About the Perpetual Global Innovation Share Fund (Managed Fund) (ASX: IDEA)

The Perpetual Global Innovation Share Fund (Managed Fund) (ASX: IDEA) aims to provide investors with long term capital growth by investing in an actively managed portfolio of 20 – 60 global companies that are benefiting from changes in technology and innovation.

Perpetual's experienced Investment Team believes that the market is often inefficient at pricing companies where rapid change is occurring. Focusing on understanding new innovations early provides the Investment Team the opportunity to exploit that inefficiency to find undervalued and underappreciated companies.
