PERPETUAL ETHICAL SRI FUND

The Perpetual Ethical SRI Fund is a specialist Australian equity strategy that invests in a diversified selection of ethical and socially responsible companies.

It is designed for investors who seek attractive long-term returns by investing in companies that match their own personal social, environmental and ethical preferences.
ABOUT THE FUND
The Perpetual Ethical SRI Fund is an actively managed fund, targeting long-term capital growth and income through investment in quality shares of ethical and socially responsible companies.

This means the Fund does not invest in companies that derive a material proportion of their revenue from the manufacture or sale of generally ethically unacceptable products and services. Nor does it invest in companies that fail our socially responsible investing (SRI) screen.

With a focus on finding the best opportunities, the Fund can invest in a broad range of companies, including those not held in the S&P/ASX 300 Index. The ability to invest in smaller companies provides another potential source of returns.

HOW DOES THE FUND FIT INTO A WELL-BALANCED PORTFOLIO?
The Perpetual Ethical SRI Fund has been designed for investors who seek to generate strong long-term returns through investing in high-quality, ethical and socially responsible companies.

It has the flexibility to suit a core or satellite role in an Australian share portfolio.

The Fund’s small to mid-cap bias could complement an existing Australian equity portfolio that is concentrated in large cap holdings.
