2. Switch details

Switch from		Switch to	
name of investment option	\$ or %	name of investment option	\$ or %
Total		Total	

The minimum switch amount is \$1000. Please note a minimum balance of \$1,000 in an investment option is required after any partial switch from that investment option. If the amount you have requested to switch leaves the value of that investment option below \$1,000 we will process the switch for 100% of the units in that investment option.

Please note: Investment in Perpetual Geared Australian investment option is restricted to a maximum of 30% of your account balance in the Pension Plan. You must tick the box in Section 4 if this switch represents your first investment into this investment option.

There may also be circumstances where we consider that processing a switch will not be consistent with our duties as trustee of the Fund, such as where we consider that processing the switch is not in the best interests of members as a whole. In these cases, we may exercise our right to reject and not process your switch request. If this occurs, we will notify you.

3. Investment strategies

Your investment strategy is used for pension payment drawdowns and (where applicable), the dollar cost averaging plan, auto-rebalancing and compulsory rebalancing.

Please update my investment strategy to reflect my investment portfolio following the switch requested in section 2 above.

Perpetual Geared Australian investment option

(You must read and sign the below if this switch represents your first investment into Perpetual Geared Australian investment option)

I have thoroughly read the 'Understanding investment risk', 'Gearing risk' and 'Investment limit' sections of the WealthFocus Pension Plan PDS Part 1 (the PDS). I understand the greater risks associated with my selection of the Perpetual Geared Australian investment option and that it has a suggested investment timeframe of seven years or more. I acknowledge and accept that, if the value of my investment in Perpetual Geared Australian investment option has risen above or falls below my nominated percentage allocation at my nominated review date (or the default frequency if I do not make a nomination) it will be automatically rebalanced to my nominated percentage allocation across my investments. I acknowledge that the buy/sell spread will apply to this rebalancing transaction.
