## FINANCIAL SERVICES PROVIDED

The financial service referred to in this FSG is an 'arranging service'. When providing the arranging services, we act on your behalf.

We will arrange your application for the issue of units in managed investment products offered by Perpetual Investment Management Limited (ABN 18 000 866 535, AFSL 234426) (PIML), a member of the Perpetual Group.

You should also ensure that you receive a product disclosure statement in relation to each product for which we arrange your application, before you apply for investments in the product. The product disclosure statement contains important information relating to an investment in that product and you should read it carefully.

## FUNCTIONS OF ARRANGER

In performing the arranging service, our functions include (but are not limited to):

- arranging for you to apply for an investment in these products
- where we consider appropriate, exercising discretion to rebate commissions paid to us by PIML by way of applying amounts rebated towards the purchase of additional units on your behalf.

We will only provide you with factual information.

In providing information we do not take into account your particular financial objectives, circumstances or needs. You may wish to consult a financial adviser to help you form your own opinion on this information, and on whether a particular product is suitable for your individual needs and goals as an investor.

## OUR SERVICE FEES AND CHARGES

We do not charge you any fees for the arranging services.

Any commission that we receive is paid to us by PIML out of the fees it receives in relation to its products in which you may invest, as outlined below.

## REMUNERATION FOR THE FINANCIAL SERVICES WE PROVIDE

Where we arrange applications for units in products offered by PIML, PIML may receive a contribution fee calculated as a percentage of the amount you invest and will receive ongoing management fees. These fees vary from product to product.

Where we arrange your application for an investment in a product offered by PIML, we may receive an initial commission from PIML in relation to your initial and any additional investments in that product. These commissions will be calculated as a percentage of the amount you invest and funded out of the contribution fee that is deducted from your application money. Any initial commission is therefore not an additional fee payable by you. These commissions may vary from product to product.

We may also be entitled to receive ongoing commissions from PIML in relation to the financial products in which you invest, based on a percentage of the ongoing value of your investment in the product. These ongoing commissions are not an additional charge to you and are paid out of PIML's ongoing management fees, which vary from product to product. Refer to the relevant product disclosure statement for details.

You may request further details in relation to the remuneration (including commissions) or other benefits we and other members of the Perpetual Group may receive in connection with the services we provide, but you must make this request within a reasonable time after you receive this FSG and before we provide financial services described in this FSG to you.
