places. See 'Management fee rebates' in this section for further information.

Administration fees and costs

Administration fees and costs apply for administering your member account and to meet the ongoing costs of operating the Fund and its products and provide access to managed funds that you can choose from. This includes trustee fees, fees charged by our service providers and other expenses incurred in relation to the day-to-day management and operation of the Fund. In addition to normal operating expenses, which are met out of the administration fees and costs shown in the Fees and costs summary, abnormal operating expenses may arise which the Trustee is entitled to recover from the Fund's assets.

Subject to legislated limits on the Trustee's ability to be indemnified from Fund assets, there is no limit in the Fund's Trust Deed on the amount that can be recovered for expenses.

Abnormal operating expenses aren't necessarily incurred in any given year. They're due to abnormal events such as legal costs incurred in court proceedings concerning the Fund.

While we aim to also pay any abnormal operating expenses out of the administration fees and costs charged to members, wherever possible, circumstances may arise where additional expenses incurred in any year are recovered without notice. In this event, these abnormal operating expenses will be an administration cost that is additional to our administration fees only for the relevant year.

Investment fees and costs

Investment fees

Except for the Perpetual Cash investment option, there are no investment fees charged in the Super Plan. The investment fees for your chosen investment option(s) are charged as management fees in the unit prices of the managed funds.

Management fee rebates

We will pass on to members any management fee rebates that we may receive from a managed fund in our calculation of the unit price (usually declared each business day) for the relevant investment options.

Investment costs

Investment costs may also include:

- performance fees (if applicable) that may be payable in or through available managed funds (see the following 'Performance fees' section)
- other indirect investment costs charged in or through available managed funds including in or through underlying investment vehicles in which managed funds invest (where applicable). For example, expense recoveries in a managed fund and derivative costs if a managed fund invests in any relevant derivatives.

Performance fees

Some investment options may incur performance fees indirectly where a managed fund with a performance fee exceeds its performance hurdle and meets any other relevant conditions for a defined period of time. Where payable, the performance fee is charged by the managed fund against its income and/or deducted from its assets and incorporated in the managed fund's unit price according to the managed fund's constitution. For details of the basis for charging any performance fees (where applicable), you should consider the product disclosure statement for a managed fund.

Transaction costs

The managed funds in which we invest incur transaction costs such as brokerage, settlement costs, clearing costs and government charges when changes to their investment portfolio occur, or when the investment portfolio experiences cash flows in or out of it.

When a managed fund incurs transaction costs from changing its investment portfolio, they are paid out of the managed fund's assets and reflected in the managed fund's unit price.

Estimated transaction costs that are incurred because investors buy or sell units in a managed fund are also paid from the managed fund's assets, but they are recovered from those transacting investors by the transaction cost allowances that are included in the calculation of the managed fund's entry and/or exit unit prices, where relevant.

Estimated transaction costs that are incurred because members buying or selling units in an investment option are reflected in the value of an investment option's assets, through the buy spreads we apply to each investment option's entry price (as described under 'Buy/sell spread' in this section).

Net transaction costs after any buy/sell spread recoveries charged on members buying or selling units in the investment options, as shown in the 'Estimated ongoing annual fees and costs' table in this section, are an additional cost to all members in an investment option, however it's a charge that is taken into account in our declared unit prices.

Transaction costs may vary from year to year without prior notice to members. Updates to the table below may be made available at www.perpetual.com.au/wealthfocus-super-updates or can be obtained without extra charge by contacting us. Refer to the Investment Menu for indicative information about the net transaction costs applicable to each managed fund accessible via the Super Plan. You should consider the latest product disclosure statement for a managed fund before investing in the managed fund.

Transaction costs should not be considered in isolation of investment returns. It is important to understand that actively managed investments are likely to have higher transaction costs than passively managed investments, such as index funds, because of the higher expected volume of trading of the portfolio's assets in generating investment returns.

The table below shows the following information for each asset class as a percentage of the average net asset value, based on costs for the year ended 30 June 2025:

- estimated total **gross** transaction costs
- estimated transaction costs recovered by buy/sell spreads on member transactions
- estimated **net** transaction costs indirectly borne by all members (the estimated percentage by which the investment option's investment return has been reduced by transaction costs not recovered by buy/sell spreads).

Types of investment option	Total gross transaction costs (estimated % pa) ¹	Transaction costs recovered by buy/sell spreads (estimated % pa) ²	Net transaction costs indirectly borne by all members (estimated % pa) ³
Perpetual Cash	0.00%	0.00%	0.00%

1 This percentage reflects transaction costs incurred in or through any managed funds, where applicable.

2 This refers to the amount recovered by the investment option from the buy spread in the unit prices we declare for Fund assets allocated to a managed fund (not the buy and/or sell spread of a managed fund). While our entry and/or exit price for an investment option may be different to the unit price of the managed fund that forms part of an investment option, our unit prices take into account managed fund unit prices (including buy/sell spreads as applicable). See the following 'Buy/sell spread' section.

3 This is the estimated percentage by which the investment option's investment return for the year ending 30 June 2025 has been reduced by transaction costs that have not been recovered by buy/sell spreads. Totals may vary slightly due to rounding.

Member activity related fees and costs

Buy/sell spread

When we make (or redeem) investments in a managed fund (by buying or selling units in the managed fund), we incur the managed fund's buy and sell spreads (where applicable).

In each of our investment options reflecting investments in a managed fund, we set unit prices so that the buy and sell costs of the managed fund we invest in are attributed to relevant members through the investment option's buy price. (see 'How units are priced and investments are valued' in the 'Operating your account' section for more detail about our approach to declaring unit prices). Currently, we do not apply a sell spread but this can change.

Generally, our buy spread for an investment option reflects the total of the buy/sell spread in the corresponding managed fund. This aims to ensure that other members in the investment option aren't impacted by the transaction costs associated with us buying or selling units in the managed fund. We have discretion to waive the buy spread where no transaction costs are incurred, including when a member transfers their entire account balance in the Super Plan to the corresponding investment option(s) for the same amount(s) in the Pension Plan.

The buy spread is not retained by us; it aims to cover the costs of transacting in units in managed funds as they are incurred.

The buy spreads shown in the following table are actuals as at the date of this PDS which may change (increase or decrease) at any time, without prior notice to members. Any changes will be made publicly available at www.perpetual.com.au/wealthfocus-super-updates or can be obtained without extra charge by contacting us. You can also refer to the Investment Menu for the latest information about the buy/sell spreads applied by us for our investment option relating to each managed fund accessible via the Super Plan. You should also consider the latest product disclosure statement for a managed fund before investing in the managed fund.

GST is not applicable to any buy spread when units in the investment options are bought.

Further information about fees and costs

Tax

The Fund is entitled to a tax deduction for certain expenses, including advice fees and insurance fees. If you have insurance cover and/or you have authorised us to pay adviser service fees out of your account, the benefit of any tax deduction is passed on to you by crediting units to your account at the end of each month.

Any tax deduction available to the Fund for other expenses incurred by the Fund (ie expenses other than advice or insurance fees) in relation to the Super Plan is taken into account in the tax provision included in the calculation of the unit price for each relevant investment option.

For information about tax applicable to superannuation, refer to the 'Tax' section.

Government charges

Any government charges or levies incurred by the Fund will be applied to your account as appropriate.

Maximum fees and charges

The Fund's Trust Deed allows us to charge relevant maximum fees as outlined in the following 'Maximum fees and charges' table.

Amounts disclosed are inclusive of GST, where applicable.

Maximum fees and charges

Fee or cost	Maximum
Management (investment and administration) fees	3.00% per annum of the value of each investment option
Investment switching fee	The greater of: \$500 or 1.00% of the value of units switched.
Expense recoveries	Unlimited (except for limits imposed by superannuation legislation)
Superannuation and family law charges	Up to \$200 for actioning specific events in connection with superannuation and marriage breakdown.

Increases or alterations to fees and costs

We may change the Super Plan's fees or charges without your consent. However, we won't increase fees or charges, or introduce new fees or charges, without giving you at least 30-days' written notice. Estimated administration costs, investment costs and transaction costs may vary each year without prior notice. Buy spreads may vary from time to time due to increased underlying costs without prior notice.

Up to date information about estimated fees and costs and buy/sell spreads will be made publicly available at www.perpetual.com.au/wealthfocus-super-updates. You should regularly check the website for any updates.

Insurance fees and costs

Insurance fees and other costs relating to insurance are set out in the Insurance Book.

Financial adviser remuneration

Adviser service fees

The adviser service fee is a fee for financial advice you may receive in relation to your investment.

You can authorise us to pay adviser service fees to your financial adviser (including your financial adviser's dealer group) on your behalf out of your investment, provided the fees are for financial advice or related services associated with your account and your authorisation is consistent with relevant laws and our requirements. Any adviser service fee you authorise us to pay is additional and separate to the fees we charge in respect of your investment in the Fund. The available options are shown in the following 'Adviser service fees' table.

The adviser service fee will be deducted from your investment option(s) according to your investment strategy.

The maximum one-off adviser service fee payable is 3% of your account balance. The maximum fixed term adviser service fee is 3% per annum of your account balance. A fixed term advice fee will end 12 months after it is started, unless cancelled prior. From the fixed term start date, the fixed term advice fee consent replaces any existing fixed term arrangements previously provided. We can refuse a request to pay an adviser service fee. You can also turn off the adviser service fee at any time by instructing us in writing.

Adviser service fees

Frequency	Payment basis ¹	How and when paid
One-off	Specified dollar amount	Units are deducted from your account at the time we receive your instruction and the fee paid to your financial adviser at the end of that month.
Fixed term (12 months)	Percentage fee	Calculated on the balance of your investment at the end of each month and paid monthly by withdrawal of units at the end of each month for the 12-month fixed term.

¹ All adviser service fee amounts that we deduct from your investment in the Fund and pay to your financial adviser on your behalf include GST.

Other benefits

As a result of your investment in the Fund, your financial adviser may receive other non-monetary benefits (where allowed by law) from PIML or others, which are not an additional cost to you or the Fund.

Benefits received

As a result of brokerage paid by the underlying managed funds managed by PIML, as manager, PIML may receive benefits such as investment research, which it may use for any investment purpose, including for the underlying managed funds.

Goods and services tax (GST)

GST generally applies to the fees, costs and expenses payable by the Fund, including investment fees.

Generally, the Fund can't claim a credit for all of the GST paid but may be entitled to claim a reduced input tax credit (RITC), which represents a portion of the GST applicable to investment fees and certain other expenses, as set out in the GST law. The Fund is not entitled to claim a RITC for any GST applicable to adviser service fees.

The fees and costs specified in the 'Fees and costs summary' table in the 'Fees and other costs' section are inclusive of GST and net of RITC (if applicable) on relevant amounts.

Defined fees

Type of fee	Definition
Activity fees	A fee is an activity fee if: - the fee relates to costs incurred by the trustee of the superannuation entity that are directly related to an activity of the trustee: (i) that is engaged in at the request, or with the consent, of a member; or (ii) that relates to a member and is required by law; and - those costs are not otherwise charged as administration fees and costs, investment fees and costs, transaction costs, a buy sell spread, a switching fee, an advice fee or an insurance fee.
Administration fees and costs	Administration fees and costs are fees and costs that relate to the administration or operation of the superannuation entity and includes costs incurred by the trustee of the entity that: - relate to the administration or operation of the entity; and - are not otherwise charged as investment fees and costs, a buy-sell spread, a switching fee, an activity fee, an advice fee or an insurance fee.
Advice fees	A fee is an advice fee if: - the fee relates directly to costs incurred by the trustee of the superannuation entity because of the provision of financial product advice to a member by: (i) a trustee of the entity; or (ii) another person acting as an employee of, or under an arrangement with, the trustee of the entity; and - those costs are not otherwise charged as administration fees and costs, investment fees and costs, a switching fee, an activity fee or an insurance fee.
Buy-sell spreads	A buy-sell spread is a fee to recover costs incurred by the trustee of the superannuation entity in relation to the sale and purchase of assets of the entity.
Exit fees	An exit fee is a fee, other than a buy-sell spread, that relates to the disposal of all or part of a member's interests in a superannuation entity.

Investment fees and costs	Investment fees and costs are fees and costs that relate to the investment of the assets of a superannuation entity and includes: 1 fees in payment for the exercise of care and expertise in the investment of those assets (including performance fees); and 2 costs incurred by the trustee of the entity that: (i) relate to the investment of assets of the entity; and (ii) are not otherwise charged as administration fees and costs, a buy-sell spread, a switching fee, an activity fee, an advice fee or an insurance fee.
Switching fees	A switching fee for a superannuation product other than a MySuper product, is a fee to recover the costs of switching all or part of a member's interest in the superannuation entity from one investment option or product in the entity to another.
Transaction costs	Transaction costs are costs associated with the sale and purchase of assets of the superannuation entity other than costs that are recovered by the superannuation entity charging buy-sell spreads.

Operating your account

Feature/transaction	Summary information
Initial investment	The minimum initial investment in the Super Plan is \$3,000 (or \$1,500 if you are establishing a savings plan). There is no minimum initial investment amount per investment option. After reading the PDS, complete the 'Super Plan application' form and send it to us. If you are rolling over benefits from another super fund, ensure the fund details are provided on your 'Super Plan application' form and complete and send us a completed 'Transfer authority' form for each external fund. If a contribution is being used as your initial investment: • for personal contributions by direct debit – we'll debit your initial contribution amount directly from your nominated account once we've accepted your application • for personal or spouse contributions by BPAY – once we have accepted your application, we will provide a Customer Reference Number (CRN) that you or your spouse can use with the relevant BPAY biller code for the Super Plan to remit the initial investment amount to us • for employer contributions – all employer contributions (including any salary sacrifice contributions) must be paid by your employer using SuperStream.
Investment strategy	The way you initially allocate your money across investment options on your 'Super Plan application' form becomes your investment strategy. All future contributions will be allocated according to your investment strategy. You can change your investment strategy at any time. For further information about this, see 'Investment strategy' in this section. Restrictions apply to your investment strategy if you invest in the Perpetual Geared Australian Share investment option (see 'Investment limits' in the Investment Menu for more information).
Additional investments	There is no minimum additional investment in the Super Plan or any investment option. • for personal contributions by direct debit – send us a completed 'Application for additional investments and features' form (available from www.perpetual.com.au or by contacting us), or submit your additional investment application online through Perpetual Member Portal, and we'll debit your additional contribution amount directly from your nominated account once we've accepted your application • for personal or spouse contributions by BPAY – you or your spouse can remit an additional contribution amount to us, quoting your CRN and the BPAY biller code for the relevant type of contribution • for employer contributions – all employer contributions (including any salary sacrifice contributions) must be paid by your employer using SuperStream.
BPAY	You or your spouse can use BPAY for making additional personal or spouse contributions. You can apply for a Customer Reference Number (CRN) by contacting us.
Savings plan	There is no minimum savings plan investment in the Super Plan or any investment option. If you wish to make regular personal contributions by direct debit from your nominated account, complete the 'Contribution/rollover details', 'Investment allocation' and 'Bank account details' sections of the 'Super Plan application' form.
Switching	There is no minimum amount for switches between investment options. To switch all or part of your investment in an investment option (conditions apply), you can transact online through Perpetual Member Portal or send us a completed 'Switch' form (available from www.perpetual.com.au/super-forms or by contacting us) by mail or scanned attachment to email.
Auto-rebalancing	You can request us to regularly rebalance your investment portfolio to maintain your chosen investment strategy by completing the 'Features' and 'Investment allocation' sections of the 'Super Plan application' form. These rebalancing transactions will incur the applicable buy spread. If you are investing in the Perpetual Geared Australian Share investment option, unless you select auto-rebalancing, compulsory rebalancing will be enabled on your account (see 'Investment limits' in the Investment Menu for more information).
Insurance cover	You can apply for the following types of insurance cover through the Super Plan by completing the 'Insurance cover' section of the 'Super Plan application' form (and, if necessary, the separate 'Insurance application' form in the Insurance Book): • death only • total and permanent disablement (TPD) only • death and TPD • salary continuance. Please refer to the separate Insurance Book for further information.

Withdrawals	There is no minimum amount for withdrawals from the Super Plan. If you request to withdraw part of your benefit that would result in your account balance being below \$1,000 and you have no insurance cover, we may treat your request as a full withdrawal request and your account will be closed. If you are eligible to access your superannuation and wish to make a withdrawal, send us a completed 'Benefit payment instruction' form (available from www.perpetual.com.au/super-forms or by contacting us), together with evidence of the condition of release that you've satisfied.
New instructions or changes	Please use Perpetual Member Portal online access or contact us to advise of any changes to your name, address/contact details, bank account and other details/instructions. You can also send us a completed 'Change of instructions' form (available from www.perpetual.com.au/super-forms or by contacting us). When requesting any new features or changes/cancellations involving transactions (eg investment strategy, savings plan and auto-rebalancing), we must receive your instructions at least five business days before a transaction date for it to apply to the next transaction.
Authorised representative	You can appoint an authorised representative to act on your behalf in relation to your investment in the Super Plan by completing the 'Authorised representative' section of the 'Super Plan application' form.
Perpetual Member Portal online access	A digital platform, provided by PIML and available from www.perpetual.com.au/login , where you can update your personal details, view information about your investment, receive statements and reports, and transact online. You can enable transaction capability by logging into Perpetual Member Portal and following the onscreen prompts to self-service.
Additional/updated information	Go to www.perpetual.com.au or contact us for the latest information on unit prices, buy/sell spreads and investment returns and any other updated information in relation to the Super Plan. Other general information is also provided in the Fund's annual report, which is also available at www.perpetual.com.au/annual-reports .

Investments

Provided you are eligible to invest in the Super Plan (see 'Eligibility to invest' and 'Contribution limits' in the 'Superannuation and WealthFocus' section), you can invest in a single investment option or multiple investment options depending on your investment goals.

If you are a non-advised member (which is a member without a financial adviser listed on the 'Super Plan application' form) and you intend to invest in the Perpetual Geared Australian Share investment option, you will be required to undertake a Target Market Assessment in relation to your initial investment, additional investment or switch into this investment option (see 'How units are issued' in the 'Operating your account' section for more information).

Initial investment

The minimum initial investment in the Super Plan is \$3,000 (or \$1,500 if you are establishing a savings plan).

Your initial investment may be paid by:

- rollover of super from another super fund(s)
- personal contribution by direct debit
- personal or spouse contribution by BPAY
- employer contribution.

You should indicate on your 'Super Plan application' form the proportion of your investment in each investment option.

Investment strategy

The proportion of your initial investment allocated to each investment option is recorded as your nominated investment strategy to be applied for:

- all employer contributions received via SuperStream
- all additional personal contributions made by direct debt
- all additional personal or spouse contributions made by BPAY
- any other additional investments (including savings plan)

- compulsory rebalancing where you have chosen to invest in the Perpetual Geared Australian Share investment option (see 'Investment limits' in the Investment Menu for further information)
- auto-rebalancing.

You can also change your investment strategy at any time via Perpetual Member Portal or by notifying us in writing.

Additional investments

Subject to eligibility (see 'Eligibility to invest' in the 'Superannuation and WealthFocus' section), additional investments can be made at any time.

There is no minimum amount for additional investments.

Additional personal contributions may be paid by:

- direct debit (with an application form or via Perpetual Member Portal)
- BPAY.

Additional spouse contributions can be paid by BPAY only.

BPAY

BPAY is a convenient way to make initial and/or additional personal or spouse contributions to the Super Plan from your cheque or savings account using the phone or online banking facilities provided by most Australian banks, building societies and credit unions.

If you indicate on your 'Super Plan application' form that you want to make an initial contribution by BPAY, we'll send you a Customer Reference Number (CRN) in your 'Welcome letter'. You can also apply for a CRN at any other time by contacting us.

When using BPAY for making initial and/or additional contributions, you or your spouse (as applicable) will need to quote your **CRN** and the **BPAY biller code** for the relevant type of contribution (so that it's processed and, where applicable, taxed accordingly), as shown in the following table.

BPAY biller codes

Type of contribution	BPAY biller code
Member (personal) contribution	636936
Spouse contribution	636951

Direct debit

You can authorise us on your initial or additional application form to debit personal contribution amounts directly from your nominated Australian bank, building society or credit union account.

We will initiate direct debit drawings automatically upon acceptance of your instruction and we will not advise you beforehand. To avoid potential dishonours by your financial institution and any associated charges, it is your responsibility to ensure that:

- direct debit is available from the nominated account
- the nominated account has a sufficient balance available to meet any authorised direct debits.

Direct debit request service agreement

If you elect to make investments (including savings plan) by direct debit authority, you must read and accept the terms of the direct debit request service agreement, which is publicly available at www.perpetual.com.au/wealthfocus-super-updates or can be obtained without charge by contacting us.

Savings plan

With a savings plan, you can make regular personal contributions to the Super Plan automatically by direct debit from your nominated Australian bank, building society or credit union account.

There is no minimum amount for savings plan investments, which are deducted as follows:

- monthly (default frequency) – on the 17th of each month
- quarterly – on the 17th of January, April, July and October.

If any of these days aren't business days, the next business day will apply.

For both monthly and quarterly savings plan contributions, if your direct debit request is received at least five business days before the 17th of the relevant month, your first debit will occur in that month. Otherwise, your first debit will occur in the following relevant month. For quarterly plans, your first debit will only occur in January, April, July or October, depending on when your request is received.

Savings plan contributions will be allocated to your investment option(s) according to your current investment strategy at the time of contribution.

You can change the investment amount, or cancel your savings plan contributions, at any time by notifying us in writing.

We can terminate, suspend or impose additional conditions on the operation of your savings plan at any time with notice to you.

If a direct debit for your savings plan is dishonoured, your savings plan will be cancelled. If you would like to restart your savings plan, please write to or email us and include your new bank details if applicable.

How units are issued

When you invest in the Super Plan, you will be allocated units in the investment option(s) you choose. The value of your Super Plan account will vary as the unit price of the investment options (usually calculated each business day) changes to reflect increases or decreases in the market value of the underlying assets (which consist of units in the relevant managed fund(s) and additional cash holdings) and applicable fees, costs and taxes.

Generally, if we receive and accept an investment amount by 3.00pm on any business day, your investment will be processed using that day's entry price. If received and accepted after 3.00pm it will be processed using the next calculated entry price. If it's a non-business day in Sydney, your investment will be processed using the next available entry price.

For current entry and exit prices for the Super Plan's investment options, visit www.perpetual.com.au or contact us.

The number of units issued to you is determined by dividing your investment amount (less applicable fees, costs and any taxes) by the applicable entry price. See 'How units are priced and investments are valued' in the 'Additional information' section for details about asset valuations and unit prices.

We have the discretion:

- not to accept applications and can suspend processing them if we believe that's in the best interests of members or if required by the law (see 'Suspension of applications, switches and withdrawals' in the 'Additional information' section for further information)
- to accept lower investment amounts
- to delay or defer the acceptance of an application or switch request if you are a non-advised member while we collect information about your circumstances to understand whether you are likely to be within the investment option's target market.

We have the absolute discretion to accept, reject or limit any application and where an application is rejected or limited in any way (including if it is deferred or delayed), to the extent permitted by law, we are not liable for any loss you suffer (including indirect or consequential loss) as a result.

The Super Plan invests in managed funds, which also declare their own unit prices. The unit pricing approach of a managed fund will be different to our unit pricing approach. We use the managed fund unit prices as inputs (but do not replicate them) when calculating our unit prices. For information about unit prices of relevant managed funds, consider the latest product disclosure statement for a managed fund.

Switches

You can switch all or part of your investment in an investment option into another investment option(s) in the Super Plan at any time.

Generally, if we receive and accept your switch request (including those made online via Perpetual Member Portal) by 3.00pm on any business day, your switch will be processed using that day's exit and entry prices. If received and accepted after 3.00pm it will be processed using the next calculated exit and entry prices. If it's a non-business day in Sydney, your switch will be processed using the next available unit prices.

The number of units withdrawn for switches from an investment option is determined by dividing the switch amount by the applicable exit price. The number of units issued for switches into an investment option is determined by dividing the switch amount by the applicable entry price.

For current entry and exit prices for the Super Plan's investment options, visit www.perpetual.com.au or contact us.

We have the right to delay processing of switches where we believe that's in the best interests of members, as well as impose additional conditions (see 'Suspension of applications, switches and withdrawals' in the 'Additional information' section for further information).

There may also be circumstances where we consider that processing a switch will not be consistent with our duties as Trustee of the Fund, such as where we consider that processing the switch is not in the best interests of members as a whole. In these cases, we may exercise our right to reject and not process your switch request. If this occurs, we will notify you.

All switches, including those made under the auto-rebalancing facility, involve a withdrawal of money from one investment option at its exit price and an investment in another investment option at its entry price. Consequently, there may be a cost to members due to any buy/sell spreads on unit prices (see 'Buy/sell spread' in the 'Fees and other costs' section for further information).

Auto-rebalancing

The value of your investment in any particular investment option will change over time and this movement may cause your investment portfolio allocation to deviate from your investment strategy.

Auto-rebalancing is a form of automatic switching. This facility provides a simple way for you to maintain your investment strategy by authorising us to withdraw and apply units in your chosen investment options to rebalance your investment portfolio regularly, as follows:

- quarterly (default frequency) – on the 24th of February, May, August and November
- half-yearly – on the 24th of February and August or
- yearly – on the 24th of August.

If any of these days aren't business days, the next business day will apply.

Please contact us if you wish to change the frequency, cancel or restart auto-rebalancing.

If you are investing in the Perpetual Geared Australian Share investment option, unless you select auto-rebalancing, compulsory rebalancing will be enabled on your account (see 'Investment limits' in the Investment Menu for more information).

A buy/sell spread (if any) will apply to auto-rebalancing transactions (see 'Buy/sell spread' in the 'Fees and other costs' section for further information).

Withdrawals

Provided you have satisfied a condition of release under the law (see 'Accessing your superannuation benefit' in the 'Superannuation and WealthFocus' section for details), you can withdraw all or part of your investment in the Super Plan as long as you maintain a minimum Super Plan balance of \$1,000. Alternatively, you can rollover all or part of your investment in the Super Plan to another superannuation fund.

If you request to withdraw (including via rollover to another fund) part of your benefit that would result in your account balance being below \$1,000 and you have no insurance cover, we may treat your request as a full withdrawal request and your account will be closed.

All written withdrawal requests must be signed by you or your authorised signatory.

If we receive and accept your withdrawal request by 3.00pm on any business day, your withdrawal will be processed using that day's exit price. If received and accepted after 3.00pm it will be processed using the next calculated exit price. If it's a non-business day in Sydney, your withdrawal will be processed using the next available exit price.

A withdrawal will be withdrawn from your investment option(s) according to your investment strategy at the time of payment.

The number of units sold for withdrawals from an investment option is determined by dividing the withdrawal amount by the applicable exit price.

For current entry and exit prices for the Super Plan's investment options, visit www.perpetual.com.au or contact us.

Generally, your withdrawal proceeds can be:

- deposited into a nominated Australian bank, building society or credit union account or
- rolled over to another complying superannuation or pension fund.

Withdrawals will not be paid in cash. We will confirm all withdrawals in writing.

The proceeds from your withdrawal will usually be available within three business days from when we have accepted a valid withdrawal request, given normal operating conditions, including the availability of the applicable unit price (see also 'Delays in calculating and publishing unit prices' in the 'Additional information' section for more information).

Withdrawal proceeds that are paid directly into your nominated account are subject to clearance by your bank, building society or credit union from the date of deposit into your account.

We can delay processing withdrawal requests in certain circumstances (see 'Suspension of applications, switches and withdrawals' in the 'Additional information' section for more information).

Email instructions

We currently accept various instructions, including withdrawal requests, by scanned attachment to email provided we have no reason to believe the request isn't genuine.

Other conditions apply to email withdrawal requests (see 'Other conditions' in the 'Additional information' section for details).

Instructions and changes

When requesting any new features or changes/cancellations involving transactions (eg investment strategy, savings plan and auto-rebalancing), we must receive your instructions at least **five business days** before a transaction date for it to apply to the next transaction.

Any changes to your name and all changes to bank account details must be made in writing by mail or scanned attachment to email.

Other conditions may also apply depending on the way you provide instructions to us, as set out under 'Other conditions' in the 'Additional information' section.

Authorised representative

You can appoint a person, partnership or company as your authorised representative by nominating them on your 'Super Plan application' form and having them sign in the relevant section. Your authorised representative will be empowered to act on your behalf in certain matters relating to your investment in the Super Plan.

Conditions apply to the appointment of an authorised representative, as set out under 'Other conditions' in the 'Additional information' section.

You can cancel or change your appointment at any time by contacting us.

Perpetual Member Portal online access

Perpetual Member Portal is a digital platform, provided by PIML and available from www.perpetual.com.au/login, that provides easy and convenient online access for you to:

- receive reporting online, including any notifications we are required to provide under the Corporations Act (although there may be times when we will need to send correspondence to you in paper form – see 'Reporting' in the 'Additional information' section for further information)
- check the total value of your investment in the Super Plan
- view your account summary, including the investment option(s) you are invested in, the number of units, unit price and current balance of the investment option(s)
- review your recent transaction history
- update your personal details
- update your investment strategy
- transact online.

Following your application, we will send you relevant online access setup details and activation instructions.

To access Perpetual Member Portal, you will need to complete Multi-Factor Authentication (MFA). This is an extra layer of security to the authentication process. In order to complete the process, you will need access to another device such as your mobile phone.

By default, we will provide you with **View only** access. To enable **Transaction** capability, log in and follow the onscreen prompts to self-service.

Each account has its own Perpetual Member Portal online access by default. However, if you hold more than one account in the Fund (eg both a Super Plan and Pension Plan account), you can contact us to link your accounts so you can access them from a single login.

Conditions of use

Before you first use Perpetual Member Portal, you must accept the conditions of use, which are publicly available at www.perpetual.com.au/login or can be obtained without extra charge by contacting us.

Other conditions also apply to any transactions made through Perpetual Member Portal (see 'Other conditions' in the 'Additional information' section for details).

Access by authorised representatives

If you appoint an authorised representative, they will not have access to view your investment via Perpetual Member Portal. Your authorised representative can transact using the relevant form or a letter of instruction.

Access by your adviser

If you consent, we'll give your adviser online access to either:

- view details about your investment only, or
- view details about your investment and transact on your account on your behalf.

Your adviser may extend to their authorised delegates, such as paraplanners and other support staff, the same level of online access you have determined for your adviser.

You can change your adviser's access at any time by instructing us in writing.

Interest earned on application and withdrawal monies

Contributions and proceeds of withdrawal requests are held in trust accounts prior to being processed. The accounts are interest bearing, however any interest earned on these trust accounts will not be paid to you. Instead any interest is retained by the Trustee and paid to PIML.

Insurance cover

Taking out insurance cover through your Super Plan may be a tax-effective way of providing financial security to you and your family should you die or become disabled.

Subject to eligibility, you can apply to be insured for:

- death only
- total and permanent disablement (TPD) only
- death and TPD
- salary continuance.

The following table provides a short summary of the various insurance options available to Super Plan members.

Further information about the insurance offered through the Super Plan, including a more detailed summary of various insurance options, definitions and insurance fee rates, is provided in the separate Insurance Book that forms part of the PDS, which is available at www.perpetual.com.au/wealthfocus-super-updates or you can obtain a copy without extra charge by contacting us.

The insurer

The insurance cover constitutes a benefit provided in the Super Plan. The insurance cover is provided to the Trustee by AIA Australia Limited (the insurer) (ABN 79 004 837 861, AFSL 230043). The insurer has consented to the statements referable to it in this document in the form and context in which they are included.

Your insurance benefits are subject to the Fund's Trust Deed and the insurer's Policy Document, the main features of which are described in this document. You can obtain a copy of the detailed Policy Document by contacting us. If any of the main features change, we will notify you in writing. If there are any inconsistencies between the information in this document and the terms set out in the Policy Document, the Policy Document will prevail.

The duty to take reasonable care

Before you enter into a life insurance contract, you have a legal duty to take reasonable care not to make a misrepresentation to the insurer before the contract of insurance is entered into.

A misrepresentation is a false answer, an answer that is only partially true, or an answer which does not fairly reflect the truth.

This duty applies to a new contract of insurance and also applies when extending or making changes to existing insurance, and reinstating insurance.

When you apply for life insurance, the insurer conducts a process called underwriting. It's how the insurer decides whether they can cover you, and if so, on what terms and at what cost.

The insurer will ask questions they need to know the answers to. These will be about your personal circumstances, such as your health and medical history, occupation, income, lifestyle, pastimes, and current and past insurance. The information you give the insurer in response to the questions is vital to their decision.

If you do not meet your duty

If you do not meet your legal duty, this can have serious impacts on your insurance. There are different remedies that may be available to the insurer. These are set out in the Insurance Contracts Act 1984 (Cth). These are intended to put the insurer in the position they would have been in if the duty had been met.

Your cover could be avoided (treated as if it never existed), or its terms may be varied. This may also result in a claim being declined or a benefit being reduced.

Please note that there may be circumstances where the insurer later investigates whether the information given to them was true. For example, the insurer may do this when a claim is made.

Before the insurer exercises any of these remedies, the insurer will explain their reasons and what you can do if you disagree.

Guidance for answering our questions

You are responsible for the information provided to the insurer. When answering their questions, please:

- Think carefully about each question before you answer. If you are unsure of the meaning of any question, please ask us before you respond
- Answer every question
- Answer truthfully, accurately and completely. If you are unsure about whether you should include information, please include it
- Review your application carefully before it is submitted. If someone else helped prepare your application (for example, your adviser), please check every answer (and if necessary, make any corrections) before the application is submitted.

Changes before your cover starts

Before your cover starts, the insurer may ask about any changes that mean you would now answer their questions differently. As any changes might require further assessment or investigation, it could save time if you let the insurer know about any changes when they happen.

If you need help

It's important that you understand this information and the questions the insurer asks. Ask us or a person you trust, such as your adviser for help if you have difficulty understanding the process of obtaining insurance or answering the questions.

If you're having difficulty due to a disability, understanding English or for any other reason, we're here to help. If you want, you can have a support person you trust with you.

Notifying the insurer

If, after the cover starts, you think you may not have met your duty, please contact us immediately and we'll let you know whether it has any impact on the cover.

Insurance fees

Insurance fees are deducted from your member account balance monthly (in arrears), on the last business day of the month. Insurance fees will generally be deducted from your investment option(s) according to your investment strategy at the time of deduction.

It is important that you ensure your investment balance is sufficient to cover your insurance fees each month. Your insurance cover will lapse if outstanding insurance fees are not paid within 60 days and it cannot be reinstated. You will then have to reapply for cover.

How to apply

To apply for death only, TPD only, death and TPD and/or salary continuance cover through the Super Plan, you must complete the 'Insurance cover' section within the 'Super Plan application' form in this PDS and, if required, the separate 'Insurance application' form included in the Insurance Book.

The amount and type of information that the insurer will require will depend on your age and the type(s) and amount(s) of cover you are seeking.

Tax

The taxation of super depends on your particular circumstances, so we recommend you see a tax adviser. The following summary information is a general guide only. Tax rules are subject to change. You can find up to date information at www.ato.gov.au.

Concessional contributions

Concessional contributions are generally subject to a tax rate of 15% payable by the Fund.

If your income (including concessional contributions) is more than \$250,000, tax of 30% will apply to concessional contributions (within the concessional contributions cap). If your income excluding concessional contributions is less than the \$250,000 threshold, but including the concessional contributions pushes you over the threshold, only that part of the contributions in excess of the threshold will be subject to tax at 30%. The ATO will issue an assessment (ie Division 293 notice) to you for the additional tax payable on the contributions. You can elect to release the additional tax payable from your Super Plan account or pay the additional tax from other sources.

Any concessional contributions that exceed your concessional contributions cap (see 'Contribution limits' in the 'Superannuation and WealthFocus' section for details) will be included in your assessable income and taxed at your marginal tax rate (plus Medicare levy), with a 15% tax offset to account for the contributions tax already paid by the Fund. Alternatively, you have the option to withdraw from your Super Plan account an amount equal to 85% of the excess concessional contributions. Excess concessional contributions not withdrawn from the Fund will count towards your non-concessional contributions cap. Any excess concessional contributions withdrawn from the Fund do not count towards your non-concessional contributions cap. The ATO will send you an Excess Concessional Contributions determination if you exceed your concessional contributions cap and advise the options available.

Non-concessional contributions

Non-concessional contributions (also known as 'after-tax contributions') are not usually subject to tax.

Any non-concessional contributions that exceed your non-concessional contributions cap (see 'Contribution limits' in the 'Superannuation and WealthFocus' section for details) are taxable at the top marginal tax rate (plus Medicare levy). You have the option of withdrawing the excess non-concessional contributions and 85% of any associated earnings. The earnings will be taxed at your marginal tax rate with a 15% tax offset to account for the tax already paid on the earnings by the Fund. If you choose not to withdraw the excess non-concessional contributions, you will be liable to pay the excess non-concessional contributions tax which must be withdrawn from your Super Plan account. The ATO will advise you about your options if you exceed your non-concessional contributions cap.

To limit excess non-concessional contributions, an individual non-concessional contribution will generally only be accepted if it is within the relevant limit. However, you are responsible for monitoring your total non-concessional contributions (across all superannuation funds that you participate in) against the relevant limit.

Tax on investment earnings

The maximum tax rate on taxable income in relation to the Super Plan's investment earnings (including realised net capital gains) is 15%. However, the effective rate of income tax is generally less due to the impact of:

- concessional capital gains tax treatment for assets held for more than 12 months
- tax offsets.

Tax offsets

The Fund may be able to claim tax offsets, including franking credits and foreign income tax offset, to reduce the amount of tax payable by the Fund in relation to the Super Plan. Excess franking credits may be refundable to the Fund by the ATO.

Benefits paid to members

When a superannuation benefit is received by a member, it may include both tax-free and taxable components, calculated in the same proportions as the total account balance immediately before the payment.

The taxable portion of any superannuation lump sum or pension benefit is subject to tax depending on your age when received, as shown in the following tables.

Tax on lump sum benefit payments

Component	Age benefit received	Tax treatment
Tax-free ¹	Any age	Tax-free
Taxable ²	Before reaching age 60	Taxed at 20% ³
	On or after reaching age 60	Tax-free

Tax on pension benefit payments

Component	Age benefit received	Tax treatment
Tax-free ¹	Any age	Tax-free
Taxable ²	Before reaching age 60	Taxable at marginal tax rate ³
	On or after reaching age 60	Tax-free

- 1 Includes non-concessional contributions and Government co-contributions from 1 July 2007 (plus the former undeducted contributions, pre-July 1983 (amount fixed as at 30 June 2007), post-June 1994 invalidity, CGT exempt and concessional components).
- 2 Includes concessional contributions from 1 July 2007 (plus the former post-June 1983 (taxed) and excessive components).
- 3 Plus Medicare levy.

Tax on departing Australia superannuation payments (DASP) - former temporary residents

The tax payable on a DASP (see 'Accessing your superannuation benefit' in the 'Superannuation and WealthFocus' section for further information) is generally 35% for a taxed element of a taxable component.

DASPs made to working holiday makers will be taxed at 65%.

Tax on death benefits

Payment rules and the tax consequences depend on whether the death benefit is paid to a dependant or non-dependant. A death benefit dependant for tax purposes is a:

- current or former spouse¹
- child¹ under age 18
- person who was financially dependent on you at the time of your death or
- person who you have an 'interdependency relationship'¹ with.

1 See 'Dependants' under 'Death benefits' in the 'Additional information' section for definitions.

Death benefits paid to dependants

Lump sum death benefit payments are tax-free if paid to a dependant for tax purposes.

A death benefit paid as a pension will be tax-free if either the deceased or the beneficiary is aged 60 or over. If both are under age 60 at the time of death, the pension (less any tax-free amount) will continue to be taxed at the beneficiary's marginal tax rate (plus Medicare levy) less 15% pension tax offset until the beneficiary turns age 60, when it becomes tax-free.

If the death benefit is paid as a pension to a dependent child, the balance must be paid as a (tax-free) lump sum when the child turns 25 (unless permanently disabled).

Death benefits paid to non-dependants

Death benefit payments to non-dependants for tax purposes (eg an adult child) must be paid as a lump sum benefit. The taxable component of a death benefit paid to a non-dependant will normally be taxed at 15% (plus Medicare levy).

Where a death benefit contains an insurance amount, it may include an untaxed element. The untaxed component of a death benefit paid to a non-dependant will normally be taxed at 30% (plus Medicare levy).

Death benefits paid to your legal personal representative

If the death benefit is paid to your legal personal representative for distribution through your estate, any tax payable will depend on how the death benefit is ultimately distributed between your dependants and any non-dependants.

Tax on disability super benefits

A tax offset of 15% is generally available on disability super benefits paid as a pension to members under age 60.

Tax on terminal illness benefits

Generally no tax is payable on benefits that are paid to you under the condition of release of having a terminal medical condition (see the 'Conditions of release for superannuation benefits' table in the 'Superannuation and WealthFocus' section for details).

Tax on salary continuance benefits

PAYG tax will be deducted on any salary continuance benefits that are paid to you (see the 'Insurance cover' section and the Insurance Book for further information).

Tax file number (TFN)

You should provide your TFN when joining the Fund.

Under the Superannuation Industry (Supervision) Act 1993, we are authorised to collect, use and disclose your TFN.

We will disclose your TFN to another superannuation provider, when your benefits are being transferred, unless you request us, in writing, that your TFN not be disclosed to any other superannuation provider.

Declining to quote your TFN is not an offence. However, providing your TFN will have the following advantages:

- we can accept all permitted types of contributions to your account
- other than the tax that may ordinarily apply, you will not pay more tax than you need to – this affects both contributions to your superannuation and benefit payments when you start drawing down your superannuation benefits
- it will make it much easier to find different superannuation accounts in your name so that you receive all your superannuation benefits when you retire.

We will use your TFN and personal details to verify our records with the ATO. We will update or correct your TFN if instructed by the ATO. We will contact you if the ATO has advised of other changes to your personal details.

Additional information

Your cooling-off rights

You have up to 14 days from the earlier of the time when you receive confirmation of the issue of your interest in the Fund (ie your new Super Plan account) or the fifth business day after the issue of your interest where you can have your investment repaid ('cooling-off period').

The amount repaid will be adjusted for any transaction costs and any increase or decrease in the value of your investment.

Your right to be repaid during the cooling-off period does not apply if:

- you are switching between investment options (including auto-rebalancing)
- you exercise any of your rights as a member of the Fund.

Any amounts that are preserved or restricted non-preserved can't be refunded to you in cash if you exercise your cooling-off rights unless you satisfy a condition of release under superannuation law. You'll need to nominate another superannuation fund, retirement savings account or approved deposit fund to transfer the funds into. If you don't, we'll transfer the amount to the ATO.

If you'd like to have any unrestricted non-preserved amount repaid, write to us stating that you want to be repaid during the cooling-off period (please include your member number). Your request must reach our mailing address before the end of the cooling-off period.

When we receive your request, we will send you the details about your repayment.

How units are priced and investments are valued

Unit prices for each investment option are calculated by:

- establishing the net asset value of the investment option
- for entry unit prices – adding the applicable buy spread to the net asset value and then dividing the adjusted net asset value by the number of units on issue to determine the entry unit price
- for exit unit prices – deducting the applicable sell spread (which is currently nil for all investment options) from the net asset value and then dividing the adjusted net asset value by the number of units on issue to determine the exit unit price.

We generally determine the net asset value of each investment option on each business day. The net asset value is calculated by deducting the value of an investment option's liabilities from the value of its gross assets.

Investments of each investment option are valued at their market value, using a calculation method that we determine according to the Fund's Trust Deed. It will normally be based on the exit price of units in the managed fund(s), the value of cash holdings, and applicable fees, costs and taxes. We generally calculate and apply entry and exit unit prices on each business day, and these prices are available at www.perpetual.com.au.

We can defer the calculation of unit prices where permitted by the Fund's Trust Deed and the law. For example, if significant delays occur where a managed fund does not calculate or provide a price, unit prices may not be calculated nor applications, switches and withdrawals processed for that investment option until the managed fund's unit price is determined.

Reporting

Members of the Fund receive:

- Welcome letter upon acceptance of your application and an initial investment statement, generally within seven business days of your application being accepted and processed
- a contribution confirmation, generally within seven business days of any additional investment (except regular savings plan and employer contributions) being accepted and processed
- a confirmation of changes to your investment, generally within seven business days of any switch request being processed
- a withdrawal confirmation, generally within seven business days of any partial or full withdrawal request being processed (except where a departed temporary resident's super benefit has been compulsorily paid to the ATO as unclaimed super (see 'Unclaimed benefits' within 'Superannuation benefit transfers to the ATO' in this section for further details))
- a periodic (annual) statement providing details of your investment in the Super Plan as at 30 June each year
- annual reports for the Fund for each financial year ending 30 June will be available at www.perpetual.com.au/annual-reports (copy by mail or electronically available on request)
- an annual notice under section 290-170 of the Income Tax Assessment Act for you to complete and return if you intend to claim a tax deduction for any personal contributions made to the Super Plan during the financial year
- confirmation of any other transactions that we are required to report on
- 'inactive account' notifications where we have not received a contribution for 9, 12 and 15 months if you have insurance cover.

If you provide an email address in the 'Super Plan application' form, you consent to receiving online communications (including via Perpetual Member Portal) and the above reporting may be made available via Perpetual Member Portal (see 'Perpetual Member Portal online access' in the 'Operating your account' section for further information), although there may be times when we will need to send correspondence to you in paper form.

Inquiries and complaints

We're committed to providing you with the highest level of service and have established procedures for dealing with any inquiries and complaints.

Inquiries

If you have an inquiry, you can phone us on 1800 011 022, email us at superandpension@perpetual.com.au or write to:

Complaints

If you have a complaint about your investment in the Fund or a Trustee decision that affects you, you should take one of the following steps:

1. Contact Member Services on 1800 011 022 and tell them about your complaint.
2. Email your complaint to wealthfocussupercomplaints@perpetual.com.au.
3. Put your complaint in writing and mail it to:
Perpetual WealthFocus Super and Pension Plan
PO Box 617
Parramatta NSW 2124

If you need additional assistance to lodge a complaint, we can support you. Please contact us to discuss how we may be able to assist you. An acknowledgement will be issued to you at the time of receipt of your complaint, either by phone, email or post.

We will investigate and endeavour to respond to all aspects of the matters raised in your complaint fairly and as quickly as we can and by no later than the maximum response timeframe of 45 days (unless the complaint is about the proposed distribution of a superannuation death benefit, where we will respond by no later than 90 days after the end of the 28 day statutory period available to potential beneficiaries to raise their objections about a proposed superannuation death benefit distribution). We will do our best to resolve your complaint as soon as possible. However, if we are unable to provide you with a response within the required timeframe, we will provide you with progress updates including reasons for the delay.

If you make a complaint and we resolve it within 5 business days from receipt to your satisfaction, we are not required to send you a formal complaint response, unless you request one; or your complaint relates to hardship, or to any decision of the Trustee (or failure by the Trustee to make a decision) relating to a complaint.

If, at any time you are not satisfied with our response to your complaint, any aspect of our complaints handling process or if you have not received a response within the maximum response timeframe, the Australian Financial Complaints Authority (AFCA) might be able to assist you.

You may also lodge a complaint with AFCA at any time, although AFCA will not normally deal with a complaint until it has been through the Trustee's internal complaints handling process.

If your complaint relates to services provided to you by your financial adviser, please refer to the financial adviser's financial services guide for information about their complaints handling process. We also suggest you contact your financial adviser.

Australian Financial Complaints Authority

We are members of the AFCA external dispute resolution scheme.

AFCA has been established by the Commonwealth Government to provide consumers and small businesses with a free and independent dispute resolution service for complaints about financial firms.

Time limits may apply to complain to AFCA and so you should act promptly or otherwise consult the AFCA website to find out if or when the time limit relevant to your circumstances expires. Other limits may also apply, including eligibility requirements for AFCA to consider a complaint.

You can lodge a complaint with AFCA by:

1. using their online portal available at www.afca.org.au/make-a-complaint
2. email addressed to info@afca.org.au
3. calling 1800 931 678 (free call)
4. mail addressed to:

Differences between investing via the Super Plan and investing directly in the managed funds

There are differences between direct acquisition of the managed funds and acquisition of the managed funds through the Super Plan. These differences include:

- **superannuation limits** – the restrictions around investing in superannuation and accessing your superannuation benefit as detailed in the 'Superannuation and WealthFocus' section of this PDS apply
- **ownership** – you will own units in the investment option(s) not in the managed fund(s); we are the legal owner of the assets (and registered unit holder for managed funds) held by the Fund rather than you personally being the legal owner (or registered unit holder) if you invested directly in the managed fund(s)
- **unit prices** – the unit price of the investment option(s) will almost always differ from that of the managed fund(s) due to a range of factors, including:
 - the investment option having its own inception date and unit price starting point that differs from the managed fund
 - the managed fund paying out distributions that results in its unit price dropping, while the investment option retains the distribution in its unit price
 - other factors such as differences in tax treatments and fee structures
- **asset allocations** – the cash holding in an investment option may be greater than that of the managed fund as we may retain cash to ensure more timely processing of withdrawals
- **investment performance** – due to factors such as valuation timing differences, difference in fees and charges, retention of distributions (for liquidity purposes) and higher cash holdings, the performance

of an investment option may not track that of the managed fund

- **buy/sell spreads** – the buy/sell spreads of the investment option will apply rather than those of the managed fund (see 'Buy/sell spread' in the 'Fees and other costs' section for further information)
- **net transaction costs** – net transaction costs for the investment options may differ from the managed fund due to the transaction costs recovered by the investment option's buy spread
- **distributions** – direct investors in managed funds receive distributions of income from the managed fund; for Super Plan members, these distributions are received by, and reflected in the unit price of, the investment option
- **investment minimums** – the investment minimums of the Super Plan will apply rather than those of the managed funds
- **unitholder meetings** – you will not be able to vote at a unit holder meeting of the managed fund, as you are a member of the Super Plan rather than a unit holder in the managed fund
- **transaction processing and unit pricing** – details around transaction processing and unit pricing in this PDS will apply to you rather than the details contained in the managed fund product disclosure statement which will not apply
- **fee structure** – the administration fees of the Super Plan will apply in addition to the investment fees and costs of the managed fund
- **cooling-off period** – the cooling-off rights which are usually available to direct investors in financial products will not apply to investments in the investment option(s) in the Super Plan which means any request for a refund otherwise available to direct investors within the product issuer's cooling-off period will instead be treated as a normal withdrawal request, which may incur product issuer fees. (Note: This is different to the cooling-off rights described under 'Your cooling-off rights' in this section in relation to your initial investment in the Super Plan itself, which are still available to you).
- **complaints** – any complaints you have in relation to the Super Plan, including complaints about the available investments, are made to and handled by us (not the issuer of the managed fund) and may be escalated to an external complaints body.

Your privacy

We collect personal information from you in the application and any other relevant forms to be able to process your application, administer your investment and comply with any relevant laws. If you do not provide us with your relevant personal information, we will not be able to do so.

Your personal information will be disclosed to PIML and in some circumstances we will disclose your personal information to PIML's related entities or service providers that perform a range of services on our behalf and which may be located overseas.

Australian privacy laws apply to our handling of personal information and we will collect, use and disclose your personal information in accordance with our privacy

policy, which includes details about the following matters:

- the kinds of personal information we collect and hold
- how we collect and hold personal information
- the purposes for which we collect, hold, use and disclose personal information
- the types of entities we usually disclose personal information to and the countries where they are likely to be located if it is practicable for us to specify those countries
- how you may access personal information that we hold about you and seek correction of such information (note that exceptions apply in some circumstances)
- how you may complain about a breach of the Australian Privacy Principles (APP), or a registered APP code (if any) that binds us, and how we will deal with such a complaint.

We may disclose your personal information to external parties that provide services to us in relation to your Fund (for example, external administrators, stockbrokers, investment managers, auditors and tax agents, banks and deposit taking institutions, life insurance companies, friendly societies, regulatory authorities, real estate agents, medical practitioners and providers of printing or postal services). We also disclose information about your investments to your authorised adviser. Otherwise we won't disclose your personal information to any other external parties unless requested by you or required by law.

The Trustee's privacy statement can be found at www.eqt.com.au/global/privacystatement.

PIML's privacy policy is available at www.perpetual.com.au/wealthfocus-super-updates.

For insurance, the insurer's privacy policy is available on their website at www.aia.com.au.

We may from time to time provide you with direct marketing and/or educational material about products and services we believe may be of interest to you. Should you not wish to receive this information (including by email or electronic communication), you have the right to opt out by contacting us, at the contact details above.

Personal health information

If you apply for insurance cover, you will be required to provide personal health information. If you do not provide us with your relevant personal health information, it will not be possible for the insurer to assess your insurance application.

We require your consent to collect, use or disclose your health and other personal information, which is collected and provided to the insurer to assess your eligibility for insurance and to administer your application.

Should you make a claim for an insurance benefit, your health and other personal information may be disclosed to the insurer, medical practitioners, claims investigators, reinsurers, the Australian Financial Complaints Authority (AFCA) and such other experts as may be nominated by us or the insurer.

If there is any dispute about your entitlement to a disability benefit or any insurance related claim, your health and other personal information may be disclosed to legal and other advisers.

Your privacy is important to us and the insurer. By becoming a member, or otherwise interacting or continuing your relationship with us and the insurer directly or via a representative or intermediary, you confirm that you agree and consent to the collection, use (including holding and storage), disclosure and handling of personal and sensitive information in the manner described in the Trustee's, PIML and the insurer's privacy policies which are available at www.eqt.com.au/global/privacystatement, www.perpetual.com.au/wealthfocus-super-updates and www.aia.com.au respectively.

Anti-money laundering/counter-terrorism financing laws

In accordance with the Anti-Money Laundering and Counter-Terrorism Financing Act 2006 (AML/CTF Act), we are required to collect information with respect to your identity in certain circumstances. This verification process may occur when you join the Fund, commence a pension or make any withdrawal or in any other circumstances required by law.

To meet this legal requirement, we collect certain identification information and documentation (Know Your Customer (KYC) Documents). Existing members may also be asked to provide KYC Documents as part of a re-identification process to comply with the AML/CTF laws, after previously having their identity verified. A delay in or refusal to provide the KYC Documents when requested may impact the services we are able to provide to you, including the processing of payments or withdrawals. We may rely on information, including identity verification details, provided by you to a third party (such as your financial adviser).

Under the AML/CTF Act, the Trustee may be required to submit reports to the Australian Transaction Reports and Analysis Centre (AUSTRAC). This may include the disclosure of your personal information. We may not be able to tell you when this occurs and, as a result, AUSTRAC may require us to deny you (on a temporary or permanent basis) access to your investments. This could result in loss of the capital invested, or you may experience significant delays when you wish to transact.

Superannuation benefit transfers to the ATO

We are required by law to transfer certain superannuation benefits to the ATO including:

- inactive low-balance accounts
- lost member accounts
- unclaimed benefits.

After payment to the ATO, we are discharged from any further liability for payment of the benefit.

You can consolidate superannuation benefits transferred to the ATO into an active superannuation account through your myGov account. Alternatively, the ATO is required to transfer any superannuation amounts it holds into an active superannuation account held by the member where the consolidated balance will be \$6,000 or more.

Interest will be paid at a rate equivalent to CPI on all superannuation benefit amounts reclaimed from the ATO.

Inactive low-balance accounts

An inactive low-balance account is an account with a balance of less than \$6,000 where the member has had no contributions or other amounts paid into their account for 16 months and where the member has not done at least one of the following:

- made changes to their investment option(s)
- elected to maintain or made changes to their insurance cover
- made or amended a binding beneficiary nomination
- confirmed that they want their account to remain with their super fund by providing the fund with a written notice at least 30 days before the relevant reporting date (see below for details).

Inactive low-balance accounts must be identified as at 30 June and 31 December each year and reported to the ATO on the following 31 October and 30 April respectively. The balances of those accounts remaining inactive at that time must then be transferred to the ATO.

Lost member accounts

You will be considered a lost member in the Fund if you are uncontactable because:

- either:
 - the Fund has never had an address (whether non-electronic or electronic) for you
- or**
- at least one written communication (whether non-electronic or electronic) has been sent to your last known address (or addresses) and we believe, on reasonable grounds (eg communication returned unclaimed), that you can no longer be contacted at any address known to us **and**
- you have not contacted us (whether by written communication or otherwise) within the last 12 months **and**
- you have not accessed details about your superannuation interest in the Fund from any electronic facility we have provided within the last 12 months **and**
- we have not received a contribution or rollover for you within the last 12 months.

Small or insoluble lost member accounts

A lost member account is also taken to be unclaimed super money if either:

- the balance of the lost member account is less than \$6,000 (small lost member account) or
- the lost member account has been inactive for 12 months and we are satisfied that it will never be possible to pay the benefit to the member (insoluble lost member account).

Unclaimed benefits

Your superannuation may be treated as unclaimed money if you:

- have reached age 65 and we have not received an amount on your behalf for at least two years and five years have passed since we last had contact with you or
- were a temporary resident who has permanently departed Australia and you did not claim your benefits within six months of the later of the date of your departure or your visa ceasing to be effective (except if you are an Australian or New Zealand citizen). We will make all reasonable efforts to contact you in such circumstances, however, it is important that you notify us of any changes to your details.

Superannuation and family law

The law allows for superannuation benefits to be split between you and your spouse (including a de facto spouse of the same or different sex) in the case of legal separation or divorce. Under the law, we may be required to:

- provide certain information about your superannuation interest to certain eligible persons without notifying you of the request and/or
- 'flag' and/or split your superannuation interest according to a superannuation agreement or Family Court order.

Although the Fund's Trust Deed allows us to charge fees for family law related transactions, we currently don't intend to do so and will notify you before any change.

The legal requirements for splitting your superannuation benefit in these circumstances are complex and effecting a split of your superannuation interest may have significant financial and tax consequences for you. We therefore recommend that you seek professional legal, tax and financial advice on how these provisions may affect you.

Bankruptcy

If you are declared bankrupt, we may be required to pay contributions to an administrator in bankruptcy under the direction of a court.

Death benefits

In the event of your death, your benefit will generally be paid to one or more of your dependants and/or to your legal personal representative (ie your estate). The Trust Deed permits you to:

- give a direction (binding nomination—either lapsing or non-lapsing) to the Trustee about the distribution of your death benefit
- nominate your preferred beneficiaries (non-binding nomination) but ultimately leave it to the discretion of the Trustee to decide how your death benefit is to be distributed among your beneficiaries and/or legal personal representative (if the Trustee can't locate any dependants, the benefit may be paid to your legal personal representative).

There are different tax consequences depending on the beneficiaries being a dependant or non-dependant for tax purposes (see 'Tax on death benefits' in the 'Tax' section for details). We recommend that you consult a financial and/or tax adviser before making any nomination.

To make a nomination, indicate this on your 'Super Plan application' form. You must also complete the 'Nomination of beneficiary' form and attach it to your application. You can revoke or amend an existing nomination at any time, or make a new beneficiary nomination, by completing another form and sending it to us.

If you don't make a nomination, the Trustee will use its discretion under the Trust Deed (subject to the law) to determine the beneficiaries and most appropriate method of payment for your death benefit.

We recommend that you obtain professional financial and/or tax advice when determining your estate planning structure.

Binding nominations

A binding nomination binds the Trustee to make payment of your death benefit according to your instructions, provided your nomination is valid and effective under the law and the rules in the Trust Deed.

For a binding nomination to be valid:

- you can only nominate your dependant(s) or your legal personal representative (your estate) as a beneficiary
- your nomination must be made in writing and signed by you in the presence of two witnesses who are over 18 years of age and not named as beneficiaries.

If we have accepted a valid binding nomination to pay one or more dependants or your legal personal representative and that nomination, or a part of it, is no longer valid and effective at the time of death (eg a nominated beneficiary is not still a dependant at the time of death), we will pay the non-valid portion of your death benefit to the remaining eligible nominated beneficiaries in equal share. If there are no eligible nominated beneficiaries, we will pay to your dependant(s) or your legal personal representative (your estate), in our discretion. We will pay the valid portion of your benefit in accordance with that part of your nomination which is valid and effective at the time of death.

You can choose for a binding nomination in the Super Plan to be a lapsing or non-lapsing binding death benefit nomination, as described below.

Lapsing binding nomination

A lapsing binding death benefit nomination must be confirmed every three years to remain effective.

Non-lapsing binding nomination

Because a non-lapsing binding nomination will not automatically lapse, it is important that you periodically review your nomination to ensure you still wish us to pay the person(s) you have nominated. In addition, unlike a lapsing binding nomination, your non-lapsing binding nomination will not automatically become invalid in the event of marriage, remarriage, divorce or any other life-changing event.

Non-binding nominations

A non-binding nomination gives the Trustee an indication of your wishes and will help us to exercise our discretion. However, it doesn't necessarily mean that the benefit will be distributed in this way.

Dependants

For the purpose of paying a death benefit under superannuation law, a dependant includes a:

- spouse
- child
- person who was financially dependent on you at the time of your death
- person who you have an 'interdependency relationship' with.

A member's 'spouse' includes:

- another person (whether of the same sex or a different sex) with whom a member is in a relationship that is registered under relevant law
- another person who, although not legally married to the member, lives with the member on a genuine domestic basis in a relationship as a couple.

A member's 'child' includes:

- an adopted child, stepchild or ex-nuptial child
- a child of the member's spouse
- someone who is a child of the member under family law.

Two people have an 'interdependency relationship' if:

1. they have a close personal relationship and
2. they live together and
3. one or each of them provides the other with financial support and
4. one or each of them provides the other with domestic support and personal care.

If a close personal relationship exists but the other requirements for interdependency aren't satisfied because of a physical, intellectual or psychiatric disability, then there is also an interdependency relationship.

Note: The definition of dependant for tax purposes is different (see 'Tax on death benefits' in the 'Tax' section for more information).

Investments and social security

Your investment in the Fund may affect your social security or pension entitlements. The calculations are complex so we recommend that you seek advice from your financial or tax adviser, or use the Financial Information Service provided by Services Australia.

Trust Deed

The Trust Deed dated 26 May 1995 (as amended from time to time) and the law govern the operation of the Fund and the rights and obligations of members and the Trustee.

The Trust Deed is available at www.perpetual.com.au/wealthfocus-super-updates or you can obtain a copy without extra charge on request.

In the event of any conflict between the terms of the PDS (including incorporated information) and the terms of the Trust Deed and relevant law, the provisions of the Trust Deed and relevant law will prevail. The Trustee reserves the right to amend the terms and conditions of the Fund, a product and/or any available account in accordance with the provisions of the Trust Deed and relevant law.

Operational risk financial requirements

The Trustee holds Trustee capital outside the Fund to help satisfy the operational risk financial requirements under superannuation laws and APRA standards. These funds are managed in accordance with the Trustee's Operational Risk Financial Requirement (ORFR) strategy.

The purpose of the Trustee capital held outside the Fund towards satisfaction of the operational risk financial requirements is to provide funding for incidents where losses may arise from operational risk relating to the Fund, part of the Fund or product(s) and to provide funding to address operational risks that cause or could cause a loss to members. The level of Trustee capital is determined by the Trustee based on an assessment of the risks faced by the Fund or its product(s) (as applicable).

Our liability

We can be indemnified from Fund assets for any liability incurred in respect of the Fund unless the liability arises from dishonesty or an intentional failure to exercise the degree of care and diligence required of us or such other act, omission or circumstance specified by the law.

Your superannuation interest

Each unit in an investment option confers a proportional beneficial interest in the relevant investment option. However, you're not entitled to any particular part of the investment option (or the underlying managed fund in which it invests) or the Fund, its assets or its management or operation.

Suspension of applications, switches and withdrawals

In certain emergency situations which impact the effective and efficient operation of a market for an asset held by an investment option or in circumstances where we otherwise consider it to be in members' interests, we may suspend processing all applications, switches or withdrawals for that investment option. This may include situations where:

- we cannot properly ascertain the value of an asset held by the investment option
- an event occurs that results in us not being able to reasonably acquire or dispose of assets held by the investment option
- an underlying managed fund suspends applications and withdrawals
- the law otherwise permits us to delay or restrict processing applications or withdrawals.

Applications, switch or withdrawal requests received during the suspension will be processed using the entry and/or exit price applicable when the suspension is lifted.

Delays in calculating and publishing unit prices

Occasionally there may be delays in receiving unit prices or investment valuations from the underlying specialist investment managers due to their finalisation of distributions or unforeseen circumstances. This restricts our ability to calculate and price the relevant investment option. Importantly, the timing of unit prices impacts processing transactions including applications, withdrawals and switches. When transactions are processed, we'll generally use the applicable unit price you are entitled to, based on the date we received your completed transaction instruction.

Other conditions

A member who appoints an authorised representative and/or uses Perpetual Member Portal or the email facilities (as applicable) to transact or provide instructions to us:

- acknowledges that they are bound by the acts of their authorised representative
- releases, discharges and agrees to indemnify us, PIML and each of our related entities from and against all losses, liabilities, actions, proceedings, accounts, claims and demands arising from instructions we receive under the facility and
- agrees that a payment or purported payment made according to the conditions of the facility shall be in complete satisfaction of our obligations or those of PIML to the investor for a payment, even if it was requested, made or received without the knowledge or authority of the member.

Incorporation by reference

The law allows us to provide certain information to you separately to the PDS, which is taken to be incorporated into the PDS, provided the PDS identifies this additional information and how you can access it.

The following incorporated information forms part of this PDS:

- Investment Menu
- the Insurance Book containing further information relating to insurance cover.

This information is publicly available from www.perpetual.com.au/wealthfocus-super-updates or can be obtained without extra charge by contacting us.

You should also obtain and read this information.

Other documents

The following documents are also publicly available from www.perpetual.com.au/wealthfocus-super-updates, or can be obtained without extra charge by contacting us:

- direct debit request service agreement
- Perpetual Member Portal online access conditions of use
- PIML's privacy policy.

You should also read these other documents if relevant to any features that you've chosen in relation to your investment in the Super Plan.

Applying for an investment

New account

Your initial investment in the Super Plan must be at least \$3,000 (or \$1,500 if you are establishing a savings plan).

To invest in the Super Plan, you should complete the 'Super Plan application' form and send it to us, together with:

- if making a personal **contribution by direct debit** – the completed 'Payment details – initial contribution' section within the application form (we'll debit your initial contribution amount directly from your nominated account once we've accepted your application)
- if you would like to **apply for insurance cover** – the completed 'Insurance cover' section within the 'Super Plan application' form and, if required, the separate 'Insurance application' form included in the Insurance Book
- if you would like to **nominate a beneficiary** – a completed 'Nomination of beneficiary' form (see 'Death benefits' in the 'Additional information' section for further information)
- if you have other superannuation accounts and wish to **consolidate your superannuation into the Super Plan** – a completed 'Transfer authority' form for each external super fund (you can also send this form directly to the other fund if you prefer with a copy of the 'Compliance letter' included in this PDS) – see 'Consolidating your super into the Super Plan' in the 'Superannuation and WealthFocus' section for further information.

If your initial investment is a personal or spouse contribution by BPAY, once we have accepted your application, we will provide a Customer Reference Number (CRN) that you or your spouse can use with the relevant BPAY biller code for the Super Plan to remit the initial investment amount to us.

Refer to 'Your cooling-off rights' in the 'Additional information' section for information on what happens if you change your mind about opening a new account in the Fund.

Lodging your application form

You can lodge your completed 'Super Plan application' form with your financial adviser or post (no stamp required if posted in Australia) to:

Perpetual WealthFocus Super and Pension
Reply Paid 92151
Parramatta NSW 2124

Additional investments

There is no minimum additional investment in the Super Plan. Additional investments will be added to your existing account.

To make an additional investment, you should:

- for **personal contributions by direct debit** – send us a completed 'Application for additional investments and features' form (available from www.perpetual.com.au or by contacting us) and we'll debit your additional contribution amount directly from your nominated account once we've accepted your application
- for **personal or spouse contributions by BPAY** – you or your spouse can simply remit an additional contribution to us, quoting your CRN and the **BPAY biller code** for the relevant type of contribution (see 'BPAY' in the 'Operating your account' section for details)
- for **employer contributions** – all employer contributions (including any salary sacrifice contributions) must be paid by your employer using SuperStream
- for **consolidating other superannuation accounts** into the Super Plan – send us a completed 'Transfer authority' form for each external super fund (you can also send this form directly to the other fund if you prefer with a copy of the 'Compliance letter' included in this PDS) – see 'Consolidating your super into the Super Plan' in the 'Superannuation and WealthFocus' section for further information.

11. Authority to release medical information

Your health information includes details about all your interactions with health providers, and may include details such as your symptoms, treatment, consultations, personal medical history and lifestyle. Health providers cannot release this information about you without your consent.

Consent to Disclose – I consent to AIA Australia and to the Trustee on behalf of AIA Australia, to collect and use my health information to assess my application for cover, to assess and manage my claim, or to confirm the information I gave when I applied for cover or made a claim. AIA Australia will respect your privacy by only asking for the information AIA Australia reasonably need, and will tell you each time your consent is used.

Even if AIA Australia collect information from health providers (such as your General Practitioner), before the insurance starts you must still tell AIA Australia every matter (including about your health) that is relevant to AIA Australia decision about whether to offer you insurance, and if so, on what terms. This is your Duty of Disclosure under the Insurance Contracts Act 1984 (Cth).

Please read each Authority carefully and the explanatory notes below.

Authority 1

Authority 1 explanatory notes – through this Authority, with the exception of a copy of the consultation notes held by your General Practitioner/Practice, you are consenting to any health provider releasing any health information about you in the form we ask for. This may involve, for example:

- preparing a general report and/or a report about a specific condition;
- accessing and releasing your records in SafeScript;
- releasing your hospital patient notes;
- releasing the results of any investigations they have done; and/or
- releasing correspondence with other health providers.

Authority 1 – to release any of my health information except the consultation notes held by my General Practitioner/Practice

With the exception of consultation notes held by any General Practitioner/Practice I have attended, I authorise any health provider, practitioner, practice, psychologist, dentist, allied health services provider or any hospital to access and release, in writing or verbally, any details of my health information to **AIA Australia**, or to third parties they engage.

I agree to all the following:

- My health information can be released in the form **AIA Australia** asks for, such as a general report, a report about a specific condition, my records in SafeScript, any hospital notes, or correspondence between health providers.
- **AIA Australia** can collect, use, store and disclose my personal information (including sensitive information) in accordance with privacy laws and Australian Privacy Principles.
- This Authority is valid only while **AIA Australia** is assessing my claim or application for cover, or is verifying disclosures I made in connection with the cover.
- A copy or transcript of this Authority will be valid and effective, and this Authority should be accepted as valid and effective where I have signed electronically or consented verbally.

Authority 2

Authority 2 explanatory notes – through this Authority, you are consenting to any General Practitioner/Practice you have attended releasing a copy of your full record, including consultation notes, but only if we have asked them to provide a general report and/or a report about a specific condition under Authority 1, and either:

- they will be unable to, or did not, provide the report within 4 weeks;
- or
- the report provided is incomplete, or contains inconsistencies or inaccuracies.

Your General Practitioner maintains consultation notes to support quality care, your wellbeing and to meet legal and professional requirements. General Practitioners/Practices should only release a copy of your full record, including consultation notes, for life insurance purposes in the rare circumstances set out above. If you choose to withhold your consent to this authority, we may not be able to process your application for cover or a claim.

Authority 2 – to release a copy of the full record, including consultation notes, held by my General Practitioner/Practice in specified circumstances

I authorise any General Practitioner/Practice I have attended to release a copy of my full record, including consultation notes, to **AIA Australia**, or to third parties they engage, only if **AIA Australia** has asked them for a report on my health and either:

- the General Practitioner/Practice will be unable to, or did not, provide the report within four weeks; or
- the report is incomplete, or contains inconsistencies or inaccuracies.

I agree to all the following:

- **AIA Australia** can collect, use, store and disclose my personal information (including sensitive information) in accordance with privacy laws and Australian Privacy Principles.
- This Authority is valid only while **AIA Australia** is assessing my claim or application for cover, or is verifying disclosures I made in connection with the cover.
- A copy or transcript of this Authority will be valid and effective, and this Authority should be accepted as valid and effective where I have signed electronically or consented verbally.

The one-off adviser service fee is to be paid as a deduction based on your investment strategy.

Important: Units are redeemed from your account on the day we receive this consent form and the advice fee is paid to your financial adviser the following month. You may withdraw your consent up until the end of the month in which you provide this form. If you do so, the advice fee will be credited to your account at the unit price effective on the date you withdraw your consent. Any instruction received after 3pm will be processed on the following business day.

The maximum one-off fee is 3% of your account balance.

Services provided for the above fee

Services must relate to personal financial advice provided in relation to your Super account.

Please outline or attach the services that the account holder is entitled to receive for the fixed term and/or one-off adviser service fee. These must fall within the range of services listed below. Please indicate below if using an attachment.

Advisers are able to charge adviser service fees for the following services provided in relation to your Perpetual WealthFocus Super Plan account:

- account establishment and commencement
- periodic review of your account
- strategic superannuation advice
- management and administration of your account
- superannuation investment portfolio advice
- superannuation contribution strategy
- insurance in superannuation strategy
- superannuation withdrawal advice and management

We can refuse a request to pay adviser service fees under a fixed term fee arrangement or a one-off fee.

13. Financial adviser use only

Financial adviser details, personal advice and adviser service fee

I declare to the Trustee and the Promoter that:

- my registered business or dealer group (as the case may be) is lawfully authorised to advise on, and deal in, the financial product offered in the PDS under an Australian Financial Services Licence (AFSL). In providing personal advice in relation to the financial product(s) requested under this Application Form, I have considered the Target Market Determination for the financial product(s) as part of providing the personal advice.
- I will advise the Trustee/Promoter in writing when my relationship with my client is terminated.

Where a fixed term adviser service fee has been agreed with the member (see the 'Fixed term adviser service fee' section of this application form):

- I will promptly notify the Trustee in writing if I am no longer entitled to receive the adviser service fee.
- I consent to the Trustee acting as my agent to collect any adviser service fee agreed in the 'Fixed term adviser service fee' section of this application form.
- I confirm that the services to be provided to the account holder for the fixed term fee arrangement or one-off fee arrangement fall within the range of services listed, for which advisers are able to charge adviser service fees.

ADVISER STAMP

14. Declaration and signature (must be completed)

I declare and agree that:

- I have read and understood the Product Disclosure Statement (PDS) and any relevant incorporated material for Perpetual WealthFocus Super Plan and confirm I accept this offer in Australia
- all of the information provided in my application is true and correct
- I have read, understood and agree to be bound by, any additional restrictions in the PDS and any incorporated material and I agree to be bound by the provisions of the Trust Deed (as amended from time to time)
- I have read and understood the privacy disclosure as detailed in the PDS. I consent to my personal information being collected, held, used and disclosed in accordance with the privacy disclosure. I consent to the Trustee disclosing this information to my financial adviser (named in this form) in relation to the investments described in this form. Where the financial adviser named in this form no longer acts on my behalf, I will notify the Trustee of the change
- if I have received the PDS from the internet or other electronic means that I received it personally or a print out of it, accompanied by or attached to this application form
- if applicable, in the case of contributions, that I have read and understood the contribution eligibility rules in the PDS and that I am eligible to make or have contributions made for my benefit and will notify the Trustee if I am no longer eligible
- if I am claiming a personal tax deduction in relation to my contributions, I have:
 - not yet lodged my income tax return for the current year of income
 - not yet commenced a superannuation income stream based in whole, or part, on the contribution.
- where I have agreed to pay my financial adviser an adviser service fee, this fee is for financial advice received relating to my investment in the Super Plan
- I have provided my financial adviser with acceptable identification documentation as described in the following section OR I am not investing through a financial adviser, and therefore have included certified copies of acceptable identification documentation as described in the following section.

I acknowledge and agree that:

- The fixed term adviser service fee specified in the 'Fixed term adviser service fee' section of this form will be deducted for a maximum of 12 months from when the fixed term adviser service fees commences. Consent may be withdrawn (terminating the fixed term adviser service fees arrangement) or varied at any time during the fixed term adviser service fees arrangement by notice in writing to my financial adviser or the Trustee
- The fixed term adviser service fees arrangement may continue where the Trustee is advised by the outgoing AFS licensee or financial adviser that the services under the fixed term adviser service fee arrangement are to be provided by a new AFS licensee or financial adviser and that I have consented to that transfer
- the information contained in the PDS is not investment advice or a recommendation that the Super Plan and/or any investment option is suitable having regard to my investment objectives, financial situation or particular needs
- the Trustee is required to provide information, including my TFN, to the Australian Taxation Office (ATO) and will obtain information from the ATO in relation to my superannuation account
- the Trustee may be required to pass on my personal information or information about my investment to the relevant regulatory authorities, including for compliance with income tax law and the Anti-Money Laundering and Counter-Terrorism Act 2006 or associated regulation and any tax-related requirements for tax residents of other countries
- the Trustee may contact me where required by using the email address provided on the application form. I will notify the Trustee of any change to my email address. I understand that failure to advise such a change may result in me not receiving correspondence relating to my investment
- neither the Trustee, PIML, nor any of their related entities guarantees the repayment of capital or the performance of the Super Plan or any investment option.

Insurance cover

The following declaration is applicable if you are applying for insurance cover.

- The Trustee is the issuer of the insurance benefits provided to members of WealthFocus Superannuation Plan ABN 50 055 641 757. To help meet its obligations in connection for these insurance benefits, the Trustee holds life insurance policies issued by AIA Australia Limited (the insurer) ABN 79 004 837 861 AFSL 230043.
- **Truth and Accuracy** – I hereby declare that to the best of my knowledge and belief and where applicable:
 - all of the answers to questions on this application form are true and accurate and I have not deliberately withheld any information material to the proposed insurance
 - if I am transferring my existing insurance cover from another provider and this information is being provided directly to the insurer, this information is true and accurate at the time of transfer and I have not deliberately withheld any information material to the insurance cover that is being transferred and
 - all information I have provided to the insurer directly is true and accurate and I have not deliberately withheld any information material to the proposed insurance cover.

- **Changes to Contract** – I understand that I must advise the Trustee and insurer of any material change in my health during the period between the application date shown below and the cover commencement date. I understand that my failure to advise of such a change may make the contract of insurance voidable by the insurer.
- **Acceptance of the application** – I note that this application is subject to acceptance by the insurer and that the insurance cover does not commence until I have been advised by the trustee about acceptance of my application.
- **Duty to take reasonable care** – I acknowledge that I have read and understood 'The Duty to take reasonable care' in accordance with the Insurance Contracts Act 1984 as detailed in the PDS.
- **Consent to provide personal health information to my adviser** – I consent to allow the Trustee to provide my financial adviser with any personal health information to assist the trustee and insurer in assessing my application for insurance.

☐ I do not authorise my financial adviser to be provided with any personal health information submitted in relation to my application for insurance.

Before you sign this application form, the Trustee or your financial adviser is obliged to give you a PDS (which is a summary of important information relating to the Super Plan). The PDS will help you understand the product and decide if it is appropriate to your needs.

Nomination of beneficiary

Use this form to make a nomination of beneficiary for your superannuation benefits to be paid upon your death. This is an optional feature.

Please complete all pages of this form in black ink using BLOCK letters. Mark boxes with an (X) where applicable.

1. Personal details

Title Mr ☐ Mrs ☐ Miss ☐ Ms ☐ other first name(s) last name member number	If you have more than one account held in Perpetual WealthFocus Super Plan and Pension Plan, please list the member numbers that this nomination applies to below. ☐ This nomination is to apply to all my existing Perpetual WealthFocus Super Plan and Pension Plan accounts, or ☐ This nomination applies to the member numbers listed below: <table border="1"><tr><td> </td><td> </td><td> </td><td> </td><td> </td><td> </td><td> </td><td> </td><td> </td><td> </td></tr><tr><td> </td><td> </td><td> </td><td> </td><td> </td><td> </td><td> </td><td> </td><td> </td><td> </td></tr><tr><td> </td><td> </td><td> </td><td> </td><td> </td><td> </td><td> </td><td> </td><td> </td><td> </td></tr></table>																														

2. Nomination

We offer the following options for nominating a beneficiary to receive your superannuation benefit in the event of your death:

- A valid **binding nomination** is a legal instruction, whereby the Trustee is legally obligated to pay your superannuation benefits according to the binding nomination.
 - A **non-lapsing binding nomination** does not expire (it will continue until further instructed).
 - A **lapsing binding nomination** is valid for three years after it was signed by the member. A new form must be signed and delivered to the Trustee if you wish to continue your nomination. If no valid nomination is made the Trustee will pay your benefit to a dependant(s) or your Legal Personal Representative. Your binding lapsing nomination will also cease to have effect if you subsequently marry, remarry or divorce.

To be effective, you must sign your binding nomination before two witnesses who are each at least 18 years old, and who are not nominated as a beneficiary.

- A **non-binding nomination** is simply your recommendation to the Trustee as to whom it may pay your superannuation benefit. It is not binding on the Trustee, and the Trustee will use discretion when determining who to pay benefits to. This type of nomination does not require witness signatures.

Nomination type: ☐ non-lapsing binding ☐ lapsing binding ☐ non-binding
(only choose one)

IMPORTANT – before you complete the following table:

- If this **nomination requires witnessing**, please post this form as we need an **original form** – please do **not** send via email.
- To establish a valid nomination ensure **no alterations** are made on this form.
- Column **D in the table (Share of death benefit)** must total 100%.
- You can nominate your legal personal representative or one or more of your dependants as defined under Superannuation Law.

If you have insufficient room to list all beneficiaries, please complete an additional 'Nomination of beneficiary form' and attach to this form.
