# DIRECTORS' MESSAGE

Dear Member

On behalf of the Trustee of Perpetual Super Wrap (Fund), we are pleased to present the Fund's Annual Report for the year ended 30 June 2019. The Fund consists of the following products:

- Perpetual Private Super Wrap (Super Wrap) and
- Perpetual Private Pension Wrap (Pension Wrap).

This Report should be read in conjunction with your Annual Statement for the year ended 30 June 2019, which details your specific benefit entitlements under the Fund.

This Report brings you up to date with relevant details relating to the Fund. It also provides information on important changes in the superannuation environment (see pages 2-3 for details).

The Super Wrap and Pension Wrap enable you to access a broad range of investments so with the help of your financial adviser you can tailor an investment strategy to suit your own circumstances and objectives.

If you are a Super Wrap member and have other superannuation accounts you may like to consider consolidating them into your Super Wrap account. This should make it easier to keep track of your superannuation and may save you on total fees and costs. To request a Rollover Authority form, please contact your adviser or phone us on 1800 099 265. We recommend you speak with your financial adviser about whether this is appropriate for you.

Thank you for entrusting us to look after your superannuation and retirement savings.

Directors, Perpetual Superannuation Limited

# SUPERANNUATION CHANGES

## INDEXATION OF SUPERANNUATION LIMITS AND THRESHOLDS

The following superannuation limits and thresholds have been set by the Australian Taxation Office (ATO) for the 2019/2020 financial year.

LIMIT/THRESHOLD	2018/2019	2019/2020
Concessional contributions cap	\$25,000 <sup>1</sup>	\$25,000 <sup>1</sup>
Non-concessional contributions cap	\$100,000 <sup>2</sup>	\$100,000 <sup>2</sup>
Government co-contribution <sup>3</sup> :		
Lower income threshold	\$37,697	\$38,564
Higher income threshold	\$52,697	\$53,564
Limit on capital gains tax concession on disposal of eligible assets by qualifying small business owners <sup>4</sup>	\$1,480,000	\$1,515,000
Low-rate cap <sup>5</sup> for the taxable component of lump sum benefit payments where members have reached their preservation age but before age 60	\$205,000	\$210,000
Income stream total account balance limit <sup>6</sup>	\$1,600,000	\$1,600,000

## TAX ON BENEFITS PAID TO MEMBERS

When a superannuation benefit is received, it may include both tax-free and taxable components, calculated in the same proportions as the total account balance immediately before the payment.

The taxable portion of any superannuation lump sum or pension benefit is subject to tax depending on your age when received, as shown in the following tables.

### TAX ON SUPERANNUATION LUMP SUM BENEFIT PAYMENTS

COMPONENT	AGE BENEFIT RECEIVED	TAX TREATMENT
<b>Tax-free<sup>7</sup></b>	Any age	Tax-free
<b>Taxable<sup>8</sup></b>	Before reaching your preservation age <sup>9</sup>	Taxed at 20% <sup>10</sup>
	After reaching your preservation age <sup>9</sup> but before age 60	2018/2019 financial year: First \$205,000 <sup>5</sup> is tax-free and the balance taxed at 15% <sup>10</sup>
		2019/2020 financial year: First \$210,000 <sup>5</sup> is tax-free and the balance taxed at 15% <sup>10</sup>
	On or after reaching age 60	Tax-free

### TAX ON SUPERANNUATION PENSION BENEFIT PAYMENTS

COMPONENT	AGE BENEFIT RECEIVED	TAX TREATMENT
<b>Tax-free<sup>7</sup></b>	Any age	Tax-free
<b>Taxable<sup>8</sup></b>	Before reaching your preservation age <sup>9</sup>	Taxable at marginal tax rate <sup>10</sup>
	After reaching your preservation age <sup>9</sup> but before age 60	Taxable at marginal tax rate <sup>10</sup> , less 15% pension offset
	On or after reaching age 60	Tax-free

- This amount will be indexed in line with Average Weekly Ordinary Time Earnings (AWOTE) once the increase in the indexed amount is greater than \$2,500. Members with a total superannuation balance of less than \$500,000 on 30 June of the previous financial year who have not fully utilised their concessional contributions cap in the 2018/2019 or subsequent financial years will be able to carry forward the unused cap amounts on a rolling five consecutive year basis to make additional concessional contributions. The 2019/2020 financial year is the first time that additional concessional contributions can be made.
- The non-concessional contributions cap is four times the general concessional contributions cap. Members with a total superannuation balance of \$1.6 million or more on 30 June of the previous financial year will not be eligible to make non-concessional contributions in that financial year. Members under age 65 will be eligible to bring forward two or three years of non-concessional contributions depending on their total superannuation balance.
- The co-contribution rate is 50%, with a maximum \$500 co-contribution on personal non-concessional contributions up to \$1,000 made by individuals with a total income up to the lower income threshold, which reduces by 3.333 cents for every \$1 of total income up to the higher income threshold where it ceases to apply. The higher income threshold is set at \$15,000 above the (indexed) lower income threshold. Members must have a total superannuation balance less than \$1.6 million on 30 June of the previous financial year and cannot exceed their non-concessional contributions cap in the relevant financial year to be eligible to receive co-contributions.
- The capital gains tax concession is a lifetime limit and will be indexed in line with AWOTE in multiples of \$5,000.
- The low-rate cap is a lifetime limit and will be indexed in line with AWOTE in multiples of \$5,000.
- A transfer balance cap applies to the total amount of accumulated superannuation that a member can transfer into the retirement (income stream) phase. The general transfer balance cap will be indexed in line with the Consumer Price Index (CPI) in \$100,000 increments.
- Includes non-concessional contributions and Government co-contributions from 1 July 2007 (plus the former undeducted contributions, pre-July 1983 (amount fixed as at 30 June 2007), post-June 1994 invalidity, CGT exempt and concessional components).
- Includes concessional contributions from 1 July 2007 (plus the former post-June 1983 (taxed) and excessive components).
- Please refer to the 'Preservation age' table below for details.
- Plus Medicare levy.

### PRESERVATION AGE

DATE OF BIRTH	PRESERVATION AGE
Before 1 July 1960	55
1 July 1960 to 30 June 1961	56
1 July 1961 to 30 June 1962	57
1 July 1962 to 30 June 1963	58
1 July 1963 to 30 June 1964	59
After 30 June 1964	60

## INTRODUCTION OF 'PROTECTING YOUR SUPER' INITIATIVES

### EXIT FEES

From 1 July 2019, a ban on exit fees applies for all super accounts.

### ANNUAL FEE CAP

From 1 July 2019, if your account balance is less than \$6,000 at the end of the financial year or upon closure, the total combined amount of administration fees, investment fees and indirect costs charged to you is capped at 3% of the account balance. Any amount charged in excess of that cap must be refunded.

### TRANSFER OF INACTIVE LOW-BALANCE ACCOUNTS TO THE ATO

From 1 July 2019, inactive low-balance accounts must be transferred to the ATO.

Please refer to 'Inactive low-balance accounts' on page 10 for further information.

### CESSATION OF INSURANCE COVER ON INACTIVE ACCOUNTS

From 1 July 2019, insurance cover must be cancelled if your account remains inactive for a continuous period of 16 months unless you have elected in writing to keep your cover. For this purpose, an account is deemed 'inactive' if it has not received any contribution (including insurance benefit or transfer/rollover from another superannuation fund) for a continuous period of 16 months.

We will notify you once we have not received a contribution for 9, 12 and 15 months. If you would like to maintain your insurance cover, **before** your account becomes inactive for a continuous period of 16 months, you must do one of the following:

- make a contribution to make your account 'active'
- set up a savings plan to make regular personal contributions to your account so that your account will not be deemed to be inactive in the future
- complete and return the 'Insurance election form', which we'll also provide with our notification, to permanently opt-in for insurance cover (unless you subsequently advise otherwise).

Otherwise, we are required to cancel your insurance cover after the end of the period for which premiums have been paid once your account becomes inactive for a continuous period of 16 months.

### OPT-IN INSURANCE

In its 2018 Budget, the Government announced an extensive package of reforms as part of its 'Protecting Your Super' package. These included making insurance within superannuation opt-in for accounts with balances of less than \$6,000 and new accounts for members under 25 years of age, with effect from 1 July 2019.

The requirement for superannuation fund trustees to offer insurance to members on an opt-in (rather than opt-out) basis will now apply from 1 April 2020.

## FEDERAL BUDGET 2019-20 – PROPOSED CHANGES AFFECTING SUPERANNUATION

On 2 April 2019, the Federal Government announced as part of its Budget the following proposed changes affecting superannuation which, if implemented through the passing of appropriate supporting legislation, could impact some members.

### CHANGES TO THE WORK TEST AND 'BRING FORWARD' RULES FOR SUPERANNUATION CONTRIBUTIONS

Currently, a person aged 65 to 74 can only make personal contributions or have voluntary contributions made by their employer on their behalf (eg salary sacrifice) if they meet the work test, which requires that they work a minimum of 40 hours in a period of no more than 30 consecutive days during the financial year.

From 1 July 2020, persons aged 65 and 66 will also be eligible for both concessional and non-concessional voluntary contributions without meeting the work test. This change will align the age from which the work test applies with the eligibility age for the Age Pension, which is scheduled to reach age 67 from 1 July 2023.

Access to the 'bring forward' arrangements, which currently allow those under age 65 to make up to three years' worth of non-concessional contributions (which are otherwise capped at \$100,000 a year) in a single year, will also be extended to those aged 65 and 66.

### SPOUSE CONTRIBUTIONS

Currently, members aged 70 years or over are ineligible to receive contributions made by their spouse on their behalf. The Government has indicated that, from 1 July 2020, it will increase the age limit for spouse contributions to age 74.

# PRODUCT UPDATE

## REISSUE OF PRODUCT DISCLOSURE STATEMENT (PDS)

The PDS was reissued on 1 April 2019.

You can download the current PDS (including any PDS updates), together with any incorporated documents, from our website or obtain a copy, free of charge, by contacting us, your adviser or account manager.

The following noteworthy changes are reflected in the PDS.

## CHANGES REFLECTED IN CURRENT PDS

### INVESTMENT OPTION CLASSIFICATIONS

The investment option classifications have been reviewed and the current PDS reflects changes to:

- asset class and classification titles
- investment objectives
- investment strategy benchmarks
- Standard Risk Measure (SRM)
- asset allocation/ranges.

Full details, as reflected in the current PDS, are reproduced in the 'Investment option classifications' tables on pages 5-8 of this Report.

### TRADING ASX LISTED SECURITIES ONLINE THROUGH PLATFORM BROKERS

Perpetual Trustee Company Limited ABN 42 000 001 007, AFSL 236643 (PTCo) has appointed The Trust Company (UTCCL) Limited ABN 35 008 426 784, AFSL 235170 (UTCCL) to arrange the securities trading services provided to the Fund by platform brokers. UTCCL is a wholly owned subsidiary of Perpetual Limited ABN 86 000 431 827 and part of the Perpetual Group.

## FEES AND COSTS

### GENERAL

The PDS now more clearly differentiates between:

- the fees and costs we charge for the Super Wrap and Pension Wrap
- additional fees and costs charged by product issuers for any accessible financial products you choose to hold under the Super Wrap and Pension Wrap (eg management and transaction costs payable to product issuers for any managed investments you may choose from our investment menu).

### CONTRIBUTION, EXIT AND SWITCHING FEES

From 1 April 2019, contribution, exit and switching fees ceased to apply for all new and existing members.

## FEES AND COSTS FOR TRADING ASX LISTED SECURITIES

### ONLINE TRADES THROUGH PLATFORM BROKERS

When you open your account, a broker from our current approved panel is assigned by UTCCL as the platform broker authorised to purchase and sell ASX listed securities on your account. You authorise your adviser to request these trades on your behalf. Whenever your adviser requests a trade for you, UTCCL will arrange for its execution by your assigned platform broker. UTCCL will charge a trading fee<sup>1</sup> of up to 0.33% of the value of the trade to cover all costs associated with arranging and executing the trade, including UTCCL's administration costs and the platform broker's brokerage charges.

1 Neither we nor PTCO receives any portion of this fee.

### TRADES USING OTHER BROKERS

If you trade ASX listed securities via an authorised external broker, you and your adviser may be able to negotiate brokerage fees and costs directly with that broker. You should contact these brokers for information on the fees and costs applicable for their service.

### PERPETUAL CASH ACCOUNT

Total Perpetual Cash Account balances are invested via the custodian in bank or other interest-bearing deposits with Macquarie Bank Limited ABN 46 008 583 542, AFSL 237502 (MBL). A net margin of up to 1.5% pa is paid by MBL to PTCO, being the difference between the interest received on those deposits and the rate of return published by PTCO for payment on Perpetual Cash Account balances.

### ENQUIRIES AND COMPLAINTS

The PDS reflects the replacement of the Superannuation Complaints Tribunal (SCT) with the Australian Financial Complaints Authority (AFCA) as the external dispute resolution scheme to which you can refer complaints that remain unresolved after having dealt with our internal complaints process.

For further information about AFCA, including contact details, please refer to 'Enquiries and complaints' on page 10.

### UNITED KINGDOM (UK) PENSION TRANSFERS

Since we can no longer accept transfers of UK pension money due to legislative changes in the UK affecting the Australian Qualifying Recognised Overseas Pension Scheme (QROPS), this feature has been removed from the PDS.

# INVESTMENT INFORMATION

## TRUSTEE'S INVESTMENT OBJECTIVE

The Trustee's investment objective is to provide a range of investment options within which all members can select investments that are suitable for their personal circumstances at any particular time.

## INVESTMENT OPTIONS

The investment options available through the Super Wrap and Pension Wrap are listed in the following 'Investment option classifications' table.

By investing your superannuation through the Super Wrap and Pension Wrap you have access to an extensive range of investments, including managed investments, ASX listed securities and term deposits.

## DERIVATIVES

Some of the managed funds available through the Super Wrap may use derivatives in managing their assets. The investment manager may use derivatives in the implementation of the investment strategy, which could include (but is not limited to) for:

- hedging against market or foreign currency exposures
- transactional efficiencies
- gaining indirect exposure to a financial asset.

Derivatives, however, may generally not be used for speculation or leverage.

Please refer to the current product disclosure statements or other relevant offer documents issued by the product issuers for further details about how derivatives may be used for each of the underlying managed funds.

**INVESTMENT OPTION CLASSIFICATIONS (CONTINUED)**

ASSET CLASS	INVESTMENT OPTION CLASSIFICATION	INVESTMENT OBJECTIVE (BEFORE TAX AND FEES)	INVESTMENT STRATEGY/ TYPICAL BENCHMARK	STANDARD RISK MEASURE (SRM) <sup>1</sup> / RISK PROFILE	REPRESENTATIVE ASSET ALLOCATION	
					ASSET CLASS	ALLOCATION (RANGES)
Listed securities	Listed securities – Australian securities	To provide investors with a growth investment return from exposure to companies listed on the Australian Securities Exchange (ASX). This strategy may provide additional returns by investing in Australian companies that declare partially or fully franked dividends.	Investors using this strategy can expect to experience short to medium term fluctuation in the value of their investment.  There is a high likelihood of a negative return in a given short term investment period.	7 – Very high	Listed Australian securities	100% (100%)
	Listed securities – interest rate securities	To provide investors with a regular income stream above the cash rate over the short to medium term.	Suitable for investors seeking a regular income yield above the cash rate and seeking short to medium term volatility in their capital value.	5 – Medium to high	Listed interest rate securities	100% (100%)
Term deposits	Term deposits	To provide investors with an agreed rate of interest over a fixed amount of time, generally up to five years.	Suitable for investors seeking low risk and a set return for a pre-determined period.	1 – Very low	Term deposits	100% (100%)

- 1 The SRM is based on industry guidance to allow members to compare investments that are expected to deliver a similar number of negative annual returns over any 20 year period, as follows.

RISK BAND	RISK LABEL	ESTIMATED NUMBER OF NEGATIVE ANNUAL RETURNS OVER ANY 20 YEAR PERIOD
1	Very low	Less than 0.5
2	Low	0.5 to less than 1
3	Low to medium	1 to less than 2
4	Medium	2 to less than 3
5	Medium to high	3 to less than 4
6	High	4 to less than 6
7	Very high	6 or greater

The SRM is not a complete assessment of all forms of investment risk, for instance it does not detail what the size of the negative return could be or the potential for a positive return to be less than a member may require to meet their objectives. Further, it does not take into account the impact of administration fees and tax on the likelihood of a negative return.

The SRMs for the investment options may change over time for various reasons, including as a result of reviews of the underlying capital market assumptions that are used in their calculation and future changes to asset allocations by the investment managers. Any changes to SRMs at any time will be available at our website.

Members should still ensure they are comfortable with the risks and potential losses associated with their chosen investments.

## INVESTMENT MENU

You can spread your account across an extensive range of investment options and investment managers.

Your adviser will provide you with the investment menu and recommend an appropriate investment strategy to suit your needs and risk profile.

You must read the product disclosure statements for any managed investments you are considering. These will be provided by your adviser free of charge.

## ADDITION AND REMOVAL OF INVESTMENT OPTIONS

Our investment menu is reviewed regularly and is likely to vary over time where we believe it is in the best interests of members to do so.

Where possible, to allow you and your adviser time to adjust to variations to the investment menu, we will give advance notice of such a variation affecting your investment and the choice of retaining or disposing of that investment.

In adding or removing investment options to or from the investment menu, we do not take any liability for any movement in asset price or costs as they relate to delays in admitting or removing the investment nor do we make any representations as to the suitability of the investment either generally or for your personal circumstances.

The current investment menu at any time is available at our website or can be obtained, without charge, from your adviser.

## TRUSTEE INVESTMENT LIMITS

Some restrictions have been placed on certain types of investments available.

Investment limits are detailed in a separate document which is available at our website or can be obtained, without charge, from your adviser.

These restrictions are designed to reduce the potential for losses by encouraging diversification and to ensure adequate liquidity to meet payments and satisfy regulatory requirements. Please note that limits do not eliminate the risk of large losses or insufficient liquidity.

We may change investment limits and may also place additional limits upon individual investments within each investment option at any time. If we determine that investment limits are to be added, withdrawn or amended we will endeavour to provide you and/or your adviser with advance notice of the change, however, this may not be possible in all circumstances.

## ASSET ALLOCATION

The following table shows how the Fund was invested across different asset classes. Term deposits are classified as cash and ASX listed securities are classified as Australian shares.

Where a managed fund invests across a number of asset classes, we treat the asset allocation based on a 'look through basis' using the individual asset allocations either provided by the investment managers directly or sourced from a third party. Asset allocations for managed funds can vary over time within ranges specified by the individual product issuers, as detailed in their product disclosure statements.

ASSET CLASS	30 JUNE 2018	30 JUNE 2019
Cash	8.1%	16.8%
Australian fixed income	18.3%	9.2%
International fixed income	0.3%	11.9%

## INVESTMENT PERFORMANCE

You should refer to your Annual Statement for the year ended 30 June 2019 for details of investment performance relating to your chosen investments.

# FUND INFORMATION

## THE FUND

Membership of the Fund was first offered in April 2012.

The Fund is a regulated superannuation fund under the Superannuation Industry (Supervision) Act 1993 (SIS). The Trustee operates, and intends to continue to operate, the Fund as a complying superannuation fund.

## INDEMNITY INSURANCE

The Fund is covered by professional indemnity insurance under arrangements implemented by the Trustee's parent company, Perpetual Limited.

## TRUST DEED

The trust deed dated 30 September 2011 (as amended) is a legal document that sets out the provisions governing the operation of the Fund and the rights and obligations of members and the Trustee. The Trustee is responsible for ensuring that the Fund operates according to the trust deed and the accompanying rules, and that the Fund complies with all relevant laws.

Members may inspect the trust deed at any time at our website or by arrangement with us.

## ENQUIRIES AND COMPLAINTS

We have arrangements for dealing with your enquiries and complaints. If you have a complaint, contact your adviser and discuss your enquiry or complaint with them.

If you are not satisfied with the result, you may telephone us on 1800 099 265 or write to us at:

Complaints Officer  
Perpetual Private Super Wrap  
GPO Box 5230  
Sydney NSW 2001.

We aim to respond to enquiries or complaints as soon as possible and ordinarily within 45 days of receipt.

If you're not happy with a Trustee decision that affects you, and your complaint has not been resolved to your satisfaction or remains unresolved after 90 days, you may refer it to the Australian Financial Complaints Authority (AFCA). AFCA is the external dispute resolution scheme established by the Commonwealth Government to deal with complaints from consumers in the financial system. AFCA provides a **free** service for consumers.

Contact details for AFCA are as follows:

**Phone** 1800 931 678

**Email** info@afca.org.au

**Website** www.afca.org.au

**Mail** Australian Financial Complaints Authority  
GPO Box 3, Melbourne VIC 3001

## SUPERANNUATION BENEFIT TRANSFERS TO THE ATO

We are required by law to transfer the following superannuation benefits to the ATO:

- inactive low-balance accounts
- lost member accounts
- unclaimed benefits.

After payment to the ATO, we are discharged from any further liability for payment of the benefit.

You can consolidate superannuation benefits transferred to the ATO into an active superannuation account through your myGov account. Alternatively, the ATO is required to pay any superannuation amounts it holds into an active superannuation account held by the member where the consolidated balance will be \$6,000 or more.

Interest will be paid at a rate equivalent to CPI inflation from 1 July 2013 on all superannuation benefit amounts reclaimed from the ATO.

## INACTIVE LOW-BALANCE ACCOUNTS

An inactive low-balance account is an account with a balance of less than \$6,000 where the member has had no contributions for 16 months and where the member has **not**:

- made changes to their investment option(s)
- made changes to their insurance cover
- made or amended a binding beneficiary nomination or
- confirmed that they want their account to remain with their super fund by providing the fund with a completed 'Inactive low-balance accounts – Authorising your fund to provide a written declaration to the ATO' form (available from the ATO website) at least 30 days before the relevant date for reporting relevant accounts to the ATO (see below for details).

Inactive low-balance accounts must be identified as at 30 June and 31 December each year and reported to the ATO on the following 31 October and 30 April respectively. The balances of those accounts remaining inactive at that time must then be transferred to the ATO.

## LOST MEMBER ACCOUNTS

You will be considered a lost member in the Fund if you are uncontactable if:

- either:
  - the Fund has never had an address (whether non-electronic or electronic) for you
- **or**
- at least one written communication (whether non-electronic or electronic) has been sent to your last known address (or addresses) and we believe, on reasonable grounds (eg communication returned unclaimed), that you can no longer be contacted at any address known to us **and**

- you have not contacted us (whether by written communication or otherwise) within the last 12 months **and**
- you have not accessed details about your interest in the Fund from any electronic facility we have provided within the last 12 months **and**
- we have not received a contribution or rollover for you within the last 12 months.

### **SMALL OR INSOLUBLE LOST MEMBER ACCOUNTS**

A lost member account is also taken to be unclaimed super money if either:

- the balance of the lost member account is less than \$6,000 (small lost member account) or
- the lost member account has been inactive for 12 months and we are satisfied that it will never be possible to pay the benefit to the member (insoluble lost member account).

### **UNCLAIMED BENEFITS**

Your superannuation may be treated as unclaimed money if you:

- have reached age 65 and we have not received an amount on your behalf for at least two years and five years have passed since we last had contact with you or
- were a temporary resident who has permanently departed Australia and you did not claim your benefits within six months of the later of the date of your departure or your visa ceasing to be effective (except if you are an Australian or New Zealand citizen). We will make all reasonable efforts to contact you in such circumstances, however, it is important that you notify us of any changes to your details.

### **ABRIDGED FINANCIAL INFORMATION**

The general purpose financial report for the Fund has been prepared in accordance with the requirements of the trust deed, the accounting and disclosure requirements of AASB 1056 Superannuation Entities, other applicable accounting standards, the requirements of SIS and other relevant legislative requirements.

Abridged financial statements are provided in Appendix 1 for the information of members. Copies of the full audited financial statements and auditor's report are available upon request.

### **VALUE OF YOUR ACCOUNT**

The value of your account is the aggregate net value of your investments, including your Perpetual Cash Account, after the deduction of fees, taxes and charges. The information below is a guide on how different investments are valued and what will be reported. Accrued fees and taxes are not reflected on your portfolio valuation report.

### **PERPETUAL CASH ACCOUNT**

Returns are distributed to your Perpetual Cash Account monthly. Accrued returns are not reported on your account until they are paid.

### **TERM DEPOSITS**

The value of a term deposit is determined by the amount initially invested. Interest is reported when the term deposit has matured and the interest has been paid.

### **MANAGED INVESTMENTS**

When you invest in a managed investment, the number of units allocated to you depends on its unit price and the amount you invest. Each managed investment will have a unit price set by the product issuer. The unit price that you receive is determined by the product issuer, and generally reflects the value of the managed investment's assets after deducting the product issuer's fees, expenses and transaction costs. The value of your managed investments will be the number of units held by you multiplied by the redemption unit price set by the product issuer. Further details are available in the product disclosure statement for each managed investment.

Managed investment distributions will not be accrued on your account valuation after they have been declared by the product issuer and will only be credited and reported once received by us.

### **ASX LISTED SECURITIES (EXCLUDING INSTALMENT WARRANTS)**

Listed securities are valued at their last available closing price on the ASX. If no trades have occurred for a security during the day, the last traded price will be used.

### **INSTALMENT WARRANTS**

The valuation price used to value instalment warrants is generally more reflective of an instalment warrant's value as the last available closing price may be several days old but the underlying security's value may have increased or decreased substantially. The valuation price would be expected to better reflect the instalment warrant price once the next trade in this security is made.

### **CHANGES IN METHODS FOR VALUING ASSETS**

At our discretion, we may change the method by which we value an asset. For example, where a method becomes available which reflects more accurately the fair value of these assets, we may select to use this method. Where a particular asset we believe is not fairly valued using the standard methods described above, we may report a value that we believe reflects a more accurate value.
