

PERPETUAL GLOBAL SHARE FUND - INVESTMENT APPROACH | PERPETUAL

15/03/2015

Around 98% of investment opportunities are located outside Australia. That's a world of opportunity for Australian investors. But with the world to choose from, how can you be sure you're investing in the cream of the crop?

The answer is the Perpetual Global Share Fund – a hand-picked concentrated portfolio of 20 - 40 high quality stocks. Companies are chosen for their long-term investment potential and attractive valuations.

Watch Garry Laurence, Portfolio Manager of the Perpetual Global Share Fund, explain how our investment in NASDAQ – a stock which has more than doubled in value since purchase – exemplifies the Fund's investment approach.
