

PERPETUAL PRIVATE INCOME FUNDS

Product Disclosure Statement

PRODUCT DISCLOSURE STATEMENT
ISSUE NUMBER 7 DATED 1 MARCH 2018
Issued by Perpetual Investment Management Limited
ABN 18 000 866 535 AFSL 234426

Perpetual 

IMPORTANT NOTES

In this Product Disclosure Statement (PDS), 'Perpetual Private Income Funds' or 'Funds' means Perpetual High Grade Treasury Fund, Perpetual Credit Income Fund and Perpetual Exact Market Cash Fund collectively and 'Fund' means one of the Funds in the relevant context. Each Fund is a managed investment scheme that is registered with the Australian Securities and Investments Commission (ASIC) as follows:

- **Perpetual High Grade Treasury Fund**
(ARSN 098 496 998)
- **Perpetual Credit Income Fund**
(ARSN 110 148 135)
- **Perpetual Exact Market Cash Fund**
(ARSN 110 147 389).

The constitution for Perpetual High Grade Treasury Fund allows for multiple unit classes. This PDS offers investment in 'Class R units' in Perpetual High Grade Treasury Fund. Any reference to this Fund in this PDS is a reference to Class R units in the Fund.

References in this PDS to 'we', 'us', 'our', 'Perpetual Investments' and 'Perpetual' are to Perpetual Investment Management Limited as the responsible entity of the Funds and the issuer of units in the Funds and this PDS.

Perpetual Investment Management Limited is a wholly owned subsidiary of Perpetual Limited (ABN 86 000 431 827).

'Perpetual Group' means Perpetual Limited and its subsidiaries.

'Perpetual Private' refers to the Perpetual Group subsidiaries that act as a trustee, custodian, executor or attorney, or the operator of an investor directed portfolio service (IDPS), as applicable.

We authorise the use of this PDS as disclosure for:

- trusts, estates and agencies for which Perpetual Private is a trustee, executor or attorney
- investors who wish to access the Funds through an IDPS, IDPS-like scheme, or a nominee or custody service provided by Perpetual Private
- DIY superannuation funds for which Perpetual Private is the trustee or custodian,

which are collectively referred to in this PDS as a 'Service'.

Investment in the Funds through this PDS is offered exclusively to clients of Perpetual Private investing through a Service (referred to as 'you' in this PDS).

As an indirect investor gaining exposure to the Funds through a Service, you do not yourself become an investor in the Fund. Instead, it is the Service operator, which invests for you and acts on your behalf, that has the rights of an investor. Certain provisions of the Funds' constitutions are not relevant to indirect investors. For example, indirect investors cannot attend investor meetings or transfer or mortgage units in a Fund. You can request reports on your investment in a Fund from the Service operator and you should direct any inquiries to them.

This PDS describes the important features of the Funds. You should read it carefully before you decide to invest as it will help you to decide whether the Funds are appropriate for you. It contains general information only and doesn't take into account your specific investment goals. This PDS may also help when comparing the Funds to others you may be considering.

We recommend that you seek financial advice before making an investment decision. If you have questions about investing in the Funds, you should speak to your financial adviser. You should consider the tax implications of investing in the Funds, which your financial and/or tax adviser will be able to help you with.

We may update this PDS (as well as the terms and features of the Funds where we can under the Funds' constitutions and the law) with changes that are not materially adverse without issuing a supplementary PDS. The PDS and updated information will be available at our website and you can also obtain a paper copy free of charge, on request. If we become aware of any change that is materially adverse, we'll replace this PDS or issue a supplementary PDS. Any replacement and/or supplementary PDS will be available at our website and you can also obtain a paper copy free of charge, on request. If there is an increase in our fees or charges, we'll give Perpetual Private at least 30-days' prior written notice.

You should keep a copy of the current PDS and any replacement and/or supplementary PDS for future reference.

Visit our website or contact Perpetual Private for the most up-to-date past investment returns for the Funds. Past investment returns are not indicative of future returns, so you shouldn't base your decision to invest in the Funds on past investment returns.

Neither we nor any company in the Perpetual Group guarantee that you will earn any return on your investment or that your investment will gain in value or retain its value. Investment in the Funds is subject to investment risk, including possible delays in repayment and loss of income and capital invested.

This PDS can only be used by investors receiving it (electronically or otherwise) in Australia.

All amounts in this PDS are in Australian dollars and all times quoted are Sydney time (unless otherwise specified). A business day is a working day for Perpetual in Sydney.

FUND PROFILES

The Fund profiles on page 3 provide a summary of the Funds offered within Perpetual Private Income Funds. For more details and any updated information about the Funds, visit our website or contact Perpetual Private.

The following information explains certain terms and concepts detailed in the Fund profiles.

COMMENCEMENT DATE

The commencement date is the month and year that the Fund received its first investment.

RISK LEVEL

The risk level represents the Standard Risk Measure (SRM), which is based on industry guidance to allow investors to compare funds that are expected to deliver a similar number of negative annual returns over any 20 year period, as follows.

RISK BAND	RISK LABEL	ESTIMATED NUMBER OF NEGATIVE ANNUAL RETURNS OVER ANY 20 YEAR PERIOD
1	Very low	Less than 0.5
2	Low	0.5 to less than 1
3	Low to medium	1 to less than 2
4	Medium	2 to less than 3
5	Medium to high	3 to less than 4
6	High	4 to less than 6
7	Very high	6 or greater

The SRM is not a complete assessment of all forms of investment risk, for instance it does not detail what the size of the negative return could be or the potential for a positive return to be less than an investor may require to meet their objectives. Further, it does not take into account the impact of administration fees on the likelihood of a negative return.

You should still ensure you are comfortable with the risks and potential losses associated with your chosen Fund(s).

The SRMs for the Funds may change over time for various reasons, including as a result of reviews of the underlying capital market assumptions that are used in their calculation and future changes to asset allocations. Any changes to SRMs at any time will be available at our website.

SUGGESTED LENGTH OF INVESTMENT

This is a guide only and not a recommendation. You should discuss your investment in the Fund(s) with your financial adviser to ensure that it meets your needs.

OBJECTIVE

The objective is a summary of what the Fund aims to achieve.

INVESTMENT APPROACH

This is the method or principles our investment team uses to manage the Fund to meet its objectives.

INVESTMENT GUIDELINES

This provides an indication of what the Fund will invest in directly or indirectly.

The Funds invest predominantly in investment grade securities, but may also invest in sub-investment grade securities.

Investment grade is a term given to securities that have a high probability of payment of interest and repayment of capital.

Sub-investment grade is a term given to securities where there is a higher risk that the issuer may not be able to meet interest payments or the repayment of principal if difficult conditions arise.

DISTRIBUTION FREQUENCY AND DATES

The distribution frequency is how often the Fund usually makes a distribution. The distribution dates are the effective dates for distributions. The actual payment of distributions occurs after the distribution date (see 'Distributions' on page 11 for details).

FUND PROFILES

	PERPETUAL HIGH GRADE TREASURY FUND	PERPETUAL CREDIT INCOME FUND	PERPETUAL EXACT MARKET CASH FUND
Commencement date	October 2001	November 2004	February 2005
Risk level	1 – Very low	4 – Medium	1 – Very low

ADDITIONAL INVESTMENT INFORMATION

INVESTMENT MANAGER

Perpetual Investments is one of Australia's leading investment managers with \$32.8 billion in funds under management (as at 31 December 2017). Perpetual Investments is part of the Perpetual Group, which has been in operation for over 130 years. By employing some of the industry's best investment specialists and applying a proven investment philosophy, Perpetual Investments has been able to help generations of Australians manage their wealth.

FUND INVESTMENTS

The Funds predominantly invest in cash, deposits, money market and fixed income securities, but may have exposure to other securities including derivative instruments. The Funds predominantly hold Australian assets but may also hold offshore assets (for which the currency risk may be hedged).

The Funds may invest in assets directly or indirectly by investing in other Perpetual managed funds that have similar investment objectives and authorised investments.

CASH

Cash investments include bank accounts, discount securities (eg bank bills), short-term deposits and money market funds which may invest in fixed income instruments and loans. Cash provides a relatively consistent rate of return in the form of regular interest payments, generally in line with short-term interest rates and is widely considered the lowest investment risk.

DEPOSITS

Deposits are products offered by authorised deposit-taking institutions (ADIs). ADIs are regulated by the Australian Prudential Regulation Authority (APRA), which enforces standards designed to ensure that under all reasonable circumstances ADIs can meet their obligations to depositors.

MONEY MARKET

Money market instruments are considered highly liquid fixed income instruments with a short maturity profile.

FIXED INCOME

Fixed income instruments are securities issued by an issuer for a pre-determined period. The issuers may include governments, banks, corporations and asset backed trusts. The instruments when issued usually provide a return in the form of defined periodic income payments and the return of principal at maturity. These income payments are either fixed when issued or set periodically against a benchmark. Some of these instruments contain both debt and equity characteristics (eg hybrids), which may convert to common equity and may pay income in the form of a franked dividend.

DERIVATIVES

A derivative is a financial instrument that derives its value from the price of a physical security or market index.

Derivatives may be used in the management of the Funds for a range of investment activities including, but not limited to, the following purposes:

- managing investment risk and volatility of a stock, security or market
- managing actual and anticipated interest rate risk and credit exposure
- managing currency risk and adjusting currency exposure
- achieving asset exposures without buying or selling the underlying securities
- taking advantage of price differences (known as arbitrage).

Derivatives will not be used for gearing purposes.

ENVIRONMENTAL, SOCIAL AND ETHICAL FACTORS AND LABOUR STANDARDS

Perpetual is a signatory to the United Nations-supported Principles for Responsible Investment (PRI). PRI signatories undertake to consider environmental, social (including labour standards) and corporate governance (ESG) factors in their investment decision-making and ownership practices.

Our consideration of ESG factors does not include making ethical or moral judgements on particular practices or issues. Instead, when deciding whether to buy, retain or sell an investment, our investment managers consider those ESG risks only to the extent that they are relevant to the current or future value of the investment.

PERPETUAL EXACT MARKET CASH FUND

INVESTMENT STRUCTURE

SWAP AGREEMENT

To achieve Exact Benchmarking, the Fund has entered into a total return swap agreement with Perpetual Australia Pty Limited (ABN 86 002 785 720) (PAPL), a wholly owned subsidiary of Perpetual Limited whose principal activity is acting as the counterparty to swap agreements.

Under this swap agreement, PIML swaps with PAPL the return that PIML achieves from investing the Fund's assets for the benchmark return. Therefore, if the performance of the assets in the Fund:

- outperforms the benchmark return, then the Fund will pay the outperformance to PAPL or
- underperforms the benchmark return, then the Fund will receive payments from PAPL to bring its return up to the benchmark return.

This means that, while Exact Benchmarking applies, unitholders in the Fund will earn the pre-tax benchmark return regardless of the return that the Fund actually derives from its assets. The difference between these amounts is determined and accrued daily and cash settled monthly between the Fund and PAPL.

Perpetual, as the responsible entity of the Fund, may enter into swap agreements with other counterparties provided that they have appropriate ratings from a recognised rating agency and/or appropriate guarantees.

SWAP GUARANTEE

National Australia Bank Limited (NAB) has provided Perpetual, as the responsible entity of the Fund, with a limited bank guarantee that can be called on by Perpetual in the event of a shortfall by PAPL under the swap agreement. There is a risk that the value of the guarantee may be insufficient to cover the obligations of PAPL.

The guarantee may be cancelled by Perpetual at any time, but we will not do so without first notifying investors.

Perpetual, as the responsible entity of the Fund, may obtain new or additional guarantees from recognised financial institutions.

NAB does not guarantee the performance of either the Fund or the swap agreement. Investors have no recourse to the NAB guarantee nor any rights against NAB.

CESSATION OF EXACT BENCHMARKING

Exact Benchmarking may cease to apply to Perpetual Exact Market Cash Fund in the following situations.

INVESTORS' DECISION

Investors may determine by a majority vote in a postal ballot that Exact Benchmarking will no longer apply to the Fund. Exact Benchmarking may be reinstated by the postal vote mechanism at any time. However, as an investor gaining exposure to the Fund through a Service, you do not yourself become an investor in the Fund. Instead, it is Perpetual Private, investing for you, that has the rights (including voting rights) of an investor.

EVENT OF FORCE MAJEURE

If an event of force majeure occurs in relation to the Fund, Perpetual may determine that Exact Benchmarking will cease to apply. A force majeure event is an act beyond the control of the responsible entity, including an act of God, embargo, civil or labour disturbance, act of war, war, act of any government authority or legal restraint and fraud which directly results in a person failing wholly or partly to perform their obligations in respect of an asset held directly or indirectly by the Fund. Exact Benchmarking will recommence when the event of force majeure ceases (as determined by Perpetual).

TERMINATION OF THE SWAP AGREEMENT

PAPL can terminate the current swap agreement with 60 days' notice to Perpetual. Exact Benchmarking would cease to apply to the Fund if Perpetual was unable to enter into a replacement swap agreement (on commercially acceptable terms) with another appropriate institution by the end of the notice period.

UNDERSTANDING INVESTMENT RISK

THE RISKS OF INVESTING

All investments carry risk. The value of your investment may fall for a number of reasons, which means that you may receive back less than your original investment when you withdraw or you may not receive income over a given timeframe. Before making an investment decision, it's important to understand the risks that can affect the value of your investment. While it's not possible to identify every risk relevant to investing in the Funds, we have detailed in the following table significant risks that may affect your investment. Different strategies may carry different levels of risk, depending on the assets that make up the strategy, and assets with the highest long-term returns may also carry the highest level of short-term risk due to their generally larger fluctuations in returns.

HOW WE MANAGE THESE RISKS

While we can't completely eliminate investment risks, we aim to manage the impact of these risks by setting consistent and carefully considered investment guidelines.

To manage counterparty risk associated with the use of a swap agreement for Perpetual Exact Market Cash Fund, we will either deal only with counterparties that have appropriate ratings from a recognised rating agency or, as is the case at present, we have obtained a limited guarantee which may be called upon if PAPL does not honour its swap agreement (please refer to 'Swap agreement' on page 5 and 'Swap guarantee' on page 5 for further information).

SIGNIFICANT RISKS

TYPE OF RISK	DESCRIPTION OF RISK
Investment risk	The value of your investment may fall for a number of reasons, including the risks set out below, which means that you may receive back less than your original investment when you withdraw.
Market and economic risk	Certain events may have a negative effect on the price of all types of investments in a particular market. These events may include changes in economic, social, technological, political or accounting conditions, as well as market sentiment.
Asset risk	A particular asset that a fund invests in may fall in value, which can result in a reduction of your investment.
Interest rate risk	Adverse movements in interest rates can have a negative impact directly or indirectly on investment values or returns. When interest rates rise the market value of fixed income securities can fall significantly. Falling interest rates can result in lower income payments.
Credit risk	The issuer or party to a transaction may not repay the principal, make interest payments or fulfil other financial obligations in full and/or on time. The market value of an investment can also fall significantly when the perceived risk of a note or bond increases or its credit rating declines.
Liquidity risk	The absence of an established market or a shortage of buyers for an investment can result in a loss if the holder of the investment needs to sell it within a particular timeframe. A shortage of liquidity can result in delays in the payment of withdrawals from a Fund – see 'Withdrawals' on page 11 and 'Delays or suspension of applications, switches and withdrawals' on page 16 for further information.
Derivatives risk	Derivative values can fluctuate significantly and in certain circumstances a derivative can be more volatile than the underlying asset or index. The value of a derivative contract may fall as a result of an adverse movement in the underlying asset or index. Losses can be magnified where a greater exposure is created through the derivative position than is backed by the assets of a fund. Derivatives may also be subject to liquidity risk and/or counterparty risk. Depending on market conditions derivative positions can be costly or difficult to reverse. A counterparty may also be required to take collateral from a Fund's assets to support a derivatives contract. Therefore, there is a risk that if the counterparty becomes insolvent, the Fund's assets may not be returned in full. See 'Derivatives' on page 4 for further information about how derivatives may be used in the management of the Funds.
Counterparty risk	A loss may occur if the other party to a contract (eg derivatives contract, swap agreement or guarantee) defaults on their obligations under the contract.
Currency risk	For investments in international assets, which have currency exposure, there is potential for adverse movements in exchange rates to reduce their Australian dollar value. For example, if the Australian dollar rises, the value of international investments expressed in Australian dollars can fall.
Legal and regulatory risk	Changes in legislation and differences between rules (including interpretation of the law) in domestic and foreign markets, including those dealing with taxation, accounting and investments, may adversely impact your investment.
Other risks	The investment professionals employed to manage the Funds may change, which may affect the future performance of the Funds. Investing in the Funds may have a different tax outcome than investing directly because of the application of tax laws to the Funds and the impact of investments and withdrawals by other investors. One result is that you may receive back some of your capital as income in a distribution. Transactions may be suspended, which may result in delays in paying withdrawal requests. A Fund may be terminated.

FEES AND OTHER COSTS

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.

For example, total annual fees and costs of 2% of your investment balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower contribution fees and management costs where applicable. Ask us or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** website www.moneysmart.gov.au has a managed funds fee calculator to help you check out different fee options.

FEES AND OTHER COSTS

This document shows fees and other costs that you may be charged. These fees and costs may be deducted from your money, from the returns on your investment or from the Funds' assets as a whole.

Tax information, including goods and services tax (GST), is set out on page 13. Unless otherwise stated, all fees and other costs disclosed in this PDS are inclusive of the net effect of GST.

You should read all the information about fees and costs because it's important to understand their impact on your investment.

Any additional fees that you may be charged by Perpetual Private for investing in the Fund via their Service should be set out in their disclosure document.

FEES AND OTHER COSTS

PERPETUAL PRIVATE INCOME FUNDS		
TYPE OF FEE OR COST	AMOUNT	HOW AND WHEN PAID
FEES WHEN YOUR MONEY MOVES IN OR OUT OF THE MANAGED INVESTMENT PRODUCT		
Establishment fee The fee to open your investment	Nil.	Not applicable.
Contribution fee The fee on each amount contributed to your investment	Nil. ^{1,2}	Not applicable.
Withdrawal fee The fee on each amount you take out of your investment	Nil. ^{1,2}	Not applicable.
Exit fee The fee to close your investment	Nil.	Not applicable.
MANAGEMENT COSTS^{1,3}		
The fees and estimated costs for managing your investment	Perpetual High Grade Treasury Fund 0.300% pa ⁴	Management costs, where applicable, may be charged directly to the Funds and/or incurred indirectly.
	Perpetual Credit Income Fund 0.315% pa ⁴	Management fees, which are expressed as a percentage of the net asset value of each Fund, are calculated and accrued daily and generally paid to us monthly. They are deducted directly from each Fund's assets and reflected in the unit price of the Fund each day.
	Perpetual Exact Market Cash Fund While Exact Benchmarking applies: Nil If Exact Benchmarking ceases to apply ⁵ : 0.226% pa ⁴	Indirect costs are generally payable when incurred.
SERVICE FEES		
Switching fee The fee for changing investment options	Nil. ²	Not applicable.

1 See 'Maximum fees and charges' on page 9 for details of the maximum fee amounts allowed under the Funds' constitutions.

2 A buy/sell spread may also apply – see 'Transaction costs' on page 9 for details.

3 See 'Management costs' on page 8 for further details.

4 We have negotiated the management fees with Perpetual Private – see 'Differential fees' on page 8 for further information.

5 Other than as a result of an event of force majeure – see 'Cessation of Exact Benchmarking' on page 5 for further information.

ADDITIONAL EXPLANATION OF FEES AND COSTS

MANAGEMENT COSTS

GENERAL

The total management cost for each Fund comprises:

- the management fee
- any indirect costs.

The amounts shown in the following table include all direct and indirect management costs as at the date of this PDS. The indirect costs information is based on information available and (if applicable) estimates as at the date of this PDS. Any updates from time to time, which are not materially adverse, will be available at our website.

Management costs may vary in future years. Updated details will also be available at our website each year.

ESTIMATED MANAGEMENT COSTS

FUND	MANAGEMENT FEE (% PA)	ESTIMATED INDIRECT COSTS (% PA)		ESTIMATED TOTAL MANAGEMENT COST (% PA)
		ESTIMATED EXPENSE RECOVERIES ¹	ESTIMATED OTHER INDIRECT COSTS ²	
Perpetual High Grade Treasury Fund	0.300%	0.000%	0.000%	0.300%
Perpetual Credit Income Fund	0.308%	0.000%	0.007%	0.315%
Perpetual Exact Market Cash Fund	While Exact Benchmarking applies			
	0.000%	0.000%	0.000%	0.000%
	If Exact Benchmarking ceases to apply other than as a result of an event of force majeure			
	0.226%	0.000%	0.000%	0.226%

1 Since we currently choose to pay normal operating expenses out of our management fee, these amounts represent any abnormal operating expenses recovered from the Funds for the year ended 30 June 2017, which may vary in future years.

2 See 'Other indirect costs' on this page for further information.

PERPETUAL EXACT MARKET CASH FUND

No management costs are charged while Exact Benchmarking applies. If Exact Benchmarking ceases to apply other than as a result of an event of force majeure (see 'Cessation of Exact Benchmarking' on page 5 for further information), management fees and indirect costs will be charged as set out below.

MANAGEMENT FEE

We receive management fees for managing your investments in the Funds.

DIFFERENTIAL FEES

We may negotiate a rebate of all or part of our management fee with wholesale clients (as defined by the Corporations Act 2001) and employees of the Perpetual Group. The payment and terms of rebates are negotiated with wholesale clients but are ultimately at our discretion, subject to the Corporations Act and ASIC policy.

INDIRECT COSTS

EXPENSE RECOVERIES

We're entitled to charge to the Funds or be reimbursed from the Funds for any expenses incurred in the proper performance of our duties and obligations relating to the management and administration of the Funds.

There is no limit in the Funds' constitutions on the amount that can be recovered for expenses that are reasonably and properly incurred.

NORMAL OPERATING EXPENSES

Normal operating expenses are those incurred in the day-to-day operation of the Funds.

We currently choose to pay normal operating expenses so these are not an additional cost to you.

ABNORMAL OPERATING EXPENSES

Abnormal operating expenses aren't generally incurred during the day-to-day operation of a Fund and aren't necessarily incurred in any given year. They're due to abnormal events like the cost of running an investor meeting, or legal costs incurred by changes in a Fund's constitution.

OTHER INDIRECT COSTS

Other indirect costs include any costs associated with investing in any underlying funds and relevant derivatives.

As at the date of this PDS, the Funds predominantly invest in assets directly, although a Fund's investment structure may change at any time without notice.

TRANSACTION COSTS

In managing the investments of the Funds, transaction costs such as brokerage, settlement costs, clearing costs and government charges may be incurred by changes in a Fund's investment portfolio, or when a Fund experiences cash flows in or out of it. Transaction costs are an additional cost to you.

When a Fund incurs transaction costs from changing its investment portfolio, they are paid out of the Fund's assets and reflected in its unit price.

Transaction costs that are incurred because investors buy or sell units in a Fund are also paid from the Fund's assets, but they are offset by the transaction cost allowances that are included in the calculation of the Fund's entry and/or exit unit prices, where relevant, as described under 'Buy/sell spread' on this page.

The following transaction cost information for each Fund based on the most recently completed financial year, which forms part of the PDS, is publicly available at our website (see 'Incorporation by reference' on page 16 for details) or can be obtained free of charge by contacting us:

- total estimated transaction costs
- estimated transaction costs offset by buy/sell spreads
- estimated net transaction costs borne by all investors (the estimated percentage by which the Fund's investment return has been reduced by transaction costs), which, for the financial year ended 30 June 2017, were:
 - 0.00% for Perpetual High Grade Treasury Fund
 - 0.34% for Perpetual Credit Income Fund
 - 0.00% for Perpetual Exact Market Cash Fund.

Transaction costs do not impact investment returns paid to investors in Perpetual Exact Market Cash Fund while Exact Benchmarking applies and the Fund's buy/sell spread is nil.

BUY/SELL SPREAD

Estimated transaction costs are allocated when an investor buys or sells units in a Fund by incorporating a buy/sell spread between the relevant entry and exit unit prices, where appropriate. This aims to ensure that other investors aren't impacted by the transaction costs associated with a particular investor buying or selling units in the Fund. We have discretion to waive the buy/sell spread on applications or withdrawals where no transaction costs are incurred.

A buy/sell spread is an additional cost to you. The spread, if applicable, is based on our estimates of the average transaction costs incurred by a Fund. However, it is not a fee paid to us and is retained in the Fund to cover the actual transaction costs as they are incurred.

The buy/sell spread will impact the return on your investment.

Estimated transaction costs, which are used to determine the buy/sell spreads, are reviewed regularly. Consequently, the buy/sell spreads current as at the issue date of this PDS may change (increase or decrease) during the life of this PDS. The buy/sell spread for each Fund, which forms part of the PDS, is publicly available at our website (see 'Incorporation by reference' on page 16 for details) or can be obtained free of charge by contacting us.

GST is not applicable to any buy/sell spread when you buy or sell units in the Funds.

MAXIMUM FEES AND CHARGES

The Funds' constitutions allow us to charge maximum fees as outlined below.

FEE OR COST	MAXIMUM
Contribution fee	5.00% of the investment amount
Withdrawal fee	5.00% of the withdrawal amount
Management fee	3.00% pa of the gross value of the assets of the Funds
Expense recoveries	Unlimited

Amounts disclosed are inclusive of GST.

INCREASES OR ALTERATIONS TO OUR FEES

We may change our fees without your consent. However, we won't increase our management fees, or introduce contribution fees or withdrawal fees, without giving Perpetual Private at least 30-days' written notice.

TAX

Tax information, including GST, is included on page 13.

ADVISER REMUNERATION

No commissions are paid to your financial adviser.

OTHER BENEFITS

As a result of your investment in the Funds your financial adviser may receive other non-monetary benefits (where allowed by law), which are not an additional cost to you.

EXAMPLES OF ANNUAL FEES AND COSTS

The following tables give examples of how the fees and costs in the Funds can affect your investment over a one-year period. You should use these tables to compare the Funds with other managed investment products.

PERPETUAL HIGH GRADE TREASURY FUND

EXAMPLE - PERPETUAL HIGH GRADE TREASURY FUND		BALANCE OF \$50,000 ¹ WITH A CONTRIBUTION OF \$5,000 DURING YEAR
Contribution fees	Nil	For every additional \$5,000 you put in, you will be charged \$0.00. ²
PLUS Management costs	0.300%	And , for every \$50,000 you have in the Fund you will be charged \$150.00 each year.
EQUALS Cost of Fund		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees of \$150.00 . ^{1,2} What it costs you will depend on the Fund's indirect costs and any fee rebates we have negotiated with Perpetual Private.

PERPETUAL CREDIT INCOME FUND

EXAMPLE - PERPETUAL CREDIT INCOME FUND		BALANCE OF \$50,000 ¹ WITH A CONTRIBUTION OF \$5,000 DURING YEAR
Contribution fees	Nil	For every additional \$5,000 you put in, you will be charged \$0.00. ³
PLUS Management costs	0.315%	And , for every \$50,000 you have in the Fund you will be charged \$157.50 each year.
EQUALS Cost of Fund		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees of \$157.50 . ^{1,3} What it costs you will depend on the Fund's indirect costs and any fee rebates we have negotiated with Perpetual Private.

PERPETUAL EXACT MARKET CASH FUND

EXAMPLE - PERPETUAL EXACT MARKET CASH FUND - WHILE EXACT BENCHMARKING APPLIES		BALANCE OF \$50,000 ¹ WITH A CONTRIBUTION OF \$5,000 DURING YEAR
Contribution fees	Nil	For every additional \$5,000 you put in, you will be charged \$0.00. ⁴
PLUS Management costs	0.00%	And , for every \$50,000 you have in the Fund you will be charged \$0.00 each year.
EQUALS Cost of Fund		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees of \$0.00 . ^{1,4}

EXAMPLE - PERPETUAL EXACT MARKET CASH FUND - IF EXACT BENCHMARKING CEASES TO APPLY ⁵		BALANCE OF \$50,000 ¹ WITH A CONTRIBUTION OF \$5,000 DURING YEAR
Contribution fees	Nil	For every additional \$5,000 you put in, you will be charged \$0.00. ⁴
PLUS Management costs	0.226%	And , for every \$50,000 you have in the Fund you will be charged \$113.00 each year.
EQUALS Cost of Fund		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees of \$113.00 . ^{1,4} What it costs you will depend on the Fund's indirect costs and any fee rebates we have negotiated with Perpetual Private.

1 We have assumed a constant value of \$50,000 for the whole year.

2 A buy spread of 0.05% (as at the date of this PDS and which may have since changed), equal to \$2.50 on a \$5,000 contribution, will also apply (see 'Transaction costs' on page 9 for further information).

3 A buy spread of 0.10% (as at the date of this PDS and which may have since changed), equal to \$5.00 on a \$5,000 contribution, will also apply (see 'Transaction costs' on page 9 for further information).

4 A buy spread (nil as at the date of this PDS and which may have since changed) may also apply (see 'Transaction costs' on page 9 for further information).

5 Other than as a result of an event of force majeure – see 'Cessation of Exact Benchmarking' on page 5 for further information.

HOW THE FUNDS OPERATE

HOW TO INVEST

You can invest in the Funds by directing Perpetual Private to lodge an investment application with us.

The number of units issued to Perpetual Private is determined by dividing your investment amount by the applicable entry price. See 'How investments are valued and units are priced' on page 14 for details about asset valuations and unit prices.

If our Sydney office receives and accepts Perpetual Private's application by 3.00pm on any business day, your investment will be processed using that day's entry price. If received and accepted after 3.00pm it will be processed using the next calculated entry price. If it's a non-working day for Perpetual in Sydney, your investment will be processed using the next available entry price.

The time it takes to process applications made through Perpetual Private may vary from these times due to their processing requirements (refer to Perpetual Private for details).

We have the discretion not to accept applications and can delay processing them if we believe that's in the best interests of investors or if required by law (see 'Delays or suspension of applications, switches and withdrawals' on page 16 for more information).

For current entry prices, visit our website or contact Perpetual Private.

SWITCHING

You can generally switch all or part of your investment in a Fund into another Fund(s) at any time as long as you meet the withdrawal and application criteria for the nominated Funds.

The PDS may be updated or replaced from time to time and you should read the current version before you switch. The current PDS is available at our website or you can obtain a paper copy, free of charge, by contacting us.

Switching of some or all of an investment in a Fund can be arranged by directing Perpetual Private to contact us and provide us with the number of units or the amount to be switched.

When switching, the withdrawal will be processed at the applicable exit price and the proceeds used to purchase units in the new Fund at the applicable entry price, on the same effective date.

As a switch involves a withdrawal of money from one Fund at its exit price and an investment of money in another Fund at its entry price, there may be an associated cost to an investor (see 'Transaction costs' on page 9 for more details). A switch out of a Fund will generally be a disposal of units for tax purposes, which may have tax implications for you (see 'Tax' on page 13 for more details).

WITHDRAWALS

You can withdraw some or all of your investment in the Funds at any time by directing Perpetual Private to contact us and provide us with the number of units or the amount to be withdrawn.

If you withdraw your units before the end of a distribution period, you won't receive a distribution for those units in that period. Your withdrawal amount will generally include your share of distributable income accrued in the Fund to the date of withdrawal as capital.

We may determine that part of your withdrawal amount represents a share of the distributable income including realised net capital gains for that distribution period. We will advise Perpetual Private if this happens.

If our Sydney office receives and accepts a withdrawal request from Perpetual Private by 3.00pm on any business day, it will be processed using that day's exit price. If received and accepted after 3.00pm it will be processed using the next calculated exit price. If it's a non-working day for Perpetual in Sydney, your withdrawal will be processed using the next available exit price.

We can delay processing withdrawal requests or stagger the payment of large amounts if we believe that's in the best interests of investors (see 'Delays or suspension of applications, switches and withdrawals' on page 16 for more information).

For the current exit prices, visit our website or contact Perpetual Private.

The proceeds from your withdrawal will usually be available to Perpetual Private within two business days from when we have accepted the request, given normal operating conditions. However, proceeds of withdrawals from:

- Perpetual High Grade Treasury Fund will be available no later than 30 days after we have accepted the request
- Perpetual Credit Income Fund and Perpetual Exact Market Cash Fund will be available no later than 70 days after we have accepted the request.

The time it takes to process withdrawal requests made through Perpetual Private may vary from these times due to their processing requirements (refer to Perpetual Private for details).

We'll confirm all withdrawals in writing with Perpetual Private.

DISTRIBUTIONS

A distribution is the payment of a Fund's distributable income to investors at predetermined intervals. The distributable income may include interest, realised net capital gains and other income (see 'Tax' on page 13 for further information).

The distribution amount depends on the Fund's distributable income. The amount of your distribution will be proportionate to the number of units you hold relative to the number of units on issue at the end of the distribution period. The amount will vary and sometimes there might not be any distribution.

At the end of each distribution period, a Fund's unit price will typically fall as it is adjusted to reflect the amount of any distribution. As your distribution amount is based on the entire distribution period, the closer you invest before the end of a distribution period the greater the possibility is that you may receive back some of your capital as income in the distribution for that period.

The Funds distribute quarterly as at 31 March, 30 June, 30 September and 31 December. Distributions not reinvested are generally paid to Perpetual Private within 14 days but no later than 90 days after the end of the distribution period.

We may make special distributions on an interim basis without prior notice to you.

Any realised net capital gains are generally included in the 30 June distribution.

You still have to pay tax on the distribution even if it is reinvested (if available) – see 'Distributions' under 'Tax' on page 13.

DISTRIBUTION PAYMENT OPTIONS

For distribution payment options, please refer to Perpetual Private.

Since the Funds have elected into the AMIT regime, there may be implications for distributions (see 'Tax' on page 13 for details).

INTEREST EARNED ON APPLICATION, WITHDRAWAL AND DISTRIBUTION ACCOUNTS

Application money, proceeds of withdrawal requests and distribution amounts are held in trust accounts before they're processed. A member of the Perpetual Group retains any interest earned on these accounts.

TAX

The tax consequences of investing in managed investment schemes are particular to your circumstances, so we recommend you see a tax adviser. This information is general only and shouldn't be relied on.

You should also refer to Perpetual Private for further information about the tax treatment of your investment in a Fund through their service.

ATTRIBUTION MANAGED INVESTMENT TRUST (AMIT) REGIME

The Federal Government passed tax legislation in May 2016 applicable to eligible managed investment schemes. Where a managed investment scheme meets the eligibility requirements and Perpetual Investment Management Limited, as the responsible entity, makes an election to apply the new tax rules, the Fund will become an Attribution Managed Investment Trust (AMIT).

We have elected into the AMIT regime for the Funds for the 2017/2018 and subsequent financial years.

TAX POSITION OF THE FUNDS

Generally, Australian income tax won't be payable by the Funds.

Investors will be subject to tax on the income of the Funds that is attributed to them under the AMIT rules each year ending 30 June. The amount attributed to an investor will be shown on their annual tax statement. If there is income of a Fund that is not attributed to an investor, the Fund will be subject to tax at the highest marginal tax rate (plus Medicare levy).

AUSTRALIAN RESIDENT INVESTORS

DISTRIBUTIONS

For information about the calculation of your distribution entitlement, see 'Distributions' on page 11.

The income of the Funds distributed to you must be included in your income tax return for the year of the entitlement even if the distribution is received or reinvested in the following year – see 'Annual tax statement' on this page.

The AMIT rules also allow us to:

- reinvest part or all of your distribution and/or
- accumulate part or all of a Fund's income in the Fund, in which case the income of the Fund that is attributed to you will be more than the distribution you receive¹

1 If this were to occur, the Fund's unit price would only fall by the amount of the actual distribution and not by the additional amount attributed to investors. Investors would need to increase the cost base of their units for tax purposes by the amount that has been attributed to them but not paid as a distribution. This information will be provided on your annual tax statement.

CAPITAL GAINS TAX

In addition to any realised net capital gains attributed to you, any withdrawal (including switching between Funds) or transfer of units in the Funds may create a taxable gain or loss, which will be treated as a capital gain or loss, or as ordinary income, depending on your circumstances.

ANNUAL TAX STATEMENT

As you are investing indirectly through a Service, Perpetual Private will use the information we provide to prepare their statements for you.

NON-RESIDENT INVESTORS

Australian tax will be deducted from certain Australian sourced income and capital gains attributed to non-resident investors. Non-resident investors may also be subject to tax in the country they reside in, but may be entitled to a credit for some or all of the tax deducted in Australia.

TAX FILE NUMBER (TFN)/ AUSTRALIAN BUSINESS NUMBER (ABN)

Providing your TFN isn't compulsory but without it or the appropriate exemption information Perpetual Private will have to withhold tax from your distributions at the highest marginal tax rate (plus Medicare levy) until your TFN or exemption is provided.

You may prefer to provide an ABN as an alternative to your TFN if your investment is made as part of an enterprise.

Please refer to Perpetual Private for more information on the collection of TFNs or ABNs for investors investing in the Funds through their Service.

GOODS AND SERVICES TAX (GST)

GST generally applies to the fees, costs and expenses payable by the Funds, including management costs and other fees payable to us.

Generally, the Funds can't claim a credit for all of the GST paid but may be entitled to claim a reduced input tax credit (RITC), which represents a portion of the GST applicable to management costs and certain other expenses.

The management costs and other fees specified in the table within 'Fees and other costs' on page 7 show the approximate net cost to the Funds of these amounts payable to us, on the basis that the Fund is entitled to claim RITCs for the GST on these amounts.

ADDITIONAL INFORMATION

MULTIPLE UNIT CLASSES

The constitution for Perpetual High Grade Treasury Fund allows for multiple unit classes, which may have different rights and obligations (including fees and terms) attached to them. Within each class of units, the units have the same rights.

This PDS offers investment in Class R units in Perpetual High Grade Treasury Fund. As at the date of this PDS, there is another class of units offered to wholesale investors under another disclosure document.

HOW INVESTMENTS ARE VALUED AND UNITS ARE PRICED

A copy of our unit pricing policy, including details of any discretions that we may exercise in various circumstances, is available at our website or can be obtained free of charge by contacting us.

PERPETUAL HIGH GRADE TREASURY FUND

Unit prices for Perpetual High Grade Treasury Fund are calculated by:

- establishing the net asset value of the Fund for each class of units
- for entry unit prices – adding the applicable transaction costs (buy spread) to the net asset value of the relevant class and then dividing the adjusted net asset value by the number of units on issue in the Fund for the relevant class to determine the entry unit price for that class
- for exit unit prices – deducting the applicable transaction costs (sell spread) from the net asset value of the relevant class and then dividing the adjusted net asset value by the number of units on issue in the Fund for the relevant class to determine the exit unit price for that class.

The net asset value of the Fund is generally determined each business day.

The net asset value of the Fund referable to a class is calculated by deducting from the value of the Fund's gross assets the value of the liabilities to the extent referable to the class.

The net asset value of investments in the Fund includes unrealised gains and losses and any income and realised gains accrued but not yet distributed. If unrealised gains are realised in the future, any assessable portion may be distributed to investors.

Investments of the Fund are valued at their market value. For the Fund's investments in other managed funds, the market value of the units is the exit price of those units.

When we cannot value the Fund appropriately using the above method we may use a different valuation method.

PERPETUAL CREDIT INCOME FUND

Unit prices for Perpetual Credit Income Fund are calculated by:

- establishing the net asset value of the Fund
- for entry unit prices – adding the applicable transaction costs (buy spread) to the net asset value and then dividing the adjusted net asset value by the number of units on issue to determine the entry unit price
- for exit unit prices – deducting the applicable transaction costs (sell spread) from the net asset value and then dividing the adjusted net asset value by the number of units on issue to determine the exit unit price.

The net asset value of the Fund is generally determined each business day.

The net asset value of the Fund is calculated by deducting the value of the Fund's liabilities from the value of its gross assets.

The net asset value of investments in the Fund includes unrealised gains and losses and any income and realised gains accrued but not yet distributed. If unrealised gains are realised in the future, any assessable portion may be distributed to investors.

Investments of the Fund are valued at their market value. For the Fund's investments in other managed funds, the market value of the units is the exit price of those units.

When we cannot value the Fund appropriately using the above method we may use a different valuation method.

PERPETUAL EXACT MARKET CASH FUND

Unit prices for Perpetual Exact Market Cash Fund are calculated by:

- establishing the net asset value of the Fund
- for entry unit prices – adding the applicable transaction costs (buy spread) to the net asset value and then dividing the adjusted net asset value by the number of units on issue to determine the entry unit price
- for exit unit prices – deducting the applicable transaction costs (sell spread) from the net asset value and then dividing the adjusted net asset value by the number of units on issue to determine the exit unit price.

The net asset value of the Fund is generally determined each business day.

The net asset value of the Fund is calculated by deducting the value of the Fund's liabilities from the value of its gross assets.

The net asset value of investments in the Fund includes unrealised gains and losses and any income and realised gains accrued but not yet distributed. If unrealised gains are realised in the future, any assessable portion may be distributed to investors. Any amounts payable to or receivable by PAPL under the swap agreement (see 'Swap agreement' on page 5 for details) are also included in the net asset value of the Fund.

The fixed income investments of the Fund are valued on a held-to-maturity basis and other investments are valued at their market value. When we cannot value the Fund appropriately using these methods we may use a different valuation method.

YOUR COOLING-OFF RIGHTS

No cooling-off rights apply in respect of any investment in the Funds acquired by Perpetual Private on your behalf. For information about any cooling-off rights that may apply to you in respect of the Service that you invest through, please contact Perpetual Private or refer to the Service's disclosure document.

REPORTING

All reports will be sent directly to Perpetual Private. They will use this information to provide you with regular reporting.

Please contact Perpetual Private with any investor inquiries.

UPDATED INFORMATION

We can change the terms and features of a Fund according to the Fund's constitution and other relevant law. Updated information that is not materially adverse to you will be provided to Perpetual Private and available at our website or can be obtained free of charge on request.

CONTINUOUS DISCLOSURE DOCUMENTS

The Funds may be subject to certain regular reporting and disclosure obligations. Copies of documents lodged with ASIC in relation to the Funds may be obtained from, or inspected at, any ASIC office. You may obtain a copy of the following at our website or from us free of charge on request:

- a Fund's annual financial report most recently lodged with ASIC
- any half-yearly financial reports lodged with ASIC by a Fund after lodgement of that annual report
- any continuous disclosure notices given by a Fund after that date of lodgement of that annual report and
- any other material updates.

YOUR PRIVACY

Privacy laws apply to our handling of personal information. As you are investing indirectly through a Service, we do not collect or hold your personal information in connection with your investment in a Fund. Please contact Perpetual Private for more information about their privacy policy relating to collecting and holding personal information about you.

INQUIRIES AND COMPLAINTS

We have established procedures for dealing with any inquiries or complaints relating to your investment in the Funds, however you should direct these to Perpetual Private in the first instance.

As you are investing indirectly through a Service, any inquiries or complaints about the Service should be directed to Perpetual Private.

INVESTMENTS AND SOCIAL SECURITY

If you are a personal investor, your investment in the Funds may affect your social security or pension entitlements. The calculations are complex so we recommend that you seek advice from your financial or tax adviser, or use the financial information services of either the Department of Human Services or Veterans' Affairs.

OUR ROLE AS RESPONSIBLE ENTITY

As the responsible entity of the Funds, our main responsibilities are to make sure a Fund is managed according to its constitution and investment policy as well as properly administering the Fund. We have established an investment review committee to set the investment objectives, investment guidelines and investment approach for the Funds. We may change a Fund's investment policy whenever we believe that's in the best interests of investors, without prior notice.

In carrying out our duties, we are subject to the Corporations Act and must:

- act honestly and in the best interests of investors
- exercise care and diligence.

CONSTITUTIONS

All registered managed investment schemes are governed by a constitution. A Fund's constitution (as amended) governs the Fund's operation and, together with this PDS, the Corporations Act and other laws, regulates the Fund and our legal relationship with investors. The Funds' constitutions have been lodged with ASIC.

We can amend the Funds' constitutions according to the Corporations Act. You may inspect the Funds' constitutions at our offices on any business day free-of-charge or obtain a free copy of it by contacting us.

BORROWING POWERS

Although the Funds' constitutions allow the Funds to borrow, we currently don't intend to borrow as part of their investment strategy. However, borrowing may occur in the daily management of these Funds.

OUR LEGAL RELATIONSHIP WITH YOU

By investing indirectly through a Service, you don't acquire the rights of an investor in a Fund. Perpetual Private acquires these rights and can exercise or decline to exercise them on your behalf according to the arrangements governing the Service. You also forgo direct voting rights and generally won't receive notice of, or be able to attend, investor meetings.

If you want to make additional investments, withdraw your investment or transfer your investment to another person, you'll have to direct Perpetual Private to do so on your behalf.

By investing indirectly in a Fund through a Service, you won't receive confirmation of transactions, statements or reports directly from us. We'll provide these to Perpetual Private and they'll report to you on your investments in the Service according to the arrangements governing the Service.

OUR LIABILITY

Subject to the Corporations Act, we're not liable to investors for any losses in any way relating to the Funds, except to the extent to which the loss is caused by our fraud, negligence or breach of trust.

Our liability is, subject to the Corporations Act, limited to our ability to be indemnified out of the assets of the Funds.

PERPETUAL PRIVATE'S RIGHTS AS AN INVESTOR

Each unit Perpetual Private holds in a Fund confers a proportional beneficial interest in the Fund. But they're not entitled to any particular part of the Fund, its assets or its management or operation (other than through investor meetings).

Each Fund's constitution limits an investor's liability to the value of the investor's interest or units in a Fund. However, the courts are yet to conclusively determine the effectiveness of these provisions so no absolute assurance can be given that an investor's liability is limited in every situation.

DELAYS OR SUSPENSION OF APPLICATIONS, SWITCHES AND WITHDRAWALS

In certain emergency situations that impact the effective and efficient operation of a market for an asset in a Fund or in circumstances where we otherwise consider it to be in investors' interests, we may suspend processing all applications, switches or withdrawals (including payments) for that Fund. This may include but is not limited to situations where:

- we cannot properly ascertain the value of an asset in the Fund
- an event occurs that results in us not being able to reasonably acquire or dispose of assets in the Fund
- an underlying fund suspends applications and withdrawals
- the law otherwise permits us to delay or restrict processing applications or withdrawals.

Applications, withdrawals or switch requests received during the suspension will be processed using the entry and/or exit price applicable when the suspension is lifted.

A Fund may also delay processing applications and withdrawals at certain other times, for example, while distributions are being calculated.

INCORPORATION BY REFERENCE

The law allows us to provide certain information to you separately to the PDS, which is taken to be incorporated into the PDS, provided the PDS identifies this additional information and how you can access it.

The following incorporated information forms part of the PDS:

- details of the latest transaction costs for each Fund
- the current buy/sell spread for each Fund.

This information is publicly available at www.perpetual.com.au/ppc-income-funds-updates.aspx, or can be obtained free of charge by contacting us.

You should also read the incorporated information.

CONSENT

NAB has given its written consent to be named in this PDS relating to Perpetual Exact Market Cash Fund in the form and context in which they have been disclosed. NAB makes no representations or warranties as to the completeness or appropriateness of any other information contained in the PDS. NAB has not withdrawn its consent before the issue date of this PDS and has not authorised or caused the issue of this PDS.
