

PERPETUAL PURE CREDIT ALPHA FUND

Supplementary Product Disclosure Statement

ABOUT THIS SUPPLEMENTARY PRODUCT DISCLOSURE STATEMENT

This Supplementary Product Disclosure Statement number 1 (SPDS1) is to be read in conjunction with Product Disclosure Statement issue number 3 dated 1 May 2017 (PDS) for Perpetual Pure Credit Alpha Fund.

From 9 July 2018, the Product Disclosure Statement for Perpetual Pure Credit Alpha Fund comprises:

- the PDS
- this SPDS1.

PURPOSE OF THIS SPDS1

The purpose of this SPDS1 is to:

- update the Fund's investment guidelines to allow for a higher maximum exposure of 18% (previously 15%) to illiquid assets
- update relevant tax-related disclosures following our election into the Attribution Managed Investment Trust (AMIT) regime for the Fund for the 2017/2018 and subsequent financial years
- provide updated information relating to complaints, including details of the Australian Financial Complaints Authority (AFCA), which is the new external dispute resolution scheme that will replace the Financial Ombudsman Service (FOS) from 1 November 2018.

ABOUT THE FUND

KEY FEATURES RELATING TO THE FUND

The first sentence under the 'Details' column for the 'Liquidity' row in the 'Key features relating to the Fund' table on page 4 of the PDS is deleted and replaced with the following sentence.

Since the Fund has a maximum limit of 18% for investments in illiquid assets, under normal market conditions we expect that at least 80% of the Fund's assets could be liquidated at market value within 10 days.

FUND PROFILE

INVESTMENT GUIDELINES

The 'Investment guidelines' row in the 'Fund profile' table on page 5 of the PDS is deleted and replaced with the following details.

Investment guidelines⁴	Investment grade ⁵ debt	50-100%
	Sub-investment grade ⁶ / non-rated debt	0-50%
	Equity	0-15%
	Illiquid assets ⁷	0-18%
	Gearing level ⁸	0-50%

- 4 This provides an indication of what the Fund will invest in. You can obtain information on the actual asset allocations (updated as at the end of each month) at our website or by contacting us.
- 5 Investment grade is a term given to debt securities that have a high probability of payment of interest and repayment of principal.
- 6 Sub-investment grade is a term given to debt securities where there is a higher risk that the issuer may not be able to meet interest payments or the repayment of principal if difficult conditions arise. The Fund predominantly invests in investment grade debt securities, but we may increase our sub-investment grade exposure under favourable economic conditions. Sub-investment grade debt securities may include, but are not limited to, private debt, hybrids and collateralised loan obligations.
- 7 Illiquid assets are defined as assets within the above allocations that have no readily available secondary market, such as certain types of corporate loans.
- 8 The gearing level is the Fund's borrowings divided by the total gross value of assets. It will depend on the present levels and future expectation of the Fund's net income (income after fees and expenses).

OPERATING YOUR ACCOUNT

DISTRIBUTIONS

The following new paragraph is added to the end of the 'All investors' sub-section on page 14 of the PDS.

As the Fund has elected into the AMIT regime, there may be implications for distributions (see 'Tax' in this SPDS1 for details).

TAX

The corresponding sub-sections within the 'Tax' section on pages 16-17 of the PDS are deleted and replaced with the following updated information.

ATTRIBUTION MANAGED INVESTMENT TRUST (AMIT) REGIME

The Federal Government passed tax legislation in May 2016 applicable to eligible managed investment schemes. Where a managed investment scheme meets the eligibility requirements and Perpetual Investment Management Limited, as the responsible entity, makes an election to apply the new tax rules, the Fund will become an Attribution Managed Investment Trust (AMIT).

We have elected into the AMIT regime for the Fund for the 2017/2018 and subsequent financial years.

TAX POSITION OF THE FUND

Generally, Australian income tax won't be payable by the Fund.

Investors will be subject to tax on the income of the Fund that is attributed to them under the AMIT rules each year ending 30 June. The amount attributed to an investor will be shown on their annual tax statement. If there is income of the Fund that is not attributed to an investor, the Fund will be subject to tax at the highest marginal tax rate (plus Medicare levy).

AUSTRALIAN RESIDENT INVESTORS DISTRIBUTIONS

For information about the calculation of your distribution entitlement, see 'Distributions' on pages 14-15 of the PDS, as amended by this SPDS1 (refer page 1 for details).

The income of the Fund distributed to you must be included in your income tax return for the year of the entitlement even if the distribution is received or reinvested in the following year – see 'Annual tax statement' on this page.

The AMIT rules also allow us to:

- reinvest part or all of your distribution and/or
- accumulate part or all of the Fund's income in the Fund, in which case the income of the Fund that is attributed to you will be more than the distribution you receive.¹

¹ If this were to occur, the Fund's unit price would only fall by the amount of the actual distribution and not by the additional amount attributed to investors. Investors would need to increase the cost base of their units for tax purposes by the amount that has been attributed to them but not paid as a distribution. This information will be provided on your annual tax statement.

CAPITAL GAINS TAX

In addition to any realised net capital gains attributed to you, any withdrawal or transfer of units in the Fund may create a taxable gain or loss, which will be treated as a capital gain or loss, or as ordinary income, depending on your circumstances.

ANNUAL TAX STATEMENT

DIRECT INVESTORS

We'll issue annual tax statements, referred to as an AMIT Member Annual Statement (AMMA), for the Fund at the end of August each year, or shortly after. It will show the taxable and non-taxable components of the income attributed to you (which includes any distributions received or reinvested).

INDIRECT INVESTORS

Your Service operator will use the information we provide to prepare their statements for you.

NON-RESIDENT INVESTORS

Australian tax will be deducted from certain Australian sourced income and capital gains attributed to non-resident investors. Non-resident investors may also be subject to tax in the country they reside in, but may be entitled to a credit for some or all of the tax deducted in Australia.

REPORTING

We are required to report to the ATO certain information relating to your investment in the Fund, including transactions and the income attributed to you.

TAX RESIDENTS OF OTHER COUNTRIES

For direct investors, we must obtain details about any other countries where you are a resident for tax purposes (including your taxpayer identification number) as the Fund may be required to report information about your investment (including investment balances and any payments made) to the ATO each year for provision to the relevant overseas tax authority under rules designed to combat tax evasion in that country. We will determine whether the Fund is required to report your details to the ATO for this purpose based on our assessment of the relevant information received.

We authorise the use of this PDS as disclosure for both investors investing directly in the Fund and indirect investors that wish to access the Fund through an investor directed portfolio service (IDPS), IDPS-like scheme, a nominee or custody service or any other trading platform authorised by Perpetual (collectively referred to in this PDS as a 'Service').

If you are an indirect investor gaining exposure to the Fund through a Service, you do not yourself become an investor in the Fund. Instead, it is the Service operator, which invests for you and acts on your behalf, that has the rights of an investor. Certain provisions of the Fund's constitution are not relevant to indirect investors. For example, indirect investors cannot attend investor meetings or transfer or mortgage units in the Fund. You can request reports on your investment in the Fund from the Service operator and you should direct any inquiries to them.

'You' or 'your' refers to direct (including Service operators) and/or indirect investors in the Fund, as the context requires.

This PDS describes the important features of the Fund. You should read it carefully before you decide to invest as it will help you to decide whether the Fund is appropriate for you. The PDS and updated information will be available at our website and you can also obtain a paper copy free of charge, on request. If we become aware of any change that is materially adverse, we'll replace this PDS or issue a supplementary PDS. Any replacement and/or supplementary PDS will be available at our website and you can also obtain a paper copy free of charge, on request. If there is an increase in our fees or charges, we'll give you or your Service operator (as applicable) at least 30-days' prior written notice.

You should keep a copy of the current PDS and any replacement and/or supplementary PDS for future reference. You can access further information that has been made publicly available, that might influence your decision, at our website or by contacting us.

Visit our website or contact us for the most up-to-date past investment returns. Past investment returns are not indicative of future returns, so you shouldn't base your decision to invest in the Fund on past investment returns.

Neither we nor any company in the Perpetual Group guarantee that you will earn any return on your investment or that your investment will gain in value or retain its value. Investment in the Fund is subject to investment risk, including possible delays in repayment and loss of income and capital invested.

ABOUT THE FUND

BENEFITS OF INVESTING

The Fund aims to provide investors with a positive return above the cash rate over rolling three-year periods (before fees and taxes) by primarily investing in and actively trading fixed income securities and related derivatives.

Perpetual aims to achieve the Fund's objective by utilising an active and risk aware investment process that leverages the full use of the Perpetual Credit team's experience. The strategy will allow the team discretion to invest in areas of the market or a company's capital structure where they see relative value.

INVESTMENT MANAGER

Perpetual Investments is one of Australia's leading investment managers with \$31.9 billion in funds under management (as at 31 December 2016). Perpetual Investments is part of the Perpetual Group, which has been in operation for over 130 years. By employing some of the industry's best investment specialists and applying a proven investment philosophy, Perpetual Investments has been able to help generations of Australians manage their wealth.

KEY INVESTMENT PERSONNEL

Biographies of the Fund's portfolio managers are available at www.perpetual.com.au/about-asset-management-team.aspx (refer 'Credit and Fixed Income Portfolios').

KEY FEATURES RELATING TO THE FUND

ASIC requires the following specific information be provided for certain funds that pursue complex investment strategies (eg via use of leverage, derivatives and short selling) and/or have other characteristics (eg complex structures) that may result in increased risk:

- periodic reporting
- investment strategy
- investment manager
- fund structure
- valuation, location and custody of assets
- liquidity
- leverage
- derivatives
- short selling
- withdrawals.

We are required to provide such additional information in relation to the Fund because:

- the Fund's investment strategy includes gearing
- the Fund uses derivatives for certain purposes, including to create short positions on credit securities.

The 'Key features relating to the Fund' table on page 4 provides a summary of how Perpetual complies with this requirement. To the extent that any particular details are not already contained within this document, additional information, which also forms part of this PDS, will be available at our website (see 'Incorporation by reference' on page 21 for details) or can be obtained free of charge by contacting us.

KEY SERVICE PROVIDERS

Perpetual has appointed the following independent key service providers for the Fund as at the date of this PDS:

- investment administrator – RBC Investor Services Trust¹
- custodian – RBC Investor Services Trust¹
- auditor – KPMG¹
- unit registry – Tech Mahindra Limited^{1,2}.

1 These service providers are domiciled in Australia.

2 This service provider is also domiciled in India.

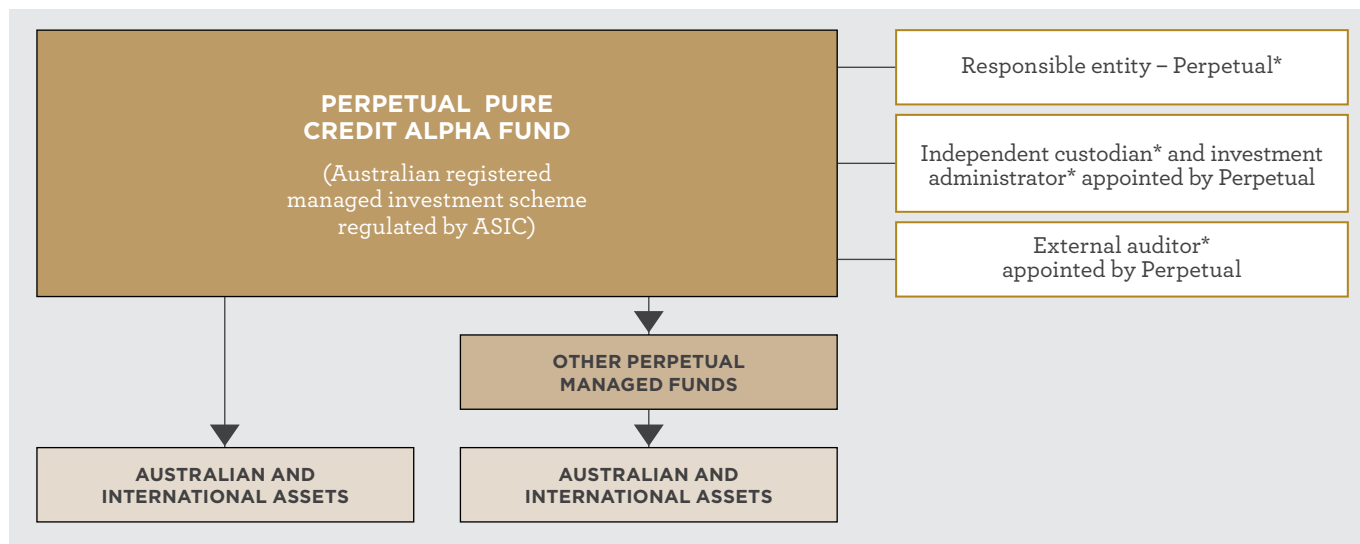

Any subsequent changes to these key service providers will be notified via our website.

Perpetual monitors the investment administrator, custodian and unit registry service providers in a number of ways, including:

- obtaining internal controls reports which are independently audited
- holding regular relationship meetings
- receiving periodic compliance certifications.

FUND STRUCTURE

The following diagram illustrates the investment structure that applies to the Fund at the date of this PDS.

* All of these entities are domiciled in Australia.

1 The risk level represents the Standard Risk Measure (SRM), which is based on industry guidance to allow investors to compare funds that are expected to deliver a similar number of negative annual returns over any 20 year period, as follows.

RISK BAND	RISK LABEL	ESTIMATED NUMBER OF NEGATIVE ANNUAL RETURNS OVER ANY 20 YEAR PERIOD
1	Very low	Less than 0.5
2	Low	0.5 to less than 1
3	Low to medium	1 to less than 2
4	Medium	2 to less than 3
5	Medium to high	3 to less than 4
6	High	4 to less than 6
7	Very high	6 or greater

The SRM is not a complete assessment of all forms of investment risk, for instance it does not detail what the size of the negative return could be or the potential for a positive return to be less than an investor may require to meet their objectives. Further, it does not take into account the impact of administration fees on the likelihood of a negative return.

You should still ensure you are comfortable with the risks and potential losses associated with the Fund.

The SRM for the Fund may change over time for various reasons, including as a result of reviews of the underlying capital market assumptions that are used in their calculation and future changes to asset allocations. Any changes to the SRM at any time will be available at our website.

2 This is a guide only and not a recommendation. When choosing a fund in which to invest, you should consider the likely investment return, the risk and your investment timeframe. We recommend you consult a financial adviser for assistance in determining whether the Fund is appropriate for you.

3 See 'Investment approach' on page 6 for more information.

4 This provides an indication of what the Fund will invest in. You can obtain information on the actual asset allocations (updated as at the end of each month) at our website or by contacting us.

5 Investment grade is a term given to debt securities that have a high probability of payment of interest and repayment of principal.

6 Sub-investment grade is a term given to debt securities where there is a higher risk that the issuer may not be able to meet interest payments or the repayment of principal if difficult conditions arise. The Fund predominantly invests in investment grade debt securities, but we may increase our sub-investment grade exposure under favourable economic conditions. Sub-investment grade debt securities may include, but are not limited to, private debt, hybrids and collateralised loan obligations.

7 Illiquid assets are defined as assets that have no readily available secondary market.

8 The gearing level is the Fund's borrowings divided by the total gross value of assets. It will depend on the present levels and future expectation of the Fund's net income (income after fees and expenses).

9 See 'Investments' on page 13 for more information.

10 See 'Withdrawals' on page 13 for more information.

11 See 'Distributions' on page 14 for more information.

ADDITIONAL INVESTMENT INFORMATION

FUND INVESTMENTS

The Fund predominantly invests in cash (deposits and money market) and fixed income securities, but may have exposure to other securities as well as derivative instruments. The Fund predominantly holds Australian assets but may also hold offshore assets (for which the currency risk may be hedged).

The Fund may invest in assets directly or indirectly via other Perpetual managed funds that have similar investment objectives and authorised investments.

CASH

Cash investments include bank accounts, discount securities (eg bank bills), short-term deposits and money market funds which may invest in fixed income instruments and loans. Cash provides a relatively consistent rate of return in the form of regular interest payments, generally in line with short-term interest rates and is widely considered the lowest investment risk.

DEPOSITS

Deposits are products offered by authorised deposit-taking institutions (ADIs). ADIs are regulated by the Australian Prudential Regulation Authority (APRA), which enforces standards designed to ensure that under all reasonable circumstances ADIs can meet their obligations to depositors.

MONEY MARKET

Money market instruments are considered highly liquid fixed income instruments with a short maturity profile.

FIXED INCOME

Fixed income securities are instruments issued by an issuer for a pre-determined period. The issuers may include governments, banks, corporations and asset backed trusts. The instruments when issued usually provide a return in the form of defined periodic income payments and the return of principal at maturity. These income payments are either fixed when issued or set periodically against a benchmark. Some of these instruments contain both debt and equity characteristics (eg hybrids), which may convert to common equity and may pay income in the form of a franked dividend.

EQUITY

Equity includes common equity, being the amount that all common shareholders have invested in a company, and deeply subordinated structured debt instruments such as collateralised debt obligations and asset-backed securities. In the hierarchy of creditors in the event of default, holders of subordinated debt rank behind the liquidator, government tax authorities and senior debt holders.

DERIVATIVES

A derivative is a financial instrument that derives its value from the price of a physical security or market index. Derivatives include, but are not limited to, futures, options, swaps and forward foreign exchange contracts.

INVESTMENT APPROACH

Perpetual aims to achieve the Fund's objectives by:

- diversifying the Fund amongst different securities issued by various entities
- actively managing for changes in market wide and security specific credit margins
- identifying and investing in relative value within the universe of credit securities
- investing in longer term non-government securities
- maximising returns from liquidity premiums
- utilising derivatives in conjunction with authorised investments
- actively managing the portfolio with respect to interest rates, swap and credit margins and managing the portfolio's sensitivity to these
- utilising limited exposure to illiquid assets.

USE OF DERIVATIVES

Derivatives may be used in the management of the Fund for a range of investment activities including, but not limited to, the following purposes:

- managing actual and anticipated interest rate risk and credit exposure
- managing the duration of the Fund
- managing currency risk and adjusting currency exposure
- achieving asset exposures without buying or selling the underlying securities
- creating short exposure to a security
- adding to the gearing level of the portfolio
- taking advantage of price differences (known as arbitrage).

The use of derivatives is consistent with the Fund's investment guidelines and objectives.

The derivatives used by the Fund are mostly exchange traded derivatives. For any over-the-counter (OTC) derivatives, counterparties must have minimum long and short-term credit ratings from a recognised ratings agency that are acceptable to us. A list of OTC derivative counterparties is available at our website.

ENVIRONMENTAL, SOCIAL AND ETHICAL FACTORS AND LABOUR STANDARDS

Perpetual is a signatory to the United Nations-supported Principles for Responsible Investment (PRI). PRI signatories undertake to consider environmental, social (including labour standards) and corporate governance (ESG) factors in their investment decision-making and ownership practices.

Our consideration of ESG factors does not include making ethical or moral judgements on particular practices or issues. Instead, when deciding whether to buy, retain or sell an investment, our investment managers consider those ESG risks only to the extent that they are relevant to the current or future value of the investment.

UNDERSTANDING INVESTMENT RISK

THE RISKS OF INVESTING

All investments carry risk. The value of your investment may fall for a number of reasons, which means that you may receive back less than your original investment when you withdraw or you may not receive income over a given timeframe. Before making an investment decision, it's important to understand the risks that can affect the value of your investment. While it's not possible to identify every risk relevant to investing in the Fund, we have detailed in the following table significant risks that may affect your investment.

Different strategies may carry different levels of risk, depending on the assets that make up the strategy, and assets with the highest long-term returns may also carry the highest level of short-term risk due to their generally larger fluctuations in returns.

Your financial adviser can assist you in determining whether the Fund is suited to your financial needs.

HOW WE MANAGE THESE RISKS

While we can't completely eliminate investment risks, we aim to manage the impact of these risks by setting consistent and carefully considered investment guidelines.

SIGNIFICANT RISKS

TYPE OF RISK	DESCRIPTION OF RISK
Market and economic risk	Certain events may have a negative effect on the price of all types of investments within a particular market. These events may include changes in economic, social, technological or political conditions, as well as market sentiment.
Asset risk	A particular asset that a fund invests in may fall in value, which can result in a reduction in the value of your investment.
Currency risk	For investments in international assets, which have currency exposure, there is potential for adverse movements in exchange rates to reduce their Australian dollar value. For example, if the Australian dollar rises, the value of international investments expressed in Australian dollars can fall.
Interest rate risk	Changes in interest rates may have a negative impact, either directly or indirectly, on investment returns.
Credit risk	The issuer or party to a transaction may not repay the principal, make interest payments or fulfil other financial obligations in full and/or on time. The market value of an investment can also fall significantly when the perceived risk of a note or bond increases or its credit rating declines.
Liquidity risk	The absence of an established market or shortage of buyers for an investment can result in a loss if the holder of the investment needs to sell it within a particular timeframe. A shortage of liquidity can also result in delays in the payment of withdrawals from a fund. Investors should note that withdrawals from the Fund are only processed monthly. Depending on when you lodge a withdrawal request, it could be 70 days or longer before you receive the proceeds of your withdrawal – see 'Withdrawals' on page 13 and 'Suspension of applications and withdrawals' on page 21 for further information.
Derivatives risk	Derivative values can fluctuate significantly and in certain circumstances a derivative can be more volatile than the underlying asset or index. The value of a derivative contract may fall as a result of an adverse movement in the underlying asset or index. Losses can be magnified where a greater exposure is created through the derivative position than is backed by the assets of a fund. Derivatives may also be subject to liquidity risk and/or counterparty risk. Depending on market conditions derivative positions can be costly or difficult to reverse. A counterparty may also be required to take collateral from the Fund's assets to support a derivatives contract. Therefore, there is a risk that if the counterparty becomes insolvent, the Fund's assets may not be returned in full. See 'Use of derivatives' on page 6 for further information about how derivatives may be used in the management of the Fund.
Counterparty risk	A loss may occur if the other party to a contract, including derivatives contracts, defaults on their obligations under the contract.
Gearing risk	Gearing increases the volatility of a fund's investment returns and the greater the level of gearing, the greater the potential for loss of investment capital. While gearing can result in larger investment gains in a rising market, it is also likely to magnify losses in a falling market. For example, a 10% fall in the value of assets in a fund with a gearing level of 50% would result in an effective rate of loss of 20%. Using derivatives for gearing also exposes the Fund to derivatives risk (see 'Derivatives risk' above).
Legal and regulatory risk	Changes in legislation and differences between rules (including interpretation of the law) in domestic and foreign markets, including those dealing with taxation, accounting and investments, may adversely impact your investment.
Other risks	The investment professionals employed to manage the Fund may change, which may affect the future performance of the Fund. Investing in the Fund may have a different tax outcome than investing directly because of the application of tax laws to the Fund and the impact of investments and withdrawals by other investors. One result is that you may receive back some of your capital as income in a distribution. Transactions may be suspended, which may result in delays in paying withdrawal requests. The Fund may be terminated.

FEES AND OTHER COSTS

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.

For example, total annual fees and costs of 2% of your investment balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower contribution fees and management costs where applicable. Ask us or your financial adviser.

TO FIND OUT MORE

If you would like to find out more or see the impact of fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** website www.moneysmart.gov.au has a managed funds fee calculator to help you check out different fee options.

FEES AND OTHER COSTS

This document shows fees and other costs that you may be charged. These fees and other costs may be deducted from your money, from the returns on your investment or from the Fund's assets as a whole.

Tax information, including goods and services tax (GST), is set out on pages 16-17. Unless otherwise stated, all fees and other costs disclosed in this PDS are inclusive of the net effect of GST.

You should read all information about fees and costs because it's important to understand their impact on your investment.

If you are an indirect investor, any additional fees that you may be charged by your Service operator for investing in the Fund via their Service should be set out in your Service operator's disclosure document.

ADDITIONAL EXPLANATION OF FEES AND COSTS

MANAGEMENT COSTS

The total management cost for the Fund comprises:

- our management fee
- indirect costs.

The amounts shown in the following table include all management fees and estimated indirect costs as at the date of the PDS. The indirect costs information is based on information available and (if applicable) estimates as at the date of this PDS. Any updates from time to time, which are not materially adverse, will be available at our website.

Management costs may vary in future years. Updated details will also be available at our website each year.

ESTIMATED MANAGEMENT COSTS

MANAGEMENT FEE (% PA)	ESTIMATED INDIRECT COSTS (% PA)		TOTAL ESTIMATED MANAGEMENT COST (% PA)
	ESTIMATED EXPENSE RECOVERIES ¹	ESTIMATED OTHER INDIRECT COSTS ²	
1.00%	0.00%	0.01%	1.01%

1 Since we currently choose to pay normal operating expenses out of our management fee, this amount represents any abnormal operating expenses recovered from the Fund for the year ended 30 June 2016, which may vary in future years.

2 See 'Other indirect costs' on this page for further information.

MANAGEMENT FEE

We receive a management fee for managing your investments in the Fund, which includes providing administration and custodian services.

DIFFERENTIAL FEES

We may negotiate a rebate of all or part of our management fee with wholesale clients (as defined by the Corporations Act) and employees of the Perpetual Group. The payment and terms of rebates are negotiated with wholesale clients but are ultimately at our discretion, subject to the Corporations Act and ASIC policy.

INDIRECT COSTS

Indirect costs include both our expense recoveries deducted directly from the Fund and other costs incurred indirectly in underlying funds. Indirect costs may also be incurred if the Fund or underlying fund invests in derivatives.

EXPENSE RECOVERIES

We're entitled to charge to the Fund or be reimbursed from the Fund for any expenses incurred in the proper performance of our duties and obligations relating to the management and administration of the Fund.

There is no limit in the Fund's constitution on the amount that can be reimbursed for expense recoveries that are reasonably and properly incurred.

NORMAL OPERATING EXPENSES

Normal operating expenses are those incurred in the day-to-day operation of the Fund.

We currently choose to pay normal operating expenses out of our management fee.

ABNORMAL OPERATING EXPENSES

Abnormal operating expenses aren't generally incurred during the day-to-day operation of the Fund and aren't necessarily incurred in any given year. They're due to abnormal events like the cost of running an investor meeting, or legal costs incurred by changes in the Fund's constitution.

OTHER INDIRECT COSTS

Any relevant other indirect costs for the year ended 30 June 2016, which may vary in future years, are reflected in the 'Estimated other indirect costs' amount in the 'Estimated management costs' table on this page.

The following applies where the Fund invests into an underlying fund.

MANAGEMENT FEES IN UNDERLYING FUNDS

Managers of underlying funds will generally charge a management fee for their services. These fees will be deducted from the underlying funds and reflected in their unit price. With the exception of some unlisted securities, Perpetual will otherwise compensate the Fund for these amounts so they are not an indirect cost to you.

PERFORMANCE-RELATED FEES IN UNDERLYING FUNDS

Managers of underlying funds may also charge fees based on investment performance. These fees will be deducted from the underlying funds and reflected in their unit price. If charged, these amounts will be an indirect cost to you.

OTHER UNDERLYING MANAGEMENT EXPENSES

Managers of underlying funds may also charge expense recoveries to their underlying funds, which will usually be deducted from the assets of the underlying funds and reflected in their unit price, and/or the underlying funds themselves may incur indirect costs. If charged, these amounts will usually be an indirect cost to you.

TRANSACTION COSTS

In managing the investments of the Fund, transaction costs such as brokerage, settlement costs, clearing costs and government charges may be incurred by changes in the Fund's investment portfolio, or when the Fund experiences cash flows in or out of it. Transaction costs are an additional cost to you.

When the Fund incurs transaction costs from changing its investment portfolio, they are paid out of the Fund's assets and reflected in its unit price.

Transaction costs that are incurred because investors buy or sell units in the Fund are also paid from the Fund's assets, but they are offset by the transaction cost allowances that are included in the calculation of the Fund's entry and/or exit unit prices, as described under 'Buy/sell spread' below.

The following transaction cost information for the Fund based on the most recently completed financial year, which forms part of the PDS, is publicly available at our website (see 'Incorporation by reference' on page 21 for details) or can be obtained free of charge by contacting us:

- total estimated Fund transaction costs
- estimated transaction costs offset by buy/sell spreads
- estimated net transaction costs borne by all investors (the estimated percentage by which the Fund's investment return has been reduced by transaction costs), which was 0.10% for the financial year ended 30 June 2016.

BUY/SELL SPREAD

Estimated transaction costs are allocated when an investor buys or sells units in the Fund by incorporating a buy/sell spread between the Fund's entry and exit unit prices, where appropriate. This aims to ensure that other investors aren't impacted by the transaction costs associated with a particular investor buying or selling units in the Fund. We have discretion to waive the buy/sell spread on applications or withdrawals where no transaction costs are incurred.

The buy/sell spread is an additional cost to you. The spread is based on our estimates of the average transaction costs incurred by the Fund. However, it is not a fee paid to us and is retained in the Fund to cover the actual transaction costs as they are incurred.

The buy/sell spread will impact the return on your investment. As it is built into the Fund's unit prices, it won't be recorded separately on investor statements.

Estimated transaction costs, which are used to determine the buy/sell spread, are reviewed regularly. Consequently, the buy/sell spread current as at the issue date of this PDS may change (increase or decrease) during the life of this PDS. The buy/sell spread for the Fund, which forms part of the PDS, is publicly available at our website (see 'Incorporation by reference' on page 21 for details) or can be obtained free of charge by contacting us.

GST is not applicable to any buy/sell spread when you buy or sell units in the Fund.

MISCELLANEOUS FEES

If we incur a fee because a cheque or direct debit for your investment in the Fund is dishonoured by your financial institution, the amount will be charged to your investment.

GOVERNMENT CHARGES

If you are a direct investor, government charges will be applied to your account as appropriate.

MAXIMUM FEES AND CHARGES

The Fund's constitution allows us to charge maximum fees as outlined below.

FEE OR COST	MAXIMUM
Contribution fee	5% of the investment amount
Withdrawal fee	5% of the withdrawal amount
Management fee (excluding expenses)	3% pa of the gross asset value of the Fund
Performance fee	20% of the Fund's return above its performance hurdle
Expense recoveries	Unlimited

Amounts disclosed are inclusive of GST.

INCREASES OR ALTERATIONS TO OUR FEES

We may change our fees without your consent. However, we won't increase our fees, or introduce contribution, withdrawal or performance fees, without giving you or your Service operator (as applicable) at least 30-days' written notice.

TAX

Tax information, including GST, is set out on pages 16-17.

ADVISER REMUNERATION

FINANCIAL ADVISER COMMISSIONS

No commissions are paid to your financial adviser.

OTHER BENEFITS

As a result of your investment in the Fund your financial adviser may receive other non-monetary benefits (where allowed by law), which are not an additional cost to you.

PAYMENTS TO DEALER GROUPS

Where the payment and receipt of dealer payments is allowable under the law, certain dealer groups (of which your adviser and/or Service operator may be a part) may also receive payments. If these payments are made, they are not paid by you or the Fund, rather they are paid by us. These amounts may be up to 1.0% per annum (including GST, if applicable) of the funds invested via the dealer group.

PRODUCT ACCESS PAYMENTS

We may make payments to platform providers for distributing our Fund on their investments menu (where allowed by law). These payments may help them recover their costs incurred in establishing our Fund on their menu and certain other marketing and distribution costs. These amounts may be up to 1.0% per annum (including GST, if applicable) of the funds invested with us. If these payments are made, they are not paid by you or the Fund, but rather they are paid by us.

BENEFITS RECEIVED

As a result of brokerage paid by the Fund, we may receive benefits such as investment research, which we may use for any investment purpose, including for the Fund.

EXAMPLE OF ANNUAL FEES AND COSTS

This table gives an example of how the fees and costs in the Fund can affect your investment over a one-year period. You should use this table to compare the Fund with other managed investment products.

EXAMPLE - PERPETUAL PURE CREDIT ALPHA FUND		BALANCE OF \$100,000 ¹ WITH A CONTRIBUTION OF \$5,000 DURING YEAR
Contribution fees	0.00%	For every additional \$5,000 you put in, you will be charged \$0.00. ²
PLUS Management costs ¹	1.01%	And , for every \$100,000 you have in the Fund you will be charged \$1,010.00 each year.
EQUALS Cost of Fund		If you had an investment of \$100,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees of \$1,010.00 . ^{1,2} What it costs you will depend on the Fund's actual indirect costs and, if applicable, the fees you negotiate with us, your financial adviser or Service operator.

1 We have assumed a constant value of \$100,000 for the whole year.

2 A buy spread of 0.25% (as at the issue date of this PDS and which may have since changed), equal to \$12.50 on a \$5,000 contribution, will also apply.

OPERATING YOUR ACCOUNT

When you invest in the Fund, your money is pooled with investments from other investors and used to buy assets for the Fund, which we manage on behalf of all investors.

When you invest, you (or your Service operator on your behalf, if applicable) will be allocated units in the Fund. The value of your investment in the Fund will vary as the Fund's daily unit prices change to reflect increases or decreases in the market value of the Fund's underlying assets.

DIRECT INVESTORS

Unless otherwise indicated, the following information in this section (pages 12-15) applies to **direct investors**.

INDIRECT INVESTORS

You can invest in the Fund or withdraw all or part of your investment in the Fund by directing your Service operator to lodge an investment application or withdrawal request, as applicable, with us.

If you are investing indirectly through a Service, you should contact your Service operator for details about the following as they may vary due to the Service operator's requirements:

- any minimum investment and withdrawal amounts
- processing requirements and timeframes
- distribution payment options
- identification verification procedures
- privacy policy.

You should also use any relevant application and other forms provided by your Service operator.

INVESTMENTS

INITIAL INVESTMENT

The minimum initial investment in the Fund is \$100,000, which may be paid:

- by cheque or
- by direct debit.

You should indicate on your application form the amount of your investment in the Fund.

ADDITIONAL INVESTMENTS

The minimum additional investment in the Fund is \$5,000, which may be paid:

- by BPAY or
- by direct debit.

You should obtain the current PDS (available from our website or by contacting us) before making any additional investment. Additional investments can be made at any time according to the current PDS.

DIRECT DEBIT

You can authorise us on your application form to debit investment amounts directly from your nominated Australian bank, building society or credit union account.

We are unable to debit a third party account, so you must be a party to the bank account nominated for direct debits. For joint investors, at least one investor must be a party to the nominated account.

We will initiate direct debit drawings automatically upon acceptance of your instruction and we will not advise you beforehand. To avoid potential dishonours by your financial institution and any associated charges, it is your responsibility to ensure that:

- direct debit is available from any account you nominate
- your nominated account has a sufficient balance available to meet any authorised direct debits.

DIRECT DEBIT REQUEST SERVICE AGREEMENT

If you elect to make investments by direct debit authority, you must read and accept the terms of our Direct Debit Request Service Agreement, which is publicly available at our website (see 'Other documents' on page 21 for details) or can be obtained free of charge by contacting us.

BPAY

BPAY is a convenient way for you to make additional investments in the Fund from your cheque or savings account using the phone or online banking facilities provided by most Australian banks, building societies and credit unions.

If you indicate on your application form that you want to make additional investments in the Fund by BPAY, we'll send you a Customer Reference Number (CRN). You can also apply for a CRN at any other time by contacting us.

You can then simply remit additional investment amounts to us by BPAY, quoting your CRN and the Fund's **BPAY biller code 489070**.

HOW UNITS ARE ISSUED

If our Sydney office receives and accepts your investment application (including investment amounts received by BPAY, where applicable) by 3.00pm on any business day, your investment will be processed using that day's entry price. If received and accepted after 3.00pm it will be processed using the next calculated entry price. If it's a non-working day for Perpetual in Sydney, your investment will be processed using the next available entry price.

If you are a direct investor, accepting your application includes verifying your identity from your completed 'Customer identification form' (if required) and any other information we request from you (see 'Anti-money laundering/counter-terrorism financing laws' on page 19 for more information).

The number of units issued to you (or your Service operator, as applicable) is determined by dividing your investment amount by the applicable entry price (see 'How units are priced and investments are valued' on page 18 for details about asset valuations and unit prices).

For the current entry price, visit our website or contact us.

We have the discretion:

- not to accept applications and can delay processing them if we believe that's in the best interests of investors or if required by law (see 'Suspension of applications and withdrawals' on page 21 for more information)
- to accept transactions in our Sydney office up to 5.00pm on 30 June only (or the preceding business day should 30 June fall on a weekend).

WITHDRAWALS

You can request a withdrawal of all or part of your investment in the Fund at any time as long as you maintain a minimum balance (currently \$100,000) in the Fund after any partial withdrawal from the Fund, otherwise we may close your account and pay the balance of your investment to you.

Please complete the withdrawal form available at our website or include the following information in your withdrawal request and ensure that it is signed by the authorised signatory:

- your client number and account number
- the name of the Fund
- the number of units or amount to be withdrawn
- your payment instructions.

PROCESSING OF WITHDRAWALS

Withdrawals from the Fund are only processed on a **monthly** basis.

If our Sydney office receives and accepts your withdrawal request by 3.00pm on the last business day of a month (the 'Prescribed Withdrawal Time'), it will be processed effective as at the first business day following one month after the Prescribed Withdrawal Time, using the exit price for that date (see 'How units are priced and investments are valued' on page 18 for information), unless withdrawals have been suspended (see 'Suspension of applications and withdrawals' on page 21).

For example, a withdrawal request received by 3.00pm on 31 July will be processed as at 1 September, and using the exit price as at 1 September. This enables the portfolio to be managed with the aim of maximising the returns for investors if the Fund is required to liquidate positions in the market. For this reason, withdrawal requests cannot be cancelled once we have received them.

The number of units redeemed for withdrawals is determined by dividing the withdrawal amount by the applicable exit price.

For the current exit price, visit our website or contact us.

Your withdrawal proceeds can be deposited into a nominated Australian bank, building society or credit union account.

Withdrawal proceeds that are paid directly into your nominated account are subject to clearance by your bank, building society or credit union from the date of deposit into your account.

We will confirm all withdrawals in writing. For your protection, withdrawals will not be paid in cash. Withdrawals of money invested by direct debit request, at our discretion, may be required to be paid back into the account from which it was debited.

The proceeds from your withdrawal will usually be available within 14 business days from when we have effectively processed the request, given normal operating conditions, but no later than 70 days from the date on which the withdrawal was effectively processed.

If you withdraw your units before the end of a distribution period, you won't receive a distribution for those units in that period. Your withdrawal amount will generally include your share of distributable income accrued in the Fund to the date of withdrawal as capital.

We may determine that part of your withdrawal amount represents a share of the distributable income including realised net capital gains for that distribution period. We will advise you if this happens.

FAX AND EMAIL INSTRUCTIONS

We currently accept various instructions, including withdrawal requests, by fax or scanned attachment to email provided we have no reason to believe the request isn't genuine. However, for your protection, we won't accept fax or email requests in relation to withdrawals for deposits to accounts that have not been previously nominated by the investor by mail.

Conditions apply to fax and email withdrawal requests (see 'Other conditions' on page 21 for details).

DISTRIBUTIONS

ALL INVESTORS

A distribution is the payment of the Fund's distributable income to investors at predetermined intervals. The distributable income may include interest, dividends, foreign income, realised net capital gains and other income (see 'Tax' on page 16 for further information). The components of a distribution will depend on the nature of the Fund's underlying assets.

The distribution amount depends on the Fund's distributable income. The amount of your distribution will be proportionate to the number of units you hold relative to the number of units on issue at the end of the distribution period. The amount will vary and sometimes there might not be any distribution.

At the end of each distribution period, the Fund's unit price will typically fall as it is adjusted to reflect the amount of any distribution. As your distribution amount is based on the entire distribution period, the closer you invest before the end of a distribution period the greater the possibility is that you may receive back some of your capital as income in the distribution paid for that period.

The Fund distributes quarterly as at 31 March, 30 June, 30 September and 31 December. Distributions not reinvested are generally paid within 21 days. However, the Fund's constitution allows up to 90 business days after the end of the distribution period.

The Fund's constitution lets us make special distributions on an interim basis without prior notice to you.

Any realised net capital gains are generally included in the 30 June distribution.

You still have to pay tax on the distribution even if you choose to reinvest it – see 'Distributions' under 'Tax' on page 16 for details.

DISTRIBUTION PAYMENT OPTIONS FOR DIRECT INVESTORS

You can choose to have your distributions:

- reinvested in the Fund
- deposited into your Australian bank, building society or credit union account.

If you don't make a choice or if we're unable to credit your nominated account (if applicable), we'll reinvest your distribution.

Generally, for distribution reinvestments in the Fund:

- amounts will be reinvested as at the first day following the end of the distribution period
- the reinvestment price will be based on the net asset value price (that is, excluding a buy spread) calculated on the last business day of the distribution period, adjusted for any distribution paid for that period.

INSTRUCTIONS AND CHANGES

Please contact us to advise of any changes to your name, address/contact details, bank account, etc and to provide other details/instructions.

All changes to bank account details must be made in writing by mail. Any acceptable changes by phone can only be made after we've confirmed your identity.

Conditions may apply depending on the way you provide instructions to us, as set out under 'Other conditions' on page 21.

AUTHORISED REPRESENTATIVE

You can appoint a person, partnership or company as your authorised representative by nominating them on your application form and having them sign the relevant section. Your authorised representative will be empowered to act on your behalf in all matters relating to your investment in the Fund.

Conditions apply to the appointment of an authorised representative, as set out under 'Other conditions' on page 21.

ONLINE ACCOUNT ACCESS

Online Account Access via our website provides easy and convenient online access for you to:

- check the total value of your investment in the Fund
- view your account summary, including the number of units and unit price
- review your recent transaction history
- check your contact details.

You can also elect to receive email notification of new account correspondence (including any notification we are required to provide under the Corporations Act) as it becomes available, so that you can then view it online (although there may be times when we must also send online correspondence to you in paper form). For security reasons, this email won't include any of your confidential information, nor will it provide a link to our website.

Unless you indicate otherwise on your application form, we'll mail you a Login ID and temporary password (separately for security reasons) together with activation instructions.

We may provide joint investors, trustees of superannuation funds/trusts, companies, partnerships and trustee company accounts with more than one Login ID and temporary password for Online Account Access.

CONDITIONS OF USE

To be able to use Online Account Access, you must accept the conditions of use (which are publicly available at our website (see 'Other documents' on page 21 for details) or can be obtained free of charge by contacting us) and change the temporary password we've provided to a password of your choice when you first login to Online Account Access.

ACCESS BY AUTHORISED REPRESENTATIVES

If you appoint an authorised representative, you can request us to issue them with a unique Login ID and temporary password for Online Account Access and specify their level of online access to either:

- view your account only or
- view and transact on your account (default access).

ACCESS BY YOUR ADVISER

We'll also give your adviser access to view details about your investment and transact online on your behalf unless you ask us not to.

INTEREST EARNED ON APPLICATION, WITHDRAWAL AND DISTRIBUTION ACCOUNTS

Application money, proceeds of withdrawal requests and distribution amounts are held in trust accounts prior to being processed. A member of the Perpetual Group retains any interest earned on these accounts.

TAX

The tax consequences of investing in managed investment schemes are particular to your circumstances, so we recommend you see a tax adviser. This information is general only and shouldn't be relied on.

If you are investing indirectly through a Service, you should also refer to your Service operator for further information about the tax treatment of your investment in the Fund.

ATTRIBUTION MANAGED INVESTMENT TRUST (AMIT) REGIME

The Federal Government passed new tax legislation in May 2016 applicable to eligible managed investment schemes. Where a managed investment scheme meets the eligibility requirements and Perpetual Investment Management Limited, as the responsible entity, makes an election to apply the new tax rules, the Fund will become an Attribution Managed Investment Trust (AMIT).

The current tax rules will continue to apply unless an election to enter the AMIT regime is made. We will provide notification on our website if/when this election occurs.

TAX POSITION OF THE FUND

Generally, Australian income tax won't be payable by the Fund.

CURRENT TAX LAW

Investors will be 'presently entitled' to all of the distributable income of the Fund each year ending 30 June. If there is net income of the Fund that no investor is 'presently entitled' to, the Fund will be subject to tax at the highest marginal tax rate (plus Medicare levy).

AMIT REGIME

If the Fund elects into the AMIT regime, investors will be subject to tax on the income of the Fund that is attributed to them under the AMIT rules each year ending 30 June. If there is income of the Fund that is not attributed to an investor, the Fund will be subject to tax at the highest marginal tax rate (plus Medicare levy).

AUSTRALIAN RESIDENT INVESTORS

DISTRIBUTIONS

For information about the calculation of your distribution entitlement, see 'Distributions' on page 14.

The net income of the Fund allocated to you must be included in your income tax return for the year of the entitlement even if the distribution is received or reinvested in the following year – see 'Annual tax statement' on this page.

AMIT REGIME

If the Fund elects into the AMIT regime, the new rules will also allow us to:

- reinvest part or all of your distribution and/or
- accumulate part or all of the Fund's income in the Fund, in which case the income of the Fund that is attributed to you will be more than the distribution you receive.¹

1 If this were to occur, the Fund's unit price would only fall by the amount of the actual distribution and not by the additional amount attributed to investors. Investors would need to increase the cost base of their units for tax purposes by the amount that has been attributed to them but not paid as a distribution. This information will be provided on your annual tax statement.

CAPITAL GAINS TAX

In addition to any realised net capital gains distributed to you, any withdrawal or transfer of units in the Fund may create a taxable gain or loss, which will be treated as a capital gain or loss, or as ordinary income, depending on your circumstances.

ANNUAL TAX STATEMENT

DIRECT INVESTORS

We'll issue annual tax statements for the Fund at the end of August each year, or shortly after. It will show the taxable and non-taxable components of your distributions.

INDIRECT INVESTORS

Your Service operator will use the information we provide to prepare their statements for you.

NON-RESIDENT INVESTORS

Australian tax will be deducted from certain Australian sourced income and capital gains distributed to non-resident investors. Non-resident investors may also be subject to tax in the country they reside in, but may be entitled to a credit for some or all of the tax deducted in Australia.

REPORTING

We are required to report to the ATO certain information relating to your investment in the Fund, including transactions and distribution information.

TAX RESIDENTS OF OTHER COUNTRIES

For direct investors, we must obtain details about any other countries where you are a resident for tax purposes (including your taxpayer identification number) as the Fund may be required to report information about your investment (including investment balances and any payments made) to the ATO each year for provision to the relevant overseas tax authority under rules designed to combat tax evasion in that country. We will determine whether the Fund is required to report your details to the ATO for this purpose based on our assessment of the relevant information received.

TAX FILE NUMBER (TFN)/ AUSTRALIAN BUSINESS NUMBER (ABN)

Providing your TFN isn't compulsory but without it or the appropriate exemption information we or your Service operator (as applicable) have to withhold tax from your distributions at the highest marginal tax rate (plus Medicare levy) until your TFN or exemption¹ is provided.

You may prefer to provide an ABN as an alternative to your TFN if your investment is made as part of an enterprise.

1 See page 23 for details of TFN exemption codes.

DIRECT INVESTORS

We are authorised under tax laws to collect TFNs and ABNs in connection with your investment in the Fund.

INDIRECT INVESTORS

Please refer to your Service operator for more information on the collection of TFNs and ABNs for investors investing in the Fund through their Service.

GOODS AND SERVICES TAX (GST)

GST generally applies to the fees, costs and expenses payable by the Fund, including management costs and other fees payable to us.

Generally, the Fund can't claim a credit for all of the GST paid but may be entitled to claim a reduced input tax credit (RITC), which represents a portion of the GST applicable to management costs and certain other expenses, as set out in the GST law.

Unless otherwise stated, the management costs and other fees specified in the table within 'Fees and other costs' on page 8 show the approximate net cost to the Fund of these amounts payable to us, on the basis that the Fund is entitled to claim RITCs for the GST on these amounts.

ADDITIONAL INFORMATION

YOUR COOLING-OFF RIGHTS

DIRECT INVESTORS

You have up to 14 days from the earlier of the time when you receive confirmation of issue of units in the Fund to you or the fifth business day after the units in the Fund are issued to you where you can have your investment repaid ('cooling-off period'). See 'How units are issued' on page 13 for details of when units in the Fund are issued.

The amount repaid will be adjusted for any transaction costs and any increase or decrease in the value of your investment.

Investments repaid may create a taxable gain or loss so we recommend that you seek professional tax advice.

Your right to be repaid during the cooling-off period does not apply if:

- you exercise any of your rights as an investor in the Fund
- you are a wholesale client (as that term is defined in the Corporations Act).

If you'd like to have your investment repaid, write to us stating that you want to be repaid during the cooling-off period (please include your account number). Your request must reach our Sydney office before the end of the cooling-off period.

When we receive your request, we will send you the details about your repayment.

INDIRECT INVESTORS

No cooling-off rights apply in respect of any investment in the Fund acquired by your Service operator on your behalf. For information about any cooling-off rights that may apply to you in respect of the Service that you invest through, please contact your Service operator directly or refer to their disclosure document.

HOW UNITS ARE PRICED AND INVESTMENTS ARE VALUED

Unit prices for the Fund are calculated by:

- establishing the net asset value of the Fund
- for entry unit prices – adding the applicable transaction costs (buy spread) to the net asset value and then dividing the adjusted net asset value by the number of units on issue to determine the entry unit price
- for exit unit prices – deducting the applicable transaction costs (sell spread) from the net asset value and then dividing the adjusted net asset value by the number of units on issue to determine the exit unit price.

We generally determine the net asset value of the Fund on each business day. The net asset value is calculated by deducting the value of the Fund's liabilities from the value of its gross assets.

The net asset value of the Fund includes unrealised gains and losses and any income and realised gains accrued but not yet distributed. If unrealised gains are realised in the future, any assessable portion will be distributed to investors.

Investments of the Fund are valued at their market value, using a valuation method according to the Fund's constitution. For investments in any other managed funds, the value will normally be based on the exit price of the units in the underlying fund(s). However, if necessary, we may use a different method of valuation.

We can defer the calculation of unit prices where permitted by the Fund's constitution and the law. For example, if significant delays occur where an underlying fund does not calculate or provide a price, transactions requiring the purchase and/or sale of units in the Fund may not be processed until the underlying fund's unit price is determined.

A copy of our unit pricing policy, including details of any discretions that we may exercise in various circumstances, is available at our website or can be obtained free of charge by contacting us.

DIRECT INVESTORS

We collect personal information from you in the application and any other relevant forms to be able to process your application, administer your investment and comply with any relevant laws. If you do not provide us with your relevant personal information, we will not be able to do so. In some circumstances we may disclose your personal information to Perpetual's related entities or service providers that perform a range of services on our behalf and which may be located overseas.

Privacy laws apply to our handling of personal information and we will collect, use and disclose your personal information in accordance with our privacy policy, which includes details about the following matters:

- the kinds of personal information we collect and hold
- how we collect and hold personal information
- the purposes for which we collect, hold, use and disclose personal information

ANTI-MONEY LAUNDERING/COUNTER-TERRORISM FINANCING LAWS

The Anti-Money Laundering and Counter-Terrorism Financing Act 2006 (AML Act) regulates financial services and transactions in a way that is designed to detect and prevent money laundering and terrorism financing.

DIRECT INVESTORS

Under the AML Act, we are required to:

- verify your identity before providing services to you
- collect information about your circumstances, including the source of funds being invested, your occupation (individual investors) and your beneficial owners (non-individual investors)

- where you supply documentation relating to your identity, keep a record of this documentation for seven years after the end of your relationship with Perpetual.

As a result:

- transactions may be delayed or refused where we require further information regarding your identity or we have reasonable grounds to believe that the transaction breaches the law or sanctions of Australia or any other country
- where transactions are delayed or refused, we are not liable for any loss you suffer (including consequential loss) as a result of our compliance with the AML Act.

Where required by law, we may disclose your information to regulatory or law enforcement agencies, including the Australian Transaction Reports and Analysis Centre (AUSTRAC), which is responsible for regulating the AML Act.

Customer identification requirements for individual investors are collected in the application form included with this PDS. All other prospective investors must complete the relevant 'Customer identification form', which is publicly available at our website or can be obtained free of charge on request.

We are not liable for any loss you may suffer as a result of our compliance with this legislation.

INDIRECT INVESTORS

You will need to satisfy your Service operator's requirements for verifying your identity.

INVESTMENTS AND SOCIAL SECURITY

If you are an individual investor, your investment in the Fund may affect your social security or pension entitlements. The calculations are complex so we recommend that you seek advice from your financial or tax adviser, or use the financial information service of either the Department of Human Services or Veterans' Affairs.

MORTGAGE OF UNITS

If you are a direct investor, we may, in our absolute discretion, note certain mortgagee interests over an investment (including any distribution reinvestment from that investment), and the following conditions will apply:

- you won't be able to transfer or withdraw your investment (including any distributions reinvested) without the mortgagee's consent
- amounts paid or assets transferred on withdrawal will be forwarded to the mortgagee or paid at the mortgagee's discretion
- the notice of mortgage can be removed only with the mortgagee's consent
- distributions that are not reinvested will be paid according to any instructions in the notice of mortgage, or otherwise according to the investor's instructions on the application form.

TRANSFER OF UNITS

If you are a direct investor, with our consent, you may transfer units in the Fund to another person by providing us with a signed and completed standard transfer form and any other required documents.

A transfer of units will generally be a disposal of units for tax purposes, which may have tax implications (see 'Tax' on page 16 for more details).

OUR ROLE AS RESPONSIBLE ENTITY

As the responsible entity of the Fund, our main responsibilities are to manage the Fund according to its constitution and investment policy as well as properly administering it. We have established an investment review committee to set the investment objectives, investment guidelines and investment approach for the Fund. We may change the Fund's investment policy whenever we believe it's in the best interests of investors.

In carrying out our duties, we are subject to the Corporations Act and must:

- act honestly and in the best interests of investors
- exercise care and diligence.

CONSTITUTION

All registered managed investment schemes are governed by a constitution. The Fund's constitution (as amended) governs the Fund's operation and, together with this PDS, the Corporations Act and other laws, regulates the Fund and our legal relationship with investors. The Fund's constitution has been lodged with ASIC.

We can amend the Fund's constitution as permitted by the Corporations Act. You may inspect the Fund's constitution at our offices on any business day, free of charge, or obtain a free copy of it by contacting us.

BORROWING POWERS

The Fund's constitution allows the Fund to borrow. Whilst we have the discretion to borrow for gearing, we currently don't intend to do so. To the extent permitted, the Fund may borrow from a variety of sources, including companies associated with the Perpetual Group (in which case the terms are set on a commercial basis).

OUR LIABILITY

Subject to the Corporations Act, we're not liable to investors for any losses in any way relating to the Fund, except to the extent to which the loss is caused by our fraud, negligence or breach of trust.

Our liability is, subject to the Corporations Act, limited to our ability to be indemnified out of the assets of the Fund.

RIGHTS OF DIRECT INVESTORS

Each unit you hold in the Fund confers a proportional beneficial interest in the Fund. However, you're not entitled to any particular part of the Fund, its assets or its management or operation (other than through investor meetings).

The Fund's constitution limits your liability to the value of your interest or units in the Fund. However, the courts are yet to conclusively determine the effectiveness of these provisions so no absolute assurance can be given that your liability is limited in every situation.

SUSPENSION OF APPLICATIONS AND WITHDRAWALS

In certain emergency situations that impact the effective and efficient operation of a market for an asset held by the Fund or in circumstances where we otherwise consider it to be in investors' interests, we may suspend processing all applications or withdrawals for the Fund in accordance with the Fund's constitution. This may include situations where:

- we cannot properly ascertain the value of an asset held by the Fund
- an event occurs that results in Perpetual not being able to reasonably acquire or dispose of assets in the Fund
- an underlying fund suspends applications and withdrawals
- the law otherwise permits us to delay or restrict processing applications or withdrawals.

Applications or withdrawal requests received during the suspension will be processed using the entry or exit price applicable when the suspension is lifted.

WITHDRAWAL OF LARGE INVESTMENTS

We may stagger the payment of withdrawal requests where large requests have been received in a calendar month. If total withdrawal requests in any calendar month represent more than 10% of the net asset value of the Fund, we may decide to treat each withdrawal request as four separate withdrawal requests of one-quarter of the value of the original withdrawal request, payable over four successive months. Further details are in the Fund's constitution.

IMPLICATIONS IF THE FUND BECOMES NON-LIQUID

If the Fund becomes non-liquid (as defined in the Corporations Act) withdrawals may only be made subject to an offer made according to the Corporations Act. In these circumstances, you will only be able to withdraw from the Fund if we make money available for withdrawals. The Corporations Act requires us to allocate this money on a pro rata basis among investors wanting to withdraw. We're under no obligation to offer you an opportunity to withdraw from the Fund while the Fund is non-liquid. We will advise investors if the Fund becomes non-liquid and the terms of any withdrawal offer.

OTHER CONDITIONS

A direct investor that appoints an authorised representative or uses the phone, fax or email facilities (as applicable) to provide instructions to us:

- acknowledges that they are bound by the acts of their authorised representative
- releases, discharges and agrees to indemnify us and each other member of the Perpetual Group from and against all losses, liabilities, actions, proceedings, accounts, claims and demands arising from instructions we receive under the facility and
- agrees that a payment or purported payment made according to the conditions of the facility shall be in complete satisfaction of our obligations or those of any other member of the Perpetual Group to the investor for a payment, even if it was requested, made or received without the knowledge or authority of the investor.
