IMPORTANT NOTES

The Product Disclosure Statement (PDS) for Perpetual WealthFocus Pension Plan is provided in two parts:

- **Part 1** – Perpetual WealthFocus Pension Plan Features Book (Features Book)
- **Part 2** – Perpetual WealthFocus Investment Book (Investment Book).

You should read both Part 1 and Part 2 carefully before making a decision to invest. If you haven't received both parts, please contact us (see inside back cover for contact details).

In this PDS, the 'Fund' means Perpetual WealthFocus Superannuation Fund (ABN 41 772 007 500, RSE R1057010), which includes:

- Perpetual WealthFocus Super Plan (Super Plan)
- Perpetual WealthFocus Pension Plan (Pension Plan).

References in this PDS to 'we', 'us', 'our', 'the Trustee' and 'Perpetual' are to Perpetual Superannuation Limited as the trustee of the Fund and the issuer of interests in the Fund and this PDS. Perpetual holds a Registrable Superannuation Entity (RSE) licence issued by the Australian Prudential Regulation Authority (APRA) to act as trustee of the Fund.

References in this PDS to 'Perpetual Investments' are to Perpetual Investment Management Limited (ABN 18 000 866 535, AFSL 234426) as the responsible entity of the underlying registered managed investment schemes into which the investment options generally invest.

Perpetual Superannuation Limited and Perpetual Investment Management Limited are wholly owned subsidiaries of Perpetual Limited (ABN 86 000 431 827).

'Perpetual Group' means Perpetual Limited and its subsidiaries.

References to 'you' or 'your' are to members (including prospective members) of the Fund.

The 'investment options' are the underlying investments available to members of the Fund.

Where used in this PDS, 'intermediaries' may include financial advisers, discount brokers and other intermediaries. A 'financial adviser' means the authorised representative of an Australian financial services licence holder, who is authorised to provide financial product advice to clients.

This PDS contains all of the information that the Trustee believes is reasonably required for you to make an informed decision about investing in the Pension Plan and the various investment options. The investment options generally invest into corresponding managed funds within Perpetual WealthFocus Investment Funds or investment options within Perpetual WealthFocus Investment Advantage Fund (ARSN 091 142 460) that have the same investment strategies (WealthFocus fund). These funds are managed investment schemes that are registered with the Australian Securities and Investments Commission (ASIC).

This PDS describes the important features of the Pension Plan. You should read it carefully before you decide to invest as it will help you to decide whether the Pension Plan is appropriate for you. It contains general information only and doesn't take into account your objectives, financial situation or needs. This PDS will also help when comparing the Pension Plan to others you may be considering.

We recommend that you seek financial advice before making an investment decision. If you have questions about the Fund, the Pension Plan or any of the investment options, you should speak to your financial adviser. You should consider the tax implications of investing in the Pension Plan, which your financial and/or tax adviser will be able to help you with.

We may update this PDS (including the terms and features of the Pension Plan where we can according to the Fund's Trust Deed and the law) with changes that are not materially adverse without issuing a supplementary PDS. The PDS and updated information will be available at our website and you can also obtain a paper copy free of charge, on request. If we become aware of any change that is materially adverse, we'll replace this PDS or issue a supplementary PDS. Any replacement and/or supplementary PDS will be available at our website and you can also obtain a paper copy free of charge, on request. If there is an increase in fees or charges (other than government fees or charges), we'll give you at least 30-days' prior written notice.

You should keep a copy of the current PDS and any replacement and/or supplementary PDS for future reference. You can access further information that has been made publicly available at our website or by contacting us.

Visit our website or contact us for the most up-to-date past investment returns for the investment options available within the Pension Plan. Past investment returns are not indicative of future returns, so you shouldn't base your decision to become a member of the Fund or invest in any of the investment options on past investment returns.

Neither we nor any company in the Perpetual Group guarantee that you will earn any return on your investment or that your investment will gain in value or retain its value. Investment in the Pension Plan is subject to investment risk, including possible delays in repayment and loss of income and capital invested.

This PDS can only be used by members receiving it (electronically or otherwise) in Australia.

All amounts in this PDS are in Australian dollars and all times quoted are Sydney time (unless otherwise specified). A business day is a working day for Perpetual in Sydney.

THE KEY BENEFITS OF INVESTING IN PERPETUAL WEALTHFOCUS

A HIGH QUALITY, DIVERSE INVESTMENT MENU

You can tailor a diversified investment portfolio by choosing from an investment option menu that provides access to a wide range of asset classes, with underlying investment funds managed by Perpetual Investments or a range of other investment managers.

FEATURES TO SAVE YOU TIME

You can easily keep track of your investments with our consolidated reporting and online access to correspondence and other information relating to your investment, regardless of the number of investment options you choose. You can also take advantage of other convenient features, such as:

- a dollar cost averaging plan or
- auto-rebalancing.

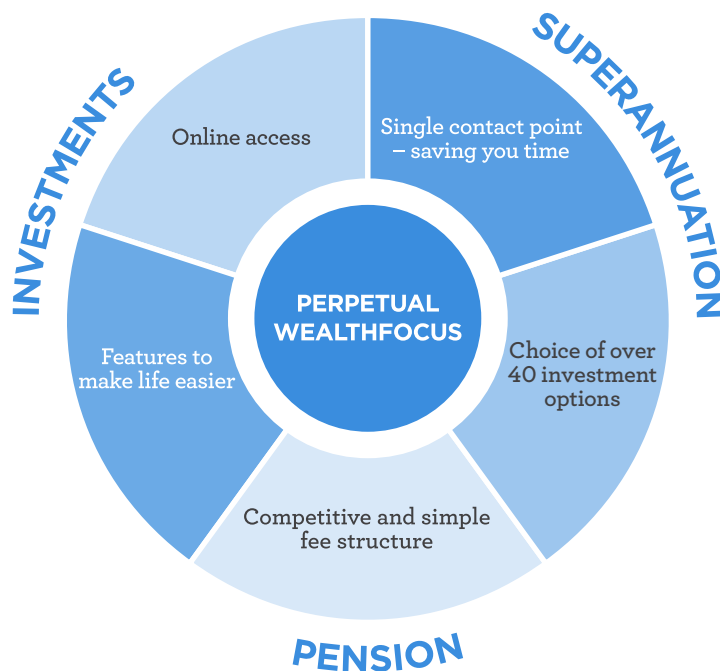

These features are designed to help you save time and manage your investments more effectively.

AN ORGANISATION YOU CAN TRUST

Perpetual Superannuation Limited and Perpetual Investment Management Limited are both part of the Perpetual Group, which has been in operation for over 130 years.

Perpetual Superannuation Limited, the trustee of the Fund, is the Registrable Superannuation Entity (RSE) licensee for several of the Perpetual Group’s superannuation entities.

Perpetual Investment Management Limited, the responsible entity of the underlying registered managed investment schemes into which the investment options generally invest, is one of Australia’s leading investment managers, with \$29.0 billion in funds under management (as at 30 September 2020).

UNDERSTANDING INVESTMENT RISK

THE RISKS OF INVESTING

All investments carry risk. The value of your investment may fall for a number of reasons, which means that you may receive back less than your original investment when you withdraw. Before making an investment decision, it's important to understand the risks that can affect the value of your investment. While it's not possible to identify every risk relevant to investing in the Fund, we have detailed in the following table significant risks that may affect your investment.

Different strategies may carry different levels of risk, depending on the assets that make up the strategy, and assets with the highest long-term returns may also carry the highest level of short-term risk due to their generally larger fluctuations in returns.

Your financial adviser can assist you in determining which investment options are suited to your financial needs.

SIGNIFICANT RISKS

TYPE OF RISK	DESCRIPTION OF RISK
Market and economic risk	Certain events may have a negative effect on the price of all types of investments within a particular market. These events may include changes in economic, social, technological or political conditions, as well as market sentiment, the causes of which may include changes in governments or government policies, political unrest, wars, terrorism, pandemics and natural, nuclear and environmental disasters. The duration and potential impacts of such events can be highly unpredictable, which may give rise to increased and/or prolonged market volatility.
Asset risk	A particular asset that a fund invests in may fall in value, which can result in a reduction in the value of your investment.
Currency risk	For investments in international assets, which have currency exposure, there is potential for adverse movements in exchange rates to reduce their Australian dollar value. For example, if the Australian dollar rises, the value of international investments expressed in Australian dollars can fall. Currency management or hedging strategies may not necessarily provide protection against adverse currency movements.
Interest rate risk	Changes in interest rates may have a negative impact, either directly or indirectly, on investment returns.
Credit risk	The issuer or party to a transaction may not repay the principal, make interest payments or fulfil other financial obligations in full and/or on time. The market value of an investment can also fall significantly when the perceived risk of a note or bond increases or its credit rating declines.
Liquidity risk	The absence of an established market or shortage of buyers for certain investments, such as unlisted property funds, mortgages, fixed income securities and alternative assets, can result in a loss if the holder of the investment needs to sell it within a particular timeframe. A shortage of liquidity can also result in delays in the payment of withdrawals from a fund.
Derivatives risk	Derivative values can fluctuate significantly and in certain circumstances a derivative can be more volatile than the underlying asset or index. The value of a derivative contract may fall as a result of an adverse movement in the underlying asset or index. Losses can be magnified where a greater exposure is created through the derivative position than is backed by the assets of a fund. Derivatives may also be subject to liquidity risk and/or counterparty risk. Depending on market conditions derivative positions can be costly or difficult to reverse. A counterparty may also be required to take collateral from a fund's assets to support a derivatives contract. Therefore, there is a risk that if the counterparty becomes insolvent, the fund's assets may not be returned in full. See 'Use of derivatives' on page 6 for further information about how derivatives may be used by the underlying investment managers.
Counterparty risk	A loss may occur if the other party to a contract, including derivatives contracts or lending arrangements (cash or stocks), defaults on their obligations under the contract.
Legal and regulatory risk	Changes in legislation and differences between rules (including interpretation of the law) in domestic and foreign markets, including those dealing with superannuation, taxation, accounting and investments, may adversely impact your investment.
Investment strategy risks	A fund's investment strategy may involve specific risks. These include gearing risk, short-position risk, prime broker risk, portfolio concentration risk, industry sector risk and smaller company risk – see 'Investment strategy risks' on page 5 for details.
Other investment risks	The following risks are inherent within any of the investment options: <ul style="list-style-type: none"> the investment professionals employed by an investment option's underlying investment manager may change, which may affect the future performance of that investment option. transactions may be suspended, which may result in delays in paying withdrawal requests (see 'Suspension of applications, switches and withdrawals' on page 31 for further information). an underlying investment fund may be replaced. an investment option may be terminated. Investing in a superannuation fund that holds units in managed investment schemes may provide you with a different tax outcome than investing in a superannuation fund which uses a different investment vehicle or holds investments directly. This is because of the application of specific tax laws to the managed investment schemes and the impact of investments into, and withdrawals from, the managed investment schemes by other investors.
Conflicts risk	Conflicts of interest may arise between related parties appointed to provide services to the Fund.
Operational and cyber risks	The Fund's operations may be adversely impacted by breakdowns in internal/external administrative processes or circumstances beyond our reasonable control, such as failure of technology or infrastructure, or natural disasters. Despite security measures, fraud, data loss/damage or business disruption may result from cyber threats against or unauthorised infiltration of our technology systems and networks or those of our service providers.

INVESTMENT STRATEGY RISKS

GEARING RISK

The Fund can't use gearing as an investment strategy, but some of the underlying investment funds that the investment options invest in may gear.

With gearing, the investment manager borrows money to increase the amount it can invest. While this can result in larger investment gains in a rising market, it can also magnify losses in a falling market.

Gearing increases the volatility of a fund's investment returns. Consequently, a geared fund is considered to have a higher investment risk than a comparable fund that is ungeared.

The returns of a geared fund depend on the types of investments in it as well as the level of gearing and the costs of borrowing, including interest rates. The cost of borrowing will reduce the returns of a geared fund.

The greater the level of gearing in a geared fund, the greater the potential for loss of capital. As the following example shows, a 10% fall in the market value of assets in an ungeared fund could translate into a 20% fall in the value of the same portfolio in a geared fund with a gearing level of 50% (excluding any borrowing costs).

EXAMPLE

YOUR INVESTMENT AMOUNT	\$1,000	\$1,000
Fund gearing level	nil	50%
Amount borrowed by fund	n/a	\$1,000
Amount invested in the market	\$1,000	\$2,000
IF THE VALUE OF THE FUND'S ASSETS FALLS BY 10%:		
Fall in value of fund's assets	\$100	\$200
Value of fund's assets after fall	\$900	\$1,800
Outstanding loan	n/a	\$1,000
Value of your investment	\$900	\$800
Loss of investment capital	\$100	\$200
Effective rate of loss	10%	20%

Consequently, the greater the level of gearing in a geared fund, the less the fall in asset value needs to be for a total loss of your investment capital.

The gearing level for a geared fund may change regularly due to factors such as market movements, applications, withdrawals or changes to the amount borrowed. In certain circumstances, it may be necessary to suspend withdrawals to manage the fund's gearing position within its approved limits and protect the interests of all investors in the fund (see 'Suspension of applications, switches and withdrawals' on page 31 for more detailed information in relation to Perpetual Geared Australian investment option).

The lender may have the right to reduce the gearing level set for the geared fund or terminate the lending facility. This means that a geared fund may need to promptly reduce the gearing level by selling assets, which may force the sale of assets at unfavourable prices. To control this risk, the investment manager may establish alternate sources of funding to limit the exposure to any one lender to an acceptable level.

SHORT-POSITION RISK

The Fund can't take short positions as an investment strategy, but some of the underlying investment funds that the investment options invest in may do so.

Where permitted, a short position can be created when a fund sells a borrowed security before buying it back from the open market to return to the securities lender. As the following example shows, if the market price of the security:

- falls in value, the fund makes a profit because it buys it back for less than it was sold
- rises in value, the fund will incur a loss when buying it back for more than it was sold.

EXAMPLE

NUMBER OF SECURITIES BORROWED	1,000	1,000
Market price when borrowed securities are sold	\$10	\$10
Proceeds from sale of borrowed securities	\$10,000	\$10,000
Market price when securities are repurchased to return to lender	\$8	\$12
Cost to repurchase securities	\$8,000	\$12,000
Profit/(loss) from short position (before any borrowing costs)	\$2,000	(\$2,000)

Establishing a short position in a security involves a higher level of risk than investing in a security. This is because when you invest in a security, the maximum loss is generally limited to the amount invested. With short positions there is no limit on the maximum loss because there is no upper limit on the security's price. In other words, the loss will continue to increase as the security's price rises.

A further risk is that the securities lender may recall a borrowed security, so the fund will have to find another securities lender willing to lend the security, or may have to buy the security quickly at an unfavourable price.

PRIME BROKER RISK

Perpetual Investments in its capacity as the responsible entity of the underlying investment funds for Perpetual Geared Australian investment option and Perpetual SHARE-PLUS Long-Short investment option engages a prime broker to provide financing for gearing and stock for the borrowing and lending of securities as well as settlement services for these underlying investment funds and any other services agreed between the parties.

When one of these underlying investment funds borrows securities or cash, the prime broker is entitled to take collateral from the assets of the particular underlying investment fund. Any assets taken by the prime broker may be used by the prime broker for its own purposes (including lending those assets to third parties) for the period that the underlying investment fund retains the relevant liability. Therefore, there is a risk that if the prime broker becomes insolvent whilst the underlying investment fund remains indebted to the prime broker, the investment assets of the underlying investment fund may not be returned in full.

Other underlying investment fund managers may also use prime brokers.

PORTFOLIO CONCENTRATION RISK

Investing in an investment option with a smaller number of investments may lead to more volatile returns than investing in an investment option with a more diversified portfolio.

INDUSTRY SECTOR RISK

Investing in an investment option primarily with exposure to a single industry sector (eg technology) exposes investors to additional risk since the price of many stocks within an industry sector may fall at the same time due to economic or other factors affecting that particular industry.

SMALLER COMPANY RISK

When investing in a company generally considered small by market capitalisation, an investor is exposed to many risks to which the company is exposed and this may impact the value of the security. The companies may also be new participants with limited public information or involve new concepts which may be speculative.

In addition, the market price of a company's securities may fluctuate in an unrelated or disproportionate way to the operating performance of the company.

Shares in smaller and microcap companies may trade less frequently and in smaller volumes and therefore may be affected by liquidity risk to a greater degree than shares in larger companies.

MANAGING THE RISKS

HOW WE MANAGE RISK

We can't eliminate investment risks, however the underlying investment managers aim to manage the impact of these risks by setting consistent and carefully considered investment guidelines.

Perpetual Group has policies and procedures in place to manage any conflicts of interest, which ensure Perpetual's appointment and supervision of any related party is on arm's length terms and that any such related party performs its functions to the same standard as if the parties were not related and in the best interest of investors.

USE OF DERIVATIVES

A derivative is a financial instrument that usually derives its value from the price of a physical security or market index. Derivatives include, but are not limited to, futures, options, swaps and forward foreign exchange contracts.

Derivatives may be used by the investment managers in the management of their underlying investment funds for a range of investment activities including, but not limited to, the following purposes:

- managing investment risk and volatility of a stock, security or market
- managing actual and anticipated interest rate risk and credit exposure
- managing currency risk and adjusting currency exposure
- achieving asset exposures without buying or selling the underlying securities
- creating short exposure to a stock, security or market where permitted
- generating additional income
- adding to the gearing levels of relevant underlying investment funds' portfolios
- managing strategic and tactical asset allocation strategies
- taking advantage of price differences (known as arbitrage).

Derivatives may also be used for broader purposes to increase returns.

Investing in derivatives can expose an investment option to additional risks. Please refer to 'Derivatives risk' within the 'Significant risks' table on page 4 for more information.

INVESTMENT LIMITS

PERPETUAL GEARED AUSTRALIAN INVESTMENT OPTION

Due to the higher risk associated with gearing, Perpetual Geared Australian investment option has the following contribution and investment limits.

MAXIMUM ALLOCATION LIMIT

No more than 30% of any investment into the Pension Plan can be allocated to Perpetual Geared Australian investment option.

COMPULSORY REBALANCING

If you hold an investment in the Perpetual Geared Australian investment option, we will rebalance your investment portfolio to your investment strategy (see 'Investment strategy' on page 21 for further information) at the frequency shown in the following table.

AUTO-REBALANCING FEATURE ¹ SELECTED?	AUTO-REBALANCING FREQUENCY ¹ NOMINATED?	COMPULSORY REBALANCING OCCURS
Yes ³	Yes	At the frequency you have nominated for auto-rebalancing ¹
Yes ³	No	Quarterly – the next unit pricing date on or after (as applicable) the 24th of January, April, July and October ²
No	N/A	Yearly – the next unit pricing date on or after (as applicable) the 24th of July ²

¹ See 'Auto-rebalancing' on page 22 for details.

² Or the next business day if this date is not a business day.

³ In the event that auto-rebalancing subsequently ceases, compulsory rebalancing will then occur yearly (as shown in the last row of the table) unless/until you recommence auto-rebalancing.

The buy/sell spread (see 'Buy/sell spread' on page 17 for further information) will apply to these rebalancing transactions.

HOW YOU CAN MANAGE YOUR INVESTMENT RISK

The most significant risk in investing is that you don't reach your financial goals. It's important to consider your investment timeframe, your investment goals and your risk tolerance and we recommend you consult a financial adviser to assist you in determining these. This will help with your choice of investment and the level of diversification you need.

DIVERSIFICATION

Diversifying your investments can help reduce the volatility of investment returns. You can diversify your investment portfolio risk by:

- spreading your investment exposure across **markets** and **regions**
- investing in a range of **asset classes** and **assets**
- investing across a range of managers with different **investment styles**.

FLEXIBILITY TO CHANGE

After you have made your investment selection you still have the flexibility to change your mind. It's easy to restructure your investment at any time, giving you the ability to concentrate or diversify your portfolio as you require (see 'Switches' on page 21 for more details).

RETIREMENT INCOME AND WEALTHFOCUS

ELIGIBILITY TO INVEST

You're generally eligible to start receiving a pension if you have an 'unrestricted non-preserved' benefit. This will generally be when you've met a 'condition of release' under superannuation law, as shown in the following table.

CONDITIONS OF RELEASE FOR SUPERANNUATION BENEFITS

EVENT	PRESERVED BENEFITS	RESTRICTED NON-PRESERVED BENEFITS
Reaching age 65	●	●
Retiring ¹ having reached your preservation age ²	●	●
Leaving employment after age 60	●	●
Ceasing employment without satisfying any of the above conditions ³		●
Starting a 'transition to retirement' pension (see page 9 for details) after reaching your preservation age ²	● ⁴	● ⁴
Permanent incapacity ³	●	●
Temporary incapacity (for release of insurance benefits only) ³	● ⁴	● ⁴
Diagnosed with a terminal medical condition likely to result in your death within 24 months ³	●	●
Severe financial hardship ^{3,5}	●	●
Compassionate grounds ^{3,5}	●	●
Death ⁶	●	●
Departing Australia superannuation payment (DASP) ^{3,7}	●	●

- Under superannuation law, this means an arrangement under which you were gainfully employed has ceased and you don't intend to become gainfully employed for 10 hours or more each week again.
- Preservation age is determined by your date of birth, as shown in the following table.
- There are additional requirements you'll need to satisfy before a payment can be made.
- Your benefit can only be taken as an income stream.
- Transition to retirement (TTR) pensions (see page 9 for details) can't be released in these circumstances.
- See 'Death benefits' on page 29 for more information.
- Applies to temporary residents (excluding Australian citizens, New Zealand citizens or permanent residents) who have left Australia and their visa has ceased to be in effect. Temporary residents generally cannot commence any form of pension.

PRESERVATION AGE

DATE OF BIRTH	PRESERVATION AGE
Before 1 July 1960	55
1 July 1960 to 30 June 1961	56
1 July 1961 to 30 June 1962	57
1 July 1962 to 30 June 1963	58
1 July 1963 to 30 June 1964	59
After 30 June 1964	60

INCOME STREAM TOTAL ACCOUNT BALANCE LIMIT

A transfer balance cap will apply to the total amount of accumulated superannuation that a member can transfer into the retirement (income stream) phase. Subsequent earnings on balances in the retirement phase will not be capped or restricted. The general transfer balance cap is \$1.6 million for the 2020/2021 financial year, which will be indexed in line with the Consumer Price Index (CPI) in \$100,000 increments.

Where a member accumulates amounts in excess of their personal transfer balance cap in their superannuation account, they will be able to maintain the excess amount in their superannuation accumulation account where earnings will continue to be taxed at the concessional rate of 15%.

Transition to retirement (TTR) pensions do not count towards your transfer balance cap since these amounts are not considered to be in the retirement phase and, therefore, earnings on assets supporting TTR pensions are taxed at the same rate as the concessional tax rate applying to fund earnings on superannuation accumulation accounts (see 'Transition to retirement (TTR) pensions' on page 9 for further information). Structured settlements are also not included in the transfer balance cap.

Members who breach their personal transfer balance cap will be subject to penalty arrangements and the Australian Taxation Office (ATO) can issue a commutation authority to the Fund which requires us to transfer the amount determined by the ATO (the reduction amount) back into a superannuation accumulation account.

You can check your personal transfer balance cap using the ATO online services through myGov.

STARTING A PENSION WITH NON-SUPER MONEY

If you have non-super money that you want to use to start a pension, you may be able to contribute some or all of it as a non-concessional contribution (also known as an after-tax contribution) to WealthFocus Super Plan. Your contribution will be invested in Perpetual Cash investment option and on the same day transferred to the Pension Plan and invested according to the investment instructions detailed on your Pension Plan application form. You must be eligible to contribute to superannuation (refer to the WealthFocus Super Plan PDS for details) and meet a condition of release (see the 'Conditions of release for superannuation benefits' table on this page) before you can start a pension with non-super money.

OUR RETIREMENT INCOME SOLUTION

The Pension Plan provides a flexible income stream via an ‘account based pension’ (ABP), the main characteristics of which are summarised in the following table.

MAIN CHARACTERISTICS OF ACCOUNT BASED PENSIONS

FEATURE	CHARACTERISTICS
Term of the pension	There is no fixed term – the pension finishes when your account balance is exhausted.
Minimum annual pension payment	Your annual pension amount must be at least the minimum determined by multiplying your account balance by the percentage based on your age (see the ‘Minimum pension limits’ table on this page for details), calculated at commencement and each 1 July. Pension payments are required at least annually, except in the first financial year if your pension commences after 1 June.
Maximum annual pension payment	There is no maximum annual pension amount, except where your ABP has commenced as a ‘transition to retirement (TTR) pension’ (see below for details).
Investment earnings	Investment earnings on assets supporting your ABP are generally not subject to tax, except for TTR pensions (see page 25 for details).
Access to benefits	Unless your ABP has commenced as a TTR pension, you can withdraw as a lump sum at any time: <ul style="list-style-type: none"> part of your remaining benefit, provided you have left at least the balance of the remaining minimum pension amount for that financial year all of your remaining benefit, provided you have received at least the minimum pension payment for the financial year at the time of withdrawal.

TRANSITION TO RETIREMENT (TTR) PENSIONS

If you have reached your preservation age (see the ‘Preservation age’ table on page 8) but have not ceased employment, you may commence your pension as a TTR pension (also known as a pre-retirement pension).

A TTR pension allows you early access to your super money without retiring. A TTR pension provides you with additional income flexibility where, for example, you wish to remain in the workforce but may choose to reduce your hours of work as you approach retirement. It may also provide an opportunity for you to boost your retirement savings by salary sacrificing into superannuation. You should speak to your financial adviser about how a TTR pension can be used to supplement your pre-retirement income and whether it is appropriate for you.

If you commence your pension as a TTR pension:

- you cannot add any future superannuation guarantee or other contributions to your TTR pension account
- you are limited to a maximum pension amount of 10% of your account balance each year (this amount is not pro rata if you commence your TTR pension after 1 July)

- you can stop (or commute) your pension and return your benefit to a superannuation accumulation account (eg if you return to work full time)
- you cannot otherwise access your benefit without satisfying a condition of release under superannuation law (see the ‘Conditions of release for superannuation benefits’ table on page 8).

STANDARD ACCOUNT-BASED PENSION FEATURES TO APPLY FROM AGE 65

Earnings on assets supporting TTR pensions are taxed at the maximum rate of 15%.

The standard features of an account based pension will be applied to your TTR pension from the time you turn 65, or earlier if you meet another condition of release. From this time, the income and capital gains earned within your pension will not be subject to tax. Your pension payments will continue to be received tax free.

Once this change occurs, we are required to report the value to the ATO. The ATO uses this information to ensure you haven’t transferred more than your personal transfer balance cap into a tax-free retirement income stream.

Whilst you will still be required to take the minimum age-based pension amount each year, you will no longer be limited to the maximum pension amount of 10% of your account balance each year that had applied to your TTR pension.

MINIMUM PENSION AMOUNT

We will calculate the minimum annual payment amount (rounded to the nearest \$10) as at the date of commencing your pension and recalculate it as at 1 July each financial year, based on your age and pension account balance at the time of calculation.

The table below shows the minimum annual pension limits that apply to an ABP in the normal course. However, due to the negative effect on pension account balances arising from significant losses in financial markets as a result of the COVID-19 crisis, the Government has halved the minimum annual pension payment required to be taken for the 2020/2021 financial year.

MINIMUM PENSION LIMITS

AGE RANGE	PERCENTAGE OF ACCOUNT BALANCE ¹
Under 65	4%
65-74	5%
75-79	6%
80-84	7%
85-89	9%
90-94	11%
95+	14%

¹ A 50% reduction applies to these percentages for the 2020/2021 financial year.

The following example shows how the minimum annual payment amount is calculated in the normal course. A 50% reduction applies for the 2020/2021 financial year.

EXAMPLE

An ABP for \$300,000 commences on 1 July. The member is aged 60 at the time of commencement.

The minimum pension payment for the financial year ending the following 30 June is calculated as:

$$\$300,000 \times 4\% = \$12,000$$

Therefore, the member would be able to nominate an annual pension amount between \$12,000 and their total account balance of \$300,000. If the ABP was commenced as a TTR pension, then the maximum pension amount for that year would instead be limited to \$30,000 (that is \$300,000 x 10%).

If you commence your ABP before 1 June in a financial year, your annualised minimum pension payment in the first year will be a pro rata amount based on the number of days in the financial year from the commencement date to the next 30 June. We will advise you if your chosen pension amount is below this limit.

EXAMPLE

An ABP for \$300,000 commences on 15 September. The member is aged 60 at the time of commencement.

The pro rata minimum pension payment for the financial year ending the following 30 June is calculated as:

$$\$300,000 \times 4\% \times 288^1 \div 365 = \$9,470^2$$

1 This is the number of days remaining in the financial year.

2 The result (\$9,468.49) has been rounded to the nearest \$10.

If you start your pension on or after 1 June in a financial year, you are not required to take a pension payment in that financial year.

You can change the amount of your annual pension at any time (subject to the relevant limits) by notifying us in writing. We have the right to restrict withdrawals and changes to your pension amounts.

You cannot add to your Pension Plan account once your pension payments have commenced. If you have accrued any additional superannuation benefits (eg from ongoing contributions), which you would also like to take as a pension, you can either:

- open a new account to receive a separate pension or
- use our pension refresh facility to commute your existing pension and start a new one after adding other accrued superannuation benefits (see 'Pension refresh facility' on page 23 for further information).

FEES AND OTHER COSTS

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower fees. Ask the fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) MoneySmart website (www.moneysmart.gov.au) has a superannuation calculator to help you check out different fee options.

FEES AND COSTS SUMMARY

FEES AND OTHER COSTS

This section shows fees and other costs that you may be charged. These fees and other costs may be deducted from your money, from the returns on your investment or from the assets of the superannuation entity as a whole.

Other fees, such as advice fees for personal advice, may also be charged, but these will depend on the nature of the advice chosen by you. Entry fees and exit fees cannot be charged.

Taxes are set out in another part of this document.

You should read all the information about fees and costs because it is important to understand their impact on your investment.

FEES AND COSTS SUMMARY

PERPETUAL WEALTHFOCUS PENSION PLAN		
TYPE OF FEE OR COST	AMOUNT	HOW AND WHEN PAID
ONGOING ANNUAL FEES AND COSTS¹		
Administration fees and costs	Perpetual Cash investment option	0.10% pa
	All other investment options	0.25% pa
		Administration fees, which are expressed as a percentage of the value of each investment option, are deducted directly from each investment option's assets and reflected in its daily unit price. Any administration costs are deducted directly from the investment option's assets and reflected in its unit price.
Investment fees and costs²	Investment fees and estimated investment costs range between 0.00% and 3.47% pa, depending on the investment option(s) you choose (see the 'Estimated ongoing annual fees and costs' table on pages 14-15 for details).	Investment fees, which are expressed as a percentage of the value of each investment option, are charged as management fees in the underlying investment funds. They are calculated and accrued daily and reflected in the daily unit prices of the underlying investment funds. Management fee rebates may apply to reduce the effective investment fees payable by members for some investment options. Any investment costs are charged indirectly in the underlying investment funds and reflected in their unit prices.
Transaction costs	Estimated transaction costs range between -0.05% and 0.96% pa, depending on the investment option(s) you choose (see the 'Estimated ongoing annual fees and costs' table on pages 14-15 for details).	All transactions costs are paid out of each investment option's assets and reflected in its daily unit price. This amount represents net transaction costs borne by all members after any buy/sell spread recoveries charged on member-initiated transactions (see 'Buy/sell spread' below).

FEES AND OTHER COSTS (CONTINUED)

PERPETUAL WEALTHFOCUS PENSION PLAN		
TYPE OF FEE OR COST	AMOUNT	HOW AND WHEN PAID
MEMBER ACTIVITY RELATED FEES AND COSTS		
Buy/sell spread	0.00%–0.95% (total spread), depending on the investment option(s) you choose (see the ‘Buy/sell spreads’ table on page 18 for details).	Estimated transaction costs are allocated when a member buys or sells units in an investment option by incorporating a buy/sell spread between the investment option’s entry and exit unit prices, where appropriate.
Switching fee	Nil.	Not applicable.
Other fees and costs³	Member advice fee: Negotiable between you and your financial adviser.	Any member advice fees you authorise us to pay to your financial adviser for financial advice you may receive in relation to your investment are additional and separate to the fees we charge in respect of your investment in the Fund. Member advice fees are paid monthly by withdrawal of units from your account.

- 1 If your account balance for a product offered by the superannuation entity is less than \$6,000 at the end of the entity’s income year, certain fees and costs charged to you in relation to administration and investment are capped at 3% of the account balance. Any amount charged in excess of that cap must be refunded.
- 2 Investment fees and costs may include an **estimated** amount for performance fees payable in underlying investment funds. The calculation basis for estimated performance fee amounts is set out under ‘Additional explanation of fees and costs’ (see ‘Performance fees’ on page 16 for details).
- 3 See the ‘Additional explanation of fees and costs’ for further information.

EXAMPLE OF ANNUAL FEES AND COSTS

This table gives an example of how the ongoing annual fees and costs for the Perpetual Balanced Growth investment option for this superannuation pension product can affect your superannuation pension investment over a 1-year period. You should use this table to compare this superannuation pension product with other superannuation pension products.

EXAMPLE – PERPETUAL BALANCED GROWTH INVESTMENT OPTION		BALANCE OF \$50,000
Administration fees and costs	0.25%	For every \$50,000 you have in the superannuation pension product, you will be charged or have deducted from your investment \$125.00 in administration fees and costs
PLUS Investment fees and costs	0.83%	And , you will be charged or have deducted from your investment \$415.00 in investment fees and costs
PLUS Transaction costs	0.25%	And , you will be charged or have deducted from your investment \$125.00 in transaction costs
EQUALS Cost of product		If your balance was \$50,000, at the beginning of the year, then for that year you will be charged fees and costs of \$665.00 for the superannuation pension product.*

* Note: Additional fees may apply. **And**:

- when you leave the Pension Plan, you will have been charged a total **buy/sell spread** of 0.30% on your investment, equal to \$150.00 for every \$50,000 (see ‘Buy/sell spread’ on page 17 for further information).

COST OF PRODUCT INFORMATION

Cost of product for 1 year

The cost of product gives a summary calculation about how ongoing annual fees and costs can affect your superannuation investment over a 1-year period for all investment options. It is calculated in the manner shown in the 'Example of annual fees and costs'.

The cost of product information assumes a balance of \$50,000 at the beginning of the year. (Additional fees such as a buy/sell spread may apply – refer to the 'Fees and costs summary' for the relevant investment option.)

You should use this figure to help compare superannuation products and investment options.

ADDITIONAL EXPLANATION OF FEES AND COSTS

ONGOING ANNUAL FEES AND COSTS

The total ongoing annual fees and costs for each investment option comprises:

- administration fees and costs
- investment fees and costs
- transaction costs.

The amounts shown in the following 'Estimated ongoing annual fees and costs' table on pages 14-15 include all administration fees, estimated administration costs, investment fees, estimated investment costs and estimated transaction costs as at the date of this PDS. Any updates from time to time, which are not materially adverse, will be available at our website.

Ongoing annual fees and costs may vary in future years. Updated details will also be available at our website and included in the Fund's Annual Report each year.

- 1 Estimated administration costs represent any abnormal operating expenses recovered from the investment options for the financial year ended 30 June 2020, which aren't necessarily incurred each year and may vary in future years without notice. See 'Administration fees and costs' on page 16 for further information.
- 2 We have set our investment fee for each investment option to align with the net management fee charged in the underlying investment fund (ie the gross management fee charged in the unit price of the underlying investment fund less any management fee rebate we may receive from the underlying investment fund and pass on to members). All percentages are rounded up to two decimal places. See 'Management fee rebates' on page 16 for further information.
- 3 Estimated performance fees are generally based on average annual performance fees charged in the relevant underlying investment funds for the previous five financial years ended 30 June 2020 (or less if an underlying investment fund has been in operation for a shorter period). **Performance fees should not be considered in isolation of investment returns. Past performance and these estimates are not indicative of future returns.** Performance fees payable in the future may vary depending on the underlying investment funds' actual investment returns. See 'Performance fees' on page 16 for further information.
- 4 Estimated other investment costs are based on the financial year ended 30 June 2020, which may vary in future years without notice. See 'Other investment costs' on page 17 for further information.
- 5 Estimated transaction costs represent **net** transaction costs borne by all members in an investment option after any buy/sell spread recoveries charged on member-initiated transactions for the financial year ended 30 June 2020, which may vary in future years without notice. **Transaction costs should not be considered in isolation of investment returns.** It is important to understand that actively managed investments are likely to have higher transaction costs than passively managed investments, such as index funds, because of the higher expected volume of trading of the portfolio's assets in generating investment returns.
- 6 The investment fee percentage for Perpetual Geared Australian investment option is based on the underlying investment fund's **management fee of 1.17% pa charged on its gross asset value (GAV)**, which equates to a **management fee of 2.34% pa of the underlying investment fund's net asset value (NAV)** assuming an average gearing level of 50% in the underlying investment fund, less the management fee rebate of 0.19% pa received from the underlying investment fund and applied to the investment option. If the average gearing level in the underlying investment fund over the year is lower or higher than 50%, the investment option's investment fee based on the NAV of the underlying investment fund will be respectively lower or higher than 2.15% pa.
- 7 The investment fee percentage for Perpetual SHARE-PLUS Long-Short investment option is based on the underlying investment fund's **management fee of 0.99% pa charged on the sum of its long and short positions (GAV)**, which equates to a **management fee of 1.39% pa** (1.386% pa rounded up to two decimal places) **of the underlying investment fund's net asset value (NAV)** assuming the sum of its long and short positions (maximum 150%) averages 140% over the year, less the management fee rebate of 0.01% pa received from the underlying investment fund and applied to the investment option. If the average sum of the underlying investment fund's long and short positions over the year is lower or higher than 140%, the investment option's investment fee based on the NAV of the underlying investment fund will be respectively lower or higher than 1.38% pa.

ADMINISTRATION FEES AND COSTS

ADMINISTRATION FEES

We charge administration fees for administering your member account and to meet the ongoing costs of operating the Fund and its investment options.

ADMINISTRATION COSTS

We're entitled to charge the Fund or be reimbursed from the investment options for any expenses incurred in the proper performance of our duties and obligations relating to the trusteeship, management and administration of the Fund.

There is no limit in the Fund's Trust Deed on the amount that can be recovered for expenses.

NORMAL OPERATING EXPENSES

Normal operating expenses are those incurred in the day-to-day operation of the Fund, which include items such as audit fees, custody fees and expenses for publishing the PDS.

All normal operating expenses are paid out of our administration fees.

ABNORMAL OPERATING EXPENSES

Abnormal operating expenses aren't generally incurred during the day-to-day operation of the Fund and aren't necessarily incurred in any given year. They're due to abnormal events such as the cost of running a member meeting, or legal costs incurred by changes in the Fund's Trust Deed.

We currently aim to also pay any abnormal operating expenses out of our administration fees, wherever possible. However, we may instead charge to the Fund abnormal operating expenses incurred in any year without notice. In this event, these abnormal operating expenses will be an administration cost that is additional to our administration fees for the relevant year.

INVESTMENT FEES AND COSTS

INVESTMENT FEES

Investment fees for your chosen investment option(s) are charged as management fees in the unit prices of the underlying investment funds.

MANAGEMENT FEE REBATES

We will pass on to members any management fee rebates that we may receive from an underlying investment fund in our calculation of the relevant investment option's daily unit price.

INVESTMENT COSTS

Investment costs may include:

- performance fees (where applicable)
- other investment costs.

PERFORMANCE FEES

Some investment options may incur performance fees indirectly where a WealthFocus fund invests into an underlying investment fund with a performance fee and that underlying investment fund exceeds its performance hurdle and meets any other relevant conditions for a defined period of time. Where payable, the performance fee is charged by the underlying investment fund against its income and/or deducted from its assets and incorporated in the unit price of the underlying investment fund according to the underlying investment fund's constitution. Details of the basis for charging performance fees in relevant underlying investment funds are summarised in the following 'Performance fees' table.

Historical performance fees

The following 'Historical performance fees' table on page 17 shows details of performance fees charged in relevant underlying investment funds over the previous five financial years ended 30 June 2020, as applicable. The 'Estimated ongoing annual fees and costs' table on pages 14-15 are based on the average annual performance fees charged over these previous five financial years (or less if the underlying investment fund has been in operation for a shorter period).

PERFORMANCE FEES

INVESTMENT OPTION	PERFORMANCE FEE RATE ¹ (MAXIMUM FEE ²)	PERFORMANCE HURDLE ³	PAYMENT FREQUENCY

Magellan Global	10% (maximum 10%)	The higher of the index relative hurdle (the MSCI World Net Total Return Index (AUD)) and the absolute return hurdle (the yield of 10-year Australian Government Bonds)	Half-yearly
Perpetual Global Innovation Share	20% (maximum 30%)	Benchmark MSCI All Countries World Net Total Return Index (\$A)	Half-yearly
Perpetual SHARE-PLUS Long-Short	13.98% (maximum 15%)	Benchmark S&P/ASX 300 Accumulation Index plus 2% pa	Half-yearly

1 Percentage of outperformance.

2 The percentage in brackets is the maximum performance fee that may be charged under the underlying investment fund's constitution.

3 Other conditions, such as recouping prior underperformance, may also need to be met before a performance fee becomes payable.

OTHER INVESTMENT COSTS

The underlying investment funds may also charge expense recoveries, which will usually be deducted from the assets of the underlying investment funds and reflected in their unit price, and/or the underlying investment funds themselves may incur indirect costs. If charged, these amounts will usually be an indirect investment cost to you.

Investment costs may also be incurred if an investment option or underlying investment fund invests in derivatives.

TRANSACTION COSTS

In managing the investments of the investment options, transaction costs such as brokerage, settlement costs, clearing costs and government charges may be incurred in an investment option's investment portfolio, or when an investment option experiences cash flows in or out of it.

When an investment option incurs transaction costs from changing its investment portfolio, they are paid out of the investment option's assets and reflected in its unit price.

Estimated transaction costs that are incurred because members buy or sell units in an investment option are also paid from the investment option's assets, but they are recovered from those transacting members by the transaction cost allowances that are included in the calculation of the investment option's entry and/or exit unit prices, where relevant, as described under 'Buy/sell spread' on this page.

Net transaction costs after any buy/sell spread recoveries charged on member-initiated transactions, as shown in the 'Estimated ongoing annual fees and costs' table on pages 14-15, are a cost to all members in an investment option.

Transaction costs may vary from year to year without notice to members.

The following annual transaction cost information for each investment option based on the most recently completed financial year, which forms part of the PDS, is publicly available at our website (see 'Incorporation by reference' on page 31 for details) or can be obtained free of charge by contacting us:

- estimated total **gross** transaction costs
- estimated transaction costs recovered by buy/sell spreads on member-initiated transactions
- estimated **net** transaction costs borne by all members (the estimated percentage by which the investment option's investment return has been reduced by transaction costs not recovered by buy/sell spreads).

MEMBER ACTIVITY RELATED FEES AND COSTS

BUY/SELL SPREAD

Estimated transaction costs are allocated when a member buys or sells units in an investment option by incorporating a buy/sell spread between the investment option's entry and exit unit prices, where appropriate, which generally reflects the total of the buy/sell spread in the corresponding underlying investment fund. This aims to ensure that other members aren't impacted by the transaction costs associated with a particular member buying or selling units in the investment option. We have discretion to waive the buy/sell spread on investments or withdrawals where no transaction costs are incurred, including when a member transfers their entire account balance:

- in the Super Plan to the corresponding investment option(s) for the same amount(s) in the Pension Plan
- in the Pension Plan to the corresponding investment option(s) for the same amount(s) in the Super Plan when using the pension refresh facility.

A buy/sell spread is an additional cost to you and will impact the return on your investment. The spread, if applicable, is based on our estimates of the average transaction costs incurred by an investment option. However, it is not a fee paid to us and is retained in the investment option to cover the actual transaction costs as they are incurred.

Estimated transaction costs, which are used to determine the buy/sell spreads, are reviewed regularly. Consequently, the buy/sell spreads current as at the date of this PDS, as shown in the following 'Buy/sell spreads' table on page 18, may change (increase or decrease) during the life of this PDS. The current buy/sell spread for each investment option at any time (as amended), which forms part of the PDS, is publicly available at our website (see 'Incorporation by reference' on page 31 for details) or can be obtained free of charge by contacting us.

GST is not applicable to any buy/sell spread when you buy or sell units in the investment options.

FURTHER INFORMATION ABOUT FEES AND COSTS**DEFINED FEES FOR SUPERANNUATION PRODUCTS**

Defined fees for superannuation products, which form part of this PDS, are publicly available at our website (see 'Incorporation by reference' on page 31 for details) or can be obtained free of charge by contacting us.

TAX BENEFIT

The Fund is entitled to a tax deduction for certain expenses. The Fund's taxable income from its pension assets is not subject to tax and, consequently, expenses relating to that income are not deductible. Accordingly, there is no tax benefit to pass on to Pension Plan members.

BORROWING COSTS

If any investment option incurs any incidental borrowing costs for short-term operational purposes, these costs may be paid out of the Fund's assets and reflected in the investment option's unit price.

Any borrowing costs are additional to the investment fees and costs and administration fees and costs shown in the 'Fees and costs summary' table on page 11.

GOVERNMENT CHARGES

Government charges will be applied to your account as appropriate.

MAXIMUM FEES AND CHARGES

The Fund's Trust Deed allows us to charge relevant maximum fees as outlined below.

FEE OR COST	MAXIMUM
Management (investment and administration) fees	3.00% per annum of the value of each investment option
Investment switching fee	The greater of: <ul style="list-style-type: none">• \$500 or• 1.00% of the value of units switched.
Expense recoveries	Unlimited
Superannuation and family law charges	Up to \$200 for actioning specific events in connection with superannuation and marriage breakdown.

Amounts disclosed are inclusive of GST.

INCREASES OR ALTERATIONS TO FEES AND COSTS

ADMINISTRATION AND INVESTMENT FEES

We may change our fees without your consent. However, we won't increase the administration or investment fees without giving you at least 30-days' written notice.

COSTS

Administration costs, investment costs and transaction costs may vary each year without notice.

TAX

Tax information, including GST, is set out on pages 25-26. Unless otherwise stated, all fees and other costs disclosed in this PDS are inclusive of the net effect of GST.

INTERMEDIARY REMUNERATION

Intermediaries include financial advisers, discount brokers and other intermediates.

INTERMEDIARY COMMISSIONS

No commissions are paid to intermediaries.

MEMBER ADVICE FEES

The member advice fee is a fee for financial advice you may receive in relation to your investment.

MEMBER ADVICE FEES

FREQUENCY	PAYMENT BASIS ¹	HOW AND WHEN PAID
One-off	Specified dollar amount only	Units are deducted from your account at the time we receive your instruction and the fee paid to your financial adviser at the end of that month.
Ongoing	Percentage fee option	Calculated on the average daily balance of your investment and paid monthly by withdrawal of units at the end of each month.
	Flat dollar fee option	Paid in equal monthly instalments by withdrawal of units at the end of each month.

1 All member advice fee amounts that we deduct from your investment in the Fund and pay to your financial adviser on your behalf include GST.

You can authorise us to pay member advice fees to your financial adviser (including your financial adviser's dealer group) on your behalf out of your investment. Any member advice fee you authorise us to pay is additional and separate to the fees we charge in respect of your investment in the Fund. The available options are shown in the 'Member advice fees' table on this page.

You can nominate the investment option(s) from which the member advice fee is to be deducted. If you don't make a nomination or if the balance in your nominated investment option is insufficient, the member advice fee will be deducted proportionately from your investment in the various investment options held at the time of payment.

The maximum total member advice fee payable in any year is 3% per annum of your account balance. We may require your authorisation to pay member advice fees to your financial adviser every 12 months (subject to the passing of legislation still before Parliament at the time of finalising this document). We can refuse a request to pay a member advice fee. You can also turn off the member advice fee at any time by instructing us in writing.

OTHER BENEFITS

As a result of your investment in the Fund your intermediary may receive other non-monetary benefits (where allowed by law), which are not an additional cost to you.

BENEFITS RECEIVED

As a result of brokerage paid by the Perpetual investment options, Perpetual Investments may receive benefits such as investment research, which it may use for any investment purpose, including for the investment options.

INVESTMENTS

Provided you are eligible (see 'Eligibility to invest' on page 8), you can invest in a single investment option or multiple investment options depending on your investment goals.

The minimum investment per Pension Plan account is \$20,000. The minimum initial investment in any investment option is \$5,000. You should indicate on your application form the amount or proportion of your investment in each investment option.

Once your pension payments have commenced, you will need to open a new account for any additional investments or use the pension refresh facility (see page 23 for details). Each additional account must have a minimum investment of \$20,000.

INVESTMENT STRATEGY

The proportion of your initial investment allocated to each investment option is recorded as your default investment strategy for:

- pension payment drawdowns (see 'Pension payments' on page 22), unless you nominate a different investment option(s)
- compulsory rebalancing where you have chosen to invest in Perpetual Geared Australian investment option (see page 7 for further information)
- auto-rebalancing.

You need to specify on the application form if you want your investment strategy to differ from your initial investment allocation.

When making any switches or lump sum withdrawals from your account, you will be requested to provide updated investment strategy instructions (including for pension payment drawdowns).

If you do not nominate an updated investment strategy following a switch or withdrawal from an investment option, we will make the following updates to your investment strategy:

- for partial switches or withdrawals, your investment strategy will remain unchanged
- for full switches or withdrawals, your investment strategy will be reweighted for all features to reflect your portfolio following the transaction.

You can also change your investment strategy at any time by notifying us in writing.

HOW UNITS ARE ISSUED

When you invest in the Pension Plan, you will be allocated units in the relevant investment option(s) you choose. The value of your Pension Plan account will vary as the daily unit prices of the investment options change to reflect increases or decreases in the market value of the underlying assets.

Generally, if our Sydney office receives and accepts your investment application by 3.00pm on any business day, your investment will be processed using that day's entry price. If received and accepted after 3.00pm it will be processed using the next calculated entry price. If it's a non-working day for Perpetual in Sydney, your investment will be processed using the next available entry price.

For current entry prices, visit our website or contact us.

The number of units issued to you is determined by dividing your investment amount (less fees and taxes) by the applicable entry price. See 'How units are priced and investments are valued' on page 27 for details about asset valuations and unit prices.

Accepting your application includes verifying your identity (see 'Anti-money laundering/counter-terrorism financing laws' on page 29 for more information).

We have the discretion:

- not to accept applications and can suspend processing them if we believe that's in the best interests of members or if required by the law (see 'Suspension of applications, switches and withdrawals' on page 31 for further information)
- to accept lower investment amounts
- to accept transactions in our Sydney office up to 5.00pm on 30 June only (or the preceding business day should 30 June fall on a weekend).

SWITCHES

You can switch all or part of your investment in an investment option into another investment option(s) at any time, subject to:

- a minimum switch amount of \$1,000 and
- a minimum balance of \$1,000 in an investment option after any partial switch from that investment option.

Generally, if our Sydney office receives and accepts your switch request (including those made online via myPerpetual) by 3.00pm on any business day, your switch will be processed using that day's exit and entry prices. If received and accepted after 3.00pm it will be processed using the next calculated exit and entry prices. If it's a non-working day for Perpetual in Sydney, your switch will be processed using the next available unit prices.

For current entry and exit prices, visit our website or contact us.

We have the right to delay processing of switches where we believe that's in the best interests of members, as well as impose additional conditions (see 'Suspension of applications, switches and withdrawals' on page 31 for further information).

There may also be circumstances where we consider that processing a switch will not be consistent with our duties as trustee of the Fund, such as where we consider that processing the switch is not in the best interests of members as a whole. In these cases, we may exercise our right to reject and not process your switch request. If this occurs, we will notify you.

All switches, including those made under the dollar cost averaging plan and auto-rebalancing facility (see below for details on each), involve a withdrawal of money from one investment option at its exit price and an investment in another investment option at its entry price. Consequently, there may be a cost to members due to the buy/sell spreads on unit prices (see 'Buy/sell spread' on page 17 for further information).

DOLLAR COST AVERAGING PLAN

The dollar cost averaging plan involves you investing in Perpetual Cash investment option and authorising us to switch a portion of that amount to another nominated investment option(s) at regular intervals. Because units in the nominated investment option(s) are bought at varying prices, the cost of gaining exposure to the particular asset class(es) in the nominated investment option(s) is 'averaged' over time.

The minimum switch amount for the dollar cost averaging plan is \$100 per investment option, which can be made as follows:

- fortnightly – on alternate Thursdays (as set by us)
- monthly (default frequency) – on the 24th of each month
- quarterly – on the 24th of January, April, July and October.

If any of these days aren't business days, the next business day will apply.

Your dollar cost averaging plan will continue until:

- your investment in Perpetual Cash investment option is zero or
- you cancel it.

Please contact us if you wish to change the investment amount or frequency, or cancel your dollar cost averaging plan.

The buy/sell spread (see 'Buy/sell spread' on page 17 for further information) will apply to dollar cost averaging plan transactions.

The dollar cost averaging plan is not available if you are investing in Perpetual Geared Australian investment option.

Auto-rebalancing (see below) is not available if you have a dollar cost averaging plan in place.

AUTO-REBALANCING

The value of your investment in any particular investment option will change over time and this movement may cause your investment portfolio allocation to deviate from your investment strategy.

Auto-rebalancing is another form of automatic switching. This facility provides a simple way for you to maintain your investment strategy by authorising us to withdraw and apply units in your chosen investment options to rebalance your investment portfolio regularly, as follows:

- quarterly (default frequency) – on the 24th of January, April, July and October
- half yearly – on the 24th of January and July or
- yearly – on the 24th of July.

If any of these days aren't business days, the next business day will apply.

Please contact us if you wish to change the frequency, cancel or restart auto-rebalancing.

The buy/sell spread (see 'Buy/sell spread' on page 17 for further information) will apply to auto-rebalancing transactions.

A dollar cost averaging plan is not available if you elect to use the auto-rebalancing facility.

PENSION PAYMENTS

You can choose to have your pension paid:

- twice monthly on the 6th and 20th or 13th and 27th of each month or
- monthly, quarterly, half yearly or yearly on the 6th, 13th, 20th, or 27th day of the month selected.

Pension payments can generally take up to a week to commence once all documents have been received.

If you have not made a choice, we will pay you the minimum annual amount in one annual payment on 27 June each year.

You can change the frequency of your pension payments at any time by notifying us in writing. We have the right to restrict changes to your pension frequency.

You may elect to have your pension payments automatically increased annually¹ either by a percentage of your choice or in line with the Consumer Price Index (CPI). The CPI is a measure of inflation.

¹ Subject to the restrictions that apply if you started your ABP without retiring after reaching your preservation age (see 'Transition to retirement (TTR) pensions' on page 9 for details).

You can generally also instruct us to deduct your pension from specified investment options, either in a particular drawdown order or as percentages from your investment options. If no instruction is given, we will deduct the amount according to your current investment strategy at the time of payment.

If you elect the auto-rebalancing feature or you invest in Perpetual Geared Australian investment option, you can't instruct us to deduct your pension from specified investment options in a particular drawdown order. In these cases, your regular pension payments will be drawn from your investment option(s) according to your current investment strategy at the time of payment.

You can change the drawdown percentages for your pension payments at any time by notifying us in writing.

The Pension Plan may not provide a pension for the rest of your life. Payments will only continue to be made until the balance of your account is exhausted. We recommend that you seek personal financial and tax advice that will consider your individual circumstances.

LUMP-SUM WITHDRAWALS

By investing in the Pension Plan, you generally retain unlimited access¹ to your benefit and can withdraw part or all of your balance as a lump-sum payment at any time.

1 Subject to the restrictions that apply if you started your ABP without retiring after reaching your preservation age (see 'Transition to retirement (TTR) pensions' on page 9 for details).

If you withdraw (commute) your entire benefit part way through the financial year, you may have to take your annual pension payment before you withdraw.

Where permitted, you can commute all or part of your investment in the Pension Plan as long as you meet the withdrawal criteria, including:

- a minimum withdrawal amount of \$1,000
- a minimum balance (currently \$1,000) in an investment option after any partial withdrawal from that investment option and
- a minimum Pension Plan balance of \$1,000, otherwise we may close your account and pay the balance to you.

All written withdrawal requests must be signed by you or your authorised signatory.

If our Sydney office receives and accepts your withdrawal request by 3.00pm on any business day, your withdrawal will be processed using that day's exit price. If received and accepted after 3.00pm it will be processed using the next calculated exit price. If it's a non-working day for Perpetual in Sydney, your withdrawal will be processed using the next available exit price.

For current exit prices, visit our website or contact us.

Generally your withdrawal proceeds can be:

- deposited into a nominated Australian bank, building society or credit union account or
- rolled over to another complying superannuation or pension fund.

Withdrawals will not be paid in cash. We will confirm all withdrawals in writing.

The proceeds from your withdrawal will usually be available within three business days from when we have accepted a valid withdrawal request, given normal operating conditions.

Withdrawal proceeds that are paid directly into your nominated account are subject to clearance by your bank, building society or credit union from the date of deposit into your account.

We can delay processing withdrawal requests in certain circumstances (see 'Suspension of applications, switches and withdrawals' on page 31 for more information).

EMAIL INSTRUCTIONS

We currently accept various instructions, including withdrawal requests, by scanned attachment to email provided we have no reason to believe the request isn't genuine.

Conditions apply to email withdrawal requests (see 'Other conditions' on page 31 for details).

PENSION REFRESH FACILITY

The pension refresh facility provides an easy way for you to consolidate your existing Pension Plan account balance with any additional accrued superannuation benefits at any time after you have commenced your pension. This may be particularly useful, for example, if you continue working and receiving superannuation contributions after you have commenced receiving a pension, as it does away with the need for multiple pension accounts if you also want to take those additional superannuation benefits as a pension.

The pension refresh facility works as follows:

- your existing Pension Plan account balance is commuted into a new or existing WealthFocus Super Plan account (for the same amount(s) in the corresponding investment option(s) unless you request otherwise) and combined with any additional superannuation benefits that you've accrued in or transferred into your WealthFocus Super Plan account
- some or all of your then combined WealthFocus Super Plan account balance is transferred back into a new Pension Plan account to commence a new pension
- unless you advise otherwise, the same details that applied to your previous Pension Plan account will apply to your new Pension Plan account, including:
 - pension amount (unless a new minimum payment amount is required under the law)
 - pension payment instructions (eg payment frequency, payment date, annual increase, drawdown order, bank account and any beneficiary (including reversionary) nomination)
 - any optional features (eg dollar cost averaging or auto-rebalancing).

Please refer to the 'Pension refresh facility' form available at our website for more information and to take advantage of this feature.

You should seek financial advice before using the pension refresh facility as there are likely to be associated financial, taxation and social security implications from moving your benefits between superannuation and pension arrangements.

INSTRUCTIONS AND CHANGES

Any changes to your name and all changes to bank account details must be made in writing by mail or scanned attachment to email. Only new bank account details can be added online.

Any acceptable changes made online or by phone can only be made after we've confirmed your identity.

Other conditions may also apply depending on the way you provide instructions to us, as set out under 'Other conditions' on page 31.

AUTHORISED REPRESENTATIVE

You can appoint a person, partnership or company as your authorised representative by nominating them on your application form and having them sign in the relevant section. Your authorised representative will be empowered to act on your behalf in all matters relating to your investment in the Pension Plan.

Conditions apply to the appointment of an authorised representative, as set out under 'Other conditions' on page 31.

myPERPETUAL ONLINE ACCESS

myPerpetual offers easy and convenient online access for you to:

- receive reporting online, including any notifications we are required to provide under the Corporations Act (although there may be times when we must also send online correspondence to you in paper form – see 'Reporting' on page 27 for further information)
- check the total value of your investment in the Pension Plan
- view your account summary, including the investment option(s) you are invested in, the number of units, unit price and current balance of the investment option(s)
- view details of your pension including pension start date, annual minimum pension amount and actual annual pension payment amount
- review your recent transaction history
- update your personal details
- update your investment strategy
- transact online.

Unless you indicate otherwise on your application form, we'll send you relevant online access setup details and activation instructions.

CONDITIONS OF USE

Before you first use myPerpetual, you must accept the online access conditions of use, which are publicly available at our website (see 'Other documents' on page 31 for details) or can be obtained free of charge by contacting us.

ACCESS BY AUTHORISED REPRESENTATIVES

If you appoint an authorised representative, you can request us to allow them online access to your account as follows:

- view your account only or
- view and transact on your account (default access).

ACCESS BY YOUR FINANCIAL ADVISER

We'll also give your adviser online access to either:

- view details about your investment only
- view details about your investment and transact on your account on your behalf (default access).

You can change your adviser's access at any time by instructing us in writing.

INTEREST EARNED ON APPLICATION AND WITHDRAWAL ACCOUNTS

Application money and withdrawal proceeds (including pension payments) are held in trust accounts prior to being processed. A member of the Perpetual Group retains any interest earned on these accounts.

TAX

The tax benefits derived from investing in pension products are particular to your circumstances, so we recommend you see a tax adviser. This information is general only and shouldn't be relied on.

PENSION PLAN

TAX ON INVESTMENTS

The Pension Plan can't accept superannuation contributions. The only amounts that can be used to commence a pension are existing benefits that have been accumulated in the Fund or rollovers from other funds.

Generally, no tax is applied on superannuation amounts rolled over into the Pension Plan, unless they have come from an untaxed source and contain a taxable component (eg Government superannuation scheme). In this case, we are required to deduct income tax of generally 15% on the taxable component amount.

TAX ON INVESTMENT EARNINGS

GENERAL

Investment earnings including realised net capital gains derived within the Pension Plan are generally not subject to tax, unless you have a TTR pension.

TAX OFFSETS

Where tax offsets accrue to the Pension Plan, but can be applied to reduce the tax payable by the Super Plan, we'll ensure they are utilised in a reasonable and equitable manner.

TTR PENSIONS

The earnings on assets supporting TTR pensions will be taxed at the maximum rate of 15%, which is the same as the concessional tax rate applying to fund earnings on superannuation accumulation accounts.

MEMBERS

BENEFITS PAID TO MEMBERS

When a superannuation benefit is received, it may include both tax-free and taxable components, calculated in the same proportions as the total account balance immediately before the payment.

The taxable portion of any superannuation pension or lump sum benefit is subject to tax depending on your age when received, as shown in the following tables.

TAX ON PENSION BENEFIT PAYMENTS

COMPONENT	AGE BENEFIT RECEIVED	TAX TREATMENT
Tax-free ¹	Any age	Tax-free
Taxable ²	Before reaching your preservation age ³	Taxable at marginal tax rate ⁴
	After reaching your preservation age ³ but before age 60	Taxable at marginal tax rate ⁴ , less 15% pension offset
	On or after reaching age 60	Tax-free

TAX ON LUMP SUM BENEFIT PAYMENTS

COMPONENT	AGE BENEFIT RECEIVED	TAX TREATMENT
Tax-free ¹	Any age	Tax-free
Taxable ²	Before reaching your preservation age ³	Taxed at 20% ⁴
	After reaching your preservation age ³ but before age 60	2020/2021 financial year: First \$215,000 ⁵ is tax-free and the balance taxed at 15% ⁴
	On or after reaching age 60	Tax-free

- 1 Includes non-concessional contributions and Government co-contributions from 1 July 2007 (plus the former undeducted contributions, pre-July 1983 (amount fixed as at 30 June 2007), post-June 1994 invalidity, CGT exempt and concessional components).
- 2 Includes concessional contributions from 1 July 2007 (plus the former post-June 1983 (taxed) and excessive components).
- 3 Please refer to the 'Preservation age' table on page 8 for details.
- 4 Plus Medicare levy.
- 5 The low-rate cap is a lifetime limit and will be indexed in line with Average Weekly Ordinary Time Earnings (AWOTE) in multiples of \$5,000.

TAX ON DEATH BENEFITS

Payment rules and the tax consequences depend on whether the death benefit is paid to a dependant or non-dependant. A death benefit dependant for tax purposes is a:

- current or former spouse¹
- child¹ under age 18
- person who was financially dependent on you at the time of your death or
- person who you have an 'interdependency relationship'¹ with.

- 1 See 'Dependants' under 'Death benefits' on page 30 for definitions.

DEATH BENEFITS PAID TO DEPENDANTS

Lump sum death benefit payments are tax-free if paid to a dependant.

A death benefit paid as a pension will be tax-free if either the primary or reversionary beneficiary is aged 60 or over. If they're both under age 60 at the time of death, the pension (less any tax-free amount) will continue to be taxed at the reversionary beneficiary's marginal tax rate (plus Medicare levy) less 15% pension tax offset until the reversionary beneficiary turns age 60, when it becomes tax-free.

If the death benefit is paid as a pension to a dependant child, the balance must be paid as a (tax-free) lump sum when the child turns 25 (unless permanently disabled).

DEATH BENEFITS PAID TO NON-DEPENDANTS

Death benefit payments to non-dependants for tax purposes (eg an adult child) have to be paid as a lump sum benefit. The taxable component of a death benefit paid to a non-dependant will normally be taxed at 15% (plus Medicare levy).

Where a death benefit contains an insurance amount, it may include an untaxed element. The untaxed component of a death benefit paid to a non-dependant will normally be taxed at 30% (plus Medicare levy).

DEATH BENEFITS PAID TO YOUR LEGAL PERSONAL REPRESENTATIVE

If the death benefit is paid to your legal personal representative for distribution through your estate, any tax payable will depend on how the death benefit is ultimately distributed between your dependants and any non-dependants.

TAX ON DISABILITY SUPER BENEFITS

A tax offset of 15% is generally available on disability super benefits paid as a pension to members under age 60.

TAX ON TERMINAL ILLNESS BENEFITS

Generally no tax is payable on benefits that are paid to you under the 'terminal medical condition' condition of release (see the 'Conditions of release for superannuation benefits' table on page 8 for details).

TAX FILE NUMBER (TFN)

You should provide your TFN when joining the Fund.

Under the Superannuation Industry (Supervision) Act 1993, we are authorised to collect, use and disclose your TFN.

We will disclose your TFN to another superannuation provider, when your benefits are being transferred, unless you request us, in writing, that your TFN not be disclosed to any other superannuation provider.

Declining to quote your TFN is not an offence. However, providing your TFN will have the following advantages:

- we can accept all permitted types of contributions to your account (see 'Starting a pension with non-super money' on page 8 for further information)

- other than the tax that may ordinarily apply, you will not pay more tax than you need to – this affects both contributions to your superannuation and benefit payments when you start drawing down your superannuation benefits
- it will make it much easier to find different superannuation accounts in your name so that you receive all your superannuation benefits when you retire.

We will use your TFN and personal details to verify our records with the ATO. We will update or correct your TFN if instructed by the ATO. We will contact you if the ATO has advised of other changes to your personal details.

TAX FILE NUMBER DECLARATION FORM

If you are under age 60 you will need to complete a declaration and attach it to your application form. This declaration helps us to calculate how much tax to deduct from your pension payments. The amount of tax deducted may be reduced if you are entitled to the tax-free threshold.

If you are required to complete a declaration and you don't, we must withhold tax at the highest marginal tax rate plus Medicare levy from any payment made to you.

GOODS AND SERVICES TAX (GST)

GST generally applies to the fees, costs and expenses payable by the Fund, including investment fees payable to us.

Generally, the Fund can't claim a credit for all of the GST paid but may be entitled to claim a reduced input tax credit (RITC), which represents a portion of the GST applicable to investment fees and certain other expenses, as set out in the GST law.

Unless otherwise stated, the fees and costs specified in the 'Fees and costs summary' table on pages 11-12 show the approximate net cost to Pension Plan members of these amounts payable to us, on the basis that the Fund is entitled to claim RITCs for the GST on relevant amounts.

ADDITIONAL INFORMATION

YOUR COOLING-OFF RIGHTS

As a member in the Fund, you have up to 14 days from the earlier of the time when you receive confirmation of the issue of your interest in the Fund or the fifth business day after the issue of your interest in the Fund where you can have your investment repaid ('cooling-off period'). See 'How units are issued' on page 21 for details on when units are issued.

The amount repaid will be adjusted for any transaction costs and any increase or decrease in the value of your investment.

If you have authorised us to pay a member advice fee to your financial adviser on your behalf:

- we will reinstate the units previously deducted from your account and refund the amount to you only if we have not yet paid the fee to your financial adviser or
- you will be responsible for seeking a refund of any member advice fee from your financial adviser once it has been paid to your financial adviser.

Your right to be repaid during the cooling-off period does not apply if:

- you are switching between investment options (including auto-rebalancing and dollar cost averaging plan switches)
- you exercise any of your rights as a member of the Fund.

If you've taken out a pension under the 'transition to retirement' provisions (see page 9), any amounts that are 'preserved' or 'restricted non-preserved' can't be refunded to you if you exercise your cooling-off rights unless you satisfy a 'condition of release' under superannuation law. You'll need to nominate another superannuation fund, retirement savings account or approved deposit fund to transfer the funds into.

If you'd like to have any 'unrestricted non-preserved' amount repaid, write to us stating that you want to be repaid during the cooling-off period (please include your account number). Your request must reach our Sydney office before the end of the cooling-off period.

When we receive your request, we will send you the details about your repayment.

HOW UNITS ARE PRICED AND INVESTMENTS ARE VALUED

Unit prices for each investment option are calculated by:

- establishing the net asset value of the investment option
- for entry unit prices – adding the applicable transaction costs (buy spread) to the net asset value and then dividing the adjusted net asset value by the number of units on issue to determine the entry unit price

- for exit unit prices – deducting the applicable transaction costs (sell spread) from the net asset value and then dividing the adjusted net asset value by the number of units on issue to determine the exit unit price.

We generally determine the net asset value of each investment option on each business day. The net asset value is calculated by deducting the value of an investment option's liabilities from the value of its gross assets.

Investments of each investment option are valued at their market value, using a calculation method that we determine according to the Fund's Trust Deed. It will normally be based on the exit price of units in the underlying investment fund(s). We generally calculate and apply entry and exit unit prices each business day.

We can defer the calculation of unit prices where permitted by the Fund's Trust Deed and the law. For example, if significant delays occur where an underlying investment fund does not calculate or provide a price, unit prices may not be calculated nor applications, switches and withdrawals processed for that investment option until the underlying investment fund's unit price is determined.

REPORTING

Members of the Fund receive:

- an initial investment statement, generally within seven business days of your application being accepted and processed
- an investment restructure statement, generally within seven business days of any switch request being processed
- a withdrawal statement, generally within seven business days of any partial or full withdrawal request (except pension payments) being processed
- an annual statement providing details of your investment in the Pension Plan as at 30 June each year
- an annual report for the Fund for each financial year ending 30 June will be available at our website at www.perpetual.com.au/annual-reports.aspx (copy by mail available on request)
- an annual pension review pack for each financial year, generally sent by the end of July
- confirmation of any other transactions that we are required to report on.

If you have provided an email address, you consent to receiving online communications (including via myPerpetual) and the above reporting will be made available via myPerpetual (see 'myPerpetual online access' on page 24 for further information), although there may be times when we must also send correspondence to you in paper form.

INQUIRIES AND COMPLAINTS

We're committed to providing you with the highest level of service and the Trustee has established procedures for dealing with any inquiries and complaints.

INQUIRIES

If you have an inquiry, you can either phone us on 1800 022 033 during business hours, email us at investments@perpetual.com.au or write to:

COMPLAINTS

If you have a complaint about your investment in the Pension Plan or a Trustee decision that affects you, you should take one of the following steps:

1. Contact one of our Client Services representatives on 1800 022 033 and tell them about your complaint.
2. Email your complaint to MyComplaint@perpetual.com.au.
3. Complete our online complaints submission form available at www.perpetual.com.au/privacy-policy/making-a-complaint.
4. Put your complaint in writing and mail it to:

Client Services – Complaints
Perpetual WealthFocus Pension Plan
GPO Box 4171
Sydney NSW 2001

We will endeavour to resolve your complaint fairly and as quickly as we can and within the maximum response timeframe of 90 days (or, for complaints we receive on or after 5 October 2021, 30 days for standard complaints, 45 days for complaints about Trustee decisions and 90 days for complaints relating to death benefits). Other type of complaints and complex complaints may have a different maximum response timeframe. We will let you know if a different maximum response timeframe will apply to your complaint.

If, before the maximum response timeframe for your complaint has passed, you don't feel as though your concerns are being heard, our Client Advocacy Team may be able to assist you. Please see www.perpetual.com.au/about/client-advocacy for information on how to get in touch with our Client Advocacy Team members.

If, once you receive our final response to your complaint, you are not satisfied with the resolution we have proposed, or if you have not received a response within the maximum response timeframe that applies to your complaint, the Australian Financial Complaints Authority (AFCA) might be able to assist you.

AUSTRALIAN FINANCIAL COMPLAINTS AUTHORITY

We are members of the AFCA external dispute resolution scheme.

AFCA has been established by the Commonwealth Government to deal with complaints from consumers and small businesses about financial services firms that are members of AFCA. AFCA provides a **free** service for consumers.

YOUR PRIVACY

We collect personal information from you in the application and any other relevant forms to be able to process your application, administer your investment and comply with any relevant laws. If you do not provide us with your relevant personal information, we will not be able to do so. In some circumstances we may disclose your personal information to Perpetual's related entities or service providers that perform a range of services on our behalf and which may be located overseas.

Privacy laws apply to our handling of personal information and we will collect, use and disclose your personal information in accordance with our privacy policy, which includes details about the following matters:

- the kinds of personal information we collect and hold
- how we collect and hold personal information
- the purposes for which we collect, hold, use and disclose personal information
- the types of entities we usually disclose personal information to and the countries where they are likely to be located if it is practicable for us to specify those countries
- how you may access personal information that we hold about you and seek correction of such information (note that exceptions apply in some circumstances)
- how you may complain about a breach of the Australian Privacy Principles (APP), or a registered APP code (if any) that binds us, and how we will deal with such a complaint.

Our privacy policy is publicly available at our website (see 'Other documents' on page 31 for details) or you can obtain a copy free of charge by contacting us.

REPORTING TO SERVICES AUSTRALIA

We may be required to report your investment balance, annual pension payment amount and other relevant personal information to Services Australia each year (regardless of whether you are a Centrelink client).

ANTI-MONEY LAUNDERING/COUNTER-TERRORISM FINANCING LAWS

The Anti-Money Laundering and Counter-Terrorism Financing Act 2006 (AML Act) regulates financial services and transactions in a way that is designed to detect and prevent money laundering and terrorism financing.

Under the AML Act, we are required to:

- verify your identity before providing services to you, and potentially from time to time thereafter
- collect information about your circumstances, including your occupation and the source of funds
- where you supply documentation relating to your identity, keep a record of this documentation for seven years after the end of your relationship with Perpetual.

As a result:

- transactions may be delayed or refused where we require further information regarding your identity or we have reasonable grounds to believe that the transaction breaches the law or sanctions of Australia or any other country
- where transactions are delayed or refused, we are not liable for any loss you suffer (including consequential loss) as a result of our compliance with the AML Act.

Where required by law, we may disclose your information to regulatory or law enforcement agencies, including the Australian Transaction Reports and Analysis Centre (AUSTRAC), which is responsible for regulating the AML Act.

Customer identification requirements are collected in the application form included with this PDS. We may also require additional information from you to assess your application and after we have accepted your investment.

We are not liable for any loss you may suffer as a result of our compliance with this legislation.

UNCLAIMED SUPER

If your benefit in the Pension Plan becomes unclaimed money under the law, we are required to pay it to the ATO within certain time frames. After payment to the ATO, we are discharged from any further liability for payment of the benefit and you may claim your benefit by contacting the ATO. In some circumstances, tax may be payable.

Interest will be paid at a rate equivalent to CPI inflation from 1 July 2013 on all lost superannuation accounts reclaimed from the ATO.

SUPERANNUATION AND FAMILY LAW

The law allows for pension benefits to be split between you and your spouse (including a de facto spouse of the same or different sex) in the case of legal separation or divorce. Under the law, Perpetual may be required to:

- provide certain information about your pension benefit to certain eligible persons without notifying you of the request and/or
- split your benefit according to a superannuation agreement or Family Court order.

Although the Fund's Trust Deed allows us to charge fees for related transactions, we currently don't intend to do so and will notify you before any change.

The legal requirements for splitting your pension benefit in these circumstances are complex and effecting a split of your pension benefit may have significant financial and tax consequences for you. We therefore recommend that you seek professional legal, tax and financial advice on how these provisions may affect you.

DEATH BENEFITS

In the event of your death, your benefit will generally be paid to one or more of your dependants or to your legal personal representative. The Trust Deed permits you to:

- give a direction (binding nomination – either lapsing or non-lapsing) to the Trustee about the distribution of your death benefit
- nominate your preferred beneficiaries (non-binding nomination) but ultimately leave it to the discretion of the Trustee to decide how your death benefit is to be distributed among your beneficiaries and/or legal personal representative (if the Trustee can't locate any dependants the benefit may be paid to your legal personal representative)
- nominate a dependant as your reversionary beneficiary. In this case, your pension will generally revert to them automatically on your death provided they are a 'dependant' for tax purposes at that time. See 'Tax on death benefits' on page 25 for details.

There are different tax consequences depending on the type of nomination you make and the beneficiaries. We recommend that you consult a financial and/or tax adviser before making any nomination.

To make a nomination, indicate this in section 5 of your application form. You must also complete the 'Nomination of beneficiary' form and attach it to your application. You can revoke or amend an existing nomination at any time, or make a new beneficiary nomination of any kind, by completing another form (as set out in the form) and sending it to us.

If you don't make a nomination, the Trustee will use its discretion under the Trust Deed (subject to the law) to determine the beneficiaries and most appropriate method of payment for your death benefit.

BINDING NOMINATIONS

A binding nomination binds the Trustee to make payment of your death benefit according to your instructions, provided your nomination is valid under the law and the rules in the Trust Deed. You should read the binding death benefit nomination rules in the Trust Deed. We recommend that you obtain professional financial and/or tax advice when determining your estate planning structure.

For a binding nomination to be valid:

- you can only nominate your dependant(s) or your legal personal representative (your estate) as a beneficiary
- your nomination must be made in writing and signed by you in the presence of two witnesses who are over 18 years of age and not named as beneficiaries.

If we have accepted a valid binding nomination to pay one or more dependants or your legal personal representative and that nomination, or a part of it, is no longer valid at the time of payment (eg a nominated beneficiary is not still a dependant at the time of death), we will pay the non-valid portion of your death benefit to the remaining eligible nominated beneficiaries in equal share. If there are no eligible nominated beneficiaries, we will pay to your dependant(s) or your legal personal representative (your estate), in our discretion. The trustee will pay the valid portion of your benefit in accordance with that part of your nomination which is valid.

LAPSING BINDING NOMINATION

A lapsing binding death benefit nomination must be confirmed every three years to remain effective and loses effect with certain events (eg marriage, remarriage or divorce).

NON-LAPSING BINDING NOMINATION

Because a non-lapsing binding nomination will not automatically lapse, it is important that you periodically review your nomination to ensure you still wish us to pay the person(s) you have nominated. In addition, unlike a lapsing binding nomination, your non-lapsing binding nomination will not automatically become invalid in the event of marriage, remarriage, divorce or any other life-changing event.

NON-BINDING NOMINATIONS

This information gives the Trustee an indication of your wishes and will help us to exercise our discretion. However, it doesn't necessarily mean that the benefit will be distributed in this way.

REVERSIONARY BENEFICIARY NOMINATIONS

This nomination can be made either when you open a Pension Plan account with us or after your pension has commenced and can be revoked or changed at any time.

DEPENDANTS

For the purpose of paying a death benefit under superannuation law, a dependant is a:

- spouse
- child
- person who was financially dependent on you at the time of your death
- person who you have an 'interdependency relationship' with.

A member's 'spouse' includes:

- another person (whether of the same sex or a different sex) with whom a member is in a relationship that is registered under relevant law and
- another person who, although not legally married to the member, lives with the member on a genuine domestic basis in a relationship as a couple.

A member's 'child' includes:

- an adopted child, stepchild or ex-nuptial child
- a child of the member's spouse
- someone who is a child of the member under family law.

Two people have an 'interdependency relationship' if:

1. they have a close personal relationship and
2. they live together and
3. one or each of them provides the other with financial support and
4. one or each of them provides the other with domestic support and personal care.

If a close personal relationship exists but the other requirements for interdependency aren't satisfied because of a physical, intellectual or psychiatric disability, then there is also an interdependency relationship.

INVESTMENTS AND SOCIAL SECURITY

Your investment in the Fund may affect your social security or pension entitlements. The calculations are complex so we recommend that you seek advice from your financial or tax adviser, or use the Financial Information Service provided by Services Australia.

RELATIONSHIP BETWEEN THE TRUSTEE AND UNDERLYING INVESTMENT OPTIONS

A number of investment options in the Fund invest in underlying investment funds managed within the Perpetual Group. The Trustee advises you that under the law, where the Trustee invests money of the Fund in or with itself or a related entity, it must deal with itself or the related entity strictly on arm's length terms.

TRUST DEED

The Trust Deed, dated 26 May 1995 (as amended from time to time) and the law govern the operation of the Fund and the rights and obligations of members and the Trustee.

The Trust Deed is available at our website or you can obtain a copy free of charge on request.

OUR LIABILITY

We are indemnified by the Fund for liability incurred in respect of the Fund unless the liability arises from dishonesty or an intentional failure to exercise the degree of care and diligence required of us or such other act or omission specified by the law.

YOUR RIGHTS AS A MEMBER

Each unit in an investment option confers a proportional beneficial interest in the relevant investment option. But you're not entitled to any particular part of the investment option (or the underlying investment fund that it invests in), its assets or its management or operation (other than through member meetings).

MEMBERS' LIABILITY

A member must indemnify the Trustee for any liability, overpayment or failure to provide for tax because of its reliance on information given to it by that member (or information that should have been given to it by that member) under the Trust Deed or the law. Besides this, a member's liability is limited by the Trust Deed to the value of their interests or units, but the courts are yet to determine members' liability so absolute assurance can't be given that the liability of a member is limited in every situation.

SUSPENSION OF APPLICATIONS, SWITCHES AND WITHDRAWALS

In certain emergency situations which impact on the effective and efficient operation of a market for an asset held by an investment option or in circumstances where we otherwise consider it to be in the interests of members, we may choose to suspend the processing of all applications, switches or withdrawals for that investment option. This may include situations where:

- we cannot properly ascertain the value of an asset held by the investment option
- an event occurs that results in us not being able to reasonably acquire or dispose of assets held by the investment option
- an underlying investment fund suspends applications and withdrawals
- the law otherwise permits us to delay or restrict processing applications or withdrawals.

For Perpetual Geared Australian investment option, we may also suspend withdrawals if the underlying investment fund's gearing level exceeds 75%. If a suspension occurs, the gearing level in the underlying investment fund will be reduced to 60% or lower within a reasonable period of time.

Applications, withdrawals or switch requests received during the suspension will be processed using the entry and/or exit price applicable when the suspension is lifted.

DELAYS IN CALCULATING AND PUBLISHING UNIT PRICES

Occasionally there may be delays in receiving unit prices or investment valuations from the underlying investment managers due to their finalisation of distributions or unforeseen circumstances. This restricts our ability to calculate and price the relevant investment option. Importantly, the timing of unit prices impacts processing transactions including applications, withdrawals and switches. When transactions are processed we'll generally use the applicable unit price you are entitled to, based on the date we received your completed transaction instruction.

OTHER CONDITIONS

A member who appoints an authorised representative and/or uses myPerpetual or the phone or email facilities (as applicable) to transact or provide instructions to us:

- acknowledges that they are bound by the acts of their authorised representative
- releases, discharges and agrees to indemnify us and each other member of the Perpetual Group from and against all losses, liabilities, actions, proceedings, accounts, claims and demands arising from instructions we receive under the facility and
- agrees that a payment or purported payment made according to the conditions of the facility shall be in complete satisfaction of our obligations or those of any other member of the Perpetual Group to the investor for a payment, even if it was requested, made or received without the knowledge or authority of the member.

INCORPORATION BY REFERENCE

The law allows us to provide certain information to you separately to the PDS, which is taken to be incorporated into the PDS, provided the PDS identifies this additional information and how you can access it.

The following incorporated information forms part of this PDS:

- defined fees for superannuation products
- details of the latest annual transactional and operational costs and the current buy/sell spread for each investment option
- the commencement date for each investment option
- details of current underlying investment managers.

This information is publicly available from www.perpetual.com.au/wealthfocus-pension-updates.aspx, or can be obtained free of charge by contacting us.

You should also read this information.

12. Declaration and signature

I declare and agree that:

- I have read and understood the Product Disclosure Statement (PDS) and any relevant incorporated material for WealthFocus Pension Plan and confirm I accept this offer in Australia
- all of the information provided in my application is true and correct
- I have read and understood the privacy disclosure as detailed in the PDS. I consent to my personal information being collected, held, used and disclosed in accordance with the privacy disclosure. I consent to Perpetual disclosing this information to my intermediary (named in this form) in relation to the investments described in this form. Where the intermediary named in this form no longer acts on my behalf, I will notify Perpetual of the change
- If I have received the PDS from the internet or other electronic means that I received it personally or a print out of it, accompanied by or attached to this application form
- I have read, understood and agree to be bound by, any additional restrictions in the PDS and any incorporated material and I agree to be bound by the provisions of the Trust Deed (as amended from time to time)
- If applicable, in the case of contributions, that I have
 - read and understood the contribution eligibility rules in the WealthFocus Super Plan PDS and that I am eligible to make or have contributions made for my benefit,
 - met a condition of release,
 - not yet lodged my income tax return for the current year of income and not yet commenced a superannuation income stream based in whole, or part, on the contributions for which I am claiming a personal tax deduction
- where I have agreed to pay my financial adviser a member advice fee, this fee is for financial advice received relating to my investment in the Pension Plan.

12. Declaration and signature (continued)

I acknowledge that:

- Perpetual is required to provide information, including my TFN, to the Australian Taxation Office (ATO) and will obtain information from the ATO in relation to my superannuation account
- neither the Trustee nor any other company in the Perpetual Group guarantees the repayment of capital or the performance of the Pension Plan or **any investment option**
- **Perpetual may contact me where required by using the email address provided on the application form. I will notify Perpetual of any change to my email address. I understand that failure to advise such a change may result in me not receiving correspondence relating to my investment.**

Perpetual Geared Australian investment option

(You must read and tick the box below if you have chosen to invest in the Perpetual Geared Australian investment option)

I have thoroughly read the 'Understanding investment risk' section, 'Gearing risk' section and 'Investment limits' section of the Features Book. I understand the greater risks associated with my selection of this investment option and that it has a suggested investment timeframe of seven years or more.

I acknowledge and accept that, if the value of my investment in this investment option has risen above or fallen below my nominated percentage allocation (or the default percentage allocation if I do not make a nomination) at my nominated review date (or the default frequency if I do not make a nomination) it will be automatically rebalanced to my nominated percentage allocation (or default percentage allocation) across my investments. I acknowledge that the buy/sell spread will apply to this rebalancing transaction.

Before you sign this application form, the Trustee or financial adviser is obliged to give you a PDS (which is a summary of important information relating to the Pension Plan). The PDS will help you to understand the product and decide if it is appropriate to your needs.

NOMINATION OF BENEFICIARY FORM

Use this form to make a nomination of beneficiary for your superannuation benefits to be paid upon your death. This is an optional feature.

Please complete all pages of this form in black ink using BLOCK letters. Mark boxes with an (X) where applicable.

1. Personal details

Title
 Mr Mrs Miss Ms other

first name(s)

last name

client number

If you have more than one account held in Perpetual WealthFocus Super Plan and Pension Plan, please list the account numbers that this nomination applies to below.

This nomination is to apply to all my existing Perpetual WealthFocus Super Plan and Pension Plan accounts, or

This nomination applies to the account numbers listed below:

2. Nomination

- Perpetual offers several options for nominating a beneficiary to receive your superannuation benefit in the event of your death:
- A **reversionary beneficiary nomination** where your pension will generally revert to your nominated beneficiary automatically on your death provided they are a 'dependant' for tax purposes at that time.
 - A valid **binding nomination** is a legal instruction, whereby the Trustee is legally obligated to pay your superannuation benefits according to the binding nomination.
 - A **binding non-lapsing nomination** does not expire (it will continue until further instructed).
 - A **binding lapsing nomination** is valid for three years after it was signed by the member. A new form must be signed and delivered to the Trustee if you wish to continue your nomination. If no valid nomination is made Perpetual will pay your benefit to a dependant(s) or your Legal Personal Representative. Your binding lapsing nomination will also cease to have effect if you subsequently marry, remarry or divorce.

To be effective, you must sign your binding nomination before two witnesses who are each at least 18 years old, and who are not nominated as a beneficiary.
 - A **non-binding nomination** is simply your recommendation to the Trustee as to whom it may pay your superannuation benefit. It is not binding on the Trustee, and the Trustee will use discretion when determining who to pay benefits to. This type of nomination does not require witness signatures.

Nomination type: reversionary beneficiary binding non-lapsing binding lapsing non-binding
 (only choose one)

- IMPORTANT** – before you complete the table below:
- If this **nomination requires witnessing** (see next page), please post this form as we need an **original form – please do not send via email**.
 - To establish a valid nomination ensure **no alterations** are made on this form.
 - Column **D below (Share of death benefit) must total 100%**.
 - Before you make a nomination remember: You can nominate your legal personal representative and/or one or more of your dependants as defined under Superannuation Law.

If you have insufficient room to list all beneficiaries, please complete an additional Nomination of Beneficiary form and attach to this form.

3. Declaration

By making the nomination in this form, I understand that I must send this form to the Trustee.

Reversionary beneficiary nomination: I understand this nomination is generally irrevocable.

Binding and non-binding nominations:

- I understand that when this form is accepted by the Trustee, it will replace and revoke any existing nominations. I understand that I can revoke, amend, or make a new beneficiary nomination by completing another form.
- Where I have made **binding nominations**, I direct the Trustee to distribute the benefit payable to me in the event of my death in accordance with this form. I understand this nomination will be binding on the Trustee only if validly completed. I agree that the Binding Benefit Nomination Rules in the trust deed apply to my nomination.
- Where I have made **non-binding nominations**, I recommend the Trustee exercise discretion to distribute the benefit payable to me in the event of my death by considering the beneficiaries named in this form. I understand this nomination is not binding on the Trustee.

Beneficiary nominations

To receive the death payment, your nomination must be one of the following categories at the date of your death:

- your spouse (legal, same sex or opposite sex de facto)
- your child (including an adopted, step or ex-nuptial child or a child of your spouse)
- in an interdependency relationship with you. An interdependency relationship exists between two people if they have a close personal relationship, live together and one or each of them provides the other with financial support, domestic support and personal care. If a close personal relationship exists but the other requirements for interdependency aren't satisfied because of a physical, intellectual or psychiatric disability, then there is also an interdependency relationship
- a person who is wholly or partially financially dependent on you
- your Legal Personal Representative (LPR). Your LPR is a person who is the executor of your will or an administrator of your estate.

Tax file number declaration

Information you provide in this declaration will allow your payer to work out how much tax to withhold from payments made to you.

— This is not a TFN application form.
To apply for a TFN, go to ato.gov.au/tfn

! Terms we use

When we say:

- **payer**, we mean the business or individual making payments under the pay as you go (PAYG) withholding system
- **payee**, we mean the individual being paid.

Who should complete this form?

You should complete this form before you start to receive payments from a new payer – for example:

- payments for work and services as an employee, company director or office holder
- payments under return-to-work schemes, labour hire arrangements or other specified payments
- benefit and compensation payments
- superannuation benefits.

! You need to provide all information requested on this form. Providing the wrong information may lead to incorrect amounts of tax being withheld from payments made to you.

- ! You don't need to complete this form if you:
- are a beneficiary wanting to provide your tax file number (TFN) to the trustee of a closely held trust. For more information, visit ato.gov.au/trustsandtfnwithholding
 - are receiving superannuation benefits from a super fund and have been taken to have quoted your TFN to the trustee of the super fund
 - want to claim the seniors and pensioners tax offset by reducing the amount withheld from payments made to you. You should complete a withholding declaration form (NAT 3093)
 - want to claim a zone, overseas forces or invalid and invalid carer tax offset by reducing the amount withheld from payments made to you. You should complete a withholding declaration form (NAT 3093).

➤ For more information about your entitlement, visit ato.gov.au/taxoffsets

Section A: To be completed by the payee

Question 1

What is your tax file number (TFN)?

You should give your TFN to your employer only after you start work for them. Never give your TFN in a job application or over the internet.

- ⊖ We and your payer are authorised by the *Taxation Administration Act 1953* to request your TFN. It's not an offence not to quote your TFN. However, quoting your TFN reduces the risk of administrative errors and having extra tax withheld. Your payer is required to withhold the top rate of tax from all payments made to you if you do not provide your TFN or claim an exemption from quoting your TFN.

How do you find your TFN?

You can find your TFN on any of the following:

- your income tax notice of assessment
- correspondence we send you
- a payment summary your payer issues to you.

If you have a tax agent, they may also be able to tell you.

If you still can't find your TFN, you can:

- phone us on **13 28 61** between 8.00am and 6.00pm, Monday to Friday.

If you phone or visit us, we need to know we are talking to the correct person before discussing your tax affairs. We will ask you for details only you, or your authorised representative, would know.

You don't have a TFN

If you don't have a TFN and want to provide a TFN to your payer, you will need to apply for one.

For more information about applying for a TFN, visit ato.gov.au/tfn

You may be able to claim an exemption from quoting your TFN.

Print X in the appropriate box if you:

- have lodged a TFN application form or made an enquiry to obtain your TFN. You now have 28 days to provide your TFN to your payer, who must withhold at the standard rate during this time. After 28 days, if you haven't given your TFN to your payer, they will withhold the top rate of tax from future payments
- are claiming an exemption from quoting a TFN because you are under 18 years of age and do not earn enough to pay tax, or you are an applicant or recipient of certain pensions, benefits or allowances from the:
 - Department of Human Services – however, you will need to quote your TFN if you receive a Newstart, Youth or sickness allowance, or an Austudy or parenting payment
 - Department of Veterans' Affairs – a service pension under the *Veterans' Entitlement Act 1986*
 - Military Rehabilitation and Compensation Commission.

Providing your TFN to your super fund

Your payer must give your TFN to the super fund they pay your contributions to. If your super fund doesn't have your TFN, you can provide it to them separately. This ensures:

- your super fund can accept all types of contributions to your accounts
- additional tax will not be imposed on contributions as a result of failing to provide your TFN
- you can trace different super accounts in your name.

- For more information about providing your TFN to your super fund, visit ato.gov.au/superelegibility

Question 2–6

Complete with your personal information.

Question 7

On what basis are you paid?

Check with your payer if you're not sure.

Question 8

Are you an Australian resident for tax purposes or a working holiday maker?

Generally, we consider you to be an Australian resident for tax purposes if you:

- have always lived in Australia or you have come to Australia and now live here permanently
- are an overseas student doing a course that takes more than six months to complete
- migrate to Australia and intend to reside here permanently.

If you go overseas temporarily and don't set up a permanent home in another country, you may continue to be treated as an Australian resident for tax purposes.

If you are in Australia on a working holiday visa (subclass 417) or a work and holiday visa (subclass 462) you must place an X in the working holiday maker box. Special rates of tax apply for working holiday makers.

- For more information about working holiday makers, visit ato.gov.au/whm

If you're not an Australian resident for tax purposes or a working holiday maker, place an X in the foreign resident box, unless you are in receipt of an Australian Government pension or allowance.

Temporary residents can claim super when leaving Australia, if all requirements are met. For more information, visit ato.gov.au/departaustralia

⊖ Foreign resident tax rates are different

A higher rate of tax applies to a foreign resident's taxable income and foreign residents are not entitled to a tax-free threshold nor can they claim tax offsets to reduce withholding, unless you are in receipt of an Australian Government pension or allowance.

- To check your Australian residency status for tax purposes or for more information, visit ato.gov.au/residency

Question 9

Do you want to claim the tax-free threshold from this payer?

The tax-free threshold is the amount of income you can earn each financial year that is not taxed. By claiming the threshold, you reduce the amount of tax that is withheld from your pay during the year.

Answer **yes** if you want to claim the tax-free threshold, you are an Australian resident for tax purposes, and one of the following applies:

- you are not currently claiming the tax-free threshold from another payer
- you are currently claiming the tax-free threshold from another payer and your total income from all sources will be less than the tax-free threshold.

Answer **yes** if you are a foreign resident in receipt of an Australian Government pension or allowance.

Answer **no** if none of the above applies or you are a working holiday maker.

- ! If you receive any taxable government payments or allowances, such as Newstart, Youth Allowance or Austudy payment, you are likely to be already claiming the tax-free threshold from that payment.
- > For more information about the current tax-free threshold, which payer you should claim it from, or how to vary your withholding rate, visit ato.gov.au/taxfreethreshold

Question 10

Do you have a Higher Education Loan Program (HELP), VET Student Loan (VSL), Financial Supplement (FS), Student Start-up Loan (SSL) or Trade Support Loan (TSL) debt?

Answer **yes** if you have a HELP, VSL, FS, SSL or TSL debt.

Answer **no** if you do not have a HELP, VSL, FS, SSL or TSL debt, or you have repaid your debt in full.

- ! You have a HELP debt if either:
 - the Australian Government lent you money under HECS-HELP, FEE-HELP, OS-HELP, VET FEE-HELP, VET Student loans prior to 1 July 2019 or SA-HELP.
 - you have a debt from the previous Higher Education Contribution Scheme (HECS).
- You have a SSL debt if you have an ABSTUDY SSL debt.
- You have a separate VSL debt that is not part of your HELP debt if you incurred it from 1 July 2019.
- > For information about repaying your HELP, VSL, FS, SSL or TSL debt, visit ato.gov.au/getloaninfo

Have you repaid your HELP, VSL, FS, SSL or TSL debt?

When you have repaid your HELP, VSL, FS, SSL or TSL debt, you need to complete a *Withholding declaration* (NAT 3093) notifying your payer of the change in your circumstances.

! Sign and date the declaration

Make sure you have answered all the questions in section A, then sign and date the declaration. Give your completed declaration to your payer to complete section B.

Section B: To be completed by the payer

- ! Important information for payers – see the reverse side of the form.

> Lodge online

Payers can lodge TFN declaration reports online if you have software that complies with our specifications.

Useful products

In addition to this TFN declaration, you may also need to complete and give your payer the following forms which you can download from our website at ato.gov.au:

- *Medicare levy variation declaration* (NAT 0929), if you qualify for a reduced rate of Medicare levy or are liable for the Medicare levy surcharge. You can vary the amount your payer withholds from your payments.
- *Standard choice form* (NAT 13080) to choose a super fund for your employer to pay super contributions to. You can find information about your current super accounts and transfer any unnecessary super accounts through myGov after you have linked to the ATO. Temporary residents should visit ato.gov.au/departaustralia for more information about super.

Payer information

The following information will help you comply with your pay as you go (PAYG) withholding obligations.

— Is your employee entitled to work in Australia?

It is a criminal offence to knowingly or recklessly allow someone to work, or to refer someone for work, where that person is from overseas and is either in Australia illegally or is working in breach of their visa conditions.

People or companies convicted of these offences may face fines and/or imprisonment. To avoid penalties, ensure your prospective employee has a valid visa to work in Australia before you employ them. For more information and to check a visa holder's status online, visit the Department of Home Affairs website at homeaffairs.gov.au

Is your payee working under a working holiday visa (subclass 417) or a work and holiday visa (subclass 462)?

Employers of workers under these two types of visa need to register with the ATO, see ato.gov.au/whmreg

For the tax table "working holiday maker" visit our website at ato.gov.au/taxtables

Payer obligations

If you withhold amounts from payments, or are likely to withhold amounts, the payee may give you this form with section A completed. A TFN declaration applies to payments made after the declaration is provided to you. The information provided on this form is used to determine the amount of tax to be withheld from payments based on the PAYG withholding tax tables we publish. If the payee gives you another declaration, it overrides any previous declarations.

Has your payee advised you that they have applied for a TFN, or enquired about their existing TFN?

Where the payee indicates at question 1 on this form that they have applied for an individual TFN, or enquired about their existing TFN, they have 28 days to give you their TFN. **You must withhold tax for 28 days at the standard rate according to the PAYG withholding tax tables.** After 28 days, if the payee has not given you their TFN, you must then withhold the top rate of tax from future payments, unless we tell you not to.

If your payee has not given you a completed form you must:

- notify us within 14 days of the start of the withholding obligation by completing as much of the payee section of the form as you can. Print 'PAYER' in the payee declaration and lodge the form – see 'Lodging the form'.
- withhold the top rate of tax from any payment to that payee.

➤ For a full list of tax tables, visit our website at ato.gov.au/taxtables

Lodging the form

You need to lodge TFN declarations with us within 14 days after the form is either signed by the payee or completed by you (if not provided by the payee). **You need to retain a copy of the form for your records.** For information about storage and disposal, see below.

You may lodge the information:

- **online** – lodge your TFN declaration reports using software that complies with our specifications. There is no need to complete section B of each form as the payer information is supplied by your software.
- **by paper** – complete section B and send the original to us within 14 days.

➤ For more information about lodging your TFN declaration report online, visit our website at ato.gov.au/lodgetfndeclaration

Provision of payee's TFN to the payee's super fund

If you make a super contribution for your payee, you need to give your payee's TFN to their super fund on the day of contribution, or if the payee has not yet quoted their TFN, within 14 days of receiving this form from your payee.

Storing and disposing of TFN declarations

The TFN Rule issued under the *Privacy Act 1988* requires a TFN recipient to use secure methods when storing and disposing of TFN information. You may store a paper copy of the signed form or electronic files of scanned forms. Scanned forms must be clear and not altered in any way.

If a payee:

- submits a new *TFN declaration* (NAT 3092), you must retain a copy of the earlier form for the current and following financial year.
- has not received payments from you for 12 months, you must retain a copy of the last completed form for the current and following financial year.

— Penalties

You may incur a penalty if you do not:

- lodge TFN declarations with us
- keep a copy of completed TFN declarations for your records
- provide the payee's TFN to their super fund where the payee quoted their TFN to you.
